Dear Board of Architects,

As longtime homeowners and residents in the Campina Court Historic District who have experienced, first hand, the onslaught of developer projects that are in conflict with our City's zoning, land use and historic designations , we oppose the Alexan Crafts proposal.

The proposal is another example of an applicant just checking off the boxes of minimum architectural requirements for the sake of profit. The result is a proposal that is neither in keeping with the character of our City nor safeguards our family neighborhoods and quality of life.

Sincerely,

Jaime and Zully pardo
