---

Dear Catherine:

This email is to confirm that Art Basel supports the below and attached referenced temporary project by Hank Willis Thomas in the City of Coral Gables. The art projects organized by the City of Coral Gables is a destination for our international audience. We advertise in our publications the officially sanctioned partner events to encourage visitors to enjoy experiences beyond the fair.

Since 2016, our visitors have looked forward to the City of Coral Gables presentation of their art projects that are hosted in conjunction with the Lowe Museum of Art on the Sunday of the show. This year that is Sunday, December 9, 2018.

Best regards,

Stefanie

PS Since we wrote - I bumped into Hank in NYC and we discussed his impending visit May 22 for the proposal. Good luck and please keep me posted!
