Hello Mr. Roman and Happy Friday!

I am writing to you regarding the case listed above and in response to the Summons to appear for a Code Enforcement Board for a hearing on 3/15/23.

May I speak with you for clarification? Per our conversation on 1/6/23 it was my understanding that the inspection would be scheduled for late March.

Please see email thread for submitted permit applications. The driveway permit application did not pass the completeness check and requires re-submission which I will provide after I meet with a zoning technician. This was recommended to me by Mr. Silio after I spoke with him this morning.

Thank you and I will reach out by phone.
JPS
