**Petition of Support for the City of Coral Gables
Public Parks Incentive Program for Merrick Park**

Dear Honorable Mayor, Vice Mayor, and Commissioners:

We, the undersigned residents and business owners of the City of Coral Gables, have reviewed the proposed City of Coral Gables Public Parks Incentive Program for the Merrick Park Area, and fully support this initiative. Specifically, the proposed Comprehensive Plan and Zoning Code text amendments would allow for limited, increased height for certain developments within the Merrick Park area in exchange for additional, public open space and density reductions.

We believe the Public Parks Incentive Program furthers the City Beautiful's mission of encouraging more urban parks by incentivizing property owners in the Design & Innovation Overlay District to provide much needed, publicly accessible greenspace for the benefit and enjoyment of the Merrick Park neighborhood. Unfortunately, most of the projects in this area have been constructed up to the property line, leaving limited public open space to serve the residents. Additionally, the open spaces that are provided are predominantly landscaped with little shade cover, which limits their ability to be enjoyed as outdoor spaces for passive uses.

As a result, we fully support the Public Parks Incentive Program and encourage your support and approval of the proposed text amendments to the City's Comprehensive Plan and Zoning Code.
