Luke Jerram's "Museum of the Moon"

With the real moon as its backdrop, Coral Gables will host a celestial art experience with "MOON Over The Gables"

Launching March 9th, MOON over the Gables brings internationally renowned "Museum of the Moon" by UK artist Luke Jerram to Ponce Circle Park.

The Moon - 23 feet in diameter replica of the moon featuring NASA imagery of the lunar surface. Presented by the Coral Gables Community Foundation and the City of Coral Gables, the same team that brought the popular [Umbrella Sky](#) experience.

Over its lifetime, the "Museum of the Moon" exhibit has traveled from the UK to Milan, Tokyo, and Iceland to inspire and entertain more than 20 Million people worldwide.

Community Impact & Value

Ponce Circle Park will become the center of activity through a strategic and coordinated injection of art and activity, providing unique and free experiences for the entire community.

A City in North Carolina with similar demographics to Coral Gables exhibited the Museum of the Moon for nine days drawing 40,000 visitors and leveraging a \$2.4-million-dollar economic impact for the community.
