Ref item I-10. 21-2855 Cardboard
August 24 Commission Meeting

I provide support for educating residents on cardboard disposal.
I believe the city missed a recent opportunity to educate citizens.
For the city distributed a flyer on the "Recycling Program". They should have stated in this flyer 1. That income from recycled materials help offset taxes& fees.
2. That the city will not pick up cardboard left with swale trash!
Both statements would for free have provided added incentives.
Please share these comments at the Commission mtg. Thanks James Berlin. 737 Tibidabo Ave
