Re: *Road Impact Fee Program*

Dear Mrs. Calas:

In response to the letter you sent to David Brown, City Manager, on the subject, please be advised that the City of Coral Gable's Public Works Department has reviewed the draft of the proposed Road Impact Fee Five Year Plan for our municipality and found it to be acceptable and in line with our recommendations, as discussed in meeting with your staff.

It is our understanding that funding for the Segovia Median can be provided by the Road Impact Fee revenues; therefore, we are requesting that this project be added to the TIP program and the impact fees to be paid by the developer, Flagler Development Group, can be allocated to pay for that project.

Kindly send us confirmation so that we can provide your staff with all the required information and start the JPA process.

Thank you for your continued cooperation and assistance.

Sincerely,
The signature of R. Alberto Delgado, written in cursive.
