[Note for the Record (Agenda Item E-1): Following Interim City Manager Maria Jimenez' reading of the title to Agenda Item E-1 into the public record, and after said matter was brought back, after having been tabled earlier during the morning session, after failure to reach a consensus earlier as to whether said matter could be brought back from the Historical and Environmental Preservation Board expeditiously, without imposing an additional burden of another fee on the applicant, for said appeal, it was agreed upon by both parties to the action (both the City's HEP Board and Kelly and June Marcum), to have the appeal remanded back to the Historical and Environmental Preservation Board, on the assurance that the City would refund the applicants appeal, if there is a determination that they do not have to go forward again with another appeal action for further clarification; further stipulating that said applicants' permit would be extended to allow for the time period, in order that they would not have to reapply for the permit.

Questions, Issues, Inquiries and Concerns by the City Commission: Commissioner Cabrera inquired as to whether said appeal would be remanded back to the City's Historical and Environmental Preservation Board without any additional costs being incurred by the applicant?-further inquiring as to whether said matter can be brought back on an expedited basis, if needed].

(FUNDING SOURCE: INSURANCE FUND)

[Note for the Record: Following the reading of the title to Agenda Item H-4 into the public record, Interim City Manager Maria Jimenez requested of Mr. Don Nelson to address the Commission, whereupon Mr. Nelson stated that the following three resolutions addressed property, general liability, workers compensation and other types of insurance; further stating that none of said coverage issues addressed employee group insurance; further stating that the City issued an RFP in connection with property insurance coverage for three years, with two additional two year renewal options (Note: there were three responsive bidders, and one bid which was found to be non-competitive, namely Brown and Brown, said bidder which submitted a bid for only property; further stating that now, the City Manager seeks authorization to negotiate and execute a contract with AON Risk Services, Inc. of Florida for Property Insurance Coverage.

Mrs. Adler, Human Resources Director further noted that our city's primary property coverage was up to \$25 million, and our total insurance values are now up to \$210,138,597.

Questions, Concerns Inquiries from the City Commission: Commissioner Withers inquired of Mrs. Adler as to why did the City receive notice of a rate increase?-whereby Ms. Martha Roy, our property broker stated that the 9.1% rate increase is twofold: three percent is attributable to our overall increase in property values, and that the additional seven and three quarters percent is attributable to the market situation in Florida, along with the lack of property capacity at this time.

Roy further stated that 7 ¾% premium /fee rate increase is the minimum, what we are

experiencing right now is an increase anywhere from 10% to 20% ; further stating that she has been able to obtain approval from our carrier to hold the line, and that is the actual increase in itself; further adding that part of our premium/fee increase is attributable to the premium increase in the primary property premium.

Vice Mayor Kerdyk stated that there has been a thirty percent increase in the assessed values of our properties; further noting that he has not seen a list of what the City has increased its rates to, and that should have formed part of our supportive documentation.

Commissioner Withers inquired as to whether or not some of those properties will include those that are located within Enterprise Zones, where they are requested to carry their own insurance?-further noting that if said properties are removed from the list, then why is the City requested to insure same?-further inquiring as to whether tenants are required to maintain insurance?-whereupon Ms. Roy added that our rental properties are part of this list, tenants are required to carry insurance only for the contents.

Vice Mayor Kerdyk stated that last year we witnessed a stabilization of rates, but rates have decreased. Finance Director Don Nelson stated that not having a hurricane has helped to stabilize the market. Mayor Slesnick stated that his rates had in fact gone up].

[Note for the Record: Following the reading of the title to Agenda Item H-5 into the public record, Interim City Manager Maria Jimenez requested of Mrs. Marj Adler to address the Commission, whereby Mrs. Adler stated that the policy for the casualty line of insurance coverage is also similar to the coverage that the City previously had; further outlining the policy premiums as follows: Public Entity Package (\$737,320); Excess Liability (\$105,890); Excess Workers Compensation (\$386,775) Insurance Brokerage Fees (\$135,000), and Total Premiums and Fees (\$1,364,985); further noting that there has been a dramatic decrease in Excess Workers Compensation Premiums/Fees (a 59.8% reduction (\$231,507); further stating that every four to five years, the City has a major workers compensation event, which reflects a reduction in the rate].

(FUNDING SOURCE: INSURANCE FUND)

[Note for the Record: Following the reading of the title to Agenda Item H-6 into the public record by Interim City Manager Maria Jimenez, Human Resources Department Director Marj Adler informed the Commission that for some time now, the City has had seven insurance policies for the ancillary lines of insurance coverage that use to renew at various odd times throughout the calendar year; further stating that for the last several years, the City has been trying to send out the appropriate broker of record letters in order to assign and/or reassign the most competitive policies and/or ancillary coverage between AON Risk Services Inc. of Florida and Arthur Gallagher Risk Management Services, Inc., to evenly distribute the number of policies that each broker can handle, to better inform the City what our insurance premiums are.

Questions, Concerns, Inquiries, Comments from the City Commission: Commissioner Withers inquired of Mrs. Adler, through Interim City Manager Maria Jimenez, as to whether the City has done its due diligence of said companies, to ascertain if they are financially solvent; further inquiring as to what ratings does the City require?- further inquiring as to whether the brokerage firm monitors the insurance company throughout the term of their policy?--whereby Mrs. Adler stated she believes that the City requires an "A" rating; whereby Mr. Tony Abello (2100 Country Club Prado, whom has served as an insurance brokerage consultant since 1981 stated that his brokerage firm does not use a market that is not rated by Best as "A" or better; further adding that they do monitor the insurance companies throughout the term of their policy, pointing out that if they change their rating, then Mr. Abello's brokerage firm will so notify the City of same, and concomitantly look for an another alternative; further stating that if the rating shall fall below a certain level, then we shall inform the City of same; further stating that the duration for said contract with AON Risk Services, Inc. and Gallagher Risk Management Services, Inc., for the ancillary

Mayor Slesnick: Ms. Anderson.

Commissioner Anderson: Two things; it's about time that we take a look at and analyze the results from our over sized home ordinance to see that actually worked as we intended it, so I'd like an analysis performed; and the last thing would be to put in the issues of tracking of requested actions, I saw what was missing and I spoke with out City Manager, is to make sure that we put in the dedication for William Cooper for the park that's in his neighborhood there. That's it for me. Thank you.

Mayor Slesnick: Mr. Cabrera.

Commissioner Cabrera: Wanted to thank the City Manager as well as the City Attorney and the City Manager's staff for keeping us up to date on the situation as it relates to general growth, and the possible impact to the Village of Merrick Park, and so I want us to remain attuned to what goes on there and what effects if any, will have on the vitality on the Village of Merrick Park and the ability for it to continue to run it. So I just wanted to thank you and recognize your efforts and I also wanted to ask you to continue to keep us up all posted as to what occurs.

Interim City Manager Jimenez: OK sir.

Commissioner Cabrera: Thank you.

Mayor Slesnick: Mr. Kerdyk.

Commissioner Withers: Can I just follow up with that real quick?- was there a...and I might Liz' help, but did we require some kind of maintenance fund or sinking fund from them, Rouse, early on; if I remember there was a five hundred or eight hundred thousand dollar commitment in order if we did have to improve it or maintain it; does anybody remember; Bill do you remember anything like that?

Vice Mayor Kerdyk: No, I don't.

City Attorney Hernandez: No, I don't remember anything like that, but we are in the process of reviewing the lease and the leases with Nordstrom and Niemen, which are

separate and making sure that the City is fully protected.

Commissioner Withers: I thought we had done that.

Mayor Slesnick: Mr. Kerdyk.

Vice Mayor Kerdyk: I don't have anything.

Commissioner Withers: I just have one quick item. I reached out to Justin Prisendorf over the weekend, you know, you hear all the rumors about the demise of the Gazette and how they are going bankrupt, and they are going to be out of business, and it concerned me that if that was a fact that they do have years and years of fantastic photos, and archives, and history, so I don't know if its appropriate for the City to reach out to them to say, hey look, if there is an issue with your sustainability in the future, before you start dumping stuff in the trash cans, and shredding files, we would love the opportunity to grab those, because there is a lot of historic photos; they have documented a lot of events in the City, and maybe we can reach out to them and let them know that we are interested in maintaining those for our archives, just a suggestion.

Interim City Manager Jimenez: I'll do that sir. Mr. Mayor I had a quick item, if I may.

Mayor Slesnick: OK.

Interim City Manager Jimenez: If I can ask you all to pass this down, I'll appreciate it. This is something that we wanted to get your approval for, its temporary placement of three flags at each of our, actually one flag at each of our Fire Stations for the month of April, and in part campaign on donations - donate life, so I'd like to get your approval for that. It reads, a resolution authorizing temporary placement of three flags at City's Fire Station from April 1st through April 30th in recognition of Donate Life Campaign in the City of Coral Gables.

Commissioner Anderson: I'd be happy to make a motion.

Mayor Slesnick: Moved by Ms. Anderson.

Commissioner Withers: I'll second.

Mayor Slesnick: Second by Mr. Withers; any further discussion or questions? Can we see it?

[Ms. Marj Adler displayed flag for Commissioners to see].

Ms. Adler: [Inaudible - off mike].

Commissioner Withers: So this is being administered through the University of Miami?

Ms. Adler: Yes.

Commissioner Withers: Can you give me the name and number of that person sometime?

Ms. Adler: Yes.

Commissioner Withers: Because there is the organ donor group in the State of Florida, are they involved in this at all, do you know?- in the local group?

Ms. Adler: And help get people to sign.....the license.

Commissioner Withers: It's the same people with the license plate.

Ms. Adler: [Inaudible - off mike].

Mayor Slesnick: OK. Mr. Clerk

Vice Mayor Kerdyk: Yes

Commissioner Withers: Yes

Commissioner Anderson: Yes
