Letters Received from Property Owners – Planning Department  
Application No. 09-10-120-P (University of Miami – Abandonment and Vacation of Non-Fee Interests)

|    | Date Received | Name and Address                                                                           | Object | No Objection | Comments (Verbatim)                                                                                                                                                                                                           |
|----|---------------|--------------------------------------------------------------------------------------------|--------|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | 11 03 10      | Ruth W. Mims                                                                               | X      |              |                                                                                                                                                                                                                               |
| 2. | 10 26 10      | Dr. Ted Aidman, PHD<br>8325 Cheryl Lane<br>Miami, FL 33143                                 | X      |              | If in anyway there is any blocking of my building of 1530 Levante Ave. and my accompanying vacant lots in which there may be planned building, I need to be reassured that there will be <u>no</u> blockage of Building plans |
| 3. | 10 26 10      | Priscilla R. Helmers<br>1439 Urbino Avenue<br>Coral Gables, FL 33146                       |        | X            |                                                                                                                                                                                                                               |
| 4. | 10 26 10      | Wm. R. Middelthon, Jr.<br>1441 Baracoa Avenue<br>Coral Gables, FL 33146                    | X      |              | Public streets inside campus should not be abandoned. Streets should remain open. I cannot imagine a valid justification for this.                                                                                            |
| 5. | 10 26 10      | Rose Landou<br>1205 Mariposa Avenue<br>Apt. 226<br>Coral Gables, FL 33146                  |        | X            |                                                                                                                                                                                                                               |
| 6. | 10 26 10      | Robert E & Elizabeth<br>Gallagher, Jr.<br>1137 Campo Sano Avenue<br>Coral Gables, FL 33146 |        | X            | We strongly support & endorse the application of the University of Miami and urge the Planning & Zoning Board's approval & recommendation to the City Commission.                                                             |

Exhibit **D**
