Terms & Conditions

- 1. Time for Acceptance of the Contract.** This Contract must be accepted by having one signed original of this Contract delivered to the Contractor within fifteen (15) days after submittal of the Contract to the Customer or else the Contractor may as its sole option deem this Contract null and void. Acceptance by Contractor of this Contract depends upon the credit approval of Customer.
- 2. Warranties and Limitations on Liability.** Contractor grants to Customer a warranty on workmanship. In the event of a claim of defective workmanship, the notice of the warranty claim must be submitted in writing, must describe the claim in sufficient detail to determine the nature of the problem, and must be signed by the Customer. Removal of a tile or stone roof tiles lifts a great weight from the building. This causes uplift in the building, sometimes resulting in interior cracking walls, ceilings, and floors. Such cracking may disappear upon tile reloading. However, uplift is unavoidable. Therefore, contractor shall not be liable should it occur. Any re-roofing requires removal of the membrane protecting the building from rainwater. Contractor shall use its best efforts to cover the roof if rain occurs during re-roofing. However, if rain occurs during re-roofing, rain intrusion and even mold infestation are inevitable. Therefore, should it occur, contractor shall not be liable. Should fire, casualty, vandalism, storms, or whole or partial destruction of the building occur during the work week due to no fault of Contractor, Customer shall look solely to its insurance for recourse for any damage, and contractor shall not be liable. Contractor is not a dealer in roofing materials, and does not warrant that all materials supplied or installed shall be identical in appearance. It is agreed that shingles and tiles may vary in color and texture from time to time, and that such variation does not constitute a default under this agreement. All limited warranties under this contract are contingent upon Customer's timely payment of all amounts due under this contract and furnishing contractor, at the listed address for the Contractor in this Contract, written notice of the defect or the malfunction within the warranty period. Contractor's warranty obligations under the Contract are the Contractor's exclusive choice to either repair or replace, at Contractor's expense, within a reasonable time any defective goods or services covered thereby. Contractor's choice to repair or replace is the exclusive remedy for defects, in lieu of all other remedies, implied or statutory, arising under any warranty.
- 3. EXCLUSION OF IMPLIED WARRANTIES.** THE IMPLIED WARRANTY OF MERCHANTABILITY AND THE IMPLIED WARRANTY OF FITNESS ARE HEREBY EXCLUDED FROM THIS CONTRACT. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.
- 4. Use of Hot Asphalt.** Due to the nature of the work and use of hot asphalt, owners must assume responsibility for removing vehicles, closing windows, closing or removing awnings and any other objects that tar may fall or drip on and cause damage to. If tar falls or drips on the paint and/or stucco, Contractor will do its best to remove the tar but Customer will be responsible for any touch up or (re) painting.
- 5. Access and Damage to property during removal and/or installation of roof.** We must have access and use of property for the delivery of materials and removal of roof debris. Due to the use of heavy trucks, delivery and installation of roofing materials and the removal of roof debris during the roofing process, Contractor shall not be held responsible or liable for any damages to lawn, sidewalks, driveways, plants, shrubs, sprinkler systems, septic tanks, fences, awnings, screens, TV antennas, ceilings, gutters or solar panels.
- 6. Water Infiltration.** Water infiltration may occur during the re-roofing process. Contractor shall take precautions to limit this possibility. However, Contractor shall not be responsible for the existing roofing system conditions and shall not be liable for water penetration until such time as the new system is completed.
- 7. Water and Electricity to be provided by owner.** Owner agrees to afford Contractor with water and electricity.
- 8. Damages caused by others.** Contractor shall not be liable for any damages done by the roof by other parties, including, but not limited to, plumbers, electricians, air conditioner men or any other tradesman responsibility for any damages done to the roof by plumbers, electricians, air conditioner men or any other tradesman.
- 9. Change Orders.** Any extra work which is requested or which is required due to the condition of the building or Building Code changes, shall be performed only after a written Change Order is signed by the owner and contractor upon contractors change order form, and delivered to contractor, accompanied by full payment for the change order. A change order may increase or decrease the price, provided for more or less time to complete the work, and for more or less materials.
- 10. Customers Covenant of Noninterference.** Customer shall not attempt to direct workers on the site, exclude them from the site, demand work from them, remove the permit from the site, or interfere in any way with contractor's work.
- 11. Removal of Screens and Other Roof Obstructions.** If screens or other objects obstruct access to fascia or areas of the roof, Customer shall remove and replace any such obstructions at the Customers sole expense.
- 12. Excess Materials.** In order to insure that we have enough materials to complete the work, we may order more materials than may be necessary to complete the work. All materials remaining after the completion of the work shall belong to the Contractor.
- 13. Default.** In the event wither party hereto defaults in performing any covenant hereof, the non-defaulting party shall deliver to the defaulting party a dated "Notice of Default", specifying the default and requesting correction thereof. Delivery of a "Notice of Default" by Customer shall only be made by hand-delivery. Delivery of a "Notice of Default" by Contractor can be made by hand-delivered or by U.S. mail. In the event the default is not corrected within Fourteen (14) days after receipt of such Notice of Default, the non-defaulting party shall have all remedies at law and in equity for said default. In addition to any other remedy for default provided herein or at Florida Law, Contractor shall have the right, but not the obligation, to suspend or terminate its work, to retain all deposits then held, to peacefully repossess all materials previously delivered or installed for which payment has not been made in full, to remove its equipment from the job site and to terminate this Contract.
- 14. Assignment.** Neither this Contract nor any warranty granted herein is assignable.
- 15. No Damage for Delay.** In the event the completion of the work is prevented or delayed due to damage or destruction of the building, fire, accident, vandalism, earth movement, hurricane, tornado, windstorm, theft, labor strikes, warfare, materials shortages, delay of any governmental agency in issuing any required permit or certificate or in performing inspections; litigation, or any Act of God, then the completion of work shall be delayed until a later date and Contractors and the Customer shall sign a Change order so providing, in accordance herewith; or if customer declines to sign the change order, then this contract may be terminated by the contractor, whereupon all sums then due to the contractor for work completed shall be due and payable to contractor immediately. Notwithstanding the above-described events, there shall be no damages for delay which are beyond the control of the contractor.
- 16. Acts of God, Termite Infestation and Subsequent Work.** Contractor does not guarantee its roofing against leakage or damage due to fire, hail, or tempest, hurricane, or Acts of God. Contractor does not guarantee against leaks or damage caused by termite infestation. Contractor does not guarantee against leakage or damage due to puncture made by fastening or wire fixtures, nor the erection of any hatchway, penthouse, flagpole, pipe or other structure, support or brace subsequent to the completion of Contractors work.
- 17. Time is of the Essence.** Time is of the essence with regard to all payment to Contractor.
