Good afternoon Suramy,

2700 Ponce was inspected today and workers were present. I took some pictures from a different angle as well.

Thank you.

Mr. Navarro told me that he will confirm it first with this client, but that he will send an email stating that they will provide a progress report every Friday. I will let you know when I receive the confirming email.

Thanks!

Very truly yours,

Dear Suramy:

On Friday, the owner's real estate agent referred me to the owner's attorney, Jorge Navarro. I sent Mr. Navarro an email and left him a voicemail message on Friday morning. When I saw your email this morning, I followed up and both he and his assistant said that he will call me when he gets out of the City of Coral Gables Commission meeting today. I will let you know what they say regarding the request for weekly progress reports.

Thanks!

Very truly yours,

Good afternoon Suramy,

2700 Ponce was inspected, I saw less than 5 workers but ladders and other items were being used, so workers may have been inside.

Thank you

Dear Suramy:

I just called and spoke to Mr. Llaque (the owner's representative) and Mr. Pasantes (the GC) and sent an email requesting the construction schedule. Ms. Pasantes says that he would like to update the construction schedule that he had prepared for the meeting with the Mayor and Suramy and that he will submit the updated schedule on Monday, since he is out this week.

Thanks!

Good afternoon Suramy,

2700 was inspect twice today and no one was on cite. I made sure drains were properly covered in the event of the storm and they were, GC also went by to make sure cite was secured.

Thank you.

Good afternoon Suramy,

2700 Ponce was inspected twice today. No one around in the morning but in the afternoon one worker was seen walking around.

Per a text from the GC/Qualifier Gerry, the crew has now completed the bracing and engineer of record reviewed and approved of the assembly and is preparing the report for the City. He will be forwarding the report with photos ASAP.

Thank you.

Good morning Suramy,

I wanted to let you know that I just had a conversation with Gerry who is the project Qualifier and he advised engineers report should be ready for you by Monday. See text below.

We received the engineers drawings for bracing on Monday. We proceeded to order required material and it arrived yesterday afternoon. We will install today & engineer will inspect tomorrow. We will submit photos & report Monday. Please feel free to pass by later today.

I will send a new report later today.

Thank you.

Good morning Suramy,

I realized my email from yesterday stayed in drafts for some reason so I'm resending yesterday's report now.

2700 Ponce was inspected and the workers were still bracing the property. No other activity was found.

Thank you.

Good afternoon Suramy and all,

2700 Ponce was inspected twice today. In the morning no work was found.

However now in the afternoon I heard some noise/voices coming from the back of the property. I made contact with 4 workers who were sent to temporarily brace the property. Is this something we will allow them to do while still under a red tag as it was one of the requirements the City gave them to correct?

I am still on site, please let me know.

Thank you.

Good morning. I have not received the report requested last week. Terri, please have code officer pass by the site every day, twice a day, and photograph the site to document any work. Send me the photos daily. Continue until November 10th.

Thank you,
Suramy

I just spoke to owner and Mayor. We leave it on the agenda for now. On November 10th I will perform an inspection. If there is SIGNIFICANT progress, I will defer CRB.

I will lift the red tag on Monday, IF, their structural engineer provides an affidavit that structure has been properly, temporarily braced.

Thank you,
Suramy

Hi Suramy:

Please see below from Alex and the attached draft notice for CRB. The criteria in the City Code for unsafe structures is attached.

Let's discuss next week whether there are additional grounds to include in the notice.

Thanks,
Cristina

Dear Cristina:

Please find attached the draft of the notice of unsafe structure and the applicable code section defining unsafe structures. The permit is in stop work status and is set to expire on 4/2/23, but the extension says it would be revoked if there was no approved inspection by 10-4-22. Please let me know if there any other grounds, such as work outside the scope of the approved plans.

Thanks!
