You Can Help the City Lead by Example! Skip the plastic straws and stirrers.

Why? Because 5 minutes on your drink can mean 500 years in our ocean.

If we don't stop it now, there will be more plastic than fish in the ocean by 2050.

Use non-plastic alternatives and only offer straws upon customer request.

Special Events Accessibility Checklist

The City of Coral Gables strives to ensure that special events that take place in the City's parks or buildings are accessible to individuals with disabilities. It is the Permit Applicant's responsibility to comply with all federal, state and local accessibility requirements, including the Americans With Disabilities Act (ADA), based on the scale and type of special event.

The following checklist is intended to be a planning guideline for the Permit Application, but may not be inclusive of all federal, state, and local accessibility requirements. Upon request, the City's ADA Coordinator is available to assist the Permit Applicant with questions concerning accessibility or reasonable accommodations: ADA Coordinator (E-mail: ada@coralgables.com, Telephone voice: 305-722-8686; TTY/TDD: 305-442-1600).

I. PHYSICAL ACCOMMODATIONS

Parking

- The event cannot block access to public parking spaces designated for individuals with a disabled parking permit.
- If parking is provided for an event, accessible parking should be provided (at least 1 accessible space for every 25 parking spaces).
- Accessible parking spaces should be available near the accessible entrance(s) to the event.
- If no parking is provided for an event, an accessible passenger loading and unloading zone should be provided near the event's accessible entrance and marked as such.

Entrances

- The main entrance to the special event should be accessible. Accessible entrances are entrances that do not require the use of stairs and do not have elevation changes of more than ¼ inch vertical or ½ inch beveled.
- Accessible entrances should have readily identifiable accessible routes to accessible restrooms and accessible seating/viewing areas.
- Signs directing attendees to accessible entrances must be provided.
- Recommended:* Provide an early entry time and an alternative entrance line for individuals with disabilities in order to decrease the amount of time spent in line.

Routes and Paths of Travel

- Accessible paths should be at least 36 inches wide with no protruding objects.
- Accessible routes to access the event should be stable, firm, slip-resistant. A portable surface (such as a Mobi-Mat or AccessMat) may provide a path over grass, sand or loose gravel.

Initials RG

- Accessible routes should not have changes in level that exceed ½ inch. A portable ramp may be provided to reduce changes in level along the routes.
- Accessible routes should be provided from accessible parking areas and from the passenger loading and unloading zone to an accessible event entrance.
- Accessible routes should be provided within the event (as much as possible) to allow barrier free access to event areas.
- The accessible route should be clear and unobstructed. All cords, wires, hoses, etc., that are located within an accessible path of travel must be ramped or placed within a cord cover.
- Accessible routes should be clearly marked.

Restrooms

- If the event is using existing restroom facilities at a City park or building, the event should provide signs directing attendees to the accessible restroom facilities (if not all restrooms are accessible).
- When portable toilet facilities are provided:
 - The following number of portable toilets should be wheelchair accessible: at least 5% of the total number of portable toilets, but at least 1 unisex portable toilet or 1 each male and female portable toilet.
 - The accessible toilet(s) should be located on a level area not to exceed a 2% slope in any direction and on a firm surface (i.e., not sand, grass or loose gravel).
 - An accessible route to each accessible portable toilet should be provided.
 - Accessible portable toilets should be identified with the international symbol of accessibility.

Food

- Recommended:* If food is provided or sold during the event, consider options for participants with common dietary restrictions (e.g., gluten, low sodium, lactose-free) or food allergies (e.g., peanuts).

Counters and Tables

- Sales or service counters provided for special events, including the registration counter, should include at least one accessible counter. (This includes a table/desk used as a counter) Additional accessible counters and tables may be required depending on the total number of counters.
- Accessible counters should be no more than 34" from the ground and at least 36" wide.
- If tables are provided as dining or work surfaces for event participants, 5% of the total number of tables (but a minimum of one (1) table) should be accessible.

Dimensions of an accessible table: 30" x 48" clear floor space, 27" bottom knee clearance, 17" horizontal projection, and surface height of 28"-34" from the finished floor.

Initials RG

Seating/Viewing Areas

- Accessible seating/viewing areas should be provided for presentations or performances (such as concerts or parades) and allow for at least one companion to accompany the person(s) with disability.
- Identify accessible and companion seating/viewing areas using the international symbol for accessibility.
- Accessible and companion seating/viewing areas should have accessible routes from accessible entrances and to accessible restrooms. Identify accessible routes with the international symbol for accessibility, including directional arrows.
- The accessible seating area should be located to provide a clear and unobstructed line of sight for the performance/presentation.

II. COMMUNICATIONS

Designation of Event Accessibility Coordinator

- Each special event must designate at least one (1) person as the “Accessibility Coordinator,” who is responsible for overseeing the accessibility of the event, handling requests from the public for reasonable accommodations related to the event (including the registration process), and ensuring that staff and volunteers are knowledgeable about the event’s accessible features and of who to contact if an accommodation request is made on the day of the event.

Websites and Written Material

- Provide notice on how to request an accommodation on event websites and in registration/information/promotional materials:
Sample notice language: Accessibility Notice: The [Name of event] welcomes individuals with disabilities. To request assistance in registering for this event or to request an accommodation to participate in this event, please contact [Name of Accessibility Coordinator, email, telephone] at least [Number] days in advance of the event.
- If a map or visual representation of the event layout or activities is provided on a website or in printed materials, show the location of accessible routes, accessible restrooms, accessible seating/viewing areas, accessible parking or passenger loading/unloading zones, and the locations of the nearest public transportation stops.

Registration

- Event personnel should be prepared to assist an individual with disability in registering to participate in the event. For example, if all registration is on-line, but a blind or visually impaired individual is unable to use the event’s website, the event personnel should assist the individual to register using an alternative format.
- The Accessibility Coordinator and at least one (1) person responsible for registration and check-in should be knowledgeable about the accessibility options for individuals attending the event.
- An individual with a disability may be assisted by a personal care attendant (no admission or registration fee for the attendant).

Signage At Event

- Use language that is clear and easy to read.
- Use contrasting colors (e.g., black type on white background).
- Use large font size and no more than 2-3 font types. Provide 1.5-2.0 line spacing.
- Place in visible locations at height of 48-60 inches above the floor.
- If not all areas of the event are accessible, signs can direct individuals to the location of accessible entrances, routes, service locations and restrooms.

Communication Accommodations for the Deaf and Hard of Hearing

- If a deaf or hard of hearing participant requests communication assistance to attend an event involving a performance or presentation, the event's Accessibility Coordinator should communicate with the requestor in advance to determine the form of assistance needed: sign language (e.g., American Sign Language (ASL), Signed English, Signed Exact English), real-time captioning, note-taker or other.
- If a sign language interpreter will be located on a stage, a reasonable amount of the seating/viewing area directly in front of the interpreter should be reserved for deaf and hard of hearing individuals and at least one (1) companion.
- Video that is part of the special event should be equipped with captions for participants who are deaf or hard of hearing.
- If amplified sound is used, provide assistive listening devices upon request.

III. SERVICE ANIMALS

Service animals should be permitted to accompany individuals with disabilities at the special event. At the City, a service animal is defined as any dog or miniature horse trained to do work or perform tasks for the benefit of an individual with a disability. These tasks may include, but are not limited to, guiding a person who is visually impaired or blind, alerting a person who is deaf or hard of hearing, pulling a wheelchair, assisting with mobility or balance, alerting and protecting a person who is having a seizure, or retrieving objects.

Individuals attending the event must retain control of their service animals at all times and are responsible for any damage to property or persons caused by their service animals. The Permit Applicant may exclude or remove a service animal from the event if the animal is not controlled, if the animal is not housebroken, or if the animal's behavior causes a direct threat to the health and safety of others. The Permit Applicant is not required to take control of service animals or provide food or water for the animals.
