Subject: FW: 6911 Miraflores Avenue - River rock on ROW

Hello Ampy,

As per email below.. the river rocks were not permitted by PW.
Please inspect and follow on this matter?

Thank you,

Adolfo Garcia

Hi Jeanne,

I see that the address with the river rocks in the swale is 6900 Mira Flores Avenue. We do not have a covenant for river rock, and it is not one of the approved alternative swale materials.

Please notify Code to visit the site;

Deena, if you are aware of any special considerations for this site, please let us know.

Paul Rodas, P.E.

Inspectors/Greenspace—please advise if the river rocks on the swale are allowed. She is experiencing ponding as a result of these rocks. Please note that the rocks are on her neighbor's property.

Juan—please provide status on the asphalt repair.

Juan— the first picture is the “dip” she’s referring to.

Permits—could you please confirm if the river rocks were permitted? I don’t think the rocks are allowed and it’s been causing some drainage issues.

Good afternoon Carlos,
This GovQA should be addressed to Juan Rivero as it sounds like a Pothole. I only do Milling and Resurfacing of roadways.

Thanks,
Eddy Hernández
