Hi Carlos,

I hope you enjoyed your vacation. We are the Landlords for the above address. We understand one of the tenants has a \$250 accruing fine for an open permit. They have notified us that DERM will take as long as 8 months to approve the work needed to resolve the issues and close the permit. We would like to be added to the board meeting for September to have the fines put on hold while DERM reviews and approves the work. Please feel free to give me a call to discuss.

Thank you,

Phil Padron
