Application Request

The City of Coral Gables is requesting review and consideration of the following:

An Ordinance of the City Commission of Coral Gables, Florida providing for text amendments to the City of Coral Gables Official Zoning Code, Article 4, "Zoning Districts," Division 2, "Overlay and Special Purpose Districts," Section 4-201, "Mixed Use District (MXD)," amending parking requirements for ground floor uses, adding shared parking reduction standard reference, and adding LEED certification standards for new mixed use developments; providing for a repealer provision, providing for a severability clause, providing for codification, and providing for an effective date.

Background Information

In an effort to enhance the design quality of mixed use buildings and their environmental performance, City Staff is requesting the following Zoning Code text amendments to the requirements for Mixed Use District (MXD) developments: requiring Leadership in Energy and Environmental Design (LEED) standards; amending design regulations; amending parking requirements for ground floor commercial uses; and, including a reference to proposed shared parking reduction standards.

The first Zoning Code text amendment requested by City Staff will require all MXD projects to meet the standards of LEED criteria specified by the U.S. Green Building Council, or similar rating agency.

The second requested amendment will allow for the Board of Architects to approve minor adjustments to required MXD design regulations.

The third amendment reduces parking requirements for ground floor commercial uses and allows for a change of use to be reviewed and approved by the Development Review Official. The last amendment is to include a reference to the proposed shared parking reduction standards for MXD developments which will be considered by the Planning and Zoning Board as a separate Zoning Code text amendment.

Proposed Zoning Code Text Amendment

The proposed Zoning Code text amendments are provided below in ~~strike through~~/underline format and within the Draft Ordinance (see Attachment A).
