

City of Coral Gables
CITY COMMISSION MEETING
April 16, 2024

ITEM TITLE:

A Resolution of the City Commission authorizing acceptance of an amendment for Grant Agreement No. LPA0271 from the State of Florida Department of Environmental Protection (DEP) for an extension to the agreement for the Coral Gables Stormwater Master Plan Project and authorizing the City Manager to execute the amendment of the agreement with DEP for said financial assistance under DEP Agreement No. LPA0271, for financial services;

BRIEF HISTORY:

The appropriation and authorization for the City Manager to execute the grant agreement was part of the FY24 Budget as part of Budget Ordinance 2023-31. The competitive grant was awarded from the State of Florida Department of Environmental Protection (DEP) for the City of Coral Gables Stormwater Master Plan Project in the amount of \$500,000 to develop a comprehensive City Stormwater Master Plan. The Master Plan will address stormwater issues, including Biscayne Bay water quality, sea level rise, groundwater table impact, flood prone areas and high tide impacts.

The current timeline for completion of this project requires a request for a time extension. The State has approved the city's request for an extension to October 31, 2025. This Resolution accepts the amendment for this grant extension.

The State of Florida Department of Environmental Protection agreed to provide financial assistance for rehabilitation in the amount of \$500,000, representing 50% of the cost of the project. The City's contribution would be 50% for a total of \$500,000 for the project. This grant award includes the construction phase of the proposed project.
