You are correct I just noticed I added one that was already finalized so you can ignore that one. Thank you I appreciate it.

Since I'm talking to you, I need to pay for the electrical permit but I can't do it online, would you be able to send me a link?

It is okay. You or the owner can ask all questions necessary, I am here to answer all questions. All the permits I attached are still open and need to be finalized in order to satisfy our violation. Remember this violation building from the building department.

Thank you.

The letters are occurring since the permits are still open, that is part of the violation. Once all permits have been finalized our case violation case closes. I've attached the ones that remain open.

Hello. Thank you for the heads up. But let me ask you, I submitted the electrical permit application last week just waiting to pay.

Does she continue to get these hearting letters because we haven't called an inspection?

Amparo -

I submitted the permit extension a few weeks ago. It is being held up by some questions from the building official that I have addressed. Is there a way you can check on this please?

I don't want my client to receive a violation.

Also, would you happen to know if we could use a Private Provider to finish the hom quicker? Being that there was a violation on the property.

Thanks for all your help.

Best,

Arlene Perez
