```
wish everybody a good night and a safe drive
1
                                                                 1
                                                                        is, it goes to the Planning and Zoning, which
2
        back home.
                                                                        has a full-fledged, you know, posting the
                                                                 2
3
            CHAIRMAN AIZENSTAT: Thank you.
                                                                 3
                                                                        property, mailed notice, e-mail, legal ad and
            MR. SALMAN: A dry drive home.
                                                                        then to the City Commission for those same
 4
5
            CHAIRMAN AIZENSTAT: Let's take a
                                                                 5
                                                                        requirements.
        five-minute recess and then we'll --
 6
                                                                             So what's proposed before you today is to
             (Short recess taken.)
                                                                        require mailed notice for those Med Bonus
            CHAIRMAN AIZENSTAT: Elvis is back in the
                                                                 8
                                                                        applications before the Board of Architects.
8
        building.
                                                                        This would be required for those properties
9
                                                                 9
            All right. Let's go ahead and come back
                                                                10
                                                                        that are greater than 20,000 square feet, that
10
        into session. The next item is E-4.
                                                                111
                                                                        would be required to go to the City Commission
11
            Ma'am City Attorney.
                                                                        for approval, but also the ones that are
12
                                                                12
            MS. SUAREZ: E-4 is an Ordinance of the
                                                               13
                                                                        smaller, that go straight to building permit
13
        City Commission of Coral Gables, Florida,
                                                                        after they get their approval from the Board of
14
                                                                14
        providing for text amendments to the City of
                                                                15
15
                                                                        Architects.
        Coral Gables Official Zoning Code Article 15,
                                                                             So that's the change.
16
                                                               116
        "Notices," Section 15-102, "Notice," to require
                                                                17
                                                                             CHAIRMAN AIZENSTAT: Thank you.
17
        mailed notice of Board of Architects meetings
18
                                                               18
                                                                             Jill, do we have anybody in Chambers for
        to consider granting Mediterranean Style Bonus,
                                                                        this item?
                                                                19
19
        providing for repealer provision, severability
                                                                20
                                                                             THE SECRETARY: No.
20
        clause, codification, and providing for an
                                                                             CHAIRMAN AIZENSTAT: Chambers are empty,
21
                                                               21
        effective date.
                                                                22
22
                                                                        sorry.
            CHAIRMAN AIZENSTAT: Thank you.
                                                                23
                                                                             THE SECRETARY: On Zoom, no.
23
24
            MS. GARCIA: Good evening, Jennifer Garcia,
                                                               24
                                                                             CHAIRMAN AIZENSTAT: On Zoom? And on the
                                                                        phone platform?
        Planning Official. I have one slide for this,
                                                                25
25
                                                          129
                                                                                                                          131
        that shows the different mailing noticing
                                                                             THE SECRETARY: No.
1
                                                                 1
2
        requirements. If I could have the slide,
                                                                 2
                                                                             CHAIRMAN AIZENSTAT: I'll go ahead and
        please? If not, that's fine.
                                                                 3
                                                                        close it for public comment.
3
            So, right now, there's no -- perfect.
                                                                             Sue.
 4
            All right. So if you look at the top row
                                                                             MS. KAWALERSKI: You know, like I said at
5
6
        of Process, that's for a Conditional Use Site
                                                                        the last meeting, the more we can notify
        Plan Review for sites that are more than 20,000
                                                                        residents of what's happening in their
7
        square feet, and that's the threshold, and the
                                                                        neighborhoods, the better. So I'm good with
8
9
        bottom one is showing smaller parcels that are
        just kind of Coral Gables by right, that would
                                                                10
                                                                             CHAIRMAN AIZENSTAT: Okay.
10
        just go through the Board of Architects, to a
                                                               111
                                                                             Chip.
11
        building permit.
                                                                             MR. WITHERS: No, I'm good.
12
                                                                12
             So the mailing noticing processes get a
                                                                13
                                                                             CHAIRMAN AIZENSTAT: Felix.
13
        little more stringent as you go through the
                                                                             MR. PARDO: Yeah, I'm good.
14
                                                               14
15
        process. So, at DRC, for example, is the
                                                                15
                                                                             CHAIRMAN AIZENSTAT: Julio.
                                                                             MR. GRABIEL: I'm great.
        first, I guess, public meeting that you have,
                                                                16
16
        and that's required to post the property and
                                                                17
                                                                             CHAIRMAN AIZENSTAT: Robert.
17
        it's required mailed notice for right-of-way
                                                                             MR. BEHAR: Let me tell you an experience
18
                                                                18
        vacation, Then it proceeds to the Board of
                                                                        I'm going through right now. I'm ready to
19
                                                               19
        Architects.
                                                                        submit to the Board of Architects a project,
                                                                20
20
                                                               21
21
            The Board of Architects, it's just posting
                                                                        and we've been waiting almost six weeks to try
        the property, no matter if it's just
                                                                        to get the neighborhood to do a meeting, and we
                                                                22
22
        preliminary review or if it's Med Bonus --
                                                                23
                                                                        cannot get consensus from the neighborhood of
23
        granting Med Bonus by the Board of Architects.
                                                               24
                                                                        when they would like to meet, and we cannot
24
            After that, depending on what the process
                                                                        submit to the BOA, because unless you meet with
                                                                25
25
```

```
the residents, you can't submit, and we've been going at it five, six weeks, and -- I think you know, the 760 Ponce project.

MS. GARCIA: Yes.

MR. BEHAR: And I can't get a consensus to
```

1 2

MR. BEHAR: And I can't get a consensus to meet with the residents. So you cannot submit until you meet with them. And that could go on for months.

MS. KAWALERSKI: But does that have anything to do with this?

MR. BEHAR: Well, because this has notices, and the further you put the notices -- this went from -- what was the original diameter that you had to notify, a thousand --

MS. GARCIA: That's not changing yet. It's staying at the 1,000 for this.

MR. BEHAR: This is staying? I thought I read 1,500. No?

MS. GARCIA: 1,500 -- as it's written in the Code right now, 1,500, if it's a change of Land Use, like you're changing the Comprehensive Future Land Use Map, which is what it is right now. This is only requiring mailed notice for Board of Architects. There's no change in the radius, no change in the

timing, no additional meetings. This is just, in addition to posting the property, if someone is requesting Mediterranean Bonus, they would also do mailed notice.

MR. BEHAR: Which goes to the point -- you know, the problem I'm going through now, is that for the Board of Architects, you've got to give the residents more notices. And if you cannot -- I don't have a problem sending notices. I have a problem with, you know, until you meet with them, you cannot submit. So the more notice that you're going to send, the more difficult it becomes.

 $\label{eq:ms.kawalerski:} \mbox{ I disagree with that. I } \mbox{just think that's a separate issue.}$ 

But, you know, I do have one caveat for this, there is written in here that the Board doesn't want any public comment during the meetings. I totally disagree with that, because just like we have e-mails here, no one actually reads them into the record, and I'm not so sure that other Board Members don't actually read the e-mails, either. So I think it has to be either -- you can allow public comment or the e-mails that are submitted have

to be read in public during that meeting.

Look, if residents are upset enough and they show up, they should be heard. So I do have that caveat to this --

MS. GARCIA: Yeah. So that's not what was proposed today. That was the recommendation from the Board of Architects. What is proposed today is normal --

MS. SUAREZ: And there is a public comment period during the Board of Architects meetings. So, yes, there would be public comment.

MS. KAWALERSKI: Okay. But the way it's written there, it says only e-mailed or -- e-mail or e-comments are allowed.

MS. SUAREZ: That wasn't Staff's proposal or that's not the proposal that's before you today. That was a comment or feedback from the Board of Architects.

MS. KAWALERSKI: Okay. So that's not part of this Resolution?

MS. SUAREZ: Correct.

MS. GARCIA: No, it's not.

MS. KAWALERSKI: Okay.

CHAIRMAN AIZENSTAT: Javier, do you have a question?

MR. SALMAN: A small one. What's the cost implication to the applicant?

MS. GARCIA: Oh, I forgot to bring that. I think it was two or three thousand, average, including all of the postage and all of the work to be done, and that would be added, not to the applicant -- it will be added to the applicant through an increase of the Med Bonus fee. The Staff is going to be the one -- per the Commission, Staff is going to be the one doing the mailing.

 $\mbox{MR. SALMAN: Okay. That was my question.} \label{eq:mr. Thank you.}$ 

CHAIRMAN AIZENSTAT: Any other comments? I'm fine with the notice.

Just Madam City Attorney, I'm just curious, and it does not have to do with what we're looking at, as Sue says, but if Robert, for example, or an architect, is trying to set up a meeting, and for some reason, he can't get that meeting, what's the procedure?

MS. SUAREZ: So I'm not aware -- I haven't heard before of having this issue of, you know, trouble coordinating the meeting. These meetings, I believe, are coordinated by the

140

```
1
1
        developer, right, Jennifer?
                                                                            CHAIRMAN AIZENSTAT: All right. The last
2
            MS. GARCIA: Correct. Yes.
                                                                2
                                                                        item on the agenda, Madam City Attorney, E-5.
                                                                            MS. SUAREZ: So E-5 is an Ordinance of the
3
            MS. SUAREZ: So, you know, I think that
                                                                3
                                                                        City Commission providing for a text amendment
        they have to just set a date and a location
4
5
        that's within proximity of their proposed
                                                                        to the City of Coral Gables Official Zoning
6
        project and then they mail out the notice. So,
                                                                        Code, amending Section 14-202.6 "Building Site
        perhaps, I don't know his particular case, but
                                                                        Determination" to facilitate building site
        perhaps there's a unique situation or some
                                                                        determination applications; providing for
8
                                                                8
        particularly vocal residents that are not
                                                                        severability, repealer, codification, and for
9
                                                                9
        available, I'm not sure, but it's a matter of
                                                                        an effective date.
10
                                                               10
        scheduling a date, choosing a date within the
                                                               111
                                                                            MR. WITHERS: Wow. That was like one of
11
12
        time frames, and providing the mailed notice.
                                                               12
                                                                        those informercials.
            MR. PARDO: Robert, up in that area, a lot
                                                               13
                                                                            MS. REDILA: Good evening. Arceli Redila,
13
14
        of it is City of Miami.
                                                               14
                                                                        Zoning Administrator.
                                                               15
15
            MR. BEHAR: Well, and that's the other
                                                                            The last item for tonight, so the proposed
                                                                        item before you tonight is regarding a building
16
        thing, you've got to notify the City of Miami
                                                               116
        and you've got to notify -- not only Coral
                                                               17
                                                                        site determination, Section 14.202.6 of the
17
18
        Gables, because it says, if you're abutting
                                                               18
                                                                        Zoning Code.
        another municipality, you have to do that, too.
                                                               19
                                                                            So, as you may all know -- can I, please,
19
20
            MS. SUAREZ: I think it's 500 feet.
                                                               20
                                                                        have the presentation? Okay.
                                                               21
21
            MR. BEHAR: In my case, yes, you're
                                                                            As you may all know, a building site
        absolutely right, we've got to notify the City
                                                               22
                                                                        determination is required for a single-family
22
                                                               23
        of Miami.
                                                                        dwelling and duplex building, to go through a
23
24
            CHAIRMAN AIZENSTAT: All right. So would
                                                               24
                                                                        building site determination, that is required
        anybody like to make a motion, on the item
                                                               25
                                                                        prior to a permit issuance. Now, that is to
25
                                                          137
                                                                                                                         139
                                                                        ensure that there is a buildable site.
1
        before us right now, on E-4?
                                                                1
2
            MR. PARDO: I'd like to move it.
                                                                2
                                                                            So the process is that, an applicant will
            MR. WITHERS: Second.
                                                                3
                                                                        submit an application for a building site
3
                                                                        determination, and then that would be reviewed
            CHAIRMAN AIZENSTAT: We have Felix. We
        have Chip on a second. Any comments?
                                                                        by the DRO. In this case, the DRO is me. I am
5
            MS. SUAREZ: Just it's a motion to
                                                                        the one that reviews and processes this
 6
        recommend.
                                                                        application.
7
                                                                            If the DRO determines that the site is
8
            MR. PARDO: Right. Sorry.
9
            CHAIRMAN AIZENSTAT: No comments? Call the
                                                                9
                                                                        buildable, a letter will be issued to the
        roll, please.
                                                                        applicant, and then they go through the
10
            THE SECRETARY: Robert Behar?
                                                               111
11
                                                                        building permit process. If the DRO denies the
            MR. BEHAR: No.
                                                                        application, because it does not meet those
12
                                                               12
                                                               13
13
            THE SECRETARY: Julio Grabiel?
                                                                        criteria, the applicant may have the option to
                                                                        submit for a Conditional Use process, asking
14
            MR. GRABIEL: Yes.
                                                               14
15
            THE SECRETARY: Sue Kawalerski?
                                                               15
                                                                        the City Commission eventually. So there's --
            MS. KAWALERSKI: Yes.
                                                               16
                                                                        so if they move forward with what they are
16
            THE SECRETARY: Felix Pardo?
                                                               17
                                                                        proposing, they go through the DRC, they go to
17
18
            MR. PARDO: Yes.
                                                               18
                                                                        the Board of Architects, before you for a
