DEPARTMENT HEAD RECOMMENDATION:

Approval.

PLANNING AND ZONING BOARD RECOMMENDATION:

The Planning and Zoning Board at their 12.09.21 meeting recommended approval of the proposed Comprehensive Plan text and map amendment, (vote: 6 yes – 0 no).

BRIEF HISTORY:

As required, the proposed Comprehensive Plan text amendment was transmitted to the Florida State Department of Economic Opportunity (DEO) after First Reading. The DEO had no comment and authorized the City to act on the proposed text amendment. The DEO response letter is provided as Exhibit B.

There have been no changes since First Reading.

The City Commission adopted the Community Recreation Master Plan in September of 2021 to provide a 15-year framework to guide future development, preservation, and capital investment in the City's parks and recreation facilities.

A policy action item that resulted from the Master Plan is to "integrate Park System Master Plan recommendations into the City Comprehensive Plan." As such, text and map amendments to the Comprehensive Plan Recreation and Open Space Element are proposed to reflect the recommendations of the Master Plan. These changes are summarized below:

- Level of Service Map is updated with new parks that have been purchased or developed in the last few years and adjusted the LOS radii to reflect the City's Strategic Plan to be accessible without crossing a major roadway to access a park within the half-mile walk

- Recreational facilities requirements of providing facilities per resident is removed
- District/Regional park type is combined with all non-city parks
- 2021 Community Recreation Master Plan and 2021 War Memorial Master Plan are attached as appendices and guiding principles from plans are added
- Department titles, existing procedures and programs, and other minor changes are updated to reflect current organizations and processes
