A date has not been determined for the forum but it will most likely take place at the end of Feb. Forum will be virtual.

C. NEW BUSINESS

- C-1 Miami-Dade County Public Schools Update (Facilitated by Mari Tere Rojas, School Board Member)

Recently a 500 Role Models event was held in commemoration of Dr. Martin Luther King; event sponsored by Congresswomen McCollum. Over 1,500 were in attendance. Many elected officials were also present. Event proved to be a good opportunity to discuss the need for and importance of mentoring students, to let them know that someone is there to help and guide them.

Immigration status in South Florida:

- There is a large number of new students coming into the school system. This situation was discussed at a recent School Board Meeting. The Superintendent also provided a workshop for School Board Members.
- The number of incoming students changes on a day-to-day basis. The last report on the numbers shows close to 3,000 Cuban immigrant student entering the Miami-Dade County school system. A more recent report indicated that the number is now closer to 7,000. These numbers are not including other nationalities such as Haiti, Venezuela, Colombia, and Nicaragua. The School Board is prepared to address this issue and current students will not be affected.
- The latest number received as of January 10, 2023, of immigrant students entering the school system are as follows: Cuba: 7, 088, Haiti: 373, Nicaragua: 996, Venezuela: 866.
- Prior to Covid and the current immigration influx, there was already a human capital shortage when it comes to teachers. Less students are going into the education field; this is not only happening in Florida but also throughout the country. It's important that teachers are duly compensated; they must feel valued and appreciated. The School District is being innovative in the manner in which recruiting is done. It is important to reward teachers and ensure salaries are comparable with other careers.
- Four R's. Recruitment, Retention, Reward and Respect.
- Although not currently in a crisis mode, a crisis is possible. Additional services in ESAL and free/reduced lunch programs will be needed and are being looked at.
- Board Chair is scheduled to travel to Washington and Tallahassee to address funding issues for program implantation.
- Important to be proactive instead of being reactive to ensure that students receive the best quality education they can have.

ABC Update:

- This process is currently taking place. At this time only the targeted schools are being looked at.
- Carver Elementary, Coconut Grove and Coral Gables Preparatory are on advisory.
- Chairperson Chang asked if all three of these schools were under advisory for the same reason. School Board Chair states that there are different reasons but the main reason is the quantity of students. Many buildings are coming online which will eventually lead to more students.
- Board Member Joseph comments that he is happy to hear that George Washington Carver is under advisement, as a few years ago they were under populated. This is a success. It's one of the best schools.
- Board Chair Rojas indicated that Tucker is no longer in her district.
- They are looking closely at the number of students at these schools.

Teacher of the Year event is scheduled for January 31. Event will be at Doubletree Airport Hilton Hotel. This event is opened to anyone that would like to participate.

Proffered School Board Items:

- **B-6:** Request Approval of Resolution No. 23-004 of the School Board of Miami-Dade County, Florida. Recognizing Ms. Rebeca Sosa, Former Miami-Dade County Commissioner Representing District 6 and Retired Miami-Dade County Public Schools (M-DCPS) Educator.
- **Revised H-5:** School Board Confirmation of Appointment to the Miami-Dade Value Adjustment Board (VAB).
- **H-6:** Miami-Dade County Public Schools Temporary Instructors Task Force – Recruitment, Engagement, and Retention.
 - There is a serious shortage of substitute teachers, and this task force will work to find solutions. Due to the lack of teachers, currently classes such as music, Spanish and other classes are being cancelled. A solution must be found. This is a nationwide situation. Salaries have been raised for substitute teachers, but other items such as school locations continue to detract applicants.
