Dear Ms. Flores:

We appreciate the opportunity to respond to the City of Coral Gables' (the City) request for a proposal. Our proposed dental solution combines broad network access, customizable plan options, and patient education to engage members in their oral health to keep the City's dental costs down and promote healthy habits for your members and their families that contributes to their lifelong well-being.

Our proposal meets the City's objectives by providing a highly competitive offer, along with quality care management, comprehensive and responsive member support services, and strong, dependable account management. In an effort to offer a better member experience, we have looked for ways to update and enhance our dental plan offerings.

**Focusing on wellness, we have included the following benefit enhancements:**

- **Requested Traditional Preferred (TRP) plan and Indemnity PPO plan**
  - Enhanced current plan benefits
  - *New* – Waiving Preventive from Annual Maximum rider
    - All Preventive procedures will be excluded from counting towards the Annual Maximum benefit
  - Periodontal cleanings are covered under Preventive services
  - **Four** Periodontal cleanings included in addition to **three** routine cleanings
  - *New* – Added Extended Annual Maximum benefit
    - Our extended annual maximum helps employees save money by ensuring they have access to network discounts and 30 percent coinsurance, even after they have reached their annual maximum
  - Three-year rate guarantees; with fourth-year and fifth-year rate cap guarantees
  
- **New Alternate TRP plan and Indemnity PPO plan**
  - *New* – Waiving Preventive from Annual Maximum rider
    - All Preventive procedures will be excluded from counting towards the Annual Maximum benefit
  - *New* – Added Extended Annual Maximum benefit
    - Our extended annual maximum helps employees save money by ensuring they have access to network discounts and 30 percent coinsurance, even after they have reached their annual maximum

- The current plan has Space Maintainers, Full Mouth X-rays, and Sealants covered under Basic services. However, Humana’s plan is offering these services covered under Preventive services.
  - Coverage for oral surgery procedures will not require the medical carrier’s Explanation of Benefits
  - Included \$1,000 adult/child Orthodontia with No Waiting Period
  - Periodontal Surgery is covered under Basic services (currently it is covered under Major services)
  - Three-year rate guarantees; with fourth-year and fifth-year rate cap guarantees
- **We are also offering a third option that includes a DHMO that does not require referrals for specialists. By adding an HS195 or HS205 plan, the City’s members enjoy:**
    - An enhanced plan with over 218 new covered ADA codes on the DHMO fee schedule. This replaces outdated procedure codes with the current codes that are utilized by dentists.
    - Implant Coverage
    - Child and Adult Orthodontia coverage is included
    - No referrals are necessary to network specialists (Periodontist, Oral Surgeon, Endodontist, Pediatric Specialist and Orthodontist)
    - Extra cleanings available for all members (no clinical diagnosis qualifier is required)
    - Three-year rate guarantees; with fourth-year and fifth-year rate cap guarantees

Highlights of our proposed programs include:

- **Extensive Dental Nationwide Network**  
As the largest DHMO and DPPO dental network in Florida, we have broad experience in working with sophisticated and complex public sector clients and have developed core competencies to achieve public policy goals. Our dedicated Provider Relations staff continuously monitors our network to ensure access and convenience for our membership and has the flexibility to expand and recruit additional providers as needed or as recommended by employees. Humana’s network providers are carefully selected and credentialed to ensure high quality care. Humana specializes in building the network that our clients want. Of the dentists that join our network, 99 percent continue to stay in our network, giving us one of the highest provider retention rates in the industry.

The City’s members also have access to more than 59,000 HMO dentist locations in selected states; including Florida, Georgia, Illinois, Indiana, Kentucky, Missouri, Tennessee, Texas and others. Our DPPO national dental network includes over 285,000 dentist locations.

- **Strong Local Presence**  
We have a strong local presence in Broward and Miami-Dade with an office just five miles away from the City’s headquarters, and a team of account managers/service personnel prepared to support the City. We have a dedicated local Account Management team with extensive experience in servicing the unique needs of the City. With over 1,700 employees in Broward and Miami-Dade counties, Humana is dedicated to the south Florida community. Through our Bold Goal health initiative, we are a proud supporter of local charitable organizations and have been dedicated to helping make our Broward community 20 percent healthier by 2020.

- **Superior Customer Service**

Humana recognizes that members expect and deserve excellent service, including prompt payment of their claims and guidance through the complex healthcare system. Humana is committed to perfect service and for the past 20 years, this has been our goal. We are always working to exceed expectations in account administration, employer support, and member service.

- **Wellness**

Humana understands the link between oral health and overall health. Periodontal disease has long been known to have a negative impact on overall health, for example, heart disease and diabetes. Because of this link, Humana offers DHMO and PPO plan designs with enhanced preventive services. These preventive services include added periodontal cleanings per member per year, at no additional cost under preventive services, which do not apply to the annual maximum. From a clinical standpoint, there is tremendous value, particularly to help mitigate ongoing conditions and positively identify health risks. We continue to research new procedures that directly impact oral and overall health. Our goal is to eliminate potential obstacles for the City's members and their families in order to achieve their best possible health.

The mouth often functions as an "early warning" tool and can provide a useful means to understanding organs and systems in other parts of the body. According to the American Dental Association, research points to the connections between chronic oral infection and other chronic diseases, such as diabetes, cardiovascular disease, osteoporosis, and obesity. Therefore, members on Humana's Go365 program will be automatically rewarded for getting a routine dental cleaning. This is a key way for the City to promote preventive care.

Thank you for taking the time to review our proposal, which is structured in accordance with the provisions of your RFP. As we are committed to a long-term partnership with the City, please do not hesitate to call Laura Nolan at 502-476-7176 if you have any questions or need clarification regarding any aspect of this proposal. We look forward to meeting with the City to discuss how we can help to achieve your dental benefits goals.

Sincerely,

Richard D. Remmers

## **APPENDIX B – GROUP BENEFITS QUESTIONNAIRE**

### **Dental Coverage**

#### **Administration**

- 1. Please confirm that all employees and dependents that are currently covered will enter the plan without having to satisfy pre-existing conditions limitations or extended waiting periods.**

Confirmed.

- 2. Please confirm that your proposal will remain valid until October 1, 2022 and that your proposed rates are guaranteed for a minimum of 36 months.**

Confirmed.

- 3. The City is looking for a multi-year rate guarantee for their dental program. How many years in the future are these rates guaranteed for?**

The proposed dental rates are guaranteed for three years, from October 1, 2019 to September 30, 2022. For the October 1, 2022 renewal, the rates will not increase more than 4 percent guaranteed for 12 months (October 1, 2022 through September 30, 2023). For the October 1, 2023 renewal, the rates will not increase more than 4 percent guaranteed for 12 months (October 1, 2023 through September 30, 2024).

- 4. Does your program give credit for deductibles previously satisfied? How far back do you look (i.e. January 1, 90 days, etc.)**

#### **Dental PPO and TRP**

Humana will look back to January 1 of the prior period. It is the responsibility of the City to provide this information from the prior carrier via an excel spreadsheet or each employee can provide us with EOBs that shows deductibles being satisfied.

#### **DHMO**

This does not apply to the DHMO plans.

- 5. How often do you negotiate provider contracts for your DPPO networks?**

Humana's provider contracts are evergreen, meaning there is no termination date or renegotiation defined by the agreement, so there are no formal projects to systematically renegotiate provider contracts. We continually review and negotiate with providers individually as necessary in order to maintain a high-value network.

- 6. Confirm that your company will not be paying commissions/service fees in association with this submission.**

Confirmed.

Proposal for:

City of Coral Gables

**8. Please provide a timeline that will outline the necessary requirements to implement your program for an October 1, 2019 effective date.**

Please refer to Attachment A for a sample implementation timeline, which includes detailed responsibilities and timeframes to ensure a smooth implementation.

**9. How does your company handle employee enrollment? Do you have an electronic enrollment system? If so, does your enrollment system integrate with other systems?**

Representatives from Humana's local market office assist in the enrollment process and employee meetings. To accommodate the needs of the City, enrollment is accepted daily, weekly, biweekly, and monthly. We accept electronic transmissions via the internet, Electronic Data Interchange (EDI), list enrollment spreadsheet, or via a hard copy enrollment form that can be scanned and loaded into our system. The internet, hard copy enrollment form, EDI, and the list enrollment spreadsheet are the most common vehicles for receiving eligibility information.

The City can use Humana's website for changes, additions, and deletions, however, if the City chooses EDI enrollment, all eligibility changes must be made through ongoing EDI files.

For self-enrollment, Humana will partner with HRTech Solutions, LLC. to provide Employee Navigator as the online benefit enrollment platform and will cover the implementation set-up cost for our products. For any additional carriers there is a \$650 implementation cost. The cost for ongoing eligibility maintenance and customized reporting is \$1.80 per employee per month.

Employee Navigator works with the nation's leading insurance carriers to provide companies of all sizes with modern benefits and HR software. Employee Navigator's benefits administration software makes it easier to attract and retain great talent by offering an extensive benefits package with less benefits administration work. Our enrollment partnership offers an all-in-one benefits solution. This includes enrollment ease for new hires, comparing and selecting different benefit plans, reviewing coverage status for all employees, monitoring enrollment status and deadlines, managing contribution levels, and plan document delivery and storage. Also included, is a mobile app, which makes it even easier for employees to enroll in their benefits, view their benefit details and access important compliance documents right from their phone.

Employee Navigator allows for all types of employee benefit plans and there is no limit to the number of Humana lines of coverage built on the system. Upon Implementation we upload a complete employee census to include full name, SSN, date of birth, date of hire, class, salary, address, and email. Employees can either use a URL link to login using the City's specific credentials or we send a bulk email with a link provided. They will register for their own unique user name and password and enter the enrollment system. The system will use a step-by-step guide to help employees through the enrollment process so they do not miss a step or an important notice or benefit. Upon completion of the open enrollment, the data is sent by electronic secure transfer to Humana. For future new hires and eligibility changes, the enrollment data is submitted to Humana on a predetermined day and time of the week. In order for the electronic data submission to be successful, a member of the City should have access for entering new hires and terminations. New hires should have an email address entered so they receive the email link

Proposal for:

## City of Coral Gables

and a timeline of how long they have to enroll. The system can also send reminders if the employee is approaching their enrollment deadline.

Please refer to Attachment B for the enrollment guide.

**10. Since this is a voluntary benefit, is there a minimum number of participants required for any of your plans (Low or High DPPO plans)?**

There are no participation requirements on the proposed dental plans.

### **Billing**

**1. Can the City of Coral Gables perform additions and terminations online in real time? How long does it take for these changes to appear on your system?**

Yes, the City can use Humana's website for changes, additions, and deletions, however, if the City chooses EDI enrollment, all eligibility changes must be made through ongoing EDI files.

When a member or group enrolls for the first time online, eligibility is updated at real-time speed and our system clears all point-of-entry enrollment errors. However, if an enrollment pends in the system, it may take up to five business days to clear.

**2. Does the City of Coral Gables take credit immediately for any differences in the billing, or do they need to pay as billed and receive credit in the future?**

The City will pay as billed and credit will be issued on the next invoice. There is also an option to use a list bill.

**3. Can the City be administered on a self-billing basis?**

Yes, in order for Humana to set up the City for self-billing, we require the following:

- An account established on our automated account reconciliation system (AARS)
- Premium rosters sent to Humana monthly once payment is made (criteria requirements provided by the AARS team and the roster total must match the check, otherwise we cannot reconcile the account efficiently)
- A monthly response to discrepancy listing provided by the billing specialist

The City is required to send a premium roster every month once the payment is made. This premium roster must equal the check amount or we are unable to reconcile the account efficiently.

**4. Can monthly invoices be sent electronically?**

Yes, our clients can receive monthly electronic invoices. We accept ACH payments via the online billing tool through **Humana.com** known as eBilling. eBilling is offered to groups invoiced through our billing system to enhance the administration of our clients' accounts. After we provide the City with a secured logon to our website, **Humana.com**, you are able to view the eBilling option in the billing panel of the employer self-service page, which offers the following features and conveniences:

Proposal for:

## City of Coral Gables

- Receive email notification when the City's billing is available
- Access the last 18 months of the City's invoices (available the day after the City is billed)
- View summary and detail of an invoice (preferences are shared with the assigned billing representative)
- View detailed rosters of employees by type of coverage via PDF or Excel
- Download invoices into the City's benefits systems to simplify reconciliation
- Terminate members online and see the adjusted premium instantly
- Make payments via electronic funds transfer, through either one-time or recurring payments

If electronic bill payment is the City's preference, you may register to pay invoices electronically at **Humana.com** through eBilling, which offers the ability to sign up for email notifications, download invoices, review past invoices, view detailed employee listings, process terminations, and instantly receive credit. Wire transfers are also available.

### **5. Can employees be retroactively cancelled? If so, how far back?**

To be considered timely, an addition or change request must be signed within 31 days of eligibility and received by Humana within 60 days. Terminations must be received within 60 days of the requested termination date. Humana prorates member additions, changes, and terminations to the date of the transaction and/or according to the City's effective and termination provisions.

### **6. Does your company handle COBRA administration in-house or do you use an outside company? If outside, please identify which company?**

Humana can support the City's COBRA administration by accepting member eligibility, administering claims and performing customer service support for the proposed plan benefits outlined in this proposal.

We move all COBRA membership to a separate subdivision number to support segmented reporting and interfaces with the City's COBRA administrator to accept eligibility file feeds and premium payments for COBRA members.

Although we do not provide COBRA administration or notification for our dental plans, we have a partnership with a third-party vendor, WageWorks, if the City has not already identified a vendor to manage its COBRA population.

### **7. Are COBRA participants included on the billing? If not, how is this billed?**

Humana has the ability to direct-bill COBRA members. Members may pay by check, wire transfer, credit card or EFT.

### **8. Can your bill break out employees by department? Location? Retirees?**

Yes, when clients have multiple group entities (divisions), we can produce separate statements for each entity or one comprehensive statement. The comprehensive statement can include subtotals by entity.

Proposal for:

## City of Coral Gables

When we produce separate statements for each entity, we provide a summary page on each statement that indicates counts billed by coverage type.

### Claims Administration

**1. Where would the City's dental claims be processed? How many dental clients does this location service? How many members does this location service?**

Humana's claims offices are located in De Pere, Wisconsin and Chicago, Illinois. We have approximately 46,000 dental clients and 2.46 million dental members serviced through these offices.

**2. Would a Customer Service staff member be dedicated to the City?**

Yes, Humana has a designated Account Management staff assigned to the City. Our account management and implementation process is structured to ensure we deliver the City's employees a seamless, uninterrupted transition to their new dental plan. This process is led by these key contacts:

1. Your **account management professional**, Connie Oropesa, whose main objective is to ensure your satisfaction with the proposed dental plan. She works with your benefits administrators to create well-being and engagement strategies to help you realize the full value of Humana's offering.
2. Your **specialty support professional**, Gina Kloehn, serves as your single point of contact during implementation and enrollment.
3. Your **service client advisor**, Elaine Cuevas-Moretti, provides local service support and directly manages business relationships with her clients. She develops relationships with employers and brokers and serves as a liaison to support senior account managers with general service and escalated issues. In addition, Elaine conducts human resource benefits administration training to her assigned benefit administrators, as well as educating members on their dental and vision benefits.

**3. Is there a Customer Service toll free number for City's HR staff to call with any issues or concerns?**

Yes, the City's HR staff can contact their designated Account Management team at 800-533-5001.

Humana also provides a toll-free, customer service number for fast, convenient service for members at 800-233-4013. Our Customer Care specialists are available from 8 a.m. to 6 p.m., member time zone, Monday through Friday, with the exception of approved federal holidays. Members can also receive assistance 24 hours a day, seven days a week through either our dental interactive voice response (IVR) system or our website, **Humana.com** (with the exception of scheduled maintenance times).

**4. Does proposer have member service representatives with multi-lingual capabilities (Spanish, creole, other languages)?**

Yes, Humana partners with an external vendor who provides full-service language interpretation and translation that provides over-the-phone interpretation in 150 languages. These services are available 24 hours a day, seven days a week. Humana uses this service to provide customer care assistance to callers who speak different languages other than English. Interpretation services are free of charge to the member. Members can also access Humana's dental IVR system using the toll-free customer service number and hear information in Spanish.

Proposal for:

City of Coral Gables

**5. What is the usual timeframe for a member services representative to call back a member on an issue?**

Humana responds to phone messages within 24 hours, emails within 48 hours, and written correspondence within seven calendar days of receipt. The inquiry is responded to in the form in which it was received, and our Customer Care leaders closely monitor the timeliness of responses.

**6. What are the days and hours of operation for customer service center?**

Humana's Customer Care specialists are available from 8 a.m. to 6 p.m., member time zone, Monday through Friday, with the exception of approved federal holidays.

**7. What is the procedure when a member service call is received outside of the normal work hours for the call center?**

Members can receive assistance 24 hours a day, seven days a week through either our dental IVR system or our website, **Humana.com** (with the exception of scheduled maintenance times).

**8. Will your claims processors undergo a major change in office location or claim payment system in the next 18 months?**

While we release monthly updates to the software, Humana has no major changes in our office locations or claim payment system in the next 18 months.

**9. Can employees sign up for their own portal on your website to track the claims process for themselves and their dependents?**

Yes, Humana's dental website, **Humana.com**, allows members, providers, agents, brokers, and dentists to register for their own secure portal. We continually add new functions and enhance current features to make the website effective and give members the information and insight they need. Through this website, members can:

- View claims details for the last 24 months of available data, including an Explanation of Benefits (EOB)
- Access benefits and eligibility details including copayments, deductibles, waiting periods, annual maximum accumulations
- Access a Certificate of Benefits/Subscriber Agreement
- Access the Humana Support Community to post questions and learn more about how to use their insurance, understand the cost of care, and improve their health and well-being

### Management Reporting

1. **Please attach samples of all standard management reports. (A standard report is one provided at no charge to the City.) Please indicate on each report any options available (i.e., sorted by branch, age, etc.) and how often they are available.**

Humana's dental PlanCompass reporting package goes beyond standard reporting functions to help employers make the best-informed decisions about their members' dental health, well-being, and use of the healthcare system.

This reporting package is prepared annually at no additional cost for each client to help benefits administrators stay on top of their dental plan experience. The dental PlanCompass reporting package is available to download at your convenience, meaning your benefit administrators can easily run the report and receive it within hours.

We use claims data to report on the important facets of the City's dental plan experience, as reported on an "incurred" basis rather than a "paid/processed" basis to allow for better monitoring of member behavior in response to plan design changes that occur from one plan year to the next. To make the data more meaningful, our dental PlanCompass reports data for the current year alongside the prior period to gauge performance changes from year-to-year and track the following:

- Claims and premium breakout
- Cost drivers, categorized by:
  - Preventive services
  - Periodontics
  - Restorative services
- Key indicators (tracking changes in core member demographics)
- Member cost share
- Membership and spend distribution by age group
- Top three categories contributing to spend
- Utilization summary by category

Using this data, we also provide key insights and recommendations to specifically help the City better manage benefit utilization and healthcare dollars. Additionally, we can work with the City to customize reports specific to your needs.

In addition, with 45 standard reports available, we are confident in our ability to meet the City's dental reporting expectations. As part of the implementation process, the required reports, timing, and method of delivery are mutually agreed upon. Our standard reports include:

- **Claims Experience:** Displays total member enrollment, total premium paid, and claims paid per calendar month.
- **Renewal Exhibits:** Provides a full breakdown of renewal rates calculated for the upcoming year. It includes the factors and calculations taken into consideration, such as in-network savings, claims by category, and the total claims and enrollment history for the City.

Our standard reports measure the following:

- **Dental cost trends:** Illustrates claims payment by category, service category, and ADA code; details are displayed in graph and spreadsheet format.

Proposal for:

## City of Coral Gables

- **Group demographics:** Illustrates claims by category and age distribution.
- **In- and out-of-network dentist visits:** Illustrates the top providers based on paid claims data
- **Member cost data:** Illustrates monthly employee counts and enrollment statistics, paid claims data, and cost breakdowns over time.
- **Procedure specific utilization:** Illustrates and compares incurred and paid claims by calendar month.
- **Realized network savings:** Illustrates savings based on system, network, and insured cost sharing, which can show nationwide totals or break down the savings by group, product category, state, rating band, or product.

Please refer to Attachment C for samples of our standard dental PlanCompass reporting package, Claims Experience/Paid Claims and Membership report, and our Renewal Exhibit report.

### 2. Are management/claim reports available on your website?

Yes, Humana currently offers several systems that can provide group-level reporting functionality; however, to get specific details around the relative system, we require additional information around the City's specific reporting needs.

Additionally, we developed online reporting capabilities for groups to manage administrative aspects at their convenience. Some of the online reports available include:

- Beneficiary changes report
- Demographic changes report
- Employee and member benefits report
- Employee and member status/changes report
- Extended family registration report
- Login report
- Enrollment reports
- Waive reason report
- Web changes report

### Provider Network

#### 1. How is your provider reimbursement schedule determined? Identify both in and out of network.

##### Dental PPO and TRP

The Humana contract with participating network dentists provides a discounted fee-for-service payment for each procedure. The provider's total compensation for any particular covered service is a combination of the member's coinsurance and payment by us to the amount designated on the negotiated fee schedule. There are no additional payments.

Non-network claims expenses are subject to the usual and customary (U&C) amounts established for out-of-network providers. U&C means the lesser of:

- The fee determined by comparing charges for similar services to a national database adjusted to the geographical area where the services or procedures were performed
- The fee most often charged in the geographical area where the service was performed
- The fee most often charged by the provider
- The fee which is recognized as reasonable by a discerning person

Proposal for:

## City of Coral Gables

### **DHMO**

For DHMO general dentists, Humana pays a predetermined monthly capitation fee for each member who has selected them as their primary dentist, regardless of the number of individual services the dentist provides. In this arrangement, dentists may also receive supplemental payments from Humana for certain procedures.

For DHMO specialists, we reimburse providers in a fee-for-service model, where providers are paid per individual service rendered based on the contracted rates. Providers must file claims with Humana and we pay within the benefit structure of the member’s plan.

There are no out-of-network benefits with a DHMO plan.

**2. Are members required to select a General Dentist?**

Yes \_\_\_\_\_ No \_\_\_\_\_

**If so, can each family member have their own dentist?**

### **Dental PPO and TRP**

It is not necessary to enroll with a dentist for the dental PPO and TRP products; therefore each family member can select their own dentist.

### **DHMO**

Under the proposed plan, members are required to select a participating dental office before receiving care. Each family member can select their own dentist.

**3. How frequently may they change their General Dentist? Can the member change dentists via your Internet website? When are requested changes effective?**

### **Dental PPO and TRP**

It is not necessary to enroll with a dentist for the dental PPO and TRP products.

### **DHMO**

Members may change dentists at any time, but not more than once per month. A transfer is allowed only if there is no outstanding balance owed to the member’s current dentist. If a transfer request received by the 15<sup>th</sup> of the month, the change becomes effective on the first of the following month. We notify newly selected dentists when new patient names appear on their monthly eligibility list. The members’ former dentists are also notified via monthly eligibility listings.

**4. What percentage of your provider network is accepting new patients? Provide a complete current list of dentists and specialists in the South Florida area that are accepting new patients.**

Over 99 percent of Humana’s dental PPO providers are accepting new patients and approximately 93 to 94 percent of Humana’s DHMO providers are accepting new patients. Please refer to Attachment D for a CD listing of our South Florida providers accepting new patients.

Proposal for:

City of Coral Gables

- 5. Please describe your referral process from General Dentist to Specialist. Is it paper/electronic-driven, or must a General Dentist notify you for an authorization? Are certain specialists precluded from the referral process?**

To better serve our customers, Humana eliminated the gatekeeper system for all specialist referrals. If members require the services of participating specialists, members may self-refer to participating specialists without prior authorization.

- 6. Is the insured required to be seen by a General Dentist prior to visiting a Specialist? If yes, please describe the process.**

No, an insured is not required to be seen by a general dentist prior to visiting a specialist.

- 7. What happens if a network provider refers a member (without member's knowledge) to a nonparticipating provider? Who is at risk?**

To better serve our customers, Humana eliminated the gatekeeper system for specialist referrals. If members require the services of participating specialists, members may self-refer to participating specialists without prior authorization. However, if the member sees a nonparticipating provider, the member would be responsible for the out-of-network benefit.

- 8. How would transition of care be handled for members currently under care with a provider that is not in your existing network?**

The prior carrier is responsible for work in progress, such as root canals, crowns, dentures, and bridges, if the treatment was initiated before coverage with Humana began.

- 9. How would transition of care be handled if a provider is terminated during the course of treatment?**

When dentists are terminated, they are contractually obligated to complete all work in progress. In instances in which this is not possible due to a more immediate termination, Humana facilitates the continuation of care with a new dentist to ensure that the patient receives timely treatment and appropriate benefits. In most cases, the terminated dentist provides copies of dental records to the new dentist at no cost to the patient.

- 10. How frequently is provider relations staff required to conduct site visits?**

Humana's provider relations department does not conduct regularly scheduled site visits unless warranted through satisfaction surveys or member grievances. Additionally, participating dentists are required to offer Humana members the same appointment access as their other patients. Wait time is monitored through our dental complaint and grievance process, and if we detect patterns, we will contact the provider in question.

Proposal for:

## City of Coral Gables

### 11. How are emergency services provided for members who may be out of area at time of service?

#### **Dental PPO and TRP**

Humana's PPO dental network includes nationwide reciprocity. If members seek care from a participating dentist, we pay benefits at the in-network level. If members seek care from a dentist not participating in our network, we pay benefits at the out-of-network level.

#### **DHMO**

Humana defines emergency dental care as services that are intended to relieve pain caused by an acute condition until the member sees a dentist. Our DHMO plans cover palliative (emergency) treatment performed by participating dentists, or non-participating dentists when an emergency occurs more than 100 miles from the nearest participating dentist. Palliative treatment involves only what is necessary to control unexpected pain or more-than-usual bleeding, prevent complications related to an infection, or prevent the loss of teeth from traumatic injuries.

The emergency care benefit does not include procedures that are not necessary for the relief of pain. For example, root canals and crowns may be necessary treatments, but they are not covered under emergency care benefits. If a member has an emergency that involves extensive accidental or traumatic injury to the teeth or mouth, or affects the member's ability to breathe or swallow, they should contact a medical physician.

To receive reimbursement, Humana must be notified of the treatment within 90 days. Members who receive emergency care services from licensed, non-participating dentists must submit an itemized statement of emergency services from the dental office to be eligible for reimbursement up to \$100 per member per year, minus applicable copayments.

### 12. Is there an additional waiting period before an insured can utilize major dental services?

There are no waiting periods on the proposed dental plans including major dental services.

### 13. What benefits, if any, are available for TMJ? Is there a preauthorization process required for this procedure?

Humana's plans exclude surgical or non-surgical treatment for any jaw joint problems, including temporomandibular joint dysfunction (TMJ), unless specific state mandates require coverage. In the event that the service is an eligible expense, we coordinate benefits with the medical plan considered to be the primary insurer.

### 14. Does your program include benefits for implants?

#### **Dental PPO and TRP**

Yes, Humana has included the implant rider where implants and prostheses placed over implants are allowed as a benefit payable under major services on the summary of benefits subject to the individual maximum benefit. Implants and implant-supported prostheses covered under the plan are limited to the replacement of permanent teeth extracted while insured under this plan or for replacement of a prior prosthesis if it has been at least five years since the prior insertion and it cannot be made serviceable.

Proposal for:

## City of Coral Gables

### DHMO

Implants are covered if the City purchases an implant rider. Humana has not included riders within the proposal.

### 15. Provide a complete listing of all limitations and exclusions under all proposed plans.

#### Dental PPO and TRP Limitations and Exclusions (all services)

### 5. Are there any services unique to your company that you feel should be highlighted to the City of Coral Gables?

Yes, Humana stands out from the competition because we believe proper oral health is an important component to overall health. We take a preventive approach to oral health through early detection and education, and offer a range of cost-effective dental plans for the City to tailor to your population, including options for customizing copayments, deductibles, and out-of-pocket maximums.

As a Fortune 100 company, we offer a wide range of health and wellness products and services that promote lifelong well-being for employer groups, government programs, and individuals. We provide specialty benefits to over 6 million members through dental, vision, and life plans. Some of the differentiators Humana has to offer include:

- **Network:** Our goal is to make sure people can get to the dentists and specialists they need. At Humana, we're constantly growing our networks, branching out into areas where our members need us. We can also work directly with the City to identify areas where your employees and their families need better access, and focus our outreach efforts to make sure our network works for you.

Proposal for:

## City of Coral Gables

- Our PPO and DHMO networks have been developed to create significant savings that are passed onto the City and your employees. With excellent nationwide access and attractive fee schedules, we provide employees with the maximum discounts.
- Recently, we've expanded our dental PPO network giving us significant growth in providing in-network options. Claims submitted for providers who may hold more than one dental PPO contract with Humana are processed according to the contract with the greatest benefit and savings for the member.
- All our contracted providers are required to meet exceptional quality of care and service levels to remain highly efficient and keep administration costs down.
- **Quality Care:** Our Quality Improvement Program evaluates, monitors, and facilitates improvement in the quality of care delivered to members. We also developed provider profiling applications that aid in monitoring the networks. Our processes utilize a proprietary dental practice pattern review model that analyzes approximately 40 clinical ratios to monitor utilization and practice patterns. We compare utilization at the market, state, and national level, and these reviews help improve both patient outcome and costs.
- **Education and Outreach:** We believe that educational tools play a vital role in the prevention of high-dollar claims. We educate members about the risks associated with periodontal disease and heart disease, diabetes, and other health issues through:
  - **Lifestyle Discounts and MyHumana Savings Center:** We offer an array of value-added services and discount programs to provide affordability and access to care.
  - **SmartEOB®:** Our SmartEOB messaging allows us to look at claims and message members regarding the type of care they should receive, the frequency, and other wellness activities they can undertake to improve their oral health.
  - **My Dental IQ<sup>SM</sup>:** Our free, online My Dental IQ oral health assessment encourages prevention and early detection, and can help explain the relationship between oral health and overall health. This tool provides actionable results and insights, and it allows members to print their individual feedback to discuss with their dentist.
- **Refresh Product:** Our newly enhanced PPO and Traditional Preferred product features include some of the best benefits available in the industry, such as:
  - Unlimited annual maximum benefit option provides unlimited preventive, basic, and major care subject to benefit frequencies, limitations, and exclusions
  - Extended annual maximum benefit option provides a 30 percent Humana-paid coinsurance upon meeting the annual maximum for preventive, basic, and/or major care (orthodontia is excluded)
  - Enhanced preventive care features including:
    - **Routine cleanings:** All members can now get three covered routine cleanings per year with no health qualifiers. (Competitor plans typically only offer two per year.)
    - **Periodontal cleanings:** We've made two key changes to how we cover periodontal cleanings:
      - As part of our commitment to addressing the link between oral and overall health Humana now covers four periodontal cleanings per year per member at no additional cost.
      - Also, we've reclassified these as preventive services, meaning they will be covered at 100 percent. (Typically, competitor plans only cover two per year as a basic service, with members responsible for some out-of-pocket cost.)

Proposal for:

## City of Coral Gables

- **Periodontal exams:** Members can now get periodontal exams more frequently as we now cover one every two years (instead of one every three years).
- **More coverage for kids:** We've increased the age limits on a number of services, including sealants and topical fluoride treatments, which are now covered for patients through age 16, as well as space maintainers through age 15.
- **Comprehensive Reporting:** Our Integrated Performance Analytics team developed our dental PlanCompass standard report, focused on benefit utilization, including a utilization overview, breakouts by utilization category, and information around claim spend. The PlanCompass report goes beyond standard reporting to help employers make the most informed decisions possible. Our PlanCompass reporting package is prepared specifically for each client to help benefit administrators stay on top of their dental plan experience. Additionally, it is automated, includes dynamic insights, and has been redesigned to be more intuitive from a high-level, making it easier to derive annual trends and strategies.
- **Integration:** All Humana's products are integrated to create the most seamless member experience possible.
- **Integration with Humana Medical:** Humana's dental benefits are connected with our medical plans to create an integrated solution focused on overall health. We reach out to at-risk employees to illustrate the role good oral care plays in preventing more serious health conditions. Plus, we can coordinate care for both oral and overall health issues for employees who have Humana medical coverage.
- **Integration with Go365®:** Our dental plans also connect with our Go365 wellness programs to provide a fully integrated wellness solution. Through our Go365 wellness program, employees can earn Points for dental exams, which help them to redeem rewards and incentives from our Go365 Mall. For more information on this, see the section on Go365.

**6. Are there promotional materials available prior to enrollment to inform employees regarding the plan benefits and carrier changes? Are there materials or web-based initiatives available throughout the year to encourage better use of the program? Are there additional costs associated with these materials?**

- Welcome letter
- Summary of benefits and applicable riders
- Manage Your Plan at MyHumana flyer
- MyHumana Mobile App flyer
- How to Find Your ID Card Online flyer
- Sample ID Card

Our communication strategy consists of various components, which may include the following, based on the City's needs:

- Certificate of Benefits/Subscriber Agreement available electronically

Proposal for:

## City of Coral Gables

- Dental PPO network informational flyers
- EOB
- ID card, available electronically
- Printed benefit descriptions

In addition to the materials listed above, we provide information on how to access our website, **Humana.com**. The site offers a broad range of tools and resources, including a tool for locating in-network dentists and specialists and preventive health content through various respected health content vendors. The City can also work with their single point of contact at Humana to distribute any printed or digital educational materials to employees, as needed.

Representatives from the local market office assist during the enrollment process and at employee meetings to help ensure employees understand their dental insurance. After enrollment, ongoing assistance is provided by Humana's Customer Care team. Humana provides standard benefit materials to the City at no additional cost.

### **7. Does your company perform members satisfaction surveys? If so, would you be able to provide results for the last 3 years?**

Yes, Humana's mission is to foster a culture of customer service that is empathetic, proactive, conclusive, and encourages every one of our associates to seek ways to improve our service. With this mission in mind, we monitor customer satisfaction in a number of ways.

First, we implemented the VOC (Voice of the Customer) program, which is a client-focused tool that provides a random, outbound, automated phone survey to our members. VOC surveys are conducted daily and give us an opportunity to listen to members and gauge their experience with Humana. Through VOC, randomly selected members are asked questions about their experience after their call with one of our Customer Care specialists. The City's members can voluntarily elect to take the survey. VOC provides detailed survey results, which are calculated with representative-level, team-level, service center-level, and corporate-level reporting. We use these results to coach our associates, provide feedback to our Customer Care teams, and to conduct direct member outreach to ensure satisfaction as necessary.

Humana also administers a customer satisfaction survey by email to the City's members with our dental insurance. Those surveyed include all group members, excluding those with contract-mandated "do not contact" blocks or those who have not provided email addresses. Each member is invited once annually to participate. The survey addresses member satisfaction and overall Humana performance on a five-point scale. The survey results from the last three years include the following:

- Approximately two out of every three dental subscribers are likely to recommend their Humana dental insurance to others
- A majority of dental subscribers feel Humana is easy to do business with
- Almost two out of every three subscribers agree the coverage and benefits meet their needs
- A majority of subscribers believe the premium they pay for dental benefits is a good value

We utilize a third party vendor to conduct the survey, collect the data, and run the analysis. Our research consultant monitors and guides the process along.

**8. Do you track and/or written complaints received by your company? If so, provide number and types of complaints received within the last year.**

Yes, Humana’s grievance tracking system enables us to record formal and informal complaints by source, target, and nature of the complaints. Reason coding enables us to define complaints by categories such as quality of care, continuity of care, network accessibility, plan administration, source, and reason. Our Grievance and Appeals department can generate electronic, HIPAA-compliant reports upon request. Additionally, our quality improvement coordinator can track and report calls routinely and upon request. We can also link to a third-party administrator to provide reports.

The following are the formal group dental appeals/grievances received in 2018:

Type	Count
Plan Provisions	513
Limitation and Exclusion Specialty	411
Provider Issues	235
Schedule of Benefits	158
Claims Software	125
Limitation and Exclusion Medical	81
Eligibility & Enrollment	16
Claims Process	4
Quality, Attitude, Access and Privacy	1
<b>Grand Total</b>	<b>1,544</b>

**9. Describe your formal grievance/appeal procedure, including timeline.**

The first step of the grievance process for members with complaints is to contact Humana’s Customer Care department via our toll-free number. Our dental associates resolve 90 percent of disputes during their first contact with members. If the complaint is about quality of care, timeliness, available services, or the provider’s attitude, the complaint is forwarded to the Quality Assurance department.

If a verbal complaint is not resolvable, the member has the right to submit a written appeal.

Humana’s appeals process abides by Employee Retirement Income Security Act (ERISA) rules. The denial of a service can occur at any level of claims processing, and whenever we determine that a service is not covered, our denial letters and Explanation of Benefits (EOB) include the steps members may follow to request an appeal review of a claim.

**First-level appeals review**

A claimant appealing a claims payment decision must submit the appeal in writing within 180 days of receiving the denial. One of our grievance and appeals specialists reviews the appeal using ERISA rules and state regulations as a guideline and recommends a decision to the supervisor. We may also contact the American Dental Examiners (ADE), a professional dental claims review firm, for an opinion. The specialist then completes the following tasks:

- Reviews pertinent information to determine if a decision can be made
- Requests additional information

Proposal for:

## City of Coral Gables

- Sends an interim response when necessary

After receiving the necessary information, the specialist either reverses the decision and allows payment of the charges, or upholds the denial based on the contract and/or benefit language.

Our dental goal is to respond to 98 percent of appeals in writing within 30 days of receipt by sending a letter to the claimant and a copy to the member. If a member appeals a claim, a letter goes to the member as well as a copy to the dentist.

### **Second-level appeals review** (subject to state mandates)

If the claimant does not agree with the first-level review decision, he or she may have the right under ERISA rules and regulations to submit an appeal for a second-level review, in which the grievance and appeal analyst reviews all of the information submitted and may request additional information to reviews the case. Based on the information received and background of the case, the grievance and appeal analyst has the option to:

- Reverse the previous decision
- Refer the case to another area
- Reaffirm the denial

### **Exhaustion**

After completing the appeals process, a claimant has exhausted his or her administrative remedies under the plan. The claimant may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. All of the following must apply:

- The plan must be governed by ERISA
- The claimant has exhausted his or her ERISA appeal rights

- Date of appeal receipt

- Determination of each appeal
- Claims appeal tracking form
- Claims appeal summary that includes a chronology of events
- Documentation submitted by appellant
- Copy of the certificate language

## City of Coral Gables

Our leadership team prepares and reviews weekly aging reports of appeals. We ensure all appeals are handled in accordance with established standards. Files are subject to a random audit by our Quality Audit team to ensure information is complete and properly documented. Files of newer associates are audited more frequently than of experienced associates.

Each case is given a unique identifier and categorized by appeal type and outcome, which we use to generate reports to detect trends and improve processes.

### 11. Do you have a smart phone application that can be downloaded by employees, if so what services can be found on this application?

Yes, the City’s members can use the MyHumana website and app to manage their healthcare needs virtually anywhere, anytime. The app allows them to access:

- **Coverage and Benefits:** Members can view important information about plan details, including deductibles and balances, as well as information for dependents and other delegated members covered under the plan. They can also share their coverage information directly with their provider via fax.
- **ID Cards:** Members can view medical, dental, vision, and pharmacy ID Cards or fax them to their provider.
- **Claims:** Member can look up their latest claims, their status, summary, and other detailed information.
- **Provider List:** Members can locate in-network providers by specialty using their current location or by entering a ZIP code. They can also locate hospitals or urgent care centers quickly. (These features require users to enable location-sharing information on their mobile device.)

Also, the app helps keep members on top of their preventive care by sending regular notifications to remind them dental check-ups if they haven’t seen their dentist in a while.

To download the free MyHumana app, members can search for “MyHumana” through the Google Play Store or Apple’s App Store.

Our MyHumana website is also mobile compatible so members can access health information on the go by visiting **Humana.com** from any mobile browser and logging onto their personal portal. Members can also sign up to receive Health and Wellness Alerts via text messaging. Please note that message and data rate may apply.

## EXPERIENCE AND QUALIFICATIONS

### (i) FOR PROPOSER:

- 1) Provide a complete history and description of your company, including, but not limited to, the number of years in business, size, number of employees, office location, copy of applicable licenses/certifications, credentials, capabilities and capacity to meet the City's needs.**

Humana Inc. is a leading healthcare company that offers a wide range of health and wellness products and services that incorporate an integrated, holistic approach to lifelong well-being for employer groups, government programs, and individuals. We are a Fortune 100 company and one of the nation's largest publicly traded employee benefits companies. As of December 31, 2018, Humana reported total assets of \$25.4 billion and total revenues of \$56.9 billion. We provide medical benefits to approximately 16.6 million members as well as specialty benefits to over 6 million members in dental, vision, and life plans.

Founded in 1961 by David Jones and Wendell Cherry, Humana started as a nursing home business, and later moved into the hospital business. By 1980, Humana had grown into the world's largest investor-owned hospital company. In 1983, we entered the medical insurance business and launched a health maintenance organization (HMO) designed to help employers control premium costs while at the same time providing better patient care coordination. We became one of the nation's largest hospital companies and one of the first healthcare companies to operate both hospitals and health benefits plans effectively.

Since our spin-off of the hospitals in March 1993, we have focused exclusively on health benefits plans and have pioneered solutions for employers which have proven to have meaningful impact in lowering medical cost trend. Throughout our history, we have consistently seized opportunities to meet changing customer needs. Through a number of acquisitions, we built more powerful and integrated product offerings:

- In 1993, we made a commitment to provide high-quality dental care when we acquired Randmark, Inc.
- In 1995, we enhanced our dental offerings by acquiring and the Dental Concern, LTD and Employers Health Insurance, who introduced its first dental plans in 1977. The acquisition brought significant experience, systems, and new products.
- In 2000, HumanaDental Insurance Company was acquired to consolidate and manage dental and vision business for Humana.
- In 2007, we acquired CompBenefits Insurance Company—a leading dental and vision provider since 1959—and KMG America Corporation (KMG)—a holding company for the wholly owned subsidiary, Kanawha Insurance Company, offering excess risk insurance, employer-paid life, short term, and long term disability plans, and comprehensive group and voluntary employee benefits solutions to group and individual members nationwide.
- In 2018, Humana sold KMG to Continental General Insurance Company (CGIC), a Texas-based insurance company wholly owned by HC2 Holdings. After 10 prosperous years, this divestiture allowed Humana to better focus on our core lines of business and realign our organization for a more successful future.

#### **2.0 SCOPE OF SERVICES**

##### **2.1 Introduction**

Humana is proposing fully insured benefit plans that are comparable to the current plans in force today. We are proposing our standard frequencies and limitations for all plans. We will need to receive and review full dental certificates to note plan differences.

The following are a few high-level differences:

- While periodontal surgery is currently covered under major services, we cover periodontal surgery under basic services.
- Again, currently space maintainers, full mouth X-rays, and sealants are covered under basic services, while we cover them under preventive services.

Coverage for full-time employees becomes effective on the first of the month, following 30 days from hire date, with coverage ending at the end of the month that they separate from employment.

The City offers the voluntary, fully insured dental program through Florida Combined Life, a Subsidiary of Florida Blue. Florida Combined has provided the coverage to the City since July 2005. There have been no changes to the Florida Combined DMO plan design since the plan's inception, with a slight variation to the DPPO plan on July 1, 2013.

The City requires a dental partner who is qualified and experienced. A partner who has the flexibility to provide full-service dental offerings to a variety of members – including city management, elected/appointed employees, retirees, their dependents as well as union members. With over 40 years of dental experience, we currently provide specialty services to more than 6 million specialty members. Some of our more notable clients include five state governments, hundreds of school districts and governmental organizations, as well as The United States Federal Government through the Office of Personnel Management. We have the flexibility to provide a dental plan that meets the unique needs of all of the City's members.

Through our years of experience, we know most employers, like the City, understand that healthy employees are typically happier, more productive, and miss fewer days of work. But what most people don't realize is how big a role oral health plays in overall health. Those who neglect their teeth typically spend more money fixing dental issues that could have been proactively resolved through preventive care and early detection. That's why we've made our dental plans attractive, easy to access and provide educational information through various platforms.

When analyzing a dental plan, benefit administrators often focus on rates. Plans with lower rates tend to offset the savings with smaller networks, shallower discounts, and limited benefits. The money people save through lower premiums usually results in spending more at the dentist.

Additionally, these cost-saving shortcuts impact health. Poor oral health has also been linked to systemic health issues, including diabetes, heart disease, and strokes. People who don't prioritize their oral health risk paying the difference later in medical costs.

The most effective dental plans save money by promoting benefit utilization and healthy habits. By educating members on the importance of oral health, offering wide network access to quality dentists, and emphasizing prevention and early diagnosis, Humana's dental plans consider the full impact of oral health. This helps to ensure the City saves money in the long-term by helping your employees and their families live longer, healthier lives.

When it comes to dental benefits, Humana's goal is to make sure the City's employees want to utilize their benefits. We offer a range of dental plans for the City to tailor to your population, including options for customizing copayments, deductibles, and out-of-pocket maximums. Additionally, our wide network coverage includes significant discounts to ensure your employees and their families receive high quality dental care at affordable prices. The dental solution we have specifically selected for the City includes:

- **Dental HMO/Prepaid:** Our dental HMO plans are best suited for members seeking the lowest combination of premiums and out-of-pocket expenses. By selecting a primary care dentist from our

Proposal for:

## City of Coral Gables

large dental HMO network—with over 59,000 dentist locations in specific markets—the selected dentist can serve as the member’s central advocate for all dental care, providing referrals when necessary.

- **Dental PPO:** Our dental PPO plans provide members the freedom to choose the dentist they want. Humana offers one of the largest national PPO dental networks in the nation with over 285,000 dentist locations. These plans use financial incentives to encourage members to use network dentists, with negotiated fees that generally average 20 to 30 percent below the usual and customary (U&C) fee; however, members also have the freedom to see providers outside the network if they wish.
- **Dental Traditional Preferred (TRP):** These plans, also known as Passive PPOs, offer members the freedom to visit any dentist while still receiving maximum benefits. Our dental TRP plans utilize Humana’s PPO dental networks—one of the largest in the nation with over 285,000 dentist locations. Members who see dentists participating in Humana’s dental PPO network receive the greatest cost savings (up to 30 percent on out-of-pocket costs).

### New and Improved Benefits

Recently we enhanced and expanded the coverage our dental PPO and TRP plans provide to encourage members to get the care they need whenever they need it. Among these changes are:

- **Enhanced Preventive Care:** Our new benefits include a wider array of preventive benefits covered at 100 percent, including additional periodontal cleanings, space maintainers for children, and oral cancer screenings for members 40 years of age and older.
- **Extended Annual Maximum:** Members who reach their annual maximum no longer need to put off the care they need. As a standard benefit in all our PPO and TRP plans, Humana offers an innovative plan design that provides a 30 percent coinsurance paid by Humana for preventive, basic, and/or major services after members meet their annual maximum.
- **Optional Unlimited Annual Maximum:** Members can now receive care whenever they need it without the worry of reaching their annual maximum. With our unlimited annual maximum, offered as an optional rider for an additional cost, the member’s coverage continues throughout the plan year, regardless of the total accumulated amounts paid. It takes into consideration only deductibles, coinsurance amounts, and standard limitations and exclusions.
- **Implants:** While implants themselves can become a covered benefit through Humana’s PPO and TRP plans with an optional rider, now all implant-supported prosthodontics—such as crowns and dentures—are covered whether the group selects the implant rider or not.

Humana works with our client partners to positively and innovatively provide a dental program that educates members, is easy to access, provides exceptional service and a robust network to meet each member where they are. Our goal is to make sure the City’s employees don’t have any reasons to avoid a trip to the dentist. Through expanding benefits, growing our network, and educating members on oral health, Humana is working to make sure people have the knowledge and ability to take care of their teeth. Through good oral health, we help the City keep dental care costs down and your employees healthy and happy. Below we’ve listed some of the various positive and innovative features of our dental programs.

### Dental Education and Wellness

Oral health is an important part of maintaining good overall health. Humana focuses on prevention, early detection and education. Periodontal disease has long been known to have a negative impact on

Additionally, it can help explain the relationship between oral health and overall health, and provide actionable results and insights. ### **Account Management**

To ensure account service satisfaction throughout implementation, we assign an account installation professional to serve as your single point of contact, providing service on the City's plan to your benefits administrators, designated HR representatives, and agents, brokers, or consultants. The account installation professional serves as the day-to-day contact for any service-related issues or concerns, assisting on items such as enrollment/eligibility submission or premium payment discussions, and they can engage other areas within Humana on your behalf, as necessary.

After implementation, we assign the City an account management professional based in a local Humana office to lead client management and the development of engagement strategies with the City.

### **Comprehensive Reporting**

To help you keep track of your employees' utilization of their benefits, we offer a wide variety of dental reports to track claims, membership, eligibility, and more to help the City understand how your employee population is utilizing their dental benefits. Our dental PPO/DHMO PlanCompass reporting package goes beyond standard reporting functions to help employers make the most informed decisions about their members' dental health, well-being, and use of the healthcare system.

### **The Perfect Experience**

Customer service is an integral part of Humana's consumer engagement efforts. From our operational procedures to the recruitment and training of our Customer Care specialists, we are organized around a client-focused approach. As a consumer-centric company, we strive for proactive, personalized service through a key metric we brand internally as the Perfect Experience. This multifaceted approach to customer service encompasses:

This includes enrollment ease for new hires, comparing and selecting different benefit plans, reviewing coverage status for all employees, monitoring enrollment status and deadlines, managing contribution levels, and plan document delivery and storage. Also included, is a mobile app, which makes it even easier for employees to enroll in their benefits, view their benefit details and access important compliance documents right from their phone.

Employee Navigator allows for all types of employee benefit plans and there is no limit to the number of Humana lines of coverage built on the system. Upon Implementation we upload a complete employee census to include full name, SSN, date of birth, date of hire, class, salary, address, and email. Employees can either use a URL link to login using the City's specific credentials or we send a bulk email with a link provided. They will register for their own unique user name and password and enter the enrollment system. The system will use a step-by-step guide to help employees through the enrollment process so they do not miss a step or an important notice or benefit. Upon completion of the open enrollment, the data is sent by electronic secure transfer to Humana. For future new hires and eligibility changes, the enrollment data is submitted to Humana on a predetermined day and time of the week. In order for the electronic data submission to be

successful, a member of the City should have access for entering new hires and terminations. New hires should have an email address entered so they receive the email link and a timeline of how long they have to enroll. The system can also send reminders if the employee is approaching their enrollment deadline.

**e. Explain Proposer's ability to provide covered individuals access to company professionals to discuss benefit coverage issues.**

Humana provides three methods for members, employers, agents, and providers to get answers to their questions: interactive voice response (IVR) system, Customer Care specialists, and our website.

The toll-free phone number we provide offers callers the option to either utilize our IVR system 24 hours a day, seven days a week, or speak to a Customer Care specialist from 8 a.m. to 6 p.m., member time zone, Monday through Friday (excluding federal holidays). Through either of these channels, we provide a number of capabilities, including:

- Confirm benefits and eligibility details including copayments, deductibles, waiting periods, annual maximum accumulations
- Answer questions about claims payment and history
- Obtain dental necessity information needed to complete processing for claims and pre-estimates
- Help locate a provider, or issue a provider directory
- Provide enrollment information
- Order ID cards (also available through our MyHumana mobile application)

For additional self-servicing options, our dental website, **Humana.com**, is where users can access specific information through the agent, employer, provider, or member portals, or communicate with a Customer Care specialist through our Live Chat feature. Members can also access the Humana Support Community, where they can post questions to be answered by Humana experts or learn more about how to use their insurance, better understand the cost of care, and improve their health and well-being.

**3) Provide a comprehensive description of your proposed ability to duplicate existing coverage for employees, retirees and dependents. Additionally, providing alternate benefit options (as identified in the RFP) for future costs controls. Include Appendix A, Benefit Format Worksheet showing how your plan of benefits being proposed compares to the current/requested format.**

Humana is proposing fully insured benefit plans that are comparable to the current plans in force today. We are proposing our standard frequencies and limitations for all plans. We will need to receive and review full dental certificates to note plan differences.

The following are a few high-level differences:

- While periodontal surgery is currently covered under major services, we cover periodontal surgery under basic services.
- Again, currently space maintainers, full mouth X-rays, and sealants are covered under basic services, while we cover them under preventive services.

Please refer to Section III, Item 2 of our proposal for the completed Appendix A, Benefit Format Worksheet with the City's requested plans as well as Section III, Item 3 for our benefit summaries for those plans.

In addition, Humana has proposed an alternate triple plan option for the City's consideration. Please refer to Section III, Item 4 for those plan benefit summaries.

# HumanaDental Prepaid HS195 Plan

The HumanaDental Prepaid plans focus on maintaining oral health, prevention and cost-containment. Members may see a primary care dentist as often as necessary. There are no yearly maximums, no deductibles to meet and no waiting periods. HS plans copayments for listed procedures are applicable at either a participating general dentist or a participating specialist dentist.

A primary care dentist (PCD) may decide that a member needs to see a contracted dental specialist. No referral is necessary to see a network specialist.

**Specialists services:** Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. Visit **Humana.com** to find a participating specialist.

# HumanaDental Prepaid HS205 Plan

The HumanaDental Prepaid plans focus on maintaining oral health, prevention and cost-containment. Members may see a primary care dentist as often as necessary. There are no yearly maximums, no deductibles to meet and no waiting periods. HS plans copayments for listed procedures are applicable at either a participating general dentist or a participating specialist.

A primary care dentist (PCD) may decide that a member needs to see a contracted dental specialist. No referral is necessary to see a network specialist.

**Specialists services:** Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. Visit **Humana.com** to find a participating specialist.

## Summary of services

Services marked with a single asterisk (\*) below also require separate payment of laboratory charges, not to exceed \$200. The laboratory charges must be paid to the plan dentist in addition to any applicable copayment for the service.

## CLARIFICATIONS

### 1.0 Introduction to Request for Proposal

Humana agrees with the City's Introduction to Request for Proposal with the following clarifications:

#### 1.12 Contract Termination

**The City, by written notice, may terminate in whole or part any Contract resulting from this competitive solicitation, when such action is in the best interest of the City. If the Agreement is so terminated, the City shall be liable only for payment for services rendered prior to the effective date of termination. The City may, by written notice to the Successful Proposer, terminate the Agreement if the Successful Proposer has been found to have failed to perform his/her services in a manner satisfactory to the City. The City may terminate the Agreement for convenience at any time by providing thirty (30) days written notice to the Successful Proposer. In the event the Successful Proposer is found to be in default, the Successful Proposer will be paid for all labor and materials provided as of the termination date only after City has completed the work called for by this Agreement with other forces, and has deducted the cost of such work, and any other damages payable to City, from any contract balance otherwise due and owing to the Professional under this Agreement. No consideration will be given for anticipated loss of revenue on the canceled portion of the Contract.**

Humana will not knowingly default and respectfully requests 60 days to cure a breach. We cannot agree to the payment of excess costs.

### 4.0 RFP General Conditions

Humana agrees with the City's RFP General Conditions with the following clarifications:

#### 4.4 Occupational License Requirements (Business Tax Receipt Requirements)

**Any person, firm, corporation or joint venture, with a business location in the City of Coral Gables who is submitting a response under this solicitation, shall meet the City's Occupational License Tax Requirements in accordance with Ordinance No O2005-15 of the City of Coral Gables Code and Chapter 205 of the Florida Statutes.**

**Others with a location outside the City of Coral Gables shall meet their local Occupational License Tax requirements. Copy of the license must be submitted with the Proposal; however, the City may, at its sole option and in its best interest, allow the Proposer to supply the license to the City during the evaluation period, but prior to award.**

CompBenefits Company does not have a physical location in the City of Coral Gables; therefore, it does not have a business tax receipt. Humana Insurance Company does not have a physical location in the City of Coral Gables, but it has had premiums paid within the City, and therefore, it does have a business tax receipt, which is included in this Section of our response.

#### 4.12 Sub-Contractor

**A Sub-Contractor / Sub-Consultant is an individual or firm contracted by the Proposer(s) to assist in the performance of services required under this RFP. A Sub-Contractor / Sub-Consultant shall be**

Proposal for:

## City of Coral Gables

paid through Proposer(s) and not paid directly by the City. Sub-Contractors / Sub-Consultants are allowed by the City in the performance of the services delineated within this RFP. Proposer(s) shall clearly reflect in its Response the major Sub-Contractor / Sub-Consultant to be utilized in the performance of required services. The City retains the right to accept or reject any Sub-Contractor / Sub-Consultant proposed prior to Agreement execution. Any and all liabilities regarding the use of a Sub-Contractor / Sub-Consultant shall be borne solely by the Successful Proposer(s) and insurance for each Sub-Contractor / Sub-Consultant must be maintained in good standing and approved by the City throughout the duration of the Agreement. Neither the Successful Proposer(s) nor any of its Sub-Contractors / Sub-Consultants are considered to be employees or agents of the City. Failure to list all major Sub-Contractors / Sub-Consultants and provide the required information may disqualify any proposed Sub-Contractor / Sub-Consultant from performing work under this RFP.

**Proposer(s) shall include in their Responses the requested Sub-Contractor / Sub-Consultant information and include all relevant information required of the Proposer(s).**

Humana has agreements in place with a variety of vendors for business and administrative services, as well as member services. We strive to make our services as seamless as possible for the members. The list below includes many of the subcontractors that may deliver services that directly impact the City's employees:

Name and Address	Services Provided
<b>Conduent (formerly known as Xerox / Contracted since 1999)</b>	
745 New Circle Road Lexington, Kentucky 40511	Dental mailroom/scanning services
<b>HealthCare Insight (Contracted since 2007)</b>	
10897 South River Front Parkway, Suite 200 South Jordan, Utah 84095	Dental claims fraud
<b>Fiserv (Contracted since 2005)</b>	
13100 North Promenade Boulevard Stafford, Texas 77477	Dental ID card production and printing

All vendors contracting with us undergo a due diligence process prior to contracting. We select vendors that are well-respected in the industry, building strong, long-term relationships and seamlessly integrating their services into Humana's operational business model. We have high expectations of our vendors and we are responsible for their performance. We cannot agree to eliminate or obtain prior approval of key vendors, as this would create inefficiencies, adding both complexity and costs to our administration.

All subcontractors or independent contractors are responsible for their own insurance coverage. Humana does not cover our subcontractors or independent contractors under our insurance policies.

#### 4.15 Purchasing Agreements with Other Government Agencies

**At the option of the awarded Proposer, the submission of any solicitation response to this Request for Proposals constitutes a proposal made under the same terms and conditions, for the same contract price, to other governmental agencies including the State of Florida and its agencies, political subdivisions, counties and cities.**

Proposal for:

## City of Coral Gables

**Each governmental, not-for-profit or quasi-governmental entity which uses a contract(s) resulting here from, will establish its own contract, place its own orders, issue its own purchase orders, be invoiced there from and make its own payments, determine shipping terms and issue its own exemption certificates as required by the Successful Proposer(s).**

Humana has provided a comprehensive and competitive proposal for services that is specific to the City's RFP. There are many factors included in pricing that do not allow us to apply these contractual provisions to other parties, such as determination of rates on a case-by-case basis, client-specific service requirements, and employee population by entity. We feel this approach provides a custom designed and priced response for the City. We are happy to work with additional entities to price appropriately for those specific entities upon request.

### **4.17 Invoicing & Payment**

**Invoices shall contain purchase order number, or services performed including if applicable, service data, number of labor hours for each worker, hourly rate(s) for each worker, total employee hours billed. Copies or invoices or other appropriate documentation shall be provided for each job to support their actual cost prior to reimbursement. The Proposer, upon request by the City, shall supply additional documentation. Proposer may be paid in monthly installments. Payment is made according to the actual number of labor hours worked. Partial or full payment can be withheld until work is completed to the satisfaction of the City.**

As our invoices are for the premium due, they do not show an actual description of the work performed. However, the specific product is listed on the invoice, the coverage period billed is the time used, and the City's account number will serve as your reference number. Purchase order numbers are not applicable to the services we provide. Other accommodations and customizations can be discussed upon finalist determination.

### **4.18 Auditing of Records**

**The successful Proposer's book and records as they relate to the anticipated contract must be made available for inspection and audit upon receipt of three (3) days prior written notice from the City and remain available for City or other applicable sources for inspection for at least three (3) years following the expiration of the contract.**

Humana does not allow fully insured groups to conduct audits without prior approval or negotiation. Should approval occur, there are limitations to the data we can share with the fully insured group. However, this can be discussed further upon being selected as a finalist.

### **4.20 Estimated Quantities**

**Estimated quantities or estimated dollars are provided for your guidance only. No guarantee is expressed or implied as to actual quantities during the contract period. The City is not obligated to place an order for any given amount subsequent to the award of this contract. Said estimates may be used by the City for purposes of evaluating a response or determining the most advantageous proposer meeting specifications. The City reserves the right to acquire additional quantities at the prices proposed or at lower prices.**

If actual enrollment varies by more than 10 percent, or significant plan changes impact the service processes, we retain the right to review our pricing and change rates accordingly if needed.

## 5.0 Indemnify, Defend and Hold Harmless and Insurance Requirements

Humana agrees with the City's RFP Indemnify, Defend and Hold Harmless and Insurance Requirements with the following clarifications:

**5.1 To the fullest extent permitted by Laws and Regulations, the Professional shall defend, indemnify, and hold harmless the City and its attorneys, administrators, consultants, elected and appointed officials, agents, and employees from and against all claims, damages, losses, and expenses direct, indirect, or consequential (including but not limited to fees and charges of attorneys and other professionals and court and arbitration costs) arising out of or resulting from the performance of the work and caused in whole or in part by any willful, intentional, reckless, or negligent act or omission of Professional, any sub-consultant, or any person or organization directly or indirectly employed by any of them to perform or furnish any of the work or anyone for whose acts any of them may be liable.**

**In any and all claims against the City, its elected and appointed officials or any of its consultants, attorneys, administrators, agents, or employees by any employee of Professional, any sub-consultant, any person or organization directly or indirectly employed by any of them to perform or furnish any of the work or anyone for whose acts any of them may be liable, the indemnification obligation under the above paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Professional or any such sub-consultant or other person or organization under workers' or workman's compensation acts, disability benefit acts, or other employee benefit acts. Moreover, nothing in this Indemnification and Hold Harmless provision shall be considered to increase or otherwise waive any limits of liability, or to waive any immunity, established by Florida Statutes, case law, or any other source of law.**

Humana agrees to indemnify and hold the City harmless from and against damages, claims, or liabilities that arise as a result of acts or omissions on our part or the part of our employees in the performance of the contract.

Our contracts do not include a hold harmless provision that indemnifies the City for general legal action from members, employees, subcontractors, or other vendors. We do not indemnify the City as a result of the acts or omissions of third parties, including its members' service providers.

## 5.6 INSURANCE REQUIREMENTS

### 5.6.1 GENERAL CONDITIONS

**Pursuant to the City of Coral Gables Code, Section 2-971, the Risk Management Division of the Office of Labor Relations and Risk Management has developed the following insurance requirements to protect the City of Coral Gables to the maximum extent feasible against any and all claims that could significantly affect the ability of the City to continue to fulfill its obligations and responsibilities to the taxpayers and the public.**

**Consequently, prior to award and in any event prior to commencing work, the Professional shall procure, and provide the City with evidence of insurance coverage as required herein and name the City as an Additional Insured on a primary and non-contributory basis. The Professional shall secure and maintain, at its own expense, and keep in effect during the full period of the contract a policy or policies of insurance and must submit these documents to the Risk Management Division of the Office of Labor Relations and Risk Management for review and approval.**

Proposal for:

## City of Coral Gables

**All city solicitation and contract documents shall include insurance provisions approved by the Risk Management Division.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only.

Humana can agree that our insurance is primary and non-contributory with any other insurance in force for or which may be purchased by an additional insured.

### 5.6.2 PROPOSER REQUIREMENTS

**The Proposer shall maintain, at its own cost and expense, the following types and amounts of insurance with insurers with rating of "A-" "VI" or better according to the A.M. Best rating guide as a minimum standard. The insurers providing coverage must be approved by the State of Florida and hold all of the required licenses in good standing to conduct business within the State of Florida. In addition, they must be acceptable to the City of Coral Gables Risk Management Division and/or the City Attorney's Office.**

Humana's general liability, professional liability, and errors and omissions coverages are provided by Managed Care Indemnity, Inc. (MCII), a wholly owned subsidiary of Humana Inc. It is a captive insurance company domiciled in Vermont and regulated by the Vermont Department of Insurance. The reserves are set by an independent actuarial firm, Tillinghast, and financials are audited by PricewaterhouseCoopers. MCII is not rated by A.M. Best, nor licensed in any state.

We maintain mutually acceptable insurance provisions with our clients. We cannot agree to eliminate or obtain prior approval of our insurance vendors, as this would create inefficiencies, adding both complexity and costs to our administration.

### 5.6.3 TYPE OF COVERAGE & LIMIT OF LIABILITY REQUIREMENT

**5.6.3.1 Workers' Compensation and Employers Liability Insurance covering all employees, subcontractors, and/or volunteers of the Professional and/or Vendor engaged in the performance of the scope of work associated with this contract and/or agreement. The minimum limits of liability shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation insurance, with the following limits:**

**5.6.3.1.1 Workers' Compensation - Coverage A Statutory Limits (State of Florida or Federal Act)**

**5.6.3.1.2 Employers' Liability - Coverage B**

**\$1,000,000 Limit - Each Accident**

**\$1,000,000 Limit - Disease each Employee**

**\$1,000,000 Limit - Disease Policy Limit**

All subcontractors or independent contractors are responsible for their own insurance coverage. Humana does not cover our subcontractors or independent contractors under our insurance policies.

Proposal for:

## City of Coral Gables

We do require the flow down of indemnification and insurance requirements to subcontractors, but we do not have language in our contracts that requires the flow down/required incorporation of all terms and conditions of the agreement into our agreements with subcontractors. We do not flow down specific provisions to our subcontractors when we are the supplier. As Humana is the sole point of contact with respect to all client contracts, the terms of our own contracts with our subcontractors are not modified on a per-client basis. Notwithstanding, Humana does have standard “Compliance with Laws” provisions in all of our vendor contracts.

**5.6.6 Professional Liability with a limit of liability not less than One Million (\$1,000,000) Dollars per claim, with a deductible per claim not to exceed 5% of the limit of liability providing for all sums which the Contractor shall become legally obligated to pay as damages for claims arising out of the services performed by the Contractor or any person employed in connection with this agreement. Contractor shall maintain Professional Liability coverage for at least five (5) years after completion of the work.**

Humana’s policies are on an occurrence basis only. We cannot agree to the language crossed out above.

**5.6.7 REQUIRED ENDORSEMENTS**

**5.6.7.1 The following endorsements with City approved language**

**5.6.7.1.1 Additional insured status provided on a primary & non-contributory basis for general, ~~cyber and auto liability.~~**

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only.

**5.6.7.1.2 Waiver of Subrogation for all applicable coverages: general, ~~cyber auto liability and workers compensation~~**

We can provide a waiver of subrogation clause in favor of a certificate holder on general liability, but not on Workers’ Compensation coverage, including employer’s liability. We are a Kentucky-based company and Kentucky law does not allow employers to waive the rights of their employees.

**5.6.7.2 All policies shall contain a “severability of interest” or “cross liability” clause without obligation for premium payment of the City.**

We cannot agree to severability of interests as our policies are on an occurrence basis only.

**5.6.8 HOW TO EVIDENCE COVERAGE TO THE CITY**

**5.6.8.1 The following documents must be provided to the City;**

**5.6.8.1.1 A Certificate of Insurance containing the following information:**

**5.6.8.1.1.1 Issued to entity contracting with the City**

**5.6.8.1.1.2 Evidencing the appropriate Coverage**

**5.6.8.1.1.3 Evidencing the required Limits of Liability required**

Proposal for:

## City of Coral Gables

**5.6.8.1.1.4 Evidencing that coverage is currently in force**

**5.6.8.1.1.5 Language provided in the Special Provision Section of the Certificate of Insurance affirming that all endorsements required by the City have been endorsed to all of the policies.**

**A copy of each endorsement that is required by the City.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

**5.6.8.3 The City reserves the right to require a complete copy of any insurance policies required by the City. Should the City invoke this right, the policy must be provided directly to the City by the insurance agent or insurance company.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

**5.6.8.4 The city reserves the right to require additional insurance requirements at any time during the course of the agreement.**

Limits and coverage type should be established at the beginning of the contract and for the duration. Humana cannot agree to mid-term changes.

### **10.0 Professional Services Agreement (Draft)**

Humana agrees with the City's Professional Services Agreement (Draft) and HIPAA Business Associate Addendum with the following clarifications:

**10.1 The enclosed agreement is a draft for your review. You are not required to fill out and submit the agreement at time of response submittal.**

**By submitting a Proposal, the Proposer agrees to be bound to and execute the Agreement for the Group Dental Insurance, Appendix E and HIPAA Business Associate Addendum, Appendix F. Without diminishing the foregoing, the Proposer may request clarification and submit comments concerning the Agreement for City's consideration. All exceptions and alternatives shall be included and clearly delineated, in writing, in the Proposal. Only comments and proposed revisions included within the Proposal will be considered by the City. Any comments identified after the Proposal has been received will not be considered by the City. The City, at its sole and absolute discretion, may accept or reject any or all exceptions and alternatives. In cases in which exceptions and alternatives are rejected, the City shall require the Proposer to comply with the particular term and/or condition of the Agreement to which Proposer took exception to (as said term and/or condition was originally set forth on the Agreement).**

Humana is classified as a covered entity, not a business associate, when providing services under a fully insured arrangement. Therefore, "business associate" language does not apply to our fully insured contracts.

### I. GENERAL PROVISIONS

- 1.9 Driver's License.** At City's option, the Professional shall provide a valid Florida Driver's License or appropriate commercial driver's license for each employee, agent or sub consultant and be willing and able to operate any required vehicles as authorized by the City. Evidence of compliance with the Defensive Driving Course must be submitted to the City prior to operating a City vehicle or any vehicle where patrons or children are passengers. Individuals must be approved by the Risk Management Division of the City prior to the operation of a City owned vehicle and/or privately owned vehicles while conducting City business. The City reserves the right to request the employee/agent's driving record from the State of Florida, at Professional's expense.

This is not applicable to the dental services we are proposing as we would not be operating vehicles in relation to this RFP.

- 1.11 Most Favored Public Entity.** The Professional represents that the prices charged to City in this Agreement do not exceed existing prices to other customers for the same or substantially similar items or services for comparable quantities under similar terms and conditions. If Professional's prices decline, or should Professional, at any time during the term of this Agreement, provide the same goods or services to any other customer at prices below those set forth herein, then such lower prices shall be immediately extended to the City.

Humana has provided a comprehensive and competitive proposal for services that is specific to the City's RFP. There are many factors included in pricing that do not allow us to apply these contractual provisions to other parties, and vice versa, such as determination of rates on a case-by-case basis, client-specific service requirements, and employee population by entity. We feel this approach provides a custom designed and priced response for the City. We are happy to work with additional entities to price appropriately for those specific entities upon request.

### II. PROFESSIONAL SERVICES

- 2.2 Reporting.** The Professional shall comply with the necessary reporting requirements as outlined by the Director or designee for review. In addition, the Professional shall submit a monthly report to the Director or designee, which shall include detailed information regarding the activities of the Professional during the previous month.

Our dental PlanCompass reporting package goes beyond standard reporting functions to help employers make the best-informed decisions about their members' dental health, well-being, and use of the healthcare system.

This reporting package is prepared annually for each client to help benefits administrators stay on top of their dental plan experience. The dental PlanCompass reporting package is available to download at your convenience, meaning your benefit administrators can easily run the report and receive it within hours.

We use claims data to report on the important facets of the City's dental plan experience, as reported on an "incurred" basis rather than a "paid/processed" basis to allow for better monitoring of member behavior in response to plan design changes that occur from one plan year to the next. To make the data more meaningful, our dental PlanCompass reports data for the

Proposal for:

## City of Coral Gables

current year alongside the prior period to gauge performance changes from year-to-year and track the following:

- Claims and premium breakout
- Cost drivers, categorized by:
  - Preventive services
  - Periodontics
  - Restorative services
- Key indicators (tracking changes in core member demographics)
- Member cost share
- Membership and spend distribution by age group
- Top three categories contributing to spend
- Utilization summary by category

Using this data, we also provide key insights and recommendations to specifically help the City better manage benefit utilization and healthcare dollars. Additionally, we can work with the City to customize reports specific to your needs.

In addition, with 45 standard reports available, we are confident in our ability to meet the City's dental reporting expectations. As part of the implementation process, the required reports, timing, and method of delivery are mutually agreed upon. Our standard reports include:

- Claims Experience: Displays total member enrollment, total premium paid, and claims paid per calendar month.
- Renewal Exhibits: Provides a full breakdown of renewal rates calculated for the upcoming year. It includes the factors and calculations taken into consideration, such as in-network savings, claims by category, and the total claims and enrollment history for the City.

Our standard reports measure the following:

- Dental cost trends: Illustrates claims payment by category, service category, and ADA code; details are displayed in graph and spreadsheet format.
- Group demographics: Illustrates claims by category and age distribution.
- In- and out-of-network dentist visits: Illustrates the top providers based on paid claims data
- Member cost data: Illustrates monthly employee counts and enrollment statistics, paid claims data, and cost breakdowns over time.
- Procedure specific utilization: Illustrates and compares incurred and paid claims by calendar month.
- Realized network savings: Illustrates savings based on system, network, and insured cost sharing, which can show nationwide totals or break down the savings by group, product category, state, rating band, or product.

### **2.3 Availability of Professional. The Professional shall make all documents available 24 hours a day, 7 days a week, 365 days a year, in order to satisfy the City's emergency demands for continued, non-interrupted service.**

We do not foresee anything interrupting our services for the City. However, Humana does not allow fully insured groups to conduct audits without prior approval or negotiation. Should approval occur, there are limitations to the data we can share with the fully insured group. However, this can be discussed further upon being selected as a finalist.

#### IV. INDEPENDENT CONTRACTOR AND PROFESSIONAL HOLD HARMLESS PROVISIONS

- 4.5 Indemnification and Hold Harmless. To the fullest extent permitted by laws and regulations, the Professional shall defend, indemnify, and hold harmless the City, its elected and appointed officials, attorneys, administrators, consultants, agents, and employees from and against all claims, damages, losses, and expenses direct, indirect, or consequential (including but not limited to fees and charges of attorneys and other Professional's and court and arbitration costs) arising out of or resulting from the performance of the work and caused in whole or in part by either (i) any willful, intentional, reckless, or negligent act or omission of Professional, any sub consultant, or any person or organization directly or indirectly employed by any of them to perform or furnish any of the work or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder and regardless of the negligence of any such indemnified party, or (ii) any willful, intentional, reckless, or negligent act or omission of any individual or entity not a party to this agreement, or (iii) any negligent act or omission of the City or the City's officers, agents, or employees. The parties expressly agree that this provision shall be construed broadly, and Professional's obligations to pay for the City's legal defense hereunder shall arise and be fully enforceable when Professional (or any sub consultant or any person or organization directly or indirectly employed by Professional) is alleged to have acted willfully, intentionally, recklessly, or negligently in the performance of the work required under this Agreement. Any failure of Professional to comply with the terms of this provision shall be deemed a material breach of this Agreement and may subject Professional to debarment from consideration for future award of city contracts pursuant to Section 2-952(4) of the City of Coral Gables Code of Ordinances. This provision shall survive termination of the Agreement.**

Humana agrees to indemnify and hold the City harmless from and against damages, claims, or liabilities that arise as a result of acts or omissions on our part or the part of our employees in the performance of the contract.

Our contracts do not include a hold harmless provision that indemnifies the City for general legal action from members, employees, subcontractors, or other vendors. We do not indemnify the City as a result of the acts or omissions of third parties, including its members' service providers.

- 4.5.1 In any and all claims against the City or any of its elected and appointed officials, consultants, agents, or employees by any employee of Professional, any sub consultant, any person or organization directly or indirectly employed by any of them to perform or furnish any of the work or anyone for whose acts any of them may be liable, the indemnification obligation under the above paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Professional or any such sub consultant or other person or organization under workers' or workman's compensation acts, disability benefit acts, or other employee benefit acts. Moreover, nothing in this Indemnification and Hold Harmless provision shall be considered to increase or otherwise waive any limits of liability, or to waive any immunity, established by Florida Statutes, case law, or any other source of law.**

Humana agrees to indemnify and hold the City harmless from and against damages, claims, or liabilities that arise as a result of acts or omissions on our part or the part of our employees in the performance of the contract.

### V. INSURANCE

- 5.1 Without limiting Professional's indemnification of the City, and during the term of this Agreement, Professional shall provide and maintain at its own expense the below described programs of insurance. Such programs and evidence of insurance shall be satisfactory to the City and shall be primary to and not contributing with any other insurance or self-insurance program maintained by the City. Certificates or other evidence of coverage shall be delivered to:**

**City of Coral Gables  
Insurance Compliance  
P.O. Box 100085 – CE  
Duluth, GA 30096**

**Such certificates or other evidence of coverage shall be delivered prior to commencing performance under this Agreement, and shall specifically identify this Agreement, and shall contain the express condition that the City is to be given advance written notice by receipted delivery at least thirty (30) days in advance of any cancellation, non-renewal or material change of the insurance policy.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

Humana can agree that our insurance is primary and non-contributory with any other insurance in force for or which may be purchased by an additional insured.

- 5.2 The Professional shall maintain during the terms, except as noted, of this Agreement the following insurance:**
- a. Comprehensive general liability insurance with broad form endorsement or equivalent, including automobile liability, completed operations and products liability, contractual liability, severability of interests with cross liability provision, and personal injury and property damage liability with limits no less than \$1,000,000 per occurrence for bodily injury and property damage, and \$2,000,000 in the aggregate. Said policy or policies shall name City as additional insured on a primary and non-contributory basis and shall reflect the hold harmless provision contained herein.**

We cannot agree to severability of interests as our policies are on an occurrence basis only.

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only. Humana can agree that our insurance is primary and

non-contributory with any other insurance in force for or which may be purchased by an additional insured.

- e. **Professional Liability with a limit of liability not less than One Million (\$1,000,000) Dollars per claim, with a deductible per claim not to exceed 5% of the limit liability providing for all sums which the Contractor shall become legally obligated to pay as damages for claims arising out of the services performed by the Contractor or any person employed in connection with this agreement. Contractor shall maintain Professional Liability coverage for at least five (5) years after completion of the work.**

Humana's policies are on an occurrence basis only.

- f. **Other (or increased amounts of) insurance which City shall from time to time deem advisable or appropriate. Such new or additional insurance to be effective as of the sooner of ninety (90) days after notice thereof or the next annual renewal of any policy being increased (as applicable).**

Limits and coverage type should be established at the beginning of the contract and for the duration. Humana cannot agree to mid-term changes.

- g. **All policies shall contain waiver of subrogation, except Professional Liability, against City where applicable, and shall expressly provide that such policy or policies are primary over any other collective insurance the City may have.**

We can provide a waiver of subrogation clause in favor of a certificate holder on general liability, but not on Workers' Compensation coverage, including employer's liability. We are a Kentucky-based company and Kentucky law does not allow employers to waive the rights of their employees.

- h. **All of the above insurance is to be placed with insurance companies with an A.M. Best or equivalent rating of "A-", "VI" or better, qualified to do business under laws of the State of Florida.**

Managed Care Indemnity, Inc. (MCII) provides General Liability, Professional Liability, and Errors and Omissions coverage. MCII is a wholly owned subsidiary of Humana Inc. It is a captive insurance company domiciled in Vermont and regulated by the Vermont Department of Insurance. The reserves are set by an independent actuarial firm and audited by an outside auditing firm, and therefore MCII is not rated by A. M. Best or any other rating company.

- i. **The City shall be named as an additional insured on a primary and noncontributory basis for the General, Cyber and Auto Liability Policies. Said policies shall contain a "severability of interest or "cross liability" clause without obligation for premium payment of the City. The City reserves the right to request a copy of required policies for review.**

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only. We cannot agree to severability of interests as our policies are on an occurrence basis only. The only proof of insurance we can provide is the

### XI. OWNERSHIP OF DOCUMENTS

**11.1 Any and all documents, records, disks, or other information shall become the property of the City for its use and/or distribution as may be deemed appropriate by the City.**

Under a fully insured arrangement, Humana maintains ownership of all claims and related information. We have total fiduciary responsibility and assume complete liability for all claim payments to providers. The City's only liability is limited to the timely payment of premiums. The City is not at risk for claims. Due to HIPAA regulations, we cannot release claims data and other protected health information (PHI) to the City.

### XIV. DEFAULT AND TERMINATION

**14.1 The City may terminate this Agreement for convenience at any time by providing thirty (30) days written notice to the Professional. In the event of a termination for convenience, the Professional shall be paid for all services performed through the date of termination (subject to applicable setoff rights) and the Professional shall not be entitled to any other compensation or damages from the City.**

**In the event of a termination for cause, due to the Professional's failure to perform in accordance with the terms of this Agreement or the Professional's repudiation of this Agreement by word or conduct, the City may immediately terminate the Agreement, if after notifying the Professional in writing, the Professional does not correct the deficiencies to the satisfaction of the City within seventy-two (72) hours of such notice. Such notice shall provide reasonable specificity to the Professional of the deficiency that requires correction. If the deficiency is not corrected within such time period, the City may either (1) immediately terminate the Agreement or (2) take whatever action is deemed appropriate to correct the deficiency. In the event the City chooses to take action and not terminate the Agreement, the Professional shall, upon demand, promptly reimburse the City for any and all costs and expenses incurred by the City in correcting the deficiency.**

**If the City terminates the Agreement, the City shall notify the Professional of such termination in writing, with instruction to the effective date of termination or specify the state of work at which the Agreement is to be terminated. Upon receipt of a final termination or suspension notice, Professional shall proceed promptly to carry out the actions required in such notice.**

**The Professional shall be paid any sums otherwise due and owing under this Agreement only after City has completed the work called for by this Agreement with other forces, and has deducted the cost of such work, and any other damages payable to City, from any contract balance otherwise due and owing to the Professional under this Agreement. If, after notice of termination for cause, it is determined for any reason that Professional was not in default, the rights and obligations of the City and the Professional shall be the same as though the termination had been a termination for convenience. In no event shall the City be liable to Professional for lost profits on any work not performed, overhead, or any other type of consequential, special or indirect damages, and Professional hereby waives the same. Professional may terminate this Agreement due to the City's failure to comply with the**

**material terms of this Agreement after giving City thirty (30) days written notice of its purported default and a reasonable opportunity to cure. Upon termination of this Agreement, all schematics, designs, plans, specifications, documents, records, disks, or other information (including electronic copies) produced or developed by Professional or sub consultants, whether finished or not, shall become City property. Failure to timely deliver the documentation shall be cause to withhold any payments due, without recourse by the Professional, until all documentation is delivered to the City.**

Humana will not knowingly default and respectfully requests 60 days to cure a breach. We cannot agree to the payment of excess costs.

Under a fully insured arrangement, Humana maintains ownership of all claims and related information. We have total fiduciary responsibility and assume complete liability for all claim payments to providers. The City's only liability is limited to the timely payment of premiums. The City is not at risk for claims. Due to HIPAA regulations, we cannot release claims data and other protected health information (PHI) to the City.

### **XVII. ASSIGNMENT AND SUBCONTRACTING**

**17.1 This Agreement and the rights of the Professional and obligations hereunder may not be assigned, delegated or subcontracted by the Professional without the express prior written consent of the City. Any assignment, delegation or subcontract without such express prior written consent shall be null and void and shall constitute a material breach of this Agreement, upon which the City may immediately terminate the Agreement in accordance with the provisions of paragraph 13.1 (Termination by Default). The City may assign its rights, together with its obligations hereunder.**

Humana has agreements in place with a variety of vendors for business and administrative services, and all vendors contracting with us undergo a due diligence process prior to contracting. We select vendors that are well-respected in the industry, building strong, long-term relationships and seamlessly integrating their services into Humana's operational business model. We have high expectations of our vendors and we are responsible for their performance. We cannot agree to eliminate or obtain prior approval of key vendors, as this would create inefficiencies, adding both complexity and costs to our administration.

### **XVIII. AUDITS**

**18.1 The Professional shall maintain accurate and complete financial records of its activities and operations relating to this Agreement in accordance with generally accepted accounting principles. Professional shall maintain adequate records to justify all charges and costs incurred in performing the services for at least three (3) years after completion of this Agreement. Professional shall also maintain accurate and complete employment and other records relating to its performance of this Agreement. Professional agrees that City, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy or transcribe any pertinent transaction, activity, or records relating to this Agreement. All financial records, timecards and other employment records, and proprietary data and information shall be kept and maintained by Professional and made available to the City during the terms of this Agreement and for a period of three (3) years thereafter unless City's written permission is given to dispose of any such material prior to such time. All such**

materials shall be maintained by Professional at a location in Miami-Dade County, Florida, provided that if any such material is located outside Miami Dade County, then, at City's option Professional shall pay City for travel, per diem, and other costs incurred by City to examine, audit, excerpt, copy or transcribe such material at such other location. The City shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal working business hours at the Professional's place of business.

In the event that an audit is conducted by Professional specifically regarding this Agreement by any Federal or State auditor, or by any auditor or accountant employed by Professional, then Professional shall file a copy of the audit report with the City's Auditor within thirty (30) days of Professional's receipt thereof, unless otherwise provided by applicable Federal or State law. City shall make a reasonable effort to maintain the confidentiality of such audit report(s).

Failure on the part of Professional to comply with the provisions of this Paragraph shall constitute a material breach upon which the City may terminate or suspend this Agreement.

Humana does not allow fully insured groups to conduct audits without prior approval or negotiation. Should approval occur, there are limitations to the data we can share with the fully insured group. However, this can be discussed further upon being selected as a finalist.

### **XXXII. WAIVER OF CONSEQUENTIAL DAMAGES**

**35.1 Professional waives claims against the CITY for consequential damages arising out of or related to this Agreement or its performance including, but not limited to, damages for lost income, profit, lost bonding capacity, financing, business and reputation, or for loss of management or labor productivity, damages incurred for principal office expenses, including the compensation of personnel stationed there, and for anticipated profit on any work not performed by Professional.**

We request to make this provision mutual so that neither party can claim these types of damages.

Re: RFP No. 2019-020, Group Dental Insurance

To whom it may concern:

We appreciate the opportunity to respond to the City of Coral Gables' (the City) request for a proposal. We would like to request a waiver of the following insurance requirements and have included our clarifications to the City's insurance requirements below:

## **5.6 INSURANCE REQUIREMENTS**

### **5.6.1 GENERAL CONDITIONS**

**Pursuant to the City of Coral Gables Code, Section 2-971, the Risk Management Division of the Office of Labor Relations and Risk Management has developed the following insurance requirements to protect the City of Coral Gables to the maximum extent feasible against any and all claims that could significantly affect the ability of the City to continue to fulfill its obligations and responsibilities to the taxpayers and the public.**

**Consequently, prior to award and in any event prior to commencing work, the Professional shall procure, and provide the City with evidence of insurance coverage as required herein and name the City as an Additional Insured on a primary and non-contributory basis. The Professional shall secure and maintain, at its own expense, and keep in effect during the full period of the contract a policy or policies of insurance and must submit these documents to the Risk Management Division of the Office of Labor Relations and Risk Management for review and approval.**

**All city solicitation and contract documents shall include insurance provisions approved by the Risk Management Division.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only.

Humana can agree that our insurance is primary and non-contributory with any other insurance in force for or which may be purchased by an additional insured.

## 5.6.2 PROPOSER REQUIREMENTS

The Proposer shall maintain, at its own cost and expense, the following types and amounts of insurance with insurers with rating of "A-" "VI" or better according to the A.M. Best rating guide as a minimum standard. The insurers providing coverage must be approved by the State of Florida and hold all of the required licenses in good standing to conduct business within the State of Florida. In addition, they must be acceptable to the City of Coral Gables Risk Management Division and/or the City Attorney's Office.

Humana's general liability, professional liability, and errors and omissions coverages are provided by Managed Care Indemnity, Inc. (MCII), a wholly owned subsidiary of Humana Inc. It is a captive insurance company domiciled in Vermont and regulated by the Vermont Department of Insurance. The reserves are set by an independent actuarial firm, Tillinghast, and financials are audited by PricewaterhouseCoopers. MCII is not rated by A.M. Best, nor licensed in any state.

## 5.6.3 TYPE OF COVERAGE & LIMIT OF LIABILITY REQUIREMENT

**5.6.3.1 Workers' Compensation and Employers Liability Insurance covering all employees, subcontractors, and/or volunteers of the Professional and/or Vendor engaged in the performance of the scope of work associated with this contract and/or agreement. The minimum limits of liability shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation insurance, with the following limits:**

**5.6.3.1.1 Workers' Compensation - Coverage A Statutory Limits (State of Florida or Federal Act)**

**5.6.3.1.2 Employers' Liability - Coverage B**

**\$1,000,000 Limit - Each Accident**

**\$1,000,000 Limit - Disease each Employee**

**\$1,000,000 Limit - Disease Policy Limit**

All subcontractors or independent contractors are responsible for their own insurance coverage. Humana does not cover our subcontractors or independent contractors under our insurance policies.

We do require the flow down of indemnification and insurance requirements to subcontractors, but we do not have language in our contracts that requires the flow down/required incorporation of all terms and conditions of the agreement into our agreements with subcontractors. We do not flow down specific provisions to our subcontractors when we are the supplier. As Humana is the sole point of contact with respect to all client contracts, the terms of our own contracts with our subcontractors are not modified on a per-client basis. Notwithstanding, Humana does have standard "Compliance with Laws" provisions in all of our vendor contracts.

**5.6.6 Professional Liability with a limit of liability not less than One Million (\$1,000,000) Dollars per claim, with a deductible per claim not to exceed 5% of the limit of liability providing for all sums which the Contractor shall become legally obligated to pay as damages for claims arising out of the services performed by the Contractor or any person employed in connection with this**

~~agreement. Contractor shall maintain Professional Liability coverage for at least five (5) years after completion of the work.~~

Humana's policies are on an occurrence basis only. We cannot agree to the language crossed out above as it pertains to claims-made policies.

#### **5.6.7 REQUIRED ENDORSEMENTS**

##### **5.6.7.1 The following endorsements with City approved language**

###### **5.6.7.1.1 Additional insured status provided on a primary & non-contributory basis for general, ~~cyber and auto liability.~~**

Humana can provide additional insured status to any certificate holder requesting it, but in regards to general liability coverage only.

###### **5.6.7.1.2 Waiver of Subrogation for all applicable coverages: general, ~~cyber auto liability and workers compensation~~**

We can provide a waiver of subrogation clause in favor of a certificate holder on general liability, but not on Workers' Compensation coverage, including employer's liability. We are a Kentucky-based company and Kentucky law does not allow employers to waive the rights of their employees.

###### **5.6.7.2 All policies shall contain a "severability of interest" or "cross liability" clause without obligation for premium payment of the City.**

We cannot agree to severability of interests as our policies are on an occurrence basis only.

#### **5.6.8 HOW TO EVIDENCE COVERAGE TO THE CITY**

##### **5.6.8.1 The following documents must be provided to the City;**

###### **5.6.8.1.1 A Certificate of Insurance containing the following information:**

**5.6.8.1.1.1 Issued to entity contracting with the City**

**5.6.8.1.1.2 Evidencing the appropriate Coverage**

**5.6.8.1.1.3 Evidencing the required Limits of Liability required**

**5.6.8.1.1.4 Evidencing that coverage is currently in force**

**5.6.8.1.1.5 Language provided in the Special Provision Section of the Certificate of Insurance affirming that all endorsements required by the City have been endorsed to all of the polices.**

**A copy of each endorsement that is required by the City.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

**5.6.8.3 The City reserves the right to require a complete copy of any insurance policies required by the City. Should the City invoke this right, the policy must be provided directly to the City by the insurance agent or insurance company.**

The only proof of insurance we can provide is the standard Acord form insurance certificate. We are not able to provide copies of our insurance policies or endorsements.

**5.6.8.4 The city reserves the right to require additional insurance requirements at any time during the course of the agreement.**

Limits and coverage type should be established at the beginning of the contract and for the duration. Humana cannot agree to mid-term changes.

Thank you for taking the time to review our insurance clarifications. As we are committed to a long-term partnership with the City, please do not hesitate to call Laura Nolan at 502-476-7176 if you have any questions or need clarification regarding any aspect of this proposal. We look forward to meeting with the City to discuss how we can help to achieve your dental benefits goals.

Sincerely,

Richard D. Remmers

## Report Methodology - Sample Group

Reporting Period: 01/01/2015 - 12/31/2015

### Report Purpose

This Dental Report was prepared specifically for your organization to help you stay on top of your group's health care experience. Our desire is that with this report and our other reporting tools – bolstered by the guidance and insights our Sales and Account Management associates deliver -- we will be able to help you make the most informed decisions possible about your organization's dental health, well-being and use of the health care system.

### Methodology

The Dental Report uses claim data to report on the important facets of your group's dental health care experience during the reporting period. This information is reported on an "incurred" basis rather than a "paid/processed basis" to allow for better monitoring of member behavior in response to plan design changes that occur from one plan year to the next. Incurred basis reporting includes only services that were received during the reporting period, regardless of when the claim was paid.

To make the data more meaningful, we frequently report your current period data beside your prior period experience (same reporting period from the prior year). Including the prior period allows you to see how your group compares to your performance in the prior year. These comparable numbers add context that can help make sense of what we see.

### Reporting Period

This Dental Report is based on incurred claims for the period 01/01/2015 through 12/31/2015, with claims processed through 02/29/2016.

### Peer

The peer used for comparison purposes in this report is Humana's Commercial Book of Business.

This report was created on 04/06/2016.

## Utilization - Sample Group

Reporting Period: 01/01/2015 - 12/31/2015

The 3 most important Dental Benefit Categories, based on importance to overall dental health, are shown to the right. These graphs provide insights about the procedures driving each category. The pie chart represents the percent of spend attributable to each procedure within the category.

The Preventive category is composed of procedures such as regular cleanings, oral evaluations, x-rays, fluoride treatment and sealants. These types of procedures are designed to help prevent more expensive dental problems from arising. In addition, receiving the appropriate preventive care can lead to early identification and diagnosis of costly dental problems which may worsen over time if not found and treated early on. This category also includes non-routine services which are classified as preventive but can tend to be more problem focused in nature.

The Periodontics category is composed of both non-surgical and surgical treatment procedures as well as maintenance procedures. These types of procedures are focused on the prevention, diagnosis and treatment of periodontal disease as well as gingivitis, a mild form of periodontal disease. The "Other" subcategory includes unscheduled dressing changes, gingival irrigation, and unspecified periodontal procedures.

The Restorative category is composed of procedures such as fillings, crowns, inlays, and onlays. These types of procedures are designed to repair and replace missing teeth or parts of the tooth structure. Fillings are used to treat cavities by filling in the areas of the tooth where the decayed material is removed. Crowns are a cap like device that is placed over a tooth to cover the tooth to restore its shape, size and strength. The "Other" subcategory includes protective restoration, prefabricated crowns, labial veneers, and unspecified restorative procedures.

The bottom table compares dental spend (paid claims) to the gross premium on a monthly basis. In addition, this table displays the number of eligible employees and procedures performed per month.

# Extended annual maximum

## Unique solution for extended coverage

With Humana's **Extended annual maximum**, employees won't have to put off important dental care procedures for themselves or their covered dependents.

**Extended annual maximum** is available immediately after the annual maximum for a plan is reached, and there's no cap on the dollars paid in a year. That's an attractive advantage over traditional rollover options.

**Extended annual maximum** helps employees save money by ensuring they have access to network discounts and 30 percent coinsurance, even after they have reached their annual maximum. Employees can achieve and maintain their best health by getting dental care when it's needed, before oral health issues may affect their overall health and well-being.

Plus, the **Extended annual maximum** is a great way for groups and employees to buy down their annual maximum or coinsurance, or adjust plan deductibles and their out-of-network reimbursements.

### 30% coinsurance coverage after network discount and maximum benefit is reached

**CALL YOUR HUMANA REPRESENTATIVE TO FIND OUT MORE ABOUT THIS BENEFIT OPTION**

### Uniquely different from traditional rollover plans:

- No need to delay care
- No paid claims thresholds
- No dollars to roll over
- No provider restrictions
- No mandatory claims submissions
- No need to track annual usage

### Extended annual maximum advantages:

- **Simple** - all employees and their dependents have the same benefits
- **Easy** - the plan is easy to describe and administer
- **Immediate** - employees can use the benefit beginning day one
- **Available** - included in all Traditional Preferred (Plus) and PPO plan groups of two or more

# Healthy smiles lead to healthy lives

Good oral health is essential for well-being

A healthy smile starts with good oral hygiene. Brushing, flossing and seeing the dentist regularly help teeth and gums look and feel better. But that's just the start.

The mouth can be a window to the body. Medical researchers discover more connections between good oral health and good general health every year. Poor oral health has been linked to a variety of general health problems, such as heart disease and strokes.

More than **47 percent** of Americans suffer from periodontal disease<sup>1</sup>

Dental insurance makes good oral health easy and affordable

As a health and wellness company, we recognize the strong connection between good overall health and good oral health. That's why **Humana dental plans** make dental care more accessible and affordable for you.

**Choose your dentist from our nationwide network of more than 252,000 dentist locations.** Plus, you'll enjoy our network discount, which can help you save on preventive and treatment services.

**Get preventive care to keep little problems from becoming big issues.** Humana dental benefits include 100 percent coverage for two routine cleanings each year plus other preventive care including exams, X-rays, space maintainers for children and oral cancer screenings with no deductible. You even have the benefit of four periodontal cleanings each year. Check with your employer for coverage details.\*

Oral infections are linked to:  
**16 percent** increase in heart disease  
**9 percent** increase in diabetes<sup>3</sup>

## How to choose a plan that meets your needs

### Enrolling in the dental benefits plan offered by your employer can be a wise decision

For less than the cost of a cup of coffee a day, you can get both preventive and treatment services when and where you need it. With an affordable premium and a network discount on services, you won't need to delay dental care for you or your family.

### These are the types of dental benefit plans that may be available as part of your employee benefits package:

- An **HMO** (health maintenance organization) plan is a copay-based, network-only offering that requires selection of a primary care dentist. Each family member on the plan can choose his or her own dentist. Because each service has a copay, members have clear upfront costs. There are no yearly maximums, no deductibles and no waiting periods.
- A **PPO** (preferred provider organization) plan offers low deductible options for preventive, basic and major services. In-network dentists provide dental services at a reduced rate. Members have higher out-of-pocket costs for services received from out-of-network dentists.
- A **traditional preferred** plan offers low deductible options for preventive, basic and major services, and the flexibility to see any dentist. With this plan, members receive the same level of coinsurance with all dentists. However, when members choose dentists in the Humana Dental PPO network, they can benefit from our negotiated rates for services received from in-network dentists.
- A **Preventive Plus** plan covers commonly used basic and major services, including exams, X-rays, cleanings and fillings. Plus, discounts may be available on additional services like crowns, inlays, oral surgery and orthodontia. Contact your provider to determine if any discounts are available on non-covered services.

**ASK YOUR EMPLOYER ABOUT YOUR HUMANA DENTAL PLAN OPTIONS TODAY.**

# Humana<sup>®</sup>

<sup>1</sup> Assumes routine exam and bitewing X-rays are covered at 100 percent. Periodontic cleanings incur a \$50 deductible and plan pays 80 percent of network fees with 31 percent off usual charges. Network fees vary by geography and provider; members may experience negotiated fees greater than or less than 31 percent.

Humana group dental plans are offered by Humana Insurance Company, HumanaDental Insurance Company, Humana Insurance Company of New York, The Dental Concern, Inc., Humana Medical Plan of Utah, CompBenefits Company, CompBenefits Dental, Inc., Humana Employers Health Plan of Georgia, Inc. or DentiCare, Inc. (d/b/a CompBenefits).

### How an affordable premium can save you money

As an example, if your plan premiums cost \$360,\* dental insurance can save you money on both preventive and emergency care.

**You may save as much as \$277 with dental insurance\***

Here's an example:

Preventive service	Average cost per visit	# of visits recommended each year	Annual cost
Preventive exam	\$50.00	2	\$100.00
Periodontic cleaning	\$150.00	4	\$600.00
Bitewing X-rays	\$60.00	1	\$ 60.00
<b>Out-of-pocket costs without dental insurance</b>			\$760.00
<b>Out-of-pocket costs with dental insurance<sup>1</sup></b>			\$122.80
<b>Your annual premium with dental insurance</b>			\$360.00
<b>YOUR SAVINGS WITH DENTAL INSURANCE</b>			<b>\$277.20</b>

\*Data rounded based on 50th percentile of Fairview Health data as of January 2014 for metropolitan Houston, Texas. Example is for illustration purposes only, and individual results may vary.

The cost of repairing cracked or broken teeth or replacing missing teeth can add up quickly:

- The average cost of an **all-porcelain crown** is about \$1,430 per tooth<sup>2</sup>
- The average cost of a **single tooth implant** with an all-porcelain crown is about \$4,250<sup>2</sup>

Having dental insurance can help get the care you need when you need it, by reducing your out-of-pocket costs.

## How your plan works

### General benefit payments

We pay *benefits* for *covered expenses*, as stated in the **Summary of your benefits** and **Your plan benefits** sections, and according to any riders that are part of *your* policy. Paid *benefits* are subject to the conditions, limitations, exclusions and maximums of this policy.

After *you* receive a *service*, we will determine if it qualifies as a *covered service*. If we determine it is a *covered service*, we will pay *benefits* as follows:

1. We will determine the total *covered expense*.
2. We will review the *covered expense* against any *maximum benefits* that may apply.
3. We will determine if *you* have met *your deductible*. If *you* have not, we will subtract any amount required to fulfill the *deductible*.
4. We will make payment for the remaining eligible *covered expense* to *you* or *your dentist*, based on *your coinsurance* for that *covered service*.

### Deductibles

The *deductible* is the amount that *you* are responsible to pay per year before we pay any *coinsurance* (see **Summary of your benefits**).

1. **Individual deductible:** *You* will have met the individual *deductible* when, each year the total eligible *covered expenses* incurred reaches the individual *deductible* amount.
2. **Family deductible:** The total *deductible* that a family must pay in a year. Once met, we will waive any remaining individual *deductibles* for that year.

### Coinsurance

The percentage of the *reimbursement limit* that we will pay. *Coinsurance* applies after the *deductible* is satisfied and up to the *maximum benefit*.

### Waiting periods

This is the time period that certain *services* are not eligible for coverage under this policy. This begins on *your* effective date and lasts for the time shown in the **Waiting periods** provision of this certificate.

### Benefit maximums

The amount we pay for *services* are limited to a *maximum benefit*. We will not make *benefit* payments that are more than the *maximum benefit* for the *covered services* shown in the **Summary of your benefits**.

# Claims

## **Alternate services**

If two or more *services* are acceptable to correct a dental condition, we will base the *benefits* payable on the *covered expenses* for the least expensive *covered service* that produces a professionally satisfactory result, as determined by us. We will pay up to the *reimbursement limit* for the least costly *covered service* and subject to any *deductible*, *coinsurance* and *maximum benefit*. You will be responsible for paying the excess amount.

If you or your *dentist* decide on a more costly treatment than we determine to be satisfactory for treatment of the condition, payment will be limited to the *reimbursement limit* and will be subject to any *deductible* and *coinsurance* for the least costly treatment. You will be responsible for the remaining *expense incurred*.

## **Pretreatment plan**

We suggest that if dental treatment is expected to exceed \$300, you or your *dentist* submit a dental *treatment plan* for us to review before your treatment. The dental *treatment plan* should consist of:

1. A list of *services* to be performed using the American Dental Association nomenclature and codes;
2. Your *dentist's* written description of the proposed treatment;
3. Supporting pretreatment X-rays showing your dental needs;
4. Itemized cost of the proposed treatment; and
5. Any other appropriate diagnostic materials that we may request.

An estimate for *services* is not a guarantee of what we will pay. It tells you and your *dentist* in advance about the *benefits* payable for the *covered expenses* in the *treatment plan*. We will notify you and your *dentist* of the *benefits* payable based on the submitted *treatment plan*.

An estimate for *services* is not necessary for *emergency* care.

## **Process and timing**

An estimate for *services* is valid for 90 days after the date we notify you and your *dentist* of the *benefits* payable for the proposed *treatment plan* (subject to your eligibility of coverage). If treatment will not begin for more than 90 days after the date we notify you and your *dentist*, we recommend that you submit a new *treatment plan*.

## How we pay claims

### Identification numbers

You received an identification (ID) card showing *your* name, identification number and group number. Show this ID card to *your dentist* when you receive *services*.

### Claim forms

We do not require a standard claim form to process *benefits*. When we receive a claim, we will notify you or *your dentist* if any additional information is needed.

### Submitting claim information and proof of loss

Either you or the *dentist* must complete and submit to us all claim information for proof of loss. We would like to receive this information within 90 days after the *expense incurred* date; however, the claim will not be reduced or denied if it was not reasonably possible to meet the 90-day guideline. In any event, we will need written proof of loss notice within one year after the date proof of loss is requested, except if you were legally incapacitated.

Here are examples of information we may need (this is not a comprehensive list and only provides a few examples of the information we may request).

1. A complete dental chart showing:
  - Extractions;
  - Missing teeth;
  - Fillings;
  - Prosthesis;
  - Periodontal pocket depths;
  - Dates of previously performed work.
2. An itemized bill for all dental work.
3. The following exhibits:
  - X-rays;
  - Study models;
  - Laboratory and/or reports;
  - Patient records.
4. Authorizations to release any additional dental information or records.

# Claims

5. Information about other insurance coverage.
6. Any information *we* need to determine *benefits*.

If *you* do not provide *us* with the necessary information, *we* will deny any related claims until *you* provide it to *us*.

## Paying claims

Once *we* receive all the necessary information, *we* will determine if *benefits* are available, and if they are, *we* will pay any amount due under this *policy* within 45 days of receipt of the claim. If *we* cannot process *your* claim due to lack of information, *we* will notify *you*, or whoever is claiming payment under the *policy* if it is not *you*, of the information needed within 45 days of receipt of claim. Once *we* have received the necessary information, *we* will process *your* claim within 60 days of receipt of information. *We* may pay all or a portion of any *benefit* provided for *covered expenses* to the provider unless *you* or the *covered person* has notified *us* in writing by the time the claim form is submitted.

## Extension of benefits

*Benefits* are payable for root canals, crowns, inlays, onlays, veneers, fixed bridges, dentures and partials that are:

1. Incurred while *your* coverage is in force (see definitions of *expense incurred* and *expense incurred date* in the **Definitions** section); and
2. Completed within the first 90 days after *your* coverage terminates. These *benefits* are subject to the provisions and conditions of this policy.

*You* have up to 90 days after *your* termination date to submit claims for these extended *Benefits*.

## Reasons for denying a claim

Below is a list of the most common reasons *we* cannot pay a claim. Claim payments may be limited or denied in accordance with any of the provisions contained in this certificate.

1. **Not a covered benefit:** The *service* is not a *covered service* under the certificate.
2. **Eligibility:** *You* no longer are eligible under the **Terminating coverage** section of this certificate, or the *expense incurred date* was prior to *your* effective date.
3. **Fraud:** *You* make an intentional misrepresentation by not telling *us* the facts or withhold information necessary for *us* to administer this certificate.

Insurance fraud is a crime. Anyone who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains false or deceptive information may be guilty of insurance fraud.

If a *member* commits fraud against *us*, as determined by *us*, coverage ends automatically, without notice, on the date the fraud is committed. This termination may be retroactive. *We* also will provide information to the proper authorities and support any criminal charges that may be brought. Further, *we* reserve the right to seek civil remedies available to *us*.

*We* will not end coverage if, after investigating the matter, *we* determine that the *member* provided information in error. *We* will adjust premium or claim payment based on this new information.

# Claims

If *you* provided correct information and *we* made a processing error, *you* will be eligible for coverage and claims payment for *covered expenses*. *We* will adjust *your* premium or claim payment based on the correct information.

4. **Duplicating provisions:** If any charge is described as covered under two or more benefit provisions, *we* will pay only under the provision allowing the greater *benefit*. This may require *us* to make a recalculation based on both the amounts already paid and the amounts due to be paid. *We* have no obligation to pay for *benefits* other than those this certificate provides.

## How to Challenge Our Claim Decision (Appeal Rights)

If a *covered person* disagrees with *our* decision on payment of a particular claim, the *covered person* can request a second review of the claim, also known as an appeal. To request this review, *you* must send *us* a letter requesting a second claim review within 60 days from the time *you* received notice of *our* claim payment decision. The *covered person* may also send any documents or information that are relevant to *our* decision of how to pay the claim.

Once *we* receive the request, *we* will make a second review of the claim and provide notice of *our* decision within 15 business days.

## Legal actions

*You* cannot bring a legal action to recover a claim until 60 days after the date written proof of loss is made. No action may be brought after the expiration of the applicable statute of limitations after such proof of loss is required to be given.

## Claims paid incorrectly

If a claim was paid in error, *we* have the right to recover *our* payments. *We* may correct this error by an adjustment to any amount applied to the *deductible* or *maximum benefits*. Errors may include such actions as:

1. Claims paid for *services* that are not actually covered under the policy.
2. Claims payment that is more than the amount allowed under the policy.
3. Claims paid based on fraud or an intentional misrepresentation.

*We* may seek recovery of *our* payments made in error from anyone to, for or with respect to whom such payments were made; or any insurance companies or organizations that provide other coverage for the *covered expenses*. *We* will determine from whom *we* shall seek recovery. For information on *our* process, see the **Recovery rights** provision.

## Coordinating benefits with another insurer

### Benefits subject to this provision

*Benefits* described in this certificate are coordinated with *benefits you* receive from other plans. This prevents duplication of coverage and resulting increases in the cost of dental coverage. For purposes of this section, the following definitions apply:

1. **Plan**—A plan covers medical or dental expenses and provides *benefits* or *services* by:
  - Group, franchise or blanket insurance coverage;
  - Group-based hospital service pre-payment plan, medical service pre-payment plan, group practice or other pre-payment coverage;
  - Coverage under labor-management, employer plans, trustee plans, union welfare plans, employee benefit organization plan; and
  - Governmental programs or programs mandated by state statute, or sponsored or provided by an educational institution, if it is not otherwise excluded from the calculation of benefits under this policy.

This provision does not apply to any individual policies or blanket student accident insurance provided by or through an educational institution.

2. **Allowable expense**—Any eligible expense, a portion of which is covered under one of the plans covering the person for whom the claim is made. Each plan will determine what an eligible expense is based on the provisions of the plan. When a plan provides *benefits* in the form of *services* rather than cash payments, the reasonable cash value of each *service* rendered will be both an allowable expense and a benefit paid. An expense or *service* that is not covered by any of the plans is not an allowable expense.
3. **Claim determination period**—A *year*. If, in any *year*, a person is not covered under this policy for the entire *year*, the claim determination period will be the portion of the year in which he or she was covered under this policy.

### Effect on benefits

One of the plans involved will pay *benefits* first. This is called the primary plan. Under the primary plan, *benefits* will be paid without regard to the other plan(s).

All other plans are called secondary plans. The secondary plan may reduce the *benefits* so that the total *benefits* paid or provided by all plans during a claim determination period are not more than 100 percent of the total allowable expense.

### Order of benefit determination

To pay claims, it must be determined which plan is primary and which plan(s) is/are secondary. A plan will pay benefits first if it meets one of the following conditions:

# Claims

1. The plan that covers the person as an *employee* submitting the claim, except when that person is also a Medicare beneficiary and Medicare is secondary to the plan covering the person as a *dependent* of an active *employee*. In that case the Order of benefit determination is:
  - The benefits of the plan covering the person as an employee, employee or subscriber is primary;
  - The benefits of the plan of an active employee covering the person as a *dependent* is secondary; and then
  - Medicare benefits.
2. For a child covered under both parents' plans, the plan covering the parent whose birthday (month and day) occurs first in the calendar year pays before the plan covering the other parent. If the birth dates of both parents are the same, the plan that has covered the parent for the longer period of time will be the primary plan.
3. In the case of *dependent* children covered under the plans of divorced or separated parents, the following rules apply:
  - The plan of a parent who has custody will pay benefits first.
  - The plan of a stepparent who has custody will pay benefits next.
  - The plan of a parent who does not have custody will pay benefits next.
  - The plan of a stepparent who does not have custody will pay benefits next.

A court decree may give one parent financial responsibility for the medical or dental expenses of the *dependent* children. In this case the rules stated above will not apply if they conflict with the court decree. Instead, the plan of the parent with financial responsibility will pay benefits first.
4. If a person is laid off or retired, or is a *dependent* of someone who was laid off or retired, that plan becomes the secondary plan to the plan of an active *employee*.
5. When the person is covered under a COBRA continuation plan (as provided under the Consolidation Omnibus Budget Reconciliation Act of 1987) and is also covered under another group plan, the benefits of the plan which covers the person as an *employee* or as the *employee's dependent* will be determined before the benefits of a plan covering the person as a former *employee* or as the former *employee's dependent*.

If rules 1-5 do not determine the primary plan, the plan covering the person for the longest time is the primary plan. If it still cannot be determined which plan is the primary plan, we will waive the above rules and incorporate the rules identical with those of the other plan.

# Claims

## **Excess coverage**

*We* will not pay benefits for any *accidental injury* if other insurance will provide payments or expense coverage, regardless of whether the other coverage is described as primary, excess or contingent. If *your* claim against another insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of this certificate. If *we* make a payment, *you* agree to assign to *us* any right *you* have against the other insurer for dental expenses *we* pay. Payments made by the other insurer will be credited toward any applicable *coinsurance* or *calendar year deductibles*.

## **Coordinating benefits with Medicare**

Coordinating benefits with Medicare will conform to federal statutes and regulations in all instances.

If *you* are eligible for Medicare benefits, whether enrolled or not, *your benefits* under this plan will be coordinated to the extent *benefits* are paid or would have been payable under Medicare as allowed by federal statutes and regulations. Medicare means Title XVIII, Parts A and B, of the Social Security Act, as enacted or amended.

## **Right of recovery**

*We* reserve the right to recover *benefit* payments made for an allowable expense under this plan in the amount that exceeds the maximum amount *we* are required to pay under these provisions. This applies to *us* against:

1. Anyone for whom *we* made such payment.
2. Any insurance company or organization that, according to these provisions, owes *benefits* for the same allowable expense under any other plan.

## **Right to necessary information**

*We* may require certain information to apply and coordinate these provisions with other plans. *We* will, without *your* consent, release to or obtain information from any insurance company, organization or person to implement this provision. *You* agree to furnish any information *we* need to apply these provisions.

# Eligibility

## Definitions

The following terms are used in this section:

**Late applicant:** If you enroll or are enrolled more than 31 days after your eligibility date or *special enrollment date*, you will be considered a *late applicant* and your benefits will only cover Preventive services for the first 12 months of coverage.

**Special enrollment date** means:

- The date of change in family status after the initial eligibility date as follows:
  - Date of marriage;
  - Date of divorce;
  - Date specified in a Qualified Medical Child Support Order (QMCSO);
  - Date specified in a National Medical Support Notice (NMSN);
  - Date of birth of a natural born child; or
  - Date of adoption of a child or date of placement of a child with the *employee* for the purpose of adoption; or
- The date of termination of coverage under a group dental plan or other dental insurance coverage, as specified under the "Special Enrollment" provision.

## Eligibility date

### Employee eligibility date

The *employee* is eligible for coverage on the date:

- The eligibility requirements stated in the Employer Group Application, or as otherwise agreed to by *us* and the *policyholder*, are satisfied; and
- The *employee* is in an *active status*.

### Dependent eligibility date

Each *dependent* is eligible for coverage on:

- The date the *employee* is eligible for coverage, if he or she has *dependents* who may be covered on that date;
- The date of the *employee's* marriage for any *dependents* (spouse or child) acquired on that date;

# Eligibility

- The date of birth of the *employee's* natural-born child;
- The date of placement of the child for the purpose of adoption by the *employee*;
- The date a foster child is placed in the *employee's* home;
- The date any child for whom the *employee* is the legal guardian, who is dependent on the *employee* for health care coverage pursuant to a valid court order, or who lives with the *employee* in a normal parent-child relationship and qualifies for the dependent exemption as defined in the Internal Revenue Code and Federal Tax Regulations. *We* have the right to request proof of the child's dependency status at any time; or
- The date specified in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) for a child, or a valid court or administrative order for a spouse, which requires the *employee* to provide coverage for a child or spouse as specified in such orders.

The *employee* may cover his or her *dependents* only if the *employee* is also covered.

A *dependent* child who enrolls for other group coverage through any employment is no longer eligible for group coverage under the policy. If a *dependent* child becomes an *employee* of the *employer*, he or she is no longer eligible as a *dependent* and must make application as an eligible *employee*.

## Employee enrollment

The *employee* must enroll as agreed by the *policyholder* and *us*. Depending on the total number of *employees* covered by the *employer's policy*, *we* may require any *employee* to provide evidence of health status whenever enrolling as permitted by laws, rules, or regulations.

If the *employee* enrolls more than 31 days after the *employee's eligibility date* or more than 31 days after the *employee's special enrollment date*, the *employee* is a *late applicant*.

## Dependent enrollment

Check with the *employer* immediately on how to enroll for *dependent* coverage. The *employee* must enroll for *dependent* coverage and enroll additional *dependents* as agreed by the *policyholder* and *us*.

Depending on the total number of *employees* covered by the *employer's policy*, *we* may require any *dependent* to provide evidence of health status whenever enrolling as permitted by laws, rules, or regulations.

A *dependent* enrolled more than 31 days after the *dependent's eligibility date* or the *special enrollment date* will be a *late applicant*.

## Newborn dependent enrollment

An *employee* who already has *dependent* child coverage in force prior to the newborn's date of birth is not required to complete an enrollment form for the newborn child. However, the *employee* must notify *us* of the birth.

# Eligibility

An *employee* who does not have *dependent* child coverage must enroll the newborn *dependent*, as agreed by the *policyholder* and *us*, within 31 days after the date of birth.

## Newborn dependent effective date

- If we receive enrollment on, prior to, or within 2 years of the newborn's date of birth, *dependent* coverage is effective on the first of the month following receipt of the enrollment.
- If we receive enrollment between 2 years and 2 years and 31 days after the newborn's date of birth, *dependent* coverage is effective on the child's second birth date.
- If we receive enrollment more than 2 years and 31 days after the newborn's date of birth, the newborn is considered a *late applicant*.

## Foster Child effective date

Coverage for a foster child or a child otherwise placed in the *employee* or covered spouse's custody by a court order, prior to the child's eighteenth birthday, will be provided from the date of placement if, on the date of placement, the *employee* had dependent coverage. No coverage will be provided under this provision for the child who is not ultimately placed in the *employee's* home. For a child in the *employee's* custody, coverage will terminate the date the *employee* no longer has legal custody.

## Special Enrollment

### Loss of other coverage

If you are an employee or dependent who was previously eligible for coverage under the policy and had waived coverage, you may be eligible for *special enrollment* under the policy.

You will not be considered a late applicant, if the following applies:

- You declined enrollment under the policy at the time of initial enrollment because:
  - You were covered under a group dental plan at the time of eligibility and your coverage terminated as a result of:
    - Termination of employment or eligibility;
    - Reduction in number of hours of employment;
    - Divorce, legal separation or death of a spouse; or
    - Termination of your employer's contribution for the coverage; or
  - You had COBRA continuation coverage under another plan at the time of eligibility and such coverage has since been exhausted; and
    - You stated, at the time of initial enrollment, that coverage under the group dental plan, or COBRA continuation was your reason for declining enrollment; and
    - You were covered under an alternate plan provided by the employer and you are replacing coverage with the policy;

# Eligibility

- You apply for coverage within 31 days after termination of coverage under the group dental plan or COBRA.

## Dependent special enrollment period

The *dependent* Special Enrollment Period is a 31-day period from the *special enrollment date*.

If *dependent* coverage is available under the *employer's policy* or added to the *policy*, an *employee* who is a covered person can enroll eligible *dependents* during the Special Enrollment Period. An *employee*, who is otherwise eligible for coverage and had waived coverage under the *policy* when eligible, can enroll himself/herself and eligible *dependents* during the Special Enrollment Period. The *employee* or *dependent* enrolling within 31 days from the *special enrollment date* will not be considered a *late applicant*.

## Effective date

### Employee effective date

The *employee's effective date* provision is stated in the Employer Group Application. It may be the date immediately following, or the first of the month following, completion of the waiting period or the *special enrollment date*.

If the *employee* enrolls more than 31 days after his or her *eligibility date* or *special enrollment date*, he or she is a *late applicant*. The *effective date* of coverage will be the first of the month following the receipt of the enrollment form.

### Employee delayed effective date

If the *employee* is not in *active status* on the *eligibility date*, coverage will be effective the day after the *employee* returns to *active status*. The *employer* must notify *us* in writing of the *employee's* return to *active status*.

### Dependent effective date

The *dependent's effective date* will be determined as follows:

- If we receive enrollment on, prior to, or within 31 days of the *dependent's eligibility date* that *dependent* is covered on the date he or she is eligible.
- If we receive enrollment on, prior to, or within 31 days of the *dependent's special enrollment date*, that *dependent's* coverage is effective on the *special enrollment date*.
- If we receive enrollment more than 31 days after the *dependent's eligibility date*, or the *special enrollment date*, that *dependent* is considered a *late applicant*. The *effective date* of coverage will be the first of the month following the receipt of the enrollment form.

However, no *dependent's effective date* will be prior to the *employee's effective date* of coverage.

# Eligibility

## Benefit changes

Benefit changes will become effective on the date specified by *us*.

**Incontestability:** After *you* have been insured for two years, *we* cannot contest the validity of coverage except for nonpayment of premium. Absent of fraud, all statements made by *you* will be deemed representations and not warranties. Statements *you* make cannot be contested unless they are in writing with *your* signature. A copy of the form must then be given to *you*.

# Eligibility

## Terminating coverage

Your insurance coverage may end at any time, as stated below and in the **Employer Group Application**. Coverage terminates on the earliest of the following events:

1. Termination date listed in the policy;
2. Failure to pay premium by the required due date;
3. The date the *employer* stops participating in the policy;
4. The date *you* enter the military fulltime;
5. The date *you* no longer are eligible for coverage as outlined in the **Employer Group Application**;
6. The date *You* terminate employment with the *employer*;
7. For a *dependent*, the date the *employee's* insurance terminates;
8. For a *dependent*, the end of the month he/she no longer meets the definition of a *dependent*;
9. The date an *employee* requests that insurance be terminated for the *employee* and/or *dependents*;
10. An *employee's* retirement date unless the **Employer Group Application** provides coverage for retirees; or
11. For any *benefit* that may be deleted from the policy, the date it is deleted.

## Special provisions for active status

If the *employer* continues coverage under this policy, *your* coverage remains in force for no longer than:

1. Three consecutive months if the *employee* is temporarily laid off, in part-time status or on approved non-medical leave of absence; or
2. Six consecutive months if the *employee* is *totally disabled*.

If this coverage terminates and the *employee* returns to an *active status*, the *employee* will be considered a new *employee* and must re-enroll for insurance coverage.

## Continuation of coverage during military leave

An *employee* called to active duty or state active duty is eligible for continuation if they are:

1. A member of the Florida National Guard; or
2. A Florida resident and a member of any branch of the United States military reserves.

Any *employee's dependents* who have coverage under this plan immediately prior to the date of the *employee's* covered absence are also eligible to elect continuation.

*You* or an appropriate military authority, must notify *your employer* of *your* intent to continue coverage under this section. Notification must occur prior to reporting to active duty or state active duty, unless such notice is precluded by military necessity or if such notice is impossible or unreasonable.

# Eligibility

Coverage available under any insurance sponsored by the Department of Defense will be coordinated with *benefits* available under this plan, as allowed by the Department of Defense.

## **Premium payment**

If continuation coverage is elected under this section, coverage will have the same premium in effect as for other *members* under this same plan, unless the *employee* requests coverage changes that might alter the premium in effect prior to such activation.

## **Reinstatement**

We will reinstate coverage for the *members* who elected not to continue coverage under this plan while on active duty or state active duty:

1. After receipt of that person's request for reinstatement upon return from active duty or state active duty; and
2. If reinstatement is requested within 30 days after returning to work with the same *employer*.

Upon reinstatement of coverage, no additional waiting period will be applied for any condition that existed at the time the *member* was called to active duty or state active duty.

## **Other information**

*Employees* should contact their *employer* with any questions regarding coverage normally available during a military leave of absence or continuation coverage and notify the *employer* of any changes in marital status, or a change of address.

# Disclosures

## **Discount/access disclosure**

From time to time, *we* may offer or provide *you* with access to discount programs. In addition, *we* may arrange for third-party service providers such as optometrists, *dentists* and laboratories to provide *you* with discounts on goods and *services*. Some of these third-party service providers may make payments to *us* when these discount programs are used. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration.

## **Who has responsibility for these discounts?**

Although *we* have arranged for third parties to offer discounts on these goods and *services*, these discount programs are not insured benefits under this certificate. The third-party providers are solely responsible for providing the goods and/ or *services*. *We* are not responsible for any goods and/ or *services* nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable for the negligent provision of such goods and/ or *services* by third-party service providers.

Discount programs may not be available to people who "opt out" of marketing communications, or where otherwise restricted by law.

# Disclosures

## Shared Savings Program

We have a Shared Savings Program that provides *you* with savings when *we* obtain discounts from *dentists*. When *we* are able to obtain these discounts, *your deductible* and *coinsurance* will be calculated at the discounted amount.

*You* do not need to inquire in advance about a *dentist's* status. When processing *your* claim, *we* automatically will determine if the *dentist* was participating in the program at the time treatment was provided, and *we* will calculate *your deductible* and *coinsurance* on the discounted amount. *Your* Explanation of Benefits statement will reflect any savings received.

However, *you* may inquire in advance to determine if a *dentist* participates in the Shared Savings Program by calling 1-800-233-4013. *Dentist* arrangements in the Shared Savings Program change constantly. *We* cannot guarantee that a *dentist* who is in the Shared Savings Program at the time of *your* inquiry will still be in the program at the time treatment is received. Discounts depend on availability on a claim by claim basis. Therefore, availability and discount amounts cannot be guaranteed.

*We* make no representations about the *dentists* participating in the Shared Savings Program. Additionally, *we* reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

## **Notices**

**The following pages contain important information about certain federal laws. There may be differences between the Certificate of Insurance and this Notice packet. There may also be differences between this notice packet and state law. You are eligible for the rights more beneficial to you, unless preempted by state or federal law.**

**This section includes notices about:**

**Claims procedures**

**Federal legislation**

**Medical child support orders**

**Continuation of coverage for full-time students during medical leave of absence**

**General notice of COBRA continuation of coverage rights**

**Family and Medical Leave Act (FMLA)**

**Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)**

**Your Rights under ERISA**

**Discrimination Notice**

## **Claim procedures**

The Employee Retirement Income Security Act of 1974 (ERISA) established minimum requirements for claims procedures. Humana complies with these standards. Covered persons in insured plans subject to ERISA should also consult their insurance benefit plan documents (e.g., the Certificate of Insurance or Evidence of Coverage). Humana complies with the requirements set forth in any such benefit plan document issued by it with respect to the plan unless doing so would prevent compliance with the requirements of the federal ERISA statute and the regulations issued thereunder. The following claims procedures are intended to comply with the ERISA claims regulation, and should be interpreted consistent with the minimum requirements of that regulation. Covered persons in plans not subject to ERISA should consult their benefit plan documents for the applicable claims and appeals procedures.

## **Discretionary authority**

With respect to paying claims for benefits or determining eligibility for coverage under a policy issued by Humana, Humana as administrator for claims determinations and as ERISA claims review fiduciary, shall have full and exclusive discretionary authority to:

1. Interpret plan provisions;
2. Make decisions regarding eligibility for coverage and benefits; and
3. Resolve factual questions relating to coverage and benefits.

## Claim procedures

### Definitions

**Adverse determination:** means a decision to deny benefits for a pre-service claim or a post-service claim under a group health and/or dental plan.

**Claimant:** A covered person (or authorized representative) who files a claim.

**Concurrent-care Decision:** A decision by the plan to reduce or terminate benefits otherwise payable for a course of treatment that has been approved by the plan (other than by plan amendment or termination) or a decision with respect to a request by a Claimant to extend a course of treatment beyond the period of time or number of treatments that has been approved by the plan.

**Group health plan:** an employee welfare benefit plan to the extent the plan provides dental care to employees or their dependents directly (self insured) or through insurance (including HMO plans), reimbursement or otherwise.

**Health insurance issuer:** the offering company listed on the face page of your Certificate of Insurance or Certificate of Coverage and referred to in this document as "Humana."

**Post-service Claim:** Any claim for a benefit under a group health plan that is not a Pre-service Claim.

**Pre-service Claim:** A request for authorization of a benefit for which the plan conditions receipt of the benefit, in whole or in part, on advance approval.

**Urgent-care Claim (expedited review):** A claim for covered services to which the application of the time periods for making non-urgent care determinations:

could seriously jeopardize the life or health of the covered person or the ability of the covered person to regain maximum function; or

in the opinion of a physician with knowledge of the covered person's medical condition, would subject the covered person to severe pain that cannot be adequately managed without the service that is the subject of the claim.

Humana will make a determination of whether a claim is an Urgent-care Claim. However, any claim a physician, with knowledge of a covered person's medical condition, determines is a "Urgent-care Claim" will be treated as a "claim involving urgent care."

## **Submitting a claim**

This section describes how a Claimant files a claim for plan benefits.

A claim must be filed in writing and delivered by mail, postage prepaid, by FAX or e-mail. A request for pre-authorization may be filed by telephone. The claim or request for pre-authorization must be submitted to Humana or to Humana's designee at the address indicated in the covered person's benefit plan document or identification card. Claims will not be deemed submitted for purposes of these procedures unless and until received at the correct address.

Claims submissions must be in a format acceptable to Humana and compliant with any legal requirements. Claims not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic claims standards will not be accepted by Humana.

Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, and in no event later than the period of time described in the benefit plan document.

Claims submissions must be complete and delivered to the designated address. At a minimum they must include:

- Name of the covered person who incurred the covered expense.
- Name and address of the provider
- Diagnosis
- Procedure or nature of the treatment
- Place of service
- Date of service
- Billed amount

A general request for an interpretation of plan provisions will not be considered a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of the plan, should be directed to the plan administrator.

## **Procedural defects**

If a Pre-service Claim submission is not made in accordance with the plan's requirements, Humana will notify the Claimant of the problem and how it may be remedied within five (5) days (or within 24 hours, in the case of an Urgent-care Claim). If a Post-service Claim is not made in accordance with the plan's requirement, it will be returned to the submitter.

## Authorized representatives

A covered person may designate an authorized representative to act on his or her behalf in pursuing a benefit claim or appeal. The authorization must be in writing and authorize disclosure of health information. If a document is not sufficient to constitute designation of an authorized representative, as determined by Humana, the plan will not consider a designation to have been made. An assignment of benefits does not constitute designation of an authorized representative.

- Any document designating an authorized representative must be submitted to Humana in advance or at the time an authorized representative commences a course of action on behalf of the covered person. Humana may verify the designation with the covered person prior to recognizing authorized representative status.
- In any event, a health care provider with knowledge of a covered person's medical condition acting in connection with an Urgent-care Claim will be recognized by the plan as the covered person's authorized representative.

Covered persons should carefully consider whether to designate an authorized representative. Circumstances may arise under which an authorized representative may make decisions independent of the covered person, such as whether and how to appeal a claim denial.

## Claims decisions

After a determination on a claim is made, Humana will notify the Claimant within a reasonable time, as follows:

### *Pre-service claims*

Humana will provide notice of a favorable or *adverse determination* within a reasonable time appropriate to the medical circumstances but no later than 15 days after the plan receives the claim.

This period may be extended by an additional 15 days, if Humana determines the extension is necessary due to matters beyond the control of the plan. Before the end of the initial 15-day period, Humana will notify the Claimant of the circumstances requiring the extension and the date by which Humana expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the Claimant will have at least 45 days from the date the notice is received to provide the necessary information.

### *Urgent-care claims (expedited review)*

Humana will determine whether a particular claim is an Urgent-care Claim. This determination will be based on information furnished by or on behalf of a covered person. Humana will exercise its judgment when making the determination with deference to the judgment of a physician with knowledge of the covered person's condition. Humana may require a Claimant to clarify the medical urgency and circumstances supporting the Urgent-care Claim for expedited decision-making.

Notice of a favorable or *adverse determination* will be made by Humana as soon as possible, taking into account the medical urgency particular to the covered person's situation, but not later than 72 hours after receiving the Urgent-care Claim.

If a claim does not provide sufficient information to determine whether, or to what extent, services are covered under the plan, Humana will notify the Claimant as soon as possible, but not more than 24 hours after receiving the Urgent-care Claim. The notice will describe the specific information necessary to complete the claim. The Claimant will have a reasonable amount of time, taking into account the covered person's circumstances, to provide the necessary information – but not less than 48 hours.

Humana will provide notice of the plan's Urgent-care Claim determination as soon as possible but no more than 48 hours after the earlier of:

- The plan receives the specified information; or
- The end of the period afforded the Claimant to provide the specified additional information.

### ***Concurrent-care decisions***

Humana will notify a Claimant of a Concurrent-care Decision involving a reduction or termination of pre-authorized benefits sufficiently in advance of the reduction or termination to allow the Claimant to appeal and obtain a determination.

Humana will decide Urgent-care Claims involving an extension of a course of treatment as soon as possible taking into account medical circumstances. Humana will notify a Claimant of the benefit determination, whether adverse or not, within 24 hours after the plan receives the claim, provided the claim is submitted to the plan 24 hours prior to the expiration of the prescribed period of time or number of treatments.

### ***Post-service claims***

Humana will provide notice of a favorable or *adverse determination* within a reasonable time appropriate to the medical circumstances but no later than 30 days after the plan receives the claim.

This period may be extended an additional 15 days, if Humana determines the extension is necessary due to matters beyond the plan's control. Before the end of the initial 30-day period, Humana will notify the affected Claimant of the extension, the circumstances requiring the extension and the date by which the plan expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the Claimant will have at least 45 days from the date the notice is received to provide the specified information. Humana will make a decision on the earlier of the date on which the Claimant responds or the expiration of the time allowed for submission of the requested information.

### **Initial denial notices**

Notice of a claim denial (including a partial denial) will be provided to Claimants by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time frames noted above. With respect to adverse decisions involving Urgent-care Claims, notice may be provided to Claimants orally within the time frames noted above. If oral notice is given, written notification must be provided no later than 3 days after oral notification.

A claims denial notice will convey the specific reason for the *adverse determination* and the specific plan provisions upon which the determination is based. The notice will also include a description of any additional information necessary to perfect the claim and an explanation of why such information is necessary. The notice will disclose if any internal plan rule, protocol or similar criterion was relied upon to deny the claim. A copy of the rule, protocol or similar criterion will be provided to Claimants, free of charge, upon request.

The notice will describe the plan's review procedures and the time limits applicable to such procedures, including a statement of the Claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on review.

If an *adverse determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will state that an explanation of the scientific or clinical basis for the determination will be provided, free of charge, upon request. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In the case of an adverse decision of an Urgent-care Claim, the notice will provide a description of the plan's expedited review procedures.

## **Appeals of Adverse Determinations**

A Claimant must appeal an *adverse determination* within 180 days after receiving written notice of the denial (or partial denial). An appeal may be made by a Claimant by means of written application to Humana, in person, or by mail, postage prepaid.

A Claimant, on appeal, may request an expedited appeal of an adverse Urgent-care Claim decision orally or in writing. In such case, all necessary information, including the plan's benefit determination on review, will be transmitted between the plan and the Claimant by telephone, facsimile, or other available similarly expeditious method, to the extent permitted by applicable law.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by the Claimant relating to the claim.

On appeal, a Claimant may review relevant documents and may submit issues and comments in writing. A Claimant on appeal may, upon request, discover the identity of medical or vocational experts whose advice was obtained on behalf of the plan in connection with the *adverse determination* being appealed, as permitted under applicable law.

If the claims denial is based in whole, or in part, upon a medical judgment, including determinations as to whether a particular treatment, or other service is experimental, investigational, or not medically necessary or appropriate, the person deciding the appeal will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial appeal or a subordinate of that person.

## Time periods for decisions on appeal

Appeals of claims denials will be decided and notice of the decision provided as follows:

Urgent-care Claims	As soon as possible but no later than 72 hours after Humana receives the appeal request.
Pre-service Claims	Within a reasonable period but no later than 30 days after Humana receives the appeal request.
Post-service Claims	Within a reasonable period but no later than 60 days after Humana receives the appeal request.
Concurrent-care Decisions	Within the time periods specified above depending on the type of claim involved.

## Appeals denial notices

Notice of a claim denial (including a partial denial) will be provided to Claimants by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time periods noted above.

A notice that a claim appeal has been denied will include:

- The specific reason or reasons for the *adverse determination*;
- Reference to the specific plan provision upon which the determination is based;
- If any internal plan rule, protocol or similar criterion was relied upon to deny the claim. A copy of the rule, protocol or similar criterion will be provided to the Claimant, free of charge, upon request;
- A statement describing any voluntary appeal procedures offered by the plan and the claimant's right to obtain the information about such procedures, and a statement about the Claimant's right to bring an action under section 502(a) of ERISA;
- If an *adverse determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will state that an explanation of the scientific or clinical basis for the determination will be provided, free of charge, upon request. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In the event an appealed claim is denied, the Claimant will be entitled to receive without charge reasonable access to, and copies of, any documents, records or other information that:

- Was relied upon in making the determination;
- Was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record or other information was relied upon in making the benefit determination;
- Demonstrates compliance with the administrative processes and safeguards required in making the determination;
- Constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether the statement was relied on in making the benefit determination.

## **Exhaustion of remedies**

Upon completion of the appeals process under this section, a Claimant will have exhausted his or her administrative remedies under the plan. If Humana fails to complete a claim determination or appeal within the time limits set forth above, the claim shall be deemed to have been denied and the Claimant may proceed to the next level in the review process.

After exhaustion of remedies, a Claimant may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. Additional information may be available from the local U.S. Department of Labor Office.

## **Legal actions and limitations**

No lawsuit may be brought with respect to plan benefits until all remedies under the plan have been exhausted.

No lawsuit with respect to plan benefits may be brought after the expiration of the applicable limitations period stated in the benefit plan document. If no limitation is stated in the benefit plan document, then no such suit may be brought after the expiration of the applicable limitations under applicable law.

## **Medical child support orders**

An individual who is a child of a covered employee shall be enrolled for coverage under the group health plan in accordance with the direction of a Qualified Medical Child Support Order (QMCSO) or a National Medical Support Notice (NMSO).

A QMCSO is a state-court order or judgment, including approval of a settlement agreement that:

- provides for support of a covered employee's child;
- provides for health care coverage for that child;
- is made under state domestic relations law (including a community property law);
- relates to benefits under the group health plan; and
- is "qualified," i.e., it meets the technical requirements of ERISA or applicable state law.

QMCSO also means a state court order or judgment enforcing state Medicaid law regarding medical child support required by the Social Security Act § 1908 (as added by Omnibus Budget Reconciliation Act of 1993).

An NMSO is a notice issued by an appropriate agency of a state or local government that is similar to a QMCSO requiring coverage under the group health plan for a dependent child of a non-custodial parent who is (or will become) a covered person by a domestic relations order providing for health care coverage.

Procedures for determining the qualified status of medical child support orders are available at no cost upon request from the plan administrator.

## **Continuation of coverage for full-time students during medical leave of absence**

A dependent child who is in regular full-time attendance at an accredited secondary school, college or university, or licensed technical school continues to be eligible for coverage for until the earlier of the following if the dependent child takes a medically necessary leave of absence:

- Up to one year after the first day of the medically necessary leave of absence; or
- The date coverage would otherwise terminate under the plan.

We may require written certification from the dependent child's health care practitioner that the dependent child has a serious bodily injury or sickness requiring a medically necessary leave of absence.

## **General notice of COBRA continuation coverage rights**

### **Introduction**

You are getting this notice because you recently gained coverage under a group health and/or dental plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health and/or dental coverage. It can also become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

### **What is COBRA continuation coverage?**

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you too lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you too lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

### **When is COBRA coverage available?**

The plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- the end of employment or reduction of hours of employment;
- death of the employee;
- commencement of a proceeding in bankruptcy with respect to the employer; or
- the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

**For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs.**

## **How is COBRA Coverage Provided?**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events or a second qualifying event during the initial period of coverage may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

### **Disability extension of 18-month period of**

- ***continuation coverage*** - If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

### **Second qualifying event extension of 18-month period of**

- ***continuation coverage*** - If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

## **If You Have Questions**

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under ERISA, including COBRA, or other laws affecting your group health and/or dental plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit at [www.dol.gov/ebsa](http://www.dol.gov/ebsa). (address and phone numbers of Regional and District EBSA Office are available through EBSA's website.)

## **Keep your plan informed of address changes**

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

## **Plan contact information:**

Humana  
Billing/Enrollment Department  
101 E Main Street  
Louisville, KY 40201  
1-800-872-7207

## **Family and Medical Leave Act (FMLA)**

If an employee is granted a leave of absence (Leave) by the employer as required by the Federal Family and Medical Leave Act, s/he may continue to be covered under the plan for the duration of the Leave under the same conditions as other employees who are currently employed and covered by the plan. If the employee chooses to terminate coverage during the Leave, or if coverage terminates as a result of nonpayment of any required contribution, coverage may be reinstated on the date the employee returns to work immediately following the end of the Leave. Charges incurred after the date of reinstatement will be paid as if the employee had been continuously covered.

## **Uniformed Services Employment and Reemployment Rights Act of 1994**

### ***Continuation of benefits***

Effective October 13, 1994, federal law requires health plans offer to continue coverage for employees that are absent due to service in the uniformed services and/or dependents.

### ***Eligibility***

An employee is eligible for continuation under USERRA if he or she is absent from employment because of voluntary or involuntary performance of duty in the Armed Forces, Army National Guard, Air National Guard, or commissioned corps of the Public Health Service. Duty includes absence for active duty, active duty for training, initial active duty for training, inactive duty training and for the purpose of an examination to determine fitness for duty.

An employee's dependents that have coverage under the plan immediately prior to the date of the employee's covered absence are eligible to elect continuation under USERRA.

If continuation of Plan coverage is elected under USERRA, the employee or dependent is responsible for payment of the applicable cost of coverage. If the employee is absent for not longer than 31 days, the cost will be the amount the employee would otherwise pay for coverage. For absences exceeding 30 days, the cost may be up to 102% of the cost of coverage under the plan. This includes the employee's share and any portion previously paid by the employer.

### ***Duration of coverage***

If elected, continuation coverage under USERRA will continue until the earlier of:

- 24 months beginning the first day of absence from employment due to service in the uniformed services; or
- The day after the employee fails to apply for a return to employment as required by USERRA, after the completion of a period of service.

Under federal law, the period coverage available under USERRA shall run concurrently with the COBRA period available to an employee and/or eligible dependent.

### ***Other information***

Employees should contact their employer with any questions regarding coverage normally available during a military leave of absence or continuation coverage and notify the employer of any changes in marital status, or change of address.

## **Your Rights Under the Employment Rights Income Security Act of 1974 (ERISA)**

Under ERISA, all plan participants covered by ERISA are entitled to certain rights and protections, as described below. Notwithstanding anything in the group health plan or group insurance policy, following are a covered person's minimum rights under ERISA. ERISA requirements do not apply to plans maintained by governmental agencies or churches.

### **Information about the plan and benefits**

Plan participants may:

- Examine, free of charge, all documents governing the plan. These documents are available in the plan administrator's office.
- Obtain, at a reasonable charge, copies of documents governing the plan, including a copy of any updated summary plan description and a copy of the latest annual report for the plan (Form 5500), if any, by writing to the plan administrator.
- Obtain, at a reasonable charge, a copy of the latest annual report (Form 5500) for the plan, if any, by writing to the plan administrator.

As a plan participant, you will receive a summary of any material changes made in the plan within 210 days after the end of the plan year in which the changes are made unless the change is a material reduction in covered services or benefits, in which case you will receive a summary of the material reduction within 60 days after the date of its adoption.

If the plan is required to file a summary annual financial report, you will receive a copy from the plan administrator.

### **Responsibilities of plan fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the plan. These people, called "fiduciaries" of the plan, have a duty to act prudently and in the interest of plan participants and beneficiaries.

No one, including an employer, may discharge or otherwise discriminate against a plan participant in any way to prevent the participant from obtaining a benefit to which the participant is otherwise entitled under the plan or from exercising ERISA rights.

### **Continue group health plan coverage**

Participants may be eligible to continue health care coverage for themselves, their spouse or dependents if there is a loss of coverage under the group health plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the COBRA notice in this document regarding the rules governing COBRA continuation coverage rights.

## **Claims determinations**

If a claim for a plan benefit is denied or disregarded, in whole or in part, participants have the right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial within certain time schedules.

## **Enforce your rights**

Under ERISA, there are steps participants may take to enforce the above rights. For instance:

- if a participant requests a copy of plan documents and does not receive them within 30 days, the participant may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until the participant receives the materials, unless the materials were not sent because of reasons beyond the control of the plan administrator;
- if a claim for benefits is denied or disregarded, in whole or in part, the participant may file suit in a state or Federal court;
- if the participant disagrees with the plan's decision, or lack thereof, concerning the qualified status of a domestic relations order or a medical child support order, the participant may file suit in Federal court;
- if plan fiduciaries misuse the plan's money, or if participants are discriminated against for asserting their rights, they may seek assistance from the U.S. Department of Labor, or may file suit in a Federal court.

The court will decide who should pay court costs and legal fees. If the participant is successful, the court may order the person sued to pay costs and fees. If the participant loses, the court may order the participant to pay the costs and fees.

## **Assistance with questions**

- Contact the group health plan human resources department or the plan administrator with questions about the plan;
- For questions about ERISA rights, contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or:

The Division of Technical Assistance and Inquiries  
Employee Benefits Security Administration  
U.S. Department of Labor  
200 Constitution Avenue N.W.  
Washington, D.C. 20210;

- Call the publications hotline of the Employee Benefits Security Administration to obtain publications about ERISA rights.

The inclusion of, or linking to, other web site URLs does not imply our endorsement of, nor responsibility for, those web sites, but has been done as a convenience to our Web site visitors.

### EXAMPLES

The Office of Insurance Regulation company search does not require you to know exactly how Office of Insurance Regulation has the company's name recorded. It will take your input and return every name that contains your input as it appears in any part of all records. In other words, if your search is:

*Florincorp*

then the search will return all the names that have "Floricorp" in any part of the record. For example:

FLORICORP, INC.  
FLORICORP PROPERTY AND CASUALTY COMPANY  
SOUTHERN FLORICORP UNLIMITED

If you entered

*Floricorp P*

you would get only

FLORICORP PROPERTY AND CASUALTY COMPANY

Note that even though the whole name is searched, the service still looks for an exact match. So if you entered

*FLORICORP,*

(i.e., with a comma) you would only get

FLORICORP, INC.

### Our Bold Goal

Humana's Bold Goal is a health and business strategy dedicated to improving the health of the communities we serve 20 percent by 2020.

With community partners and physician practices, we are creating evidence-based, scalable and financially sustainable solutions to population health problems at a local level. We track our progress using the U.S. Centers for Disease Control and Prevention (CDC) assessment tool, Healthy Days,<sup>1</sup> which measures self-reported mentally and physically Unhealthy Days (UHD) of an individual over a 30-day period. This allows us to show a direct link between improved health, positive business results and social impact.

### Healthy Days

We use Healthy Days as a measurement of the results:

- Offer a holistic approach to health by measuring both mentally and physically UHD
- Are third-party validated and a published tool with a proven track record
- Have a measurable return on investment (ROI): 1 UHD = \$15.643 increase per person in monthly medical costs
- Show a strong correlation to both social determinants of health and chronic conditions

### We are making progress

In 2018 we enhanced our capabilities and introduced social determinant screenings to our care managers and pharmacists as part of our clinical model for healthcare services. We also made tools available to support primary care physicians and clinicians across Bold Goal communities, helping them screen and solve for food insecurity, social isolation and loneliness.

Through our Bold Goal, in partnership with nonprofit organizations, businesses, government leaders and healthcare professionals, we are working to identify the root causes of poor health and build a stronger healthcare ecosystem that meets people where they are.

### Communities we serve

Every community we serve is unique. Because of this, there is no one-size-fits-all answer to improving population health.

Following are the results of our Bold Goal communities' initiatives in 2018:

#### Baton Rouge, Louisiana

From 2015 to 2018, Humana Medicare Advantage members in Baton Rouge had a 5.1 percent reduction in UHDs. Medicare Advantage members with disabilities saw a 5.8 percent reduction; low-income members saw a 4.9 percent reduction; and those living with diabetes saw a 3.7 percent reduction in UHDs. About 16 percent of the population in Baton Rouge lives in areas with limited access to healthy foods and grocery stores, and one in seven people struggles with hunger.

Humana and the Mayor's Healthy City Initiative came together in 2016 to help unify the community around health goals. The community is focused on helping residents get active, eat healthy and access preventive care. Baton Rouge is an example of how strong community leadership and a locally led coalition can provide a solid foundation for improved health and Healthy Days by supporting people where they are.

#### Broward County, Florida

Since 2015, Humana Medicare Advantage members in Broward County have experienced a 3.5 percent increase in UHDs. Those struggling with depression saw a 12 percent increase, but Medicare Advantage members with a disability reported a 3.9 percent reduction in UHDs. An influx of new members with higher mentally UHDs and depression may explain the increase. However, the work Humana and the Health Advisory Board for Broward County have done around food insecurity may have helped those populations most in need, especially during times of disaster.

In 2018, Humana and Feeding South Florida provided nutritious food to more than 13,000 Broward County residents at 65 mobile food distributions. They also facilitated Broward's first

Food Insecurity Summit in order to expand community understanding of social determinants and their impact on health and outcomes. A top priority for Humana and Broward's Health Advisory Board for 2019 is to address mentally UHDs and food insecurity in seniors, which, according to a recent community report, are a growing population with mounting need

### **Knoxville, Tennessee**

Over the last few years, Humana and the Knoxville Health Advisory Board have been focused on addressing poverty and diabetes. Knox County ranks higher than the national average in diabetes, 12 percent versus 11 percent, and according to data from the U.S. Census, 26.5 percent of people in Knoxville are living in poverty.

This focus has led to positive trends in low-income Humana Medicare members, who experienced a 2.9 percent reduction in UHDs in 2018. However, overall Healthy Days in Humana Medicare Advantage members in Knoxville slowed to a 1.5 percent reduction in UHDs since their 2015 baseline. The slower progression in overall Medicare Advantage members was due in large part to new members with high mentally and physically UHDs.

In 2018, Humana's Knoxville Board of Directors, in partnership with the Knoxville Health Advisory Board, held three poverty simulations that included the University of Tennessee College of Nursing, South College and Emerald Academy. This effort to address poverty and UHDs will continue in 2019, as well as deepen their work around food insecurity and social isolation.

populations with diabetes, disability and low-income subsidies. New members in San Antonio tended to be healthier, driving both mentally and physically Healthy Days improvements. San Antonio is our first Bold Goal community and has built a strong foundation for improving health with community partners.
