BRIEF HISTORY:

The Applicant, The Terraces at Anastasia, LLC, represented by Joe Jimenez of JMZ Group, requests a Small Scale Comprehensive Plan Future Land Use Map (FLUM) Amendment from "Religious or Institutional" to "Multi-Family Low Density" and a Zoning Map Amendment from "Special Use (S)" to "Multi-Family 3 (MF-3)" for the properties located at 627 and 635 Anastasia Avenue, legally described as Lots 15–18, Block 33, Coral Gables Biltmore Section (folio numbers 03-4117-008-5210 and 03-4117-008-5220).

The subject property consists of two (2) parcels of approximately 10,000 square feet each, for a combined total of 20,000 square feet (0.46 acre). The site is currently developed with two two-story multifamily residential buildings constructed in 1949, containing a total of eight dwelling units. The Applicant acquired the properties in 2025 from the University Baptist Church of Coral Gables. The property is currently designated “Religious or Institutional” in the City’s Comprehensive Plan and zoned “Special Use (S),” reflecting prior actions under Ordinance No. 2455 (1983) that reclassified the site for church use. The proposed map amendments would reverse the 1983 reclassification, restoring residential designations consistent with adjacent properties.

The amendments would align the subject property with adjacent parcels to the north and east, which are designated Multi-Family Low Density and zoned MF-3. If approved, the Applicant intends to redevelop the site with eight (8) townhomes fronting Anastasia Avenue, with vehicular access from Cardena Street to a shared driveway lined with private garages.

Subject Property Data:

- Lot Area: approx. 20,000 sq. ft. (0.46 acre)
- Existing Use: two multifamily buildings with 8 units
- Current FLUM: Religious or Institutional
- Current Zoning: Special Use (S)
- Proposed FLUM: Multi-Family Low Density
- Proposed Zoning: Multi-Family 3 (MF-3)

Planning & Zoning Board

At the September 17, 2025, meeting, the Board reviewed the proposed Small Scale Comprehensive Plan Future Land Use Map (FLUM) amendment and corresponding Zoning Map amendment. Board members were advised that the subject property was never designated as single-family (SFR). Members of the Board also expressed the desire of including a site plan with the map amendment application. Staff confirmed that all applicable criteria were satisfied. Following discussion, the Board recommended approval of the application (vote: 5-1). The Board also made a separate recommendation that site plans are desired and should be required for all map amendments moving forward.

The application package submitted by the Applicant is provided as Exhibit A. The Draft Ordinances are provided as Exhibit B - Future Land Use Map (FLUM) Amendment and Exhibit C – Zoning Map Amendment.
