**SUBJECT:
REQUISITION #0003602**

The City is purchasing a replacement air truck to refill the breathing air cylinders for the firefighters.

We are requesting you purchase the truck in the above referenced purchase requisition.

This Truck is a demo vehicle; it is a 2008 Isuzu NQR truck gone 3000 miles outfitted with a custom made ambulance body. We are purchasing this truck from Custom Truck & Body Works, Inc., in Woodbury, GA. The price of this vehicle is normally \$94,995.00, the chassis & cab \$44,852.00, the body complete and installed with lighting etc. is \$50,143.00. However, because this vehicle has been used as a demonstrator and has gone just under 3000 miles we have negotiated a price of \$80,000.00.

We consider this price to be an excellent one as purchasing a new chassis & cab with similar specs on The State & Sheriffs contract and having a body similarly outfitted and installed would cost us over \$100,000.00.

We are therefore recommending that we purchase this vehicle from Custom Trucks & Body Works inc. in Woodbury, GA for the \$80,000.00.

Attached are backup documentation and specifications on this vehicle.

Mr. Cork

Attached you will find our updated Sales Proposal for consideration. I've also attached copies of our Warranty: Structural, Elect, Paint.

The third page of the sales proposal contains the list of equipment that is on the

completed unit.

Let me know should you need anything further. Please call my cell phone, since I will be here in Daytona setting up for a show.

Thanks again and we look forward in earning your business.
