2. BACKGROUND INFORMATION

Staff has prepared Zoning Code text amendments to establish provisions for Driveways, Construction Trailer, and Docks in residential districts.

Docks - Per Section 5-802 of the Zoning Code, side setback restrictions are not consistent with the existing character of established docks along the Gables Waterways. As recommended by the City Commission, it is proposed to not require the same side setback as the residence and to allow multi-level docks below established grade, subject to the Board of Architects approval and permitted by Miami Dade County Department of Regulatory and Economic Resources (DERM).

Driveways - Per Sections 4-101 and 4-102 of the Zoning Code, driveway approach regulations allow one access point no greater than 11 feet in width to allow more green area in the public swale. It is proposed that regulations remain consistent with only allowing one (1) access point for driveways, but to allow flexibility in width to no greater than 18 eighteen feet to accommodate for existing conditions, subject to the Board of Architects approval.

Construction Office – Per Section 5-2108 of the Zoning Code, a Temporary Sales Office is currently allowed in multi-family districts. It is proposed to allow a construction trailer or field office on-site in multi-family projects more than 20,000 square feet.

The proposed Zoning Code text amendments were approved at First Reading on October 8, 2019.

3. PROPOSED ZONING CODE TEXT AMENDMENT

The proposed Zoning Code text amendment is provided in Attachments A, B, and C in ~~striketrough~~/underline format.

4. FINDINGS OF FACT

In accordance with Section 3-1405 of the Zoning Code, the Planning and Zoning Board shall not recommend adoption of, and the City Commission shall not adopt, text amendments to these land Zoning Code unless the text amendment:

- A. Promotes the public health, safety, and welfare.
- B. Does not permit uses the Comprehensive Plan prohibits in the area affected by the district boundary change or text amendment.
- C. Does not allow densities or intensities in excess of the densities and intensities which are permitted by the future land use categories of the affected property.
- D. Will not cause a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less the minimum requirements of the Comprehensive Plan.
- E. Does not directly conflict with an objective or policy of the Comprehensive Plan.

Staff finds that all five of these criteria are satisfied.

5. COMPREHENSIVE PLAN CONSISTENCY

In accordance with Section 3-1407 of the Zoning Code, the Planning and Zoning Board shall determine whether the Zoning Code text amendment is consistent with the Comprehensive Plan. Staff finds that the proposed text amendment is consistent with the Comprehensive Plan, as follows:
