Section 2.11. Public Safety; Public Art; [Ponce Circle Park](#).

(i) Satisfaction of Code requirements. The City's "Art in Public Places" Ordinance (the "Art Ordinance") requires 1% of the Aggregate Project Value to be spent on on-site public art installations or contributions to the City's "Art in Public Places" fund (the "Art Fund") or both. The Owner proposes to satisfy the Art Ordinance by providing on-site public art installations. The public art installations that will be proposed by the Owner from time to time will be reviewed and approved by the City under the Art Ordinance review process in effect on the date hereof, except that the time for payment or installation of such art may be extended from building permit to the date of the Project's first Temporary Certificate of Occupancy in the discretion of the City Manager. The maintenance of, and public access to, artwork will comply with requirements of the City's Art Ordinance.

(ii) Additional contribution. In addition to complying with the Art Ordinance and all other applicable fees and costs related to Governmental Requirements, the Owner hereby commits to contribute an additional \$2.7 million to the City no later than the first Temporary Certificate of Occupancy. This contribution is proffered by the Owner in relation to the Approved PAD Plans, to be used by the City for one or both of the two following purposes. The allocation of the contribution is in the sole discretion of the City Commission.

(a) Public Safety. All or part of the contribution may be used for the public safety needs specified in the Public Safety Memo attached as Exhibit M.

(b) Public Art. All or part of the contribution may be used for installation of publicly accessible artwork into the Project or in Ponce Circle Park, adjacent to the Project, or in both places, for the benefit of the Project and of the City. The artwork to be acquired shall be compatible with the Project design and aesthetics. The City Manager will inform the Owner of, and give the Owner an opportunity to comment on, the identity of the artist and the specific works of art that the City intends to purchase using this additional contribution. The exact placement of art purchased with this additional contribution shall be determined by the City Manager, after providing the Owner an opportunity to comment on the proposed location.

(iii) Additional Ponce Circle Park Contribution. The Owner shall, prior to the issuance of the first initial phase or master building permit for the Project, contribute \$2 Million to the City for improvements to Ponce Circle Park.

#### Section 2.12 Arts Center Building.

(i) Intent. Both Owner and the City acknowledge that the historic Arts Center Building located at 2901 Ponce de Leon Boulevard (the “Arts Center Building”) is a focal point of the Project, and a building of great public importance. Its adaptive reuse is a critical component of the Project’s overall success, but the reuse should not overly commercialize the historic values of the Arts Center Building and should be oriented towards and intended to activate pedestrian activity. Accordingly, Owner and City agree that any proposed use of the Arts Center Building should celebrate its important role in civic planning and architectural history and in the history of the City, and should increase the prestige of the overall Project. The building will be used and managed in accordance with the City Code governing Historic Resources. Examples of the kinds of uses that the Owner may propose, which are listed only to exemplify the parties’ mutual intent and not to predetermine the acceptability of any particular use, include museums, art galleries or art schools; architectural colleges, design studios or research institutes; institutions of city planning education or research; and special events compatible with the building’s historic nature. Limited ground floor retail or restaurant uses that are unique and further the intent of this section, such as a high quality café similar to Chocolate Fashion, Café Curuba or Café Demetrio, may also be proposed. Owner agrees to maintain the Arts Center Building in compliance with Section 3-1108 of the City Code at all times, and to provide reasonable access to City representatives upon request to assure such compliance.

(ii) Procedure. Owner will petition the City for approval of the initial and future proposed uses of and tenants for the Arts Center Building. Owner agrees not to propose uses that are prohibited or are not permitted by the Zoning Code, by the form-based planned area development criteria and other Project approvals, or by Section 5.1(i) – (xii) and (xiv) – (xv) of this Agreement. The City Manager will review the petition and the recommendation of the Historic Resources Officer, along with the applicable zoning provisions and Project approvals, and, in his or her sole discretion, will choose to either approve, deny or recommend modifications to the petition or make a written recommendation to the City Commission for its consideration and action on the petition. In making this decision, the City Manager will only consider high quality uses that respect the importance of the building, not only for its architecture but also for the defining role it played in shaping the beauty and vision of the City. The parties agree that disputes concerning the decisions to be made under this Section 2.12 shall be handled in accordance with Section 4.2 of this Agreement.

Section 2.13. Offsite Improvements. Subject to and conditioned upon the issuance of required building permits from the applicable Governmental Authorities, the Owner shall construct and install the improvements required by the traffic study meeting all City and other applicable Governmental Requirements described on, and in accordance with the time frames and procedures set forth on **Exhibit B**. Owner shall contribute the costs of Offsite Improvements to enhance surrounding neighborhoods such as those shown and in the locations described in **Exhibit H** (including, without limitation, the residential parking zones as shown in Attachment D to the April 2, 2015 City Commission agenda memo, typical street sections, and conceptual drawings) attached hereto. The design, planning and construction of the Exhibit H improvements shall follow a schedule to be determined by the City Manager, which shall include ample opportunities for the neighborhoods to provide design input and shall accomplish the construction as soon as practical, phasing the work as necessary to avoid conflicts with or damage resulting from the construction of the Project, but which shall provide that work in all areas identified in Exhibit H that will not interfere with or be affected by construction of the Project shall be commenced within six months of the execution of this Amended Development Agreement. The City Manager shall determine, in coordination with the Owner, which party will be responsible for each step of the planning, design and construction of the Offsite Improvements, as set forth in Exhibit H.

Section 2.14. Parking.

(i) Amount. Parking shall be provided for the Project pursuant to the Approved PAD Plans. The valet operating plan for the Project is set forth as **Exhibit I** attached hereto. The Project is availing itself of reduced parking requirements pursuant to the shared parking analysis and reduction permitted by the Mediterranean Village Planned Area Development regulations. No shared parking is proposed or will be allowed for residential uses. Parking for all other uses will not be reserved, except for (a) approved valet parking spaces, and (b) spaces for the office tower in the north block may be reserved from 8 am – 6 pm Monday through Friday.

(ii) Enforcement. Certain types of use assumptions have been made by the City in granting reductions in parking requirements pursuant to the shared parking analysis. The City has the right to enter upon the Property at any time to confirm that the type of use assumptions previously made continue to be accurate and, in the event that the City has any doubts as to the accurateness of these assumptions, it may request that Owner conduct further analysis so as to satisfy the City of the appropriateness of the parking provided for the Project. The City has the right to withhold permits for the Project until it is reasonably satisfied that the shared parking analysis provided is accurate and reliable.

(iii) Loss of Onstreet Parking Spaces. In accordance with the requirements of Chapter 74 Traffic and Vehicles, Article III. Stopping, Standing and Parking, Division 5. Parking Replacement Assessment of the City Code of Ordinances, the Owner agrees to mitigate for the loss of ten (10) on-street parking spaces attributable to the prior approved project on the Property, at the current City rate of \$42,000 per parking space lost. Payment shall be made prior to issuance of a foundation permit.

(iv) Employee Parking. Owner will submit a conceptual employee parking management plan to limit spillover parking impacts on residential streets, and obtain the approval of the plan by the City Parking Director, prior to issuance of a Temporary Certificate of Occupancy for any non-residential building.

Section 2.15. Mobility Improvements.

(i) Upfront Contribution. In order to mitigate the Project's impact on public mobility, the Owner shall pay to the City \$~~1,342,592~~ million (the "Upfront Contribution") prior to the issuance of the foundation permit, to be used by the City towards the purchase of up to four new trolley buses, construction of garage space attributable to up to four trolley buses, or equivalent capital and/or operational expenditures supporting mobility that provide comparable access to the Project and comparable circulation between the Project and the Central Business District. The amount of this Upfront Contribution shall be credited against any future fee on development for the same purposes that may be legislatively adopted by the City and enforced against the Project for five years from the date of this Amended Development Agreement. In the event that a list of the expenses and amounts for which the Upfront Contribution is spent is not available through a public records request to the City, then the City shall provide such a list to the Owner within a reasonable time after a written request.

~~(ii) Annual Mobility Contribution. Owner shall also pay \$626,000 per year (the "Mobility Contribution"), commencing prior to the issuance of the first Temporary Certificate of Occupancy for the Project, continuing on January 1 of each calendar year following the year of the initial payment date, and concluding the year of the 25th anniversary of the issuance of the first Temporary Certificate of Occupancy for the Project. The Mobility Contribution may be utilized for any desired enhancement, either capital or operational, of the City's trolley system including the improvements recommended by the Project's traffic consultants, which are summarized in the attached Exhibit J, or improvements to any future public transportation system or technology that may replace or accompany the trolley system. The amount of this Mobility Contribution shall be credited against any future fee on development for the same purposes that may be legislatively adopted by the City and enforced against the Project. Prior to using the Mobility Contribution for an expenditure that is not in Exhibit J, the City will obtain an opinion of a qualified transportation or mobility expert that the alternative expenditure provides equal or better access to the Project, and equal or better circulation between the Project and the Central Business District than the improvements specified in Exhibit J. In the event that a list of the expenses and amounts for which the Mobility Contribution is spent annually is not available through a public records request to the City, then the City shall provide such a list to the Owner within a reasonable time after a written request.~~

~~Failure to timely make the agreed upon annual payments of the Mobility Contribution may trigger liquidated damages for delay as follows, as determined by the City Manager:~~

~~(a) Payments that are 10 or fewer calendar days late: No liquidated damages;~~

~~(b) Payments that are 11—30 calendar days late: Shall be accompanied by liquidated damages of \$1,000 per day late, up to a maximum of \$30,000; and~~

~~(e) Payments that are more than 30 calendar days late. Shall be accompanied by liquidated damages of \$5,000 per day late, up to a maximum of \$250,000.~~

Section 2.16. Traffic Improvements. Prior to the issuance of the first Temporary Certificate of Occupancy for the Project, Owner shall complete all traffic improvements recommended by the Traffic Study prepared by Kimley Horn and Associates and dated May 18, 2015. City Commission Ordinance No. 15-3842 requires that certain follow up analyses take place after issuance of the first Temporary Certificate of Occupancy for the Project. Within one year of City receipt and approval of these follow up traffic analyses, the Owner shall complete the traffic improvements, if any, recommended by said follow up analyses.

### ARTICLE III. LAND USES, PROJECT QUALITY AND ASSURANCES

Section 3.1. Land Uses. The Owner and the City agree, during the term of this Agreement, to devote the Property and the Owner Improvements only to the uses specified in this Agreement and to be bound by and comply with all of the provisions and conditions of this Agreement. However, nothing contained herein shall be or be deemed to be any contract or agreement by the City, in its municipal capacity, to grant approvals for the Project or with respect to any zoning decisions affecting the Project. For additional consideration given, the sufficiency and nature all of which is hereby acknowledged, the Owner hereby agrees that this Agreement does not constitute contract zoning or contract planning prohibited by Florida law, and the Owner hereby waives any claim, pleading, or affirmative defense that this section or this Agreement constitutes prohibited contract zoning or contract planning.

Section 3.2 Character and Operation Standards of Property and Owner Improvements. The parties recognize and acknowledge that the manner in which the Project is developed, operated, and maintained is a matter of critical concern to the City. The Owner hereby agrees to develop, redevelop, operate, repair, rehabilitate, demolish, and maintain the Project and all other property, whether real or personal, and equipment located thereon which are owned, leased maintained, or subject to the control of or by the Owner in good order, condition, repair and appearance and in a manner consistent with (i) presently existing comparable projects (such as “The Village of Merrick Park” located in the City, “Mizner Park” located in Boca Raton, Florida, and “CityPlace” in West Palm Beach, Florida ); (ii) the operational standards set forth in the exhibits attached hereto, including but not limited to **Exhibits C, E, F, G, I and L**, (collectively the “Operational Standards”); and (iii) in compliance with all Governmental Requirements. To help accomplish this result, the Owner will establish reasonable rules and regulations incorporating the Operational Standards governing the use and operation of the Project in order to assure the level of quality and character of operation of the Project required herein, and Owner shall use all reasonable efforts to promptly and immediately enforce such rules and regulations.

### ARTICLE IV. AGREEMENT AS COVENANT; PERFORMANCE AND DEFAULT

Section 4.1. Agreement as Covenant or Equitable Servitude. Anything to the contrary herein notwithstanding and without limiting the generality (and subject to the limitations) hereof, it is the intention of the City and the Owner (as Owner of the Property and the Project) that the provisions of this Agreement shall constitute covenants running with the land and with title to the Property, or as equitable servitudes upon the land, as the case may be. If any covenant or

Said surety bond or other form of security may be acted upon by the City Manager in the event of either (a) the damage described above to the Arts Center Building, residence or adjacent City property and infrastructure which is not repaired by Owner within 30 days of notice, or (b) a complete cessation of construction activities on the Property, as evidenced by the passing of more than 180 days without receiving approval of an inspection of construction work on the Property. Owner shall be granted such additional time as is reasonably required to repair such damage for which it is responsible under this Subsection 11.21(i) so long as Owner is diligently pursuing efforts to repair the damage, such as applying for building permits and other governmental permits and/or applying for insurance proceeds to fund such repairs or restoration.

(ii) Security for Restoration of Property if Project is Abandoned. ~~The~~Within 60 days of execution of this Amended Development Agreement, the Owner shall provide to the City a surety bond or other form of security deemed acceptable by the City for the estimated cost of the full restoration of the Property, including (1) filling any excavated areas, (2) installation of sod and landscaping to City Code standards, and (3) the removal, restoration, or completion of partially constructed buildings and structures as agreed upon by the City and Owner for the purposes of ensuring public safety and maintaining the appearance of the Property and (4) removal of all construction fencing. The phrase “cessation of construction activities on the Property” means (A) a failure to complete substantial work on the Project for a cumulative total of ninety (90) business days (excluding weekends and national holidays), or (B) progress in constructing the Project on the Property that is valued at less than five (5%) percent of the total value of the Project in any six-month period; and

(iv) Bond Requirements. If the City in its discretion accepts a surety bond, the Owner and the surety shall be jointly and severally liable under the terms of the bond. The bond shall be issued by a surety having a minimum rating of A-1 in Best’s Key Rating Guide, Property/Casualty Edition; shall be subject to the approval of the City Attorney; and shall provide that: “This bond may not be canceled, or allowed to lapse, until sixty (60) days after receipt by the City, by certified mail, return receipt requested, of a written notice from the issuer of the bond of intent to cancel or not to renew.”

(v) Security for Construction of Offsite Improvements. ~~Prior to issuance of the foundation permit for the Project~~ Within 60 days of execution of this Amended Development Agreement, the Owner shall provide to the City a surety bond, or other form of security deemed acceptable by the City, in an amount that is one hundred fifteen (115%) percent of the estimated total hard and soft cost of all Offsite Improvements, to secure construction of such Offsite Improvements within the time periods established in **Exhibit B** and as otherwise required by this Agreement or in the event that the Project is abandoned.

(vi) Insufficiency of Security. If a bond or other security proves insufficient to complete the improvements or restoration covered, the City shall have the right to finish all work by creating a special assessment district, and assess the amount of the additional funds required against the Property after notice to Owner and expiration of the applicable grace period. Owner hereby expressly consents to the creation and imposition of a special assessment loan against the Property for this purpose.

(vii) Master Bond. Upon the authorization of the City, Owner may substitute a master surety bond or other form of security deemed acceptable by the City, which may include, in part, a general contractor’s completion bond, in lieu of the various separate bonds that secure the Owner’s various obligations required under this Agreement to be secured by a surety bond. With the approval of the City, the amount of the surety bond(s) may be reduced from time to time as the work or obligation secured by such bond is completed or the risk secured by such bond is eliminated or reduced.

(viii) Security for Temporary Safety Improvements. Within 60 days of execution of this Amended Development Agreement, temporary safety improvements for the rights of way

abutting the Property and the Property, as agreed to with the Public Works Department shall be completed. Owner shall provide to the City a surety bond, or other form of security deemed acceptable by the City, in an amount of the estimated costs of the agreed upon temporary safety improvements upon execution of this Development Agreement.

Section 11.22. Enforcement of Agreement. Except for claims of discrimination pursuant to Section 5.2, parties to this Agreement, and their successors and assigns, shall enforce this Agreement as provided in this Section 11.22. This section shall not be interpreted as a pledge of *ad valorem* tax or other revenues.

(i) Change of Laws. This Agreement is enforceable by any party to this Agreement as provided in the Community Planning Act, Part II, Chapter 163, Florida Statutes, despite a change in the applicable general or specific plans, comprehensive planning, zoning subdivision, building, or other land development regulations adopted by the City which alter or amend the rules, regulations or policies governing permitted uses of the land, density, intensity, or design.

(ii) Institution of Legal Action. In addition to any other rights or remedies, any party hereto, or their successors and assigns, may institute legal action to cure, correct or remedy any default, to enforce any covenants or agreements herein, or to enjoin any threatened or attempted violation thereof; to recover damages for any default; or to obtain any remedies consistent with the purpose of this Agreement, in accordance with Article IV. Enforcement of this Agreement may be by the Owner or the City, and may be accomplished by any proceeding at law or in equity against any Person or Persons violating or attempting to violate any provision hereof, either to restrain a violation, to seek specific performance, or to recover damages. However, neither Owner nor City will be permitted to obtain damages for, and the Owner and City hereby waive, all rights to claim punitive, incidental and consequential damages against the other. Failure to enforce any covenant or provision herein contained shall in no event be deemed a waiver of the right to do so thereafter. The City shall not be obligated or bound to enforce any of the covenants or provisions herein or be liable to or for any Person or Persons for non-enforcement.

(iii) Venue. Such legal actions must be instituted in the Circuit Court or County Court, as applicable, of the County of Miami-Dade, State of Florida, or in the Federal District Court in the Southern District of Florida.

Section 11.23. Interpretation. All of the parties hereto have had the opportunity to consult with legal counsel and to participate in the drafting of this Agreement.
