Solid Waste Collection Fees - Miami-Dade County Department of Solid Waste Management is scheduled to increase the Solid Waste Disposal Fee that is charged to the City for solid waste and trash taken to the County's waste disposal site. This Resolution will pass through the Miami-Dade disposal fee increase by adjusting the Solid Waste Collection Fees charged to Coral Gables residential customers by 0.5% for those who will pay their solid waste bills in July (prior to going on the property tax bill) and 0.45% for those who will pay their solid waste bills as part of their property taxes. The fee changes are as follows: Single family residences - annual fee from \$766 to \$770 for July payment and from \$898 to \$902 for tax bill payment; Auxiliary living units and apartments – annual fee from \$383 to \$385 for July payment and from \$449 to \$451 for tax bill payment; Duplexes – annual fee from \$1,532 to \$1,540 for July payment and from \$1,796 to \$1,804 for tax bill payment. Please note, that similar to property tax rules, those customers who pay their tax bill in November (which will include the solid waste fees if not paid directly to the City in July) will receive a 4% discount on their solid waste bills, in December a 3% discount, in January a 2% discount and in February a 1% discount.
