She went on to state that she has been the Director of Dade Heritage Trust for about three years and that Coral Gables is a wonderful example for our County of how historic preservation should be done, and it should be done as an asset for us, but it needs to address communities, as we evolve, it needs to be progressive and Coral Gables is an example of that. She then thanked the City Commission for all their good work. Mayor Valdes-Fauli thanked Ms. Rupp and asked whether it was true that Coral Gables House or Merrick House is the house that gave its name to our City, Coral Gables. Ms. Spain concurred that it is. It has a coral gable, so if you drive by on Coral Way and you look at it, it has a gable made from coral.

City Clerk Item No. 85

L. DISCUSSION ITEMS

Mayor Valdes-Fauli: I have two items, discussion items. I would like for us to entrust our reliable and wonderful City Attorney to write a letter to FEMA - no, no, to our Congressional Delegation and to our Senators, discussing the lack of payment by FEMA. If you can, in that letter state the facts, the hurricane, etc., and how we have complied with every single item requested by them. How we have answered every relevant question and we are still not paid, and hurricane season starts in 16-17 days. If there is a hurricane what's going to happen? It has been two years and we still have not been reimbursed.

City Attorney Ramos: Yes sir.

Mayor Valdes-Fauli: The second item and it's a very important one is that, as of today we don't have a Vice Mayor because I never appointed you and I hereby appoint you as Vice Mayor.

Vice Mayor Lago: Thank you. Thank you, sir. I appreciate it. Thank you for the honor. Thank you.

City Manager Iglesias: Mr. Mayor I'd like to introduce two new members of our team, Jose Oliveros as Assistant Director for CIP and Zeida Sardinias as our new Economic Development Asset Manager.

Mayor Valdes-Fauli: The good thing is that you didn't steal them from any other surrounding city, right?

City Manager Iglesias: I'm not commenting on that.

Mr. Oliveros: Thank you for the introduction, Mr. Manager.

Mayor Valdes-Fauli: Tell us a little bit about yourself.

Mr. Oliveros: I come from the City of Miami, Capital Improvements. Thank you for the introduction. I'm very happy and grateful for being here. I'm looking forward to coming back to discuss new and exciting projects for the City. Thank you.

City Manager Iglesias: He's a civil engineer and I think he'll add a lot of experience to

our Capital Improvement Managers and he was in charge of that in the City of Miami prior to coming. So, he's a very experienced person and Zeida comes from the City of Doral and we are happy to have her here.

Ms. Sardinas: Good afternoon, Mr. Mayor and Commissioners, very glad to meet everybody today. I've met the staff and I'm excited to be here and hoping to contribute to the team. So, thank you.

Mayor Valdes-Fauli: Thank you very much.

Commissioner Keon: Thank you.

Vice Mayor Lago: Thank you.

Commissioner Mena: Welcome.

Mayor Valdes-Fauli: Any other item to come before the Commission?

Vice Mayor Lago: I do have a few items. I'll make it brief. I'll make it brief.

Commissioner Keon: I have a couple things too but go ahead. No, no, no, please go first, you started.

Vice Mayor Lago: Very quickly. The first item is with you. I'm looking forward to the Mayor's City Address next week. I think it's going to be interesting. I look forward to it. We haven't had it in sometime, so I think it's something important that we start doing. So, I hope that everybody comes and attends and make it standing room only. I have a few just simple housekeeping items. The entrance features on Coral Way and 57th Avenue, the lights have been out for some time now. The actual globes are missing, so I want to make sure we address that. We also have some streetlight issues. I know it's not our responsibility, but near Bird and Granada and near Bird and 57th Avenue. Since Irma they've been down, not only the lights, but also the poles. What other issues? Yes. I'd like to call for a workshop or a Sunshine Meeting whoever would like to attend, with the South Miami Mayor to discuss the 57th Avenue Corridor, with our staff, the elected officials to see what we could potentially do. I know it's years away, but I think it's a good time to start putting out our vision for that area and working collaboratively with the City, because they are going to do a massive project. What was the place called, the Bakery Center?

Commissioner Keon: The Bakery Center - Sunset Place.

Mayor Valdes-Fauli: I would call for you and the Mayor of South Miami or you or whoever, to come up with a plan before having a Sunshine Meeting and each of us going in 15 different directions, come up with a plan and I'm sure it would be a good one and we can discuss it.

Vice Mayor Lago: I just want to be clear, the reason why I said Sunshine Meeting is I want to be clear with our City Attorney. I don't sit on the TPO with him, I just want to be clear.

City Attorney Ramos: You can meet with the Mayor of South Miami without anybody else here.

Vice Mayor Lago: Let me put it out there. There may be some procurement in the future, there may be some City money involved. I just want to be clear, that if I'm talking about the future and I'm going to bring it back to this Commission, I just don't want to have any issues.

City Attorney Ramos: If your colleagues aren't there, you're good.

Mayor Valdes-Fauli: Anything else?

Vice Mayor Lago: That's it.

Mayor Valdes-Fauli: Commissioner Fors, hopefully nothing.

Commissioner Fors: Nothing.

Mayor Valdes-Fauli: Commissioner Keon.

Commissioner Keon: We had a very good meeting last night at the museum with the Flagler Neighborhood Association...and helping them. The Flagler Neighborhood Association, which is that area north of 8th Street, between north and...8th Street that goes up to Flagler, and we were looking at them for well over a year, two years now on some different projects and Ramon was there, and it was a very good meeting in helping them to identify priorities. There was something that came out

though in the meeting. Apparently, there is a homeless woman that spends a great deal of time in that area and she uses the public rights-of-way usually to go to the bathroom and leaves her waste and different things, and we haven't been particularly effective in helping to move her to a place where she could have some treatment. Now, I know that we purchased beds at one time, and we had that with Camillus House. Camillus House is a facility primarily for men.

Mayor Valdes-Fauli: Where is it?

Commissioner Keon:...in addition to - most of the treatment centers are - I would like us maybe, in addition to Camillus House, if we could look at shelters or programs that also assist women, I know Lotus House is one of them, but I don't know that that is appropriate for them, but if we could find maybe an additional resource that is also specific for women, we would look into it. Now, I don't know who would do that. I'll ask the Manager to look into that. If you could just look into it and come back and see what would be involved in that, because I am noticing more and more homeless women. Just let us know what the responsibility or feasibility of doing that is. The issue with traffic enforcement - people in FedEx trucks and everything else continue to park on the swale, and I see the police sitting there oftentimes in their SUV's doing their notes or whatever, instead of moving them. Would you please talk to the Police Department about the enforcement? Apparently, someone said something to one of the FedEx trucks and they told them that they weren't aware of it, or the police officer that they were supposed to move them, and they said, oh, they weren't aware of it. If you could just give them - have a conversation. That's all. Thank you.

Vice Mayor Lago: I forgot to mention one thing quickly. The signage, and I've mentioned it before, in front of Doctor's Hospital and Coral Gables High, it's a little bit deteriorated. I wanted to see if we could have staff make that a point. I know Commissioner Mena has mentioned that before. So, let's look at just Doctor's Hospital and signage for also Coral Gables High. I'm not talking about going out and cite them, just let's work with them. Figure out what's going on. Maybe they are in a timeframe where they are redesigning, or they already ordered the sign.

Public Works Director Diaz: Just really quick. We do have a project to improve certain signage, I believe that's one of them.

Vice Mayor Lago: Both - Coral Gables High and Doctor's Hospital?

Public Works Director Diaz: Doctor's Hospital, Coral Gables High, I believe so, but I'm not sure, definitely Doctor's Hospital.

Vice Mayor Lago: You have a timeframe for delivery?

Public Works Director Diaz: Not yet. Some of them are on a State road, so we are trying to figure out how we are going to go around that one, because they may say you can't have it there anymore.

Vice Mayor Lago: Thank you.

Mayor Valdes-Fauli: I have one last item, very, very last; and it's an invitation today at 5:30 at the Biltmore, and that a resident of Salamanca is going to announce that they are going to open a facility here, an extended educational facility here. It is one of the oldest universities in Europe and we should be very proud that they have chosen us, and you are all invited, the Biltmore, 5:30.

Commissioner Keon: Where at in the Biltmore?

Mayor Valdes-Fauli: Thank you very much.
