

City of Coral Gables
CITY COMMISSION MEETING
February 10, 2010

ITEM TITLE:

Resolution authorizing the waiving of the cost of parking meter rentals for the Farmers Market

RECOMMENDATION OF THE CITY MANAGER:

Approval

BRIEF HISTORY:

The Farmers Market is an event that runs from January through March. Recently, staff brought to the attention of the City Manager's office that there had been an unofficial practice of not pursuing parking meter enforcement in the area surrounding the Farmers Market and was seeking direction on how to proceed in the future. The City Manager's office instructed staff to continue the unofficial practice until further direction is given. It would be appropriate to obtain approval from the City Commission for this practice. This effort is intended to continue to support this community development initiative as well as local growers and sustainable practices.
