1	comments that have been said by legal counsel	1	MR. BEHAR: I'll be waiting outside.
2	and by Rhonda.	2	CHAIRMAN AIZENSTAT: All right. Let's
3	MS. ANDERSON: Yeah, and we have them on	3	continue the meeting.
4	the record.	4	Craig, if you would please read E-1.
5	CHAIRMAN AIZENSTAT: Okay. We have a	5	MR. COLLER: Okay. So this may be a
6	motion. We have a second. Any comments?	6	Read-a-Thon, but we might want to consider,
7	Call the roll, please.	7	since they're all connected, that we read them
8	THE SECRETARY: Rene Murai? Rene?	8	all in and have one public hearing. You're
9	MR. MURAI: Yes.	9	going to get tired of hearing my voice, so I'll
10	THE SECRETARY: Venny Torre?	10	give you your choice.
11	MR. TORRE: Yes.	11	CHAIRMAN AIZENSTAT: Yes, do so. Yeah,
12	THE SECRETARY: Maria Velez?	12	please read them altogether.
13	MS. VELEZ: Yes.	13	MR. COLLER: Okay. So everybody is taking
14	THE SECRETARY: Chip Withers?	14	a break now except me.
15	MR. WITHERS: Yes.	15	Okay. Item E-1, an Ordinance of the City
16	THE SECRETARY: Rhonda Anderson?	16	Commission of Coral Gables, Florida amending
17	MS. ANDERSON: Yes.	17	Ordinance Number 2015-08 (As amended),
18	THE SECRETARY: Robert Behar?	18	providing for a substitute public access
19	MR. BEHAR: Yes.	19	easement and new conditions of approval with
20	THE SECRETARY: Eibi Aizenstat?	20	respect to the previously vacated alley located
21	CHAIRMAN AIZENSTAT: Yes. Thank you.	21	in Block 3, Industrial Section, Coral Gables,
22	Robert.	22	Florida; providing for a repealer provision,
23	MR. BEHAR: Well, now is my time to leave.	23	severability clause, codification, and
24	I thought I was going to be here earlier	24	providing for an effective date.
25	MR. WITHERS: There you go. We did our best.	25	Item E-2, an Ordinance of the City
	Page 35		Page 36
1	Commission of Coral Gables, Florida approving	1	Division 5, "Planned Area Development," for an
2	receipt of Transfer of Development Rights	2	Assisted Living Facility referred to as
3	pursuant to Zoning Code Article 3, "Development	3	"Belmont Village" on property legally described
4	Review", Division 10, "Transfer of Development	4	as lots 12 to 31, Block 3, and the south 7.5
5	Rights", Section 3-1006, "Review and approval	5	feet of lots 11 and 32, Block 3, Coral Gables
6	of use of TDRs on receiver sites", for the	6	"Industrial Section," together with that
7	receipt and use of TDRs for an Assisted Living	7	portion of 30 foot platted alley lying south of
8	Facility referred to as "Belmont Village" on	8	the north line of the south 7.5 feet of said
9	property zoned Industrial District, legally	9	lot 11 projected westerly and north of the
10	described as lots 12 to 31, Block 3, and the	10	south line of said Block 3 (4111 Salzedo
11	south 7.5 feet of lots 11 and 32, Block 3,	11	Street) Coral Gables, Florida; including
12	Coral Gables "Industrial Section," together	12	required conditions; providing for a repealer
13	with that portion of 30 foot platted alley	13	provision, severability clause, and providing
14	lying south of the north line of the south 7.5	14	for an effective date.
15	feet of said lot 11 projected westerly and	15	Item E-4, a Resolution of the City
16	north of the south line of said Block 3 (4111	16	Commission of Coral Gables, Florida granting
17	Salzedo Street) Coral Gables, Florida;	17	Conditional Use approval pursuant to Zoning
18	including required conditions; providing for a	18	Code Article 3, "Development Review," Division
19	repealer provision, severability clause, and	19	4, "Conditional Uses," for an Assisted Living
20	providing for an effective date.	20	Facility referred to as "Belmont Village" on
21	Item E-3, an Ordinance of the City	21	property zoned Industrial District, legally
	-	21	
22 23	Commission of Coral Gables, Florida granting	23	described as lots 12 to 31, Block 3, and the
	approval of a proposed Planned Area Development	43	south 7.5 feet of lots 11 and 32, Block 3,
	referred to as "Palment Village"	2.4	Corol Cobles "Industrial Section " together
24 25	referred to as "Belmont Village" pursuant to Zoning Code Article 3, "Development Review,"	24 25	Coral Gables "Industrial Section," together with that portion of 30 foot platted alley

	Page 37		Page 38
1	lying south of the north line of the south 7.5	1	provision, severability clause, and providing
2	feet of said lot 11 projected westerly and	2	for an effective date."
3	north of the south line of said Block 3, (4111	3	Items E-1, E-2, E-3, E-4 and E-5, public
4	Salzedo Street) Coral Gables, Florida;	4	hearing.
5	including required conditions; providing for a	5	CHAIRMAN AIZENSTAT: Could you repeat that,
6	repealer provision, severability clause, and	6	please?
7	providing for an effective date."	7	Thank you very much.
8	E-5, a Resolution I can't believe	8	MS. ANDERSON: We weren't listening the
9	they're going to have to do this legal	9	first time.
10	description again.	10	MR. COLLER: I'm sure not.
11	A Resolution of the City Commission of	11	CHAIRMAN AIZENSTAT: Mr. Trias.
12	Coral Gables, Florida approving the Tentative	12	MR. TRIAS: Mr. Chairman. May I have the
13	Plat entitled "Coral Gables Industrial Section"	13	PowerPoint, please?
14	pursuant to Zoning Code Article 3, Division 9,	14	The City Attorney did a great job reading
15	"Platting/Subdivision," being a re-plat of	15	many, many things, but from my perspective, the
16	61,569 square feet on the property legally as	16	project is not as complicated as it sounds.
17	lots 12 to 31, Block 3, and the south 7.5 feet	17	It's an infill project. It has retail
18	of lots 11 and 32, Block 3, Coral Gables	18	downstairs and an ALF on top.
19	"Industrial Section," together with that	19	Now, to get there, we need to do five
20	portion of 30 foot platted alley lying south of	20	things. The first thing is that amendment to
21	the north line of the south 7.5 feet of said	21	an Ordinance for an alley vacation now, some
22	lot 11 projected westerly and north of the	22	of you may remember that there was a project
23	south line of said Block 3 (4111 Salzedo	23	approved here some years ago, the Collection
24	Street) Coral Gables, Florida; including	24	Residences. As part of that project, an alley
25	required conditions; providing for a repealer	25	was vacated. So that Ordinance is in place.
	Page 39		D 10
	rage 37		Page 40
1	So that has to be amended for this project.	1	at the middle of the block, and it went all of

2 3 4	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that.	2 3 4	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different
2 3 4 5	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the	2 3 4 5	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area.
2 3 4 5 6	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks	2 3 4 5 6	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of
2 3 4 5 6 7 8	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF	2 3 4 5 6 7 8	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them.
2 3 4 5 6 7 8 9	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat	2 3 4 5 6 7 8 9	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is
2 3 4 5 6 7 8 9 10	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block.	2 3 4 5 6 7 8 9 10	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're
2 3 4 5 6 7 8 9 10 11	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the	2 3 4 5 6 7 8 9 10 11 12	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you
2 3 4 5 6 7 8 9 10 11 12	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the	2 3 4 5 6 7 8 9 10 11 12 13	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of
2 3 4 5 6 7 8 9 10 11 12 13 14	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and	2 3 4 5 6 7 8 9 10 11 12 13 14	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As
2 3 4 5 6 7 8 9 10 11 12 13 14 15	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate	2 3 4 5 6 7 8 9 10 11 12 13 14 15	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next to the Shops at Merrick Park along Altara, and	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown in orange — the easement, which is shown in
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next to the Shops at Merrick Park along Altara, and basically it's an infill site. There's a lot	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown in orange the easement, which is shown in orange, is a public space for pedestrian use.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next to the Shops at Merrick Park along Altara, and basically it's an infill site. There's a lot of Mixed-Use development all around, as you	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown in orange, is a public space for pedestrian use. The site information, as you can see, the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next to the Shops at Merrick Park along Altara, and basically it's an infill site. There's a lot of Mixed-Use development all around, as you well know. The designation for Zoning and Land	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown in orange the easement, which is shown in orange, is a public space for pedestrian use. The site information, as you can see, the minimum size will be 10,000 to do a Mixed-Use.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. It deals with setbacks and massing and those kinds of things. The ALF allows for use, and then the tentative plat allows for reconfiguring the lot in the block. So that's the parcel which is half of the block, basically. The previous project was the whole block. This one is half the block, and then there's another project, a separate project, proposed for the balance of that block. The location, as you can see, is right next to the Shops at Merrick Park along Altara, and basically it's an infill site. There's a lot of Mixed-Use development all around, as you well know. The designation for Zoning and Land Use is Industrial, as you know. However, it	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	at the middle of the block, and it went all of the way through originally, and that was vacated some years ago and it continues to be vacated, and the original Ordinance included an easement across the block, which the current proposal maintains, with a slightly different configuration, but generally in the same area. So the site planning tries to take some of those ideas and incorporate them. The TDR, as I said, the regular process is complicated, however, that is not what we're doing today. The PAD requires one acre, as you know, and 20 percent open space, and all of that has been incorporated into the design. As you can see, the retail in blue and the landscape enhances the sidewalks and the public space in a way that is compatible with the area very nicely, and then the alley, which is shown in orange — the easement, which is shown in orange, is a public space for pedestrian use. The site information, as you can see, the minimum size will be 10,000 to do a Mixed-Use. It's way beyond that. It's over an acre. The
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	So that has to be amended for this project. The TDRs are special. They're the super TDRs that were approved some time ago as a settlement. So the process is a little bit unusual. But it's very straight-forward. We'll talk about that. The PAD deal with the design aspects of the project, as you know. Page 41 Page 42 1 Committee in September; Board of Architects in 1 remember, those were the regulations that were 2 2 approved some years ago. And there's parking October; Neighborhood Meeting in December; and 3 3 provided, and the ground level is Commercial today's Planning and Zoning Board. Letters 4 4 retail mostly. were sent to property owners within a thousand 5 That's the existing conditions, and that's 5 feet, as required by Code, and the public 6 the massing of the project, and the other 6 notice included two letters to property owners, 7 project beyond, in a lighter gray, which will 7 three times posting on the website, three times 8 come before you hopefully in the next few 8 posting on the property, and the newspaper 9 meetings. 9 advertisement for tonight's meeting. 10 This is a conceptual rendering, and the 10 As we said, five requests, and Staff 11 architect is here to explain the design in more 11 recommends approval with conditions. There was 12 detail, but as you can see, the ground level is 12 only one minor change to the condition which 13 very activated, and then the rest of it is the 13 has to do with the replacement of onstreet ALF, and as you can see, there's a real 14 14 parking. The Applicant requested more 15 articulation to the massing of the project, and 15 flexibility and the Parking Department was fine 16 that's the easement that will be at the end --16 with that request. So that will be the only 17 at the back end of the project. 17 change that Staff has recommended, with the 18 And, finally, the request for a tentative 18 recommendations as provided. 19 plat basically outlines this as one parcel. As 19 So that's the presentation. I believe the 20 you know, right now there's a bunch of lots, applicant has a presentation, also. 20 21 and so that predates the vacation of the alley. 21 CHAIRMAN AIZENSTAT: Thank you. 22 So by doing this, then this becomes the 22 23 development site and so does the project next 23 MR. GARCIA-SERRA: Good evening, Mr. Chair, 24 24 Members of the Board. Mario Garcia-Serra, with 25 The review timeline includes the DRC 25 offices at 600 Brickell Avenue, here this Page 43 Page 44 1 evening representing Belmont Village and 1 as a health care provider is known to all of 2 Baptist Health of South Florida. I am joined 2 you and everyone locally, they are the owners 3 3 today by David Nussman and David Lederman, both of this site. It will be Belmont Village's 4 of Belmont Village, Kathleen Moorman of Baptist 4 joint venture partner for this community, and 5 Health, and Alberto Cordoves, our project 5 will be operating the health care component of 6 6 architect, and Juan Espinoza, our project this community. 7 7 traffic consultant. So what is assisted living? It is a term 8 8 One of the most exciting and promising used often, but it has different meanings to 9 9 aspects of this project is the high quality of different people. I can tell you what it means 10 10 the partnership between Belmont Village and to Baptist (sic) Village and Baptist. For 11 Baptist Health. While new to South Florida, 11 them, assisted living means the level of care 12 Belmont Village is one of the country's leading 12 appropriate for each resident to have an active 13 13 developers and operators of senior housing. and as fulfilling of a life that's physically 14 14 Belmont Village was founded in Texas over 30 possible. For my clients, the emphasis is on 15 years ago by Patricia Will, and Ms. Will is 15 the word living, and not on the word assisted. 16 still president and CEO of the company, which 16 The focus is on all residents living a life as close as possible to the lives which they 17 has now grown to over 30 communities across the 17 18 18 enjoyed before moving in, and even better, as 19 Ms. Will and Belmont Village are a true 19 it's possible in many cases. 20 20 American success story and it is a privilege to This area of the City has re-developed 21 have them proposing to build a new community 21 extensively, but the needs of the senior 22 here in Coral Gables, which will certainly be 22 segment of the community have not been 23 studier than the easels that we're using this 23 addressed in this area and the demand is 24 24 evening. considerable. The way that we are trying to do 25 Baptist Health, whose excellent reputation 25 our part to address that demand is to have a

Page 45 Page 46 1 truly grand statement, and the product of 1 be here today. We have been working for quite 2 considerable effort by both, the project team 2 some time, as you saw from the timeline, with 3 3 and City Staff. The 232 units which are our clients, Baptist Health, Belmont Village, 4 4 proposed, which cover the spectrum from and City Staff, and we truly culminate today 5 independent living to memory care, are within a 5 with what we strongly feel is a great project 6 6 very well designed building, with over 15,000 for the community and a fantastic project for 7 7 square feet of retail space on the ground the Merrick Village area, as well. Every 8 8 floor, great amenities for the residents on the detail has been thought about truly when 9 upper floors and very generous public open 9 designing this project. 10 10 areas on the ground floor, including an open From the concept, our goal was to -- what 11 11 air landscaped cross-block paseo, which, when do we do? We have half a City block, as an 12 12 combined with a similar space, the project to architect, designers, to deal with, which is 13 the north of this site, will provide a truly 13 fantastic. So I think the main goal was to 14 14 truly improve and build on that pedestrian unique space for this City. 15 15 With that said, I would ask Albert Cordoves realm that we have at Merrick Village today. 16 16 It is fantastic. And the goal was to do just to come up now and sort of walk you through the 17 17 images of the project. that. We wanted to make sure that the project 18 MR. CORDOVES: Thank you, Mario. 18 had beautiful ground floor areas that the 19 Good evening, Mr. Chair -- Albert Cordoves, 19 pedestrians in the area could use, as well as 20 with Corwill Architects -- Members of the 20 the residents, and with that, we did not put 2.1 21 Board. With me tonight are my colleagues, Don forth a ten percent or a twenty percent. This 22 Sackman and Ram Krishnan, Corwill Architects. 22 project counts with just under thirty percent 23 23 First of all, thank you. Thank you for of open landscape, hardscape areas. 24 your time in allowing us to present this 24 In addition to that, we wanted to make sure 25 project this evening. We are truly excited to 25 that we accompany that with the absolute must, Page 47 Page 48 1 1 project, with the hardscape, the integration of right. We have a total of just over 18,000 2 2 square feet of logistically placed retail at landscape where we could, and we make sure that 3 the ground floor, retail Commercial, so that we 3 we also have potential emergency vehicle 4 4 can really activate that beautiful hardscaped stations on the outside, but also integrated 5 5 the use of ample turning radiuses for emergency open space goal. 6 6 At the heart, as Mario mentioned, is a vehicles internalized into that drop-off area. 7 7 cross-block paseo that we are very proud of Of course, the drop-off area leads to our 8 8 main lobby entrance, which one of the things we having designed with our team. This paseo, 9 9 essentially, is over 200 feet, and it's not a wanted to do conceptually was to make sure that 10 10 small, little, tiny paseo. This paseo ranges that had transparency into the open courtyard 11 11 that you see right across the lobby. I think from twenty to thirty feet in width, as you can 12 12 see from our Site Plan. It integrates it's a very nice and beautiful feature. 13 13 beautiful landscaping, hardscape, lighting, The rest of them are minor -- aside from 14 14 sitting areas and alike all across. It's also the 18,000 square feet of retail, there are 15 15 minor internalized activities for the ALF, and flanked by an additional gallery space, which 16 is adjacent to one of the Commercial retail 16 we were very careful also to provide the small 17 17 amount of back of house activities, fronting spaces at ground level, as well. 18 One of the things that we carefully wanted 18 the same back of house activities that we have 19 19 across the street on the Collection Building. to do also was -- let me go into a brief 20 20 explanation of the ground floor. Our main So they're actually opposite to each other, so 21 entrance to the facility, to the ALF facility, 21 that we're not affecting any existing retail 22 22 components on the other side of the street. is right off Salzedo Street, where we have a 23 23 drop-off area. We have internalized a drop-off The main vehicular entry is, right off that 24 24 area, following the same design guidelines and particular point, to the parking garage above, 25 25 principles that we've used throughout the and we have allotted for ample lodging. We

Page 49 Page 50 1 have sized the lodging for only for the 1 particular rendering. The second floor ties in 2 compactors themselves, but two trash rooms, one 2 the front, again, providing the eyes on the 3 3 for the Residential component, one for the street, the urban feel to the entire project, 4 4 as well. Commercial component. In addition to that, we 5 have allowed for the SU 30 Waste Management 5 The third floor is pretty much identical. 6 6 truck to be completely internalized once it What we have done carrying up the building is, 7 7 picks up and drops, and right next to it, we taking the massing and articulating it in such 8 8 have allowed for two additional loading berths. a way to provide step backs, relief, general 9 So, again, we want to make sure that 9 areas for residents, terraces, enclosed 10 10 although it's adjacent to the other one or terraces, covered terraces, open terraces, and 11 11 right across the street, we also have an you'll see that very clearly expressed in the 12 12 massing itself. internalized loading facility within it, and 13 this is some minor back of house spaces that, 13 The fifth level is when we get to the main 14 14 unfortunately, by Code, need to be with access level where we have the majority of the 15 15 amenities for the residents, and this houses to the exterior. 16 Let me just quickly take you briefly 16 some units to the west and it houses a great 17 17 through the floors of the building. The second room, that is flanked off by a beautiful 18 18 floor is where we start having some units. amenity pool deck, open, and a beautiful dining 19 Essentially, half of the floor is our parking 19 room, with, also, covered terraces overlooking 20 base, the other half, fronting the main street, 20 the pool area and covered terraces overlooking 21 21 is units. And, again, extending that same the street. We have a small kitchen serviced 22 exterior urban feel to that, this is one 22 by the centralized core of the elevators, as 23 23 particular floor where we tie-in the entire well. 24 floor through an open covered terrace at the 24 Above that, the floors are very, very 25 second floor, which you could see from this 25 typical, from levels 6 through 9, and, again, Page 51 Page 52 1 1 we've paid very close attention to the natural light through the corridors themselves. 2 2 articulation of the massing itself. Notice So it's a very beautiful and element 3 3 that it's a very defined "H" shape. It lends environment throughout the internal floorplans 4 4 itself to not only providing relief on the of the facility. 5 5 overall mass of the building, but it lends The 10th floor, again, working on the 6 6 general overall mass, it's essentially half a itself to providing beautiful view corridors 7 7 for the residents in and out of this facility, floor, and it provides additional -- another 8 8 as well. terrace on the top and some additional activity 9 9 Another close attention we paid to, as far spaces on that particular floor, as well. 10 10 as the internal design of the facility, was Overall, the vocabulary of the exterior 11 11 elevations, which we also paid very close that we have also allowed for multiple cores, 12 12 an elevator core on the east and an elevator attention to, specifically the parking itself, 13 13 core on the west. In addition, on the parking as you can see, the parking has been extremely 14 14 garage, we have two elevators for visitors that well integrated with the use of very elegant 15 15 are adequate for -- provide accessibility to grills, lighting. The colonnade experience or 16 the retail spaces at ground level, as well, but 16 the podium experience has been provided with 17 17 very beautiful materials. We don't want to do these cores have a central spine that 18 terminates on each side with an open parlor and 18 it only at grade level. We want to do it also 19 19 a fenestration glass area, so that we can have in the ceiling spaces, as you can see from some 20 20 the natural light come in from one side and of these renderings. We want to treat the 21 create that natural light spine into the 21 ceiling. We want to treat the columns with 22 corridor itself. 22 lighting. We want to make sure that the 23 23 In addition, the perpendicular corridors, surface and the hardscape is well integrated 24 24 running north-south, also has, at the ends, a with the landscape components, as well. In 25 25 fenestrated parlor area, in order to provide other words, creating a really beautiful

So it's been one of our really good programs, but that's what the CF stands for.

	Page 57		Page 58
1	MR. TORRE: There's some green ones	1	project was originally brought to us back when
2	labelled D.	2	it was going to be the Collection Residences,
3	MR. NUSSMAN: They're labelled E, did you	3	they had a huge amount of parking down below,
4	say?	4	right?
5	MR. TORRE: D as in dog.	5	MR. TRIAS: Yes, and it was the whole
6	MR. NUSSMAN: I'm not sure if that's	6	block, so it was twice as big as this one.
7	dementia, but that would be our more secured	7	CHAIRMAN AIZENSTAT: Correct. Okay.
8	Alzheimer's program.	8	MR. TORRE: I think it's great. I have no
9	MR. TORRE: That makes sense.	9	other comments.
10	Okay. So did you guys review and,	10	MR. GARCIA-SERRA: Thank you.
11	again, you probably went through this the	11	CHAIRMAN AIZENSTAT: Rene?
12	parking reduction as it relates to restricted	12	MR. MURAI: Yeah.
13	living and these people that may not be	13	How big are these units?
14	driving? Was there a parking reduction	14	MR. GARCIA-SERRA: Albert, maybe you can
15	involved here?	15	MR. CORDOVES: So we have a wide range of
16	MR. GARCIA-SERRA: Here, did we utilize	16	units, from the small one bedroom, studio type
17	shared parking? So we did utilize the shared	17	units, ranging from 400 square feet to over a
18	parking reduction, the matrix that's available.	18	thousand square feet.
19	MR. TRIAS: Mr. Torre, the requirements are	19	MR. MURAI: So the biggest units are a
20	lower in the Zoning Code.	20	thousand square feet, two bedrooms?
21	MR. TORRE: They are. So they were already	21	MR. CORDOVES: Yes.
22	taken into account?	22	MR. MURAI: And the memory units, is that
23	MR. TRIAS: Yes.	23	intended for someone to be living there with a
24	MR. TORRE: Okay.	24	caretaker? I mean, how does this all work?
25	CHAIRMAN AIZENSTAT: If I recall, when this	25	MR. NUSSMAN: Yes. We have caregivers in
	Page 59

	Page 61		Page 62
1	MR. MURAI: But, I mean, in the project.	1	you get for what you pay. I'm not questioning
2	MR. NUSSMAN: It's a mix of studios, one	2	that. I'm just questioning the ability of most
3	bedrooms and two bedrooms. Probably a little	3	people to afford such care.
4	less than 50 percent studios. And we provide	4	MR. NUSSMAN: Right. Now, that does
5	flexibility, so that we can combine and	5	include your meals, it includes activities, it
6	de-combine adjacent units. So if there's	6	includes, you know, some level of care. So
7	demand for more one bedrooms, we can combine	7	there's a lot of things that are built into
8	MR. MURAI: You can split them, you mean?	8	that. Then, when people get to look at what
9	MR. NUSSMAN: We can split them or combine	9	they're spending now on a condo or a home, you
10	them, either way.	10	know, oftentimes they are surprised as to how
11	MR. MURAI: And like what's the cost of	11	affordable it is.
12	being able I mean, living there?	12	MR. MURAI: You have similar facilities,
13	MR. NUSSMAN: Right. It starts at about	13	you mentioned, 30 facilities throughout the
14	five or six thousand dollars a month, and then	14	country?
15	it goes up from there, depending on how much	15	MR. NUSSMAN: Yes.
16	care and how large your unit is.	16	MR. MURAI: Similar to this?
17	MR. MURAI: And is that partly paid by	17	MR. NUSSMAN: Yes. Yes. We started in
18	Medicare or any government assistance program?	18	Houston. We've got two communities there.
19	MR. NUSSMAN: No. We are private pay.	19	We're in Dallas. We're in California, both in
20	Now, some people do have long-term care	20	Southern and Northern California. We have one
21	insurance coverage, and it can be paid by that,	21	community in Mexico City that's been open for a
22	but otherwise it's private pay.	22	couple of years. Our first community in
23	MR. MURAI: Pretty expensive, huh?	23	Florida will be in Fort Lauderdale. It's on
24	MR. NUSSMAN: It is, but it's very nice.	24	Sunrise, right across from the Galleria Mall.
25	MR. MURAI: No, I'm not questioning what	25	It will be opening in April this year.
	D 62		5 64
	Page 63		Page 64
1	MR. MURAI: Is this a similar project to	1	Coral Gables besides The Palace?
2	I don't know if you're familiar with The	2	MR. NUSSMAN: This is within a 15 minute
3	Palace, right here, a few blocks from here?	3	drive, so it goes somewhat outside.
4	MR. NUSSMAN: It is. They offer	4	MR. MURAI: Kendall, I assume?
5	independent living and assisted living. We	5	MR. NUSSMAN: It doesn't quite reach out to
6	offer the memory care, in addition to that.	6	Kendall, but there's one close to the airport,
7	MR. MURAI: Which is a higher level of care	7	and I can't recall where the other ones are.
8	and probably more expensive?	8	They're relatively small and older communities.
9	MR. NUSSMAN: That's correct, yes, because	10	MR. MURAI: I think the project is, you
10	it takes more caregivers.	11	know, beautiful, and from the presentation, I
11 12	MR. MURAI: And since I don't take you for	12	think you guys have done an excellent job. MP NUSSMAN: Thank you very much. We've
	a fool, I assume there's a good demand for this	13	MR. NUSSMAN: Thank you very much. We've
13	otherwise you wouldn't be doing this?	14	got a great team. CHAIRMAN AIZENSTAT: Chip?
14	MR. NUSSMAN: It's amazing the demand here	15	CHAIRMAN AIZENSTAT: Chip?
15 16	in Coral Gables especially. There's 35,000	16	MR. MURAI: I just wanted to be more
16	seniors, 75 plus, within a 15 minute drive of	17	informed about these types of facilities. MP_NUSSMAN: Absolutely, I'm bappy to
17 18	this site. If you look to the national demand	18	MR. NUSSMAN: Absolutely. I'm happy to
18	for senior house, about 11 percent of seniors,	19	answer any question.
20	75 plus, live in senior housing. So if you take that 11 percent, multiply it times that	20	CHAIRMAN AIZENSTAT: Thank you.
21	take that 11 percent, multiply it times that 35,000, you get a demand of about 3,850 units.	21	Chip? MR. WITHERS: Yeah, I have a very varied
22	In that area currently, there's 558 units of	22	group of questions. First to the City
~ ~		23	Attorney, does the City have the right to
23	senior housing including The Dalace So		
23	senior housing, including The Palace. So		
23 24 25	senior housing, including The Palace. So there's about a MR. MURAI: What else is there here in	24 25	review the agreements that the owner has with patients and with the residents and make that

	Page 65		Page 66
1	contingent upon approval of this? For	1	might be a policy of the City. I don't
2	instance, if the City wanted the residents to	2	necessarily think we could do it by Condition,
3	be able to bring in their own nurses and	3	but I'll reach out to the City Attorney and see
4	doctors, instead of using their nurses and	4	what she has to say.
5	doctors, does the City have a right to mandate	5	MR. WITHERS: My concern stems from, as
6	and review those agreements?	6	these and we're all going to be there at one
7	MR. COLLER: I would think probably not.	7	point just an extra set of eyes on maybe
8	This is the business process of the property	8	some of the conditions that folks enter into.
9	and their decision, that they believe that they	9	I know, when The Palace was being discussed,
10	want to have people that are trained by them in	10	there was the same discussion that took place,
11	their facility. They don't want people coming	11	and I would encourage the City to review that
12	from the outside, because they don't have	12	discussion and see exactly where we ended up
13	control. I don't think the City I've never	13	with that, but I think there was some ability
14	faced this question before, but I don't see	14	for the City to look at some of those
15	where	15	conditions.
16	MR. WITHERS: Can we ask the City Attorney	16	MR. COLLER: Well, I think, as part of your
17	for a	17	recommendation, you could suggest to the City
18	MR. COLLER: I can reach out to the City	18	that they look at the issue that this
19	Attorney and see if that is something I	19	particular project doesn't permit private aides
20	don't believe, at this point, there's any	20	to be used on the premises. I think you can
21	Zoning regulation that would provide for the	21	certainly put that as a comment to your
22	City to be able to do that. Now, whether the	22	recommendation.
23	City wants to adopt an Ordinance that requires	23	MR. WITHERS: Well, I don't know if I want
24	that Assisted Living Facilities accept outside	24	I mean, if someone has a doctor that they're
25	aides and nurses, I mean, that's something that	25	using and they want to bring their doctor in

To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct?	2 3 4 5 6 7 8 9 10	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No.
2 3 4 5 6 7 8 9 10 11	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can	2 3 4 5 6 7 8 9 10 11	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a
2 3 4 5 6 7 8 9 10 11 12	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want	2 3 4 5 6 7 8 9 10 11 12 13	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want
2 3 4 5 6 7 8 9 10 11 12 13 14	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on	2 3 4 5 6 7 8 9 10 11 12 13 14	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred
2 3 4 5 6 7 8 9 10 11 12 13 14 15	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus?	2 3 4 5 6 7 8 9 10 11 12 13 14	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus? MR. NUSSMAN: They can. You know, we	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top of habitable space. So that's two totally
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus? MR. NUSSMAN: They can. You know, we sometimes work out relationships with doctors	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top of habitable space. So that's two totally different descriptions.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus? MR. NUSSMAN: They can. You know, we sometimes work out relationships with doctors to come on campus. We also provide	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top of habitable space. So that's two totally different descriptions. Is the first hundred feet inclusive of
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus? MR. NUSSMAN: They can. You know, we sometimes work out relationships with doctors to come on campus. We also provide transportation to the doctor for our residents.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top of habitable space. So that's two totally different descriptions. Is the first hundred feet inclusive of architectural elements and elevator shafts and
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. COLLER: I'd like to ask the Applicant this. To my understanding, I, unfortunately, am very familiar with memory care units, that you don't prohibit a person that's in your memory care to visit their own personal physician, correct? MR. NUSSMAN: Absolutely. No, people can see whatever doctor they want MR. WITHERS: Can they bring them on campus? MR. NUSSMAN: They can. You know, we sometimes work out relationships with doctors to come on campus. We also provide transportation to the doctor for our residents. So they go to doctors' offices. Of course,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	campus to treat them? MR. NUSSMAN: Yes, absolutely. Yes. Yes. MR. WITHERS: Okay. Okay. MR. NUSSMAN: And we do provide caregivers on a 24 hour basis, too. MR. WITHERS: No, I know, in a very high quality. For those folks that have had life-long physicians, I'd hate for them to be zeroed out and not allowed to MR. NUSSMAN: Absolutely. No. MR. WITHERS: Okay. So I guess I have a couple of questions for you, and I don't want quite understand. So I'm looking at a hundred foot building height, and 120 foot to the top of habitable space. So that's two totally different descriptions. Is the first hundred feet inclusive of architectural elements and elevator shafts and all of that, the hundred feet permitted?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	suggesting MR. WITHERS: And I'm not talking about an aide or a nurse, but I'm talking about professional services. MR. 14 15 16	not as big and beautiful and wide, 30 feet, as it is at the other; is that correct?
15 16	it is at the other; is that correct?
1	· · · · · · · · · · · · · · · · · · ·
17	WIN. CONDOVES. II IS DIEHV WIDE. THE
1 1	dimension at the very narrowest point is 18
18	feet.
19	MR. WITHERS: Okay. That's fine.
20	MR. TRIAS: Now, if I could add, the
21	project being designed right next to it is also
22	trying to incorporate some of that open space.
23	MR. WITHERS: That would be great.
24	Okay. So maybe you can help me with this.
25	The setbacks are considerably reduced, and the
	,
	Page 72
1	you'll need, how many spaces for staff?
2	MR. NUSSMAN: We don't reserve staff
3	parking. Our largest our peak demand is at
4	the shift change in the afternoon between the
5	morning shift and the afternoon shift, which
6	occurs at three o'clock. So from 2:30 to 3:30
7	is our peak. Our peak shift is about 48
8	employees, and we're very fortunate here, too,
	I want to mention that we've got four bus stops
9	within a couple of blocks. We have great
9	access to public transportation, to the
	Metrorail. So we're anticipating the parking
10	
10 11	for staff is not going to be a problem.
10 11 12	for staff is not going to be a problem. MR. WITHERS: And maybe you can convince
10 11 12 13	
10 11 12 13 14	MR. WITHERS: And maybe you can convince
10 11 12 13 14 15	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the
10 11 12 13 14 15 16	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there.
10 11 12 13 14 15 16 17	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would
10 11 12 13 14 15 16 17	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would love it, for our seniors and our staff.
10 11 12 13 14 15 16 17 18	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would love it, for our seniors and our staff. MR. WITHERS: Okay. And then the last
10 11 12 13 14 15 16 17 18 19 20	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would love it, for our seniors and our staff. MR. WITHERS: Okay. And then the last question I have is, on the alley vacation, what
10 11 12 13 14 15 16 17 18 19 20 21	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would love it, for our seniors and our staff. MR. WITHERS: Okay. And then the last question I have is, on the alley vacation, what alley improvements are going in, Number One?
10 11 12 13 14 15 16 17 18 19 20 21 22	MR. WITHERS: And maybe you can convince the City to have the trolley make a jag on the street there. MR. NUSSMAN: Absolutely, yeah. We would love it, for our seniors and our staff. MR. WITHERS: Okay. And then the last question I have is, on the alley vacation, what alley improvements are going in, Number One? Is there a utility easement going across and
	14 15 16 17 18 19 20

_	Page 73		Page 74
1	first project.	1	back of house use needs to go somewhere and
2	MR. WITHERS: Right.	2	that's the best location that we could find for
3	MR. TRIAS: So what they're doing is, they	3	it, other than you because the only other
4	are amending that vacation.	4	locations are streetfront locations.
5	MR. WITHERS: With the new Site Plan?	5	MR. WITHERS: And what is the sending site
6	MR. TRIAS: Yes.	6	for the
7	MR. WITHERS: Okay. So the east-west	7	MR. GARCIA-SERRA: For the TDRs?
8	corridor and I noticed that there's like an	8	MR. WITHERS: Yeah.
9	FP&L vault at the end and all of that. What	9	MR. GARCIA-SERRA: Those are pursuant to a
10	are they doing with the utilities? Are all of	10	settlement agreement that the City entered into
11	the utilities going to be concentrated in that	11	with a land owner. There was a land owner that
12	corner?	12	owned 20 acres south of Hammocks Oaks, that was
13	MR. TRIAS: I don't know the utility plan	13	surrounded on three sides by Matheson Hammocks.
14	in detail, but I do know that it's not going to	14	It was a very environmentally sensitive
15	go through the easement, right?	15	property, but it was Zoned Single-Family. And
16	MR. GARCIA-SERRA: Correct.	16	so the settlement there between land owner and
17	MR. WITHERS: It's not going to go through	17	City was that that property would be conveyed
18	the easement?	18	to the City, and indeed it was conveyed, those
19	MR. GARCIA-SERRA: Certainly, in the	19	20 acres to the City, in exchange of 50,000
20	easement area, there aren't going to be any	20	square feet of TDRs that could be used in many
21	utilities. What you're referring to, I think,	21	areas of the City, in more areas of the City
22	the vault room, I think it's in the corner of	22	than where TDRs are normally utilized.
23	the building. That does, you know, abut the	23	And so, out of those 50,000, 3,000 are
24	paseo, but that is you know, we're in a	24	being used for this project.
25	situation where that has to go that sort of	25	MR. WITHERS: Okay. That's cool. So the
			,
	Page 75		Page 76
1	TDRs aren't required to come from the Central	1	lot of TDRs out there that the City has?
2	Business or a similar Zoning, they can come	2	MR. GARCIA-SERRA: Well, those 20 acres,
3	from a different Zoning?	3	
		3	the sort of settlement was, the appropriate
4	MR. GARCIA-SERRA: No. Correct. Typically	4	the sort of settlement was, the appropriate amount to give in compensation for the
4 5	MR. GARCIA-SERRA: No. Correct. Typically they come from historically designated		
		4	amount to give in compensation for the
5	they come from historically designated	4 5	amount to give in compensation for the conveyance of that property was the 50,000
5 6	they come from historically designated properties within the CBD, but that's not the	4 5 6	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner
5 6 7	they come from historically designated properties within the CBD, but that's not the case for these particular	4 5 6 7	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the

It's unique, and it had to	4 5 6 7 8 9	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres?
5 6 7 8 9	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that	4 5 6 7 8 9	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct.
5 6 7 8 9 10	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the	4 5 6 7 8 9 10	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit
5 6 7 8 9 10 11	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be	4 5 6 7 8 9 10 11	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres?
5 6 7 8 9 10 11 12	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example.	4 5 6 7 8 9 10 11 12	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres? MR. GARCIA-SERRA: The City obtained the
5 6 7 8 9 10 11 12 13 14	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example. MR. GARCIA-SERRA: Correct.	4 5 6 7 8 9 10 11 12 13	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres? MR. GARCIA-SERRA: The City obtained the property, the 20 acres, that owns them fee
5 6 7 8 9 10 11 12 13 14	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example. MR. GARCIA-SERRA: Correct. MR. WITHERS: So the TDRs came from a	4 5 6 7 8 9 10 11 12 13 14	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres? MR. GARCIA-SERRA: The City obtained the property, the 20 acres, that owns them fee simple by the City.
5 6 7 8 9 10 11 12 13 14 15	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example. MR. GARCIA-SERRA: Correct. MR. WITHERS: So the TDRs came from a Residential area outside of the CBD.	4 5 6 7 8 9 10 11 12 13 14 15	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres? MR. GARCIA-SERRA: The City obtained the property, the 20 acres, that owns them fee simple by the City. MR. WITHERS: So the City paid for the 20
5 6 7 8 9 10 11 12 13 14 15 16 17	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example. MR. GARCIA-SERRA: Correct. MR. WITHERS: So the TDRs came from a Residential area outside of the CBD. MR. GARCIA-SERRA: Right.	4 5 6 7 8 9 10 11 12 13 14 15 16 17	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. WITHERS: So who receives the compensation for those TDRs, the land owner of the 20 acres? MR. GARCIA-SERRA: Correct. MR. WITHERS: And how does the City benefit from that 20 acres? MR. GARCIA-SERRA: The City obtained the property, the 20 acres, that owns them fee simple by the City. MR. WITHERS: So the City paid for the 20 acre now and they're getting repaid as they
5 6 7 8 9 10 11 12 13 14 15 16 17	they come from historically designated properties within the CBD, but that's not the case for these particular MR. TRIAS: This is a unique case, that was done as settlement. It's unique, and it had to do with environmental preservation, and that was it. And what happens is that some of the TDRs are going to be used here and some may be used in the project next to it, for example. MR. GARCIA-SERRA: Correct. MR. WITHERS: So the TDRs came from a Residential area outside of the CBD. MR. GARCIA-SERRA: Right. MR. WITHERS: It was a block of 20,000	4 5 6 7 8 9 10 11 12 13 14 15 16 17	amount to give in compensation for the conveyance of that property was the 50,000 which that landowner MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade,
4 5 6 7 8 9 10 11 12 13 14 15 16 17	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in connection with the easement, on Page 21 of our	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open space.
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in connection with the easement, on Page 21 of our Staff recommendations, Number 13-B, a minimum	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open space. MS. VELEZ: Right. The arcade on this one
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in connection with the easement, on Page 21 of our Staff recommendations, Number 13-B, a minimum width of 20 feet, then it says 10 feet in	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open space. MS. VELEZ: Right. The arcade on this one I see is to the south of the open space.
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in connection with the easement, on Page 21 of our Staff recommendations, Number 13-B, a minimum width of 20 feet, then it says 10 feet in parenthesis, and minimum vertical clearance of	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be a combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open space. MS. VELEZ: Right. The arcade on this one I see is to the south of the open space. MR. TRIAS: Yeah.
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	let's say one project gets approved and the other one doesn't I don't think it's going to happen, let's hope it doesn't happen, but let's say it does both projects have agreed Baptist right now is the current property owner, as well the other two entities that are under contract to purchase, have agreed to grant that easement to the City at an early point in the process, which is after one project has gotten all of its final approvals and those approvals are no longer appealable. MS. VELEZ: So both entities would then grant that easement? MR. GARCIA-SERRA: Yes. MS. VELEZ: And then the other thing, in connection with the easement, on Page 21 of our Staff recommendations, Number 13-B, a minimum width of 20 feet, then it says 10 feet in parenthesis, and minimum vertical clearance of 13 feet, that is being changed from the	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	requirements. They have to do with the paseo definitions and the way that open space is used, and if there's anything that is covered, there's a minimum clearance also, but I don't believe that's an issue, right? MR. GARCIA-SERRA: For this project, it isn't, because everything on this side of the property line is open air for this project. MS. VELEZ: And what are we expecting on the other side? MR. GARCIA-SERRA: The north side will be combination of open air, but then also an arcade. So it's important for that arcade to be at that height. MR. TRIAS: And this project is an arcade, also, but the arcade is in addition to the open space. MS. VELEZ: Right. The arcade on this one I see is to the south of the open space. MR. TRIAS: Yeah. MS. VELEZ: And the other question I have

	Page 81		Page 82
1	parking in this project?	1	CHAIRMAN AIZENSTAT: Yeah.
2	MR. GARCIA-SERRA: On or off-street?	2	MR. WITHERS: Are you concerned about an
3	MS. VELEZ: Off, sorry.	3	encroachment into the easement, is that where
4	MR. GARCIA-SERRA: Okay. Off-street, yes.	4	you were headed or what was your
5	We are providing 208 spaces within the parking	5	MS. VELEZ: Yes. I was concerned about
6	garage. So that's in excess of the 177 that	6	encroachments into the easements and whether
7	are required and even then we think the 208	7	these limitations that are coming are going to
8	that's it is providing or even the 177 that	8	limit anything that the City would need to do
9	being required, is way in excess of the reality	9	within the easement.
10	of what's going to be used.	10	MR. WITHERS: I got you. Is there any
11	MS. VELEZ: And then on-street?	11	encroachments, overhead or underneath, into
12	MR. GARCIA-SERRA: On-street, right now,	12	that
13	you know, there are spaces on the street. Some	13	MR. GARCIA-SERRA: No. We've done a lot of
14	of those between both projects, about	14	civil work here and all sewer lines, electrical
15	fourteen spaces will be lost on-street, seven	15	lines, anything else that will be feeding
16	on each end of the block, and we'll be	16	either property, are going to be coming off of
17	providing compensation to the City either by	17	the existing right-of-way, so either Salzedo or
18	the loss of on-street parking fee that the City	18	Aurora or Altara to the south, and that cross
19	has or replacing those parking spaces within	19	easement is not contemplated or anticipated at
20	the garage. In other words, the City would	20	all to be used for utilities. The idea is just
21	have a certain number of public parking spaces	21	for this to be for public use and public
22	that they can sell permits for within the	22	access.
23	garage.	23	MR. WITHERS: So there's no footers
24	MR. WITHERS: May I ask you a question? Is	24	underneath or balconies overhead going across
25	that all right?	25	that easement?
23	ulat all right:	25	that easement:
	Page 83		Page 84
1	MR. GARCIA-SERRA: These guys have looked	1	hours in a room on a short-term basis when like
2	at it pretty closely.	2	someone falls, they hurt themselves and they
3	MR. CORDOVES: The actual building	3	have to be taught that you really need to be
4	footprint is separated from the easement	4	using that walker?
5	itself.	5	MR. NUSSMAN: Absolutely. Yeah. Yeah.
6	MS. VELEZ: And so we would expect the same	6	The care is really customized to the
7	on the other side, I would assume, that it will	7	individual, and if they're injured, if they
8	have the same situation?	8	have a fall and they need somebody in there
9	I think it's a lovely project, otherwise.	9	constantly to watch them, that arrangement will
10	Welcome, Belmont.	10	be made.
_ ~			oc made.
11	MR. GARCIA-SERRA: Thank you.	11	
	MR. GARCIA-SERRA: Thank you. MR. CORDOVES: Thank you.	11 12	MS. ANDERSON: Okay. Is there an allowance
11	MR. CORDOVES: Thank you.		MS. ANDERSON: Okay. Is there an allowance for pets to be in there?
11 12	•	12	MS. ANDERSON: Okay. Is there an allowance for pets to be in there? MR. NUSSMAN: Yes. We do allow pets.
11 12 13	MR. CORDOVES: Thank you. CHAIRMAN AIZENSTAT: Rhonda? MS. ANDERSON: While you're still standing,	12 13	MS. ANDERSON: Okay. Is there an allowance for pets to be in there?

We've got a building engineer and janitorial folks who will assist with any cleanup that's required, but we don't have a designated area for it. MS. ANDERSON: An excellent job with the
11 12 13 14 15 16 17 18 19 20 21	MR. CORDOVES: Thank you. CHAIRMAN AIZENSTAT: Rhonda? MS. ANDERSON: While you're still standing, I had some questions for you about the memory care units, because I happen to have some elderly folks in my family here, and one of the things that happens from time to time is, they have an accident. They fall there. And there's a need then for someone to be 24 hours in a room while they're being retaught that	12 13 14 15 16 17 18 19 20 21 22	MS. ANDERSON: Okay. Is there an allowance for pets to be in there? MR. NUSSMAN: Yes. We do allow pets. MS. ANDERSON: And where would they be walked? MR. NUSSMAN: In the area, the paseo, that we've got some green space downstairs. We've got a building engineer and janitorial folks who will assist with any cleanup that's required, but we don't have a designated area for it. MS. ANDERSON: An excellent job with the paseo and the corners of the building and
11 12 13 14 15 16 17 18 19 20 21 22 23	MR. CORDOVES: Thank you. CHAIRMAN AIZENSTAT: Rhonda? MS. ANDERSON: While you're still standing, I had some questions for you about the memory care units, because I happen to have some elderly folks in my family here, and one of the things that happens from time to time is, they have an accident. They fall there. And there's a need then for someone to be 24 hours in a room while they're being retaught that they must use the walker. Is that permissible? MR. NUSSMAN: I'm sorry, is what	12 13 14 15 16 17 18 19 20 21 22 23	MS. ANDERSON: Okay. Is there an allowance for pets to be in there? MR. NUSSMAN: Yes. We do allow pets. MS. ANDERSON: And where would they be walked? MR. NUSSMAN: In the area, the paseo, that we've got some green space downstairs. We've got a building engineer and janitorial folks who will assist with any cleanup that's required, but we don't have a designated area for it. MS. ANDERSON: An excellent job with the

	Page 85		Page 86
1	MS. ANDERSON: It's very, very nice. And	1	level.
2	the architect can answer some of the other	2	MS. ANDERSON: Is it anticipated that any
3	questions that I have regarding the width of	3	of the Commercial ground floor space be used
4	the veranda around the building. How wide is	4	for restaurants?
5	that veranda area?	5	MR. CORDOVES: We are preparing the ground
6	MR. CORDOVES: Veranda, meaning ground	6	floor spaces and equipping them with P-traps
7	floor	7	and potential hood options for potential
8	MS. ANDERSON: The ground floor area. I	8	restaurants, as well.
9	mean	9	MS. ANDERSON: Are you anticipating on
10	MR. CORDOVES: Yeah. The sidewalks are a	10	using the veranda area for restaurant tables?
11	minimum of eight feet currently, but most of	11	MR. CORDOVES: I don't think so.
12	them range between nine and ten, just because	12	MS. ANDERSON: Because it does limit your
13	our building footprint is slightly in of the	13	walkability. Some of the restaurants have been
14	property line, but minimum is ten feet around	14	creative and had modular type doors. Have you
15	any sort of veranda type.	15	thought about that, for allowing some
16	MS. ANDERSON: Yeah. So the covered	16	MR. CORDOVES: Perhaps that's a good idea
17	area	17	to do. We potentially have also some areas in
18	MR. CORDOVES: Correct. The covered area	18	the paseo that could be used for that purpose,
19	railing, in the dementia, is a little higher.	19	but it's actually a good idea to think of.
20	It's six feet high, obviously, for obvious	20	MS. ANDERSON: Yeah. And that way, they
21	reasons, and we've come up with a way to	21	can close it up when the weather is not so
22	introduced joint glass, where it doesn't feel	22	helpful.
23	like you're enclosed, you're very open, and the	23	MR. CORDOVES: Absolutely.
24	other ones are essentially 42 inches minimum	24	MS. ANDERSON: Some of the other questions
25	above the finished floor elevation of that	25	I had for you, while you're there, deal with
	Page 87		D 00

1 2	the handicap parking. And I'm going to point	1 2	quite we have developed, instead of the City
	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the		
2	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator,	2	quite we have developed, instead of the City Code, which is essentially an eight and a half
2	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the	2	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces
2 3 4	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic	2 3 4	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width,
2 3 4 5	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern.	2 3 4 5	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So
2 3 4 5 6	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're	2 3 4 5 6	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this
2 3 4 5 6 7	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any	2 3 4 5 6 7	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind,
2 3 4 5 6 7 8	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible	2 3 4 5 6 7 8	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well.
2 3 4 5 6 7 8	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator.	2 3 4 5 6 7 8	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible
2 3 4 5 6 7 8 9	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct.	2 3 4 5 6 7 8 9	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here?
2 3 4 5 6 7 8 9 10	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with	2 3 4 5 6 7 8 9 10	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are
2 3 4 5 6 7 8 9 10 11	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the	2 3 4 5 6 7 8 9 10 11	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional
2 3 4 5 6 7 8 9 10 11 12	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've	2 3 4 5 6 7 8 9 10 11 12 13	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a
2 3 4 5 6 7 8 9 10 11 12 13 14	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the	2 3 4 5 6 7 8 9 10 11 12 13 14	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements
2 3 4 5 6 7 8 9 10 11 12 13 14 15	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've	2 3 4 5 6 7 8 9 10 11 12 13 14	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you know, the car is turning, coming in, and	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half. MS. ANDERSON: I mean, if this was is
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you know, the car is turning, coming in, and there's some limited visibility. Is there	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half. MS. ANDERSON: I mean, if this was is this for the Commercial parking, as well, this
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you know, the car is turning, coming in, and there's some limited visibility. Is there— MR. CORDOVES: Yeah, we've left these	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half. MS. ANDERSON: I mean, if this was is this for the Commercial parking, as well, this space?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you know, the car is turning, coming in, and there's some limited visibility. Is there— MR. CORDOVES: Yeah, we've left these T-heads totally open for maximum visibility of	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half. MS. ANDERSON: I mean, if this was is this for the Commercial parking, as well, this space? MR. CORDOVES: Yes. The grade is
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	the handicap parking. And I'm going to point out to you 8-201, when you're talking about the route from the handicap spot to the elevator, it crosses the path where the vehicular traffic comes in, and that's always a safety concern. MR. CORDOVES: Yes. I believe you're referring to the accessible path, from any accessible parking space, to the accessible elevator. MS. ANDERSON: Correct. MR. CORDOVES: And we're very familiar with that one, because we work with it day in and day out. That's, essentially, you can't cross behind any parked cars, including the accessible space itself. So the way we've programmed these, it's a direct route, without crossing through the rear of any spaces whatsoever. MS. ANDERSON: But the ramp comes up, and correct me if I'm wrong, it appears that, you know, the car is turning, coming in, and there's some limited visibility. Is there— MR. CORDOVES: Yeah, we've left these	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	quite we have developed, instead of the City Code, which is essentially an eight and a half foot wide parking, our standard parking spaces are nine. Our aisles are 24 feet in width, instead of the 22 feet that the City has. So it's very easy maneuvering clearances for this parking facility itself. We had that in mind, as well. MS. ANDERSON: And is that van accessible spaces that you have here? MR. CORDOVES: Van accessible spaces are located at ground, yes, with the additional height, correct. MS. ANDERSON: And with the measurements that you provided, is there enough room for a wheelchair lift to deploy out without running MR. CORDOVES: Yes. We have the 12 feet wide accessible spaces, which is a lot more than the regular eight and a half. MS. ANDERSON: I mean, if this was is this for the Commercial parking, as well, this space?

	Page 89		Page 90
1	are just as wide.	1	the open space?
2	MS. ANDERSON: Are there any thoughts on	2	MR. CORDOVES: Yeah. We've added some
3	speed bumps around the handicap parking to slow	3	additional retail Commercial space at ground
4	down the traffic, just so they become aware of	4	level, and it was introduced into the overall
5	that, that issue of people crossing?	5	FAR figures. I believe that the Department has
6	MR. CORDOVES: I think that's another very	6	the latest revisions.
7	good idea. We could install some calming	7	MS. ANDERSON: Is that what was provided in
8	devices at turn, either at the beginning and	8	the books?
9	the end of the turn. Mirrors is another very	9	MR. GARCIA-SERRA: The latest plans that
10	popular thing we use. But, yes, we can	10	you have in the binders that should have been
11	absolutely think about that one.	11	distributed to you as part of the agenda would
12	MS. ANDERSON: Yeah. I like those calming	12	
13	devices, because not everybody looks in the		have those latest numbers and figures. One
14	mirror, and but you've done a very, very	13	important thing to point out, too, is that it
15	nice job with the facility.	14	was previously sort of common area space that
16	I'm just checking over my notes.	15	was converted into Commercial space on the
17	There was a change in the square footage, I	16	ground floor, which is why you might see an
18	noted, for the open space and for the	17	increase in the retail, but you didn't see an
19	Commercial space. You have a little under a	18	increase in the FAR.
20	4,000 square foot change and I didn't see	19	MS. ANDERSON: And where did we lose the
21	the a change in the FAR or a change in the	20	four percent of open space?
22	parking between the drawings that we looked at	21	MR. GARCIA-SERRA: It could Ram, do you
23	in the books versus the City's report.	22	have it could have been, perhaps, in some of
24	Can you tell me where the changes were,	23	that retail.
25	this change in the Commercial space itself and	24	CHAIRMAN AIZENSTAT: Could you state your
23	uns change in the Confinercial space usen and	25	name and address, for the record, please?
	Page 91		Page 92
1	MR. KRISHNAN: Ram Krishnan, Corwill	1	questions that I had for you. Previously we
2	Architects, 4210 Laguna Street, Coral Gables.	2	had vacated the alley which went north to
3	MR. COLLER: You have to approach a little	3	south.
4	bit more to the microphone so we can hear you.	4	MR. GARCIA-SERRA: Right.
5	MR. KRISHNAN: That was just a comment from	5	CHAIRMAN AIZENSTAT: Now we are doing an
б	the City in regards to the percentage of	6	easement that's going to go east to west, and
7	arcades being used towards the open space. So	7	part of it was answered to me when you spoke
8	it's just an adjustment and the revision of the	8	about Healthsouth (sic) being the owner of the
9	number that reduced that number slightly.	9	entire parcel, but if something happens with
10	MS. ANDERSON: So the drawing didn't	10	the other parcel and it's not developed, then
11	change? It was just a calculation error?	11	you would currently have, in theory, an alley
12	MR. GRISHAM: Correct.	12	continuing north to south, but dead ending at
13	MS. ANDERSON: Okay.	13	this project, would you not?
14	Are you going to put charge stations in?	14	MR. GARCIA-SERRA: No, because that alley
		15	has already been vacated.
15	MR. GARCIA-SERRA: Electric vehicles	1 -2	
	MR. GARCIA-SERRA: Electric vehicles charging stations? Yes.	16	CHAIRMAN AIZENSTAT: So you don't have an
15			
15 16	charging stations? Yes.	16	CHAIRMAN AIZENSTAT: So you don't have an
15 16 17	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one	16 17	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue?
15 16 17 18	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well?	16 17 18	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh.
15 16 17 18 19	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well? Okay. All right. Well, not everybody is	16 17 18 19	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh. CHAIRMAN AIZENSTAT: Okay. The other
15 16 17 18 19 20	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well? Okay. All right. Well, not everybody is aware of that.	16 17 18 19 20	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh. CHAIRMAN AIZENSTAT: Okay. The other question that I had for you is, I noticed that
15 16 17 18 19 20 21	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well? Okay. All right. Well, not everybody is aware of that. Very nice project. Excellent job. I have	16 17 18 19 20 21	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh. CHAIRMAN AIZENSTAT: Okay. The other question that I had for you is, I noticed that the overall traffic is on Aurora, which would
15 16 17 18 19 20 21	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well? Okay. All right. Well, not everybody is aware of that. Very nice project. Excellent job. I have no further questions.	16 17 18 19 20 21 22	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh. CHAIRMAN AIZENSTAT: Okay. The other question that I had for you is, I noticed that the overall traffic is on Aurora, which would be where the Collection is. So most of the
15 16 17 18 19 20 21 22 23	charging stations? Yes. MS. ANDERSON: Okay. And you'll make one near a handicap spot, as well? Okay. All right. Well, not everybody is aware of that. Very nice project. Excellent job. I have no further questions. MR. CORDOVES: Thank you very much. Thank	16 17 18 19 20 21 22 23	CHAIRMAN AIZENSTAT: So you don't have an issue and it's we don't have an issue? MS. VELEZ: Uh-uh. CHAIRMAN AIZENSTAT: Okay. The other question that I had for you is, I noticed that the overall traffic is on Aurora, which would be where the Collection is. So most of the vehicle or traffic comes that way. Your

	Page 93		Page 94
1	CHAIRMAN AIZENSTAT: Is there an option or	1	MR. CORDOVES: Yes, because then you have
2	a reason you put it there, as opposed to the	2	too many curb cuts very near each other and you
3	other side, to keep all of your traffic,	3	have the driveway entrance to the drop-off and
4	meaning your ramp, your entrance and	4	then you have another curb cut that's the in
5	everything, going there? It would just make	5	and out for the upper levels traffic so it
6	one side all vehicular as opposed to dividing	6	was a series of too many curb cuts on Salzedo.
7	it.	7	CHAIRMAN AIZENSTAT: Too many curb cuts,
8	MR. CORDOVES: Yes, absolutely. We	8	okay.
9	selected the main entrance as Salzedo,	9	MR. CORDOVES: Yes.
10	essentially, because right opposite on the	10	CHAIRMAN AIZENSTAT: And the other question
11	other street we have a lot of back of house	11	was just the height, which got resolved. It
12	spaces on the Collection, and it's Salzedo	12	was 130 and six inches.
13	being the nicer street associates the main	13	The 14 lost spaces on the street, I'm going
14	entrance with the drop-off area.	14	to take into account that it's going to be
15	CHAIRMAN AIZENSTAT: Okay. In other words,	15	roughly seven on one side and seven on the
16	to me, it would have been nice to keep	16	other side, and I understand that there's a
17	everything pedestrian on one side and then go	17	factor that's taken in to compensate the City.
18	ahead and do an area that would be designated	18	But how do you compensate the people that
19	as traffic	19	work in the area and that utilize those spaces
20	MR. CORDOVES: We actually considered that	20	in that specific area that will now not have
21	option and	21	those 14 parking spaces? I'm not talking about
22	MR. TRIAS: We spent months dealing with	22	people that work for your project. I'm talking
23	that issue, Mr. Chairman.	23	about people that, for example, work at the
24	CHAIRMAN AIZENSTAT: And the result was,	24	Collection or go to the Collection or any other
25	this was the best way to do it?	25	property within the zone. Is there a way to
	Daga 05		Dago 06
1	Page 95		Page 96
1	aid that?	1 2	the money, which \$42,000 per parking space or
2	MR. GARCIA-SERRA: Well, we have to take	3	we provide the City with that parking space in
3 4	into consideration, too, that there's buildings there right now that have next to no parking	4	the garage. MR. MURAI: But that's up to the City then
5	being provided. So some of that demand, which	5	to decide whether they want to have the parking
6	is generating from this block, is now going to	6	spaces or
7	be met by the parking garages of each of the	7	CHAIRMAN AIZENSTAT: It's actually up to
8	projects.	8	the owner, I think, to decide.
0		1 0	
9	Aside from that either the money that will	9	
9 10	Aside from that, either the money that will be paid for the loss of the on-street parking	9	MR. GARCIA-SERRA: Correct.
10	be paid for the loss of the on-street parking	10	MR. GARCIA-SERRA: Correct. MR. MURAI: It's up to the owner to decide.
	be paid for the loss of the on-street parking goes into the City's parking fund, so they can		MR. GARCIA-SERRA: Correct.
10 11	be paid for the loss of the on-street parking goes into the City's parking fund, so they can potentially provide parking public parking	10 11	MR. GARCIA-SERRA: Correct. MR. MURAI: It's up to the owner to decide. MR. GARCIA-SERRA: Correct.
10 11 12	be paid for the loss of the on-street parking goes into the City's parking fund, so they can potentially provide parking public parking in other locations. In this case in	10 11 12	MR. CHAIRMAN AIZENSTAT: To me, I would like to see some kind of parking to somehow compensate for the lost parking spaces that are within the City, and I'm not talking about revenues or dollars, I'm talking about the individuals that actually have utilized or do utilize those

	Page 97		Page 98
1	The covenant and the easement that's going	1	approved and final of that approval, then the
2	to be done, the change between the original	2	entire width of the easement is going to be
3	the Ordinance that was originally done and the	3	granted to the City.
4	one you have now, which is just a straight	4	CHAIRMAN AIZENSTAT: I just want to comment
5	line	5	on it. I like the project. I actually I
6	MR. GARCIA-SERRA: Correct.	6	like the architecture. I think it's a very
7	CHAIRMAN AIZENSTAT: you're taking into	7	nice job. I really do. I like the way it
8	account that the building that is going to be	8	flows. I like the way it sits back and it
9	built in back of you is going to use part of	9	steps back and I like the contemporary element
10	that or share part of that in doing it?	10	very much. I really do.
11	MR. GARCIA-SERRA: Correct.	11	MR. WITHERS: Yeah. Let me make sure I
12	CHAIRMAN AIZENSTAT: And I assume that the	12	understand this easement, because that wasn't
13	tool the City uses is a covenant to run with	13	an alley vacating that went east-west. That's
14	the land?	14	an easement, right?
15	MR. GARCIA-SERRA: It's an easement that's	15	MR. GARCIA-SERRA: Right. Correct.
16	running	16	MR. WITHERS: Okay. And so I know, on your
17	MR. TRIAS: It's an easement.	17	side, the easement is granted. Is the easement
18	CHAIRMAN AIZENSTAT: Is there any way or	18	on the other side
19	anything that guarantees that if that project	19	MR. GARCIA-SERRA: Yes, on both.
20	doesn't happen in the back I understand it's	20	MR. WITHERS: On both, it's already
21	one owner right now, but let's say it's sold	21	MR. GARCIA-SERRA: Uh-huh.
22	down the road.	22	CHAIRMAN AIZENSTAT: He said that, at this
23	MR. GARCIA-SERRA: Right. That easement	23	stage, they would just do the entire easement.
24	will be granted at a very early point in the	24	MS. VELEZ: That's why I asked if it was
25	process. So once one of these projects becomes	25	the same owner, because with the same owner, it
	Page 99		Page 100
1	Page 99 can be done.	1	projects get approved and built no?
1 2		1 2	projects get approved and built no? MR. MURAI: No. Assuming the next project
	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is		projects get approved and built no?
2	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if	2 3 4	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like?
2 3 4 5	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built?	2 3 4 5	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between
2 3 4 5 6	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast	2 3 4 5 6	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is
2 3 4 5	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side.	2 3 4 5 6 7	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade.
2 3 4 5 6 7 8	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see,	2 3 4 5 6 7 8	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the
2 3 4 5 6 7 8	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next	2 3 4 5 6 7 8	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building.
2 3 4 5 6 7 8 9	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here.	2 3 4 5 6 7 8 9	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed
2 3 4 5 6 7 8 9 10	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this	2 3 4 5 6 7 8 9 10 11	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line.
2 3 4 5 6 7 8 9 10 11	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this	2 3 4 5 6 7 8 9 10 11 12	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so
2 3 4 5 6 7 8 9 10 11 12	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and	2 3 4 5 6 7 8 9 10 11 12 13	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up.
2 3 4 5 6 7 8 9 10 11 12 13 14	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property	2 3 4 5 6 7 8 9 10 11 12 13 14	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole
2 3 4 5 6 7 8 9 10 11 12 13 14 15	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project.	2 3 4 5 6 7 8 9 10 11 12 13 14 15	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it. CHAIRMAN AIZENSTAT: They're granting the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project? MR. CORDOVES: That is correct.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it. CHAIRMAN AIZENSTAT: They're granting the easement now, because	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project? MR. CORDOVES: That is correct. MR. TRIAS: The current proposal has a
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it. CHAIRMAN AIZENSTAT: They're granting the easement now, because MR. MURAI: I understand, but he's saying	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project? MR. CORDOVES: That is correct. MR. TRIAS: The current proposal has a fully designed paseo in this parcel. Now, in
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it. CHAIRMAN AIZENSTAT: They're granting the easement now, because MR. MURAI: I understand, but he's saying that that whole	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project? MR. CORDOVES: That is correct. MR. TRIAS: The current proposal has a fully designed paseo in this parcel. Now, in addition, if the other proposal gets built, it
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	can be done. MR. MURAI: Let me follow-up on that, which I wanted to do before. The way this is presented, that would only look like that if the next project is built? MR. GARCIA-SERRA: Correct. The vast majority of it is on this project's side. MR. CORDOVES: Right. So, as you can see, there's a slight glimpse of the project next door here. MR. MURAI: But I'm looking at this MR. CORDOVES: No. No. Yeah, but this entire paseo, the way we have conceived and designed it, is on our property, the property that belongs to this project. MR. MURAI: Wait. But where is this easement to be granted by the north project? MR. GARCIA-SERRA: It would stretch essentially MR. MURAI: I don't get it. CHAIRMAN AIZENSTAT: They're granting the easement now, because MR. MURAI: I understand, but he's saying	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	projects get approved and built no? MR. MURAI: No. Assuming the next project doesn't get built, what is this going to look like? MR. GARCIA-SERRA: Then the line between the two projects, more or less, I guess, is right here is their arcade. MR. TRIAS: It's about five feet from the building, from the next building. MR. MURAI: No, I saw that proposed property line. MR. COLLER: I think it would be helpful so the TV can pick it up. MR. MURAI: I get it, but is that whole paseo that you depict there south of that proposed property line? MR. CORDOVES: Correct. MR. MURAI: So are you saying that this thing will be built that way regardless of the next project? MR. CORDOVES: That is correct. MR. TRIAS: The current proposal has a fully designed paseo in this parcel. Now, in

	Page 101		Page 102
1	space, plus an arcade. That's what is proposed	1	is on this side of the property line.
2	at this point.	2	MR. MURAI: And why don't we make the whole
3	MR. MURAI: Okay. So I get it, that except	3	thing now, the entire thing? I mean, why don't
4	for five feet on the north side	4	we make it all of the way to include the five
5	MR. TRIAS: Right. More or less five feet,	5	feet?
6	right? That's correct.	6	MR. GARCIA-SERRA: The easement instrument
7	MR. MURAI: More or less? I mean	7	that's going to be granted to the City is going
8	MR. TRIAS: I mean, I don't have the	8	to include those five feet.
9	drawing with me, but it is five feet, based on	9	MR. MURAI: So why don't we have a paseo
10	my recollection.	10	the entire paseo like that, including the five
11	MR. MURAI: Not ten feet?	11	feet?
12	MR. TRIAS: Not ten feet.	12	MS. ANDERSON: In other words, convey the
13	MR. CORDOVES: Oh, no, no, no. No, no, no.	13	•
14	Actually, at the narrowest, it's about two and	14	property over to this project.
	• •		MR. MURAI: No, you don't have to convey
15	a half feet, because the property line	15	it.
16	actually	16	MR. GARCIA-SERRA: Ultimately, the City
17	MR. MURAI: Okay. So regardless, Mario, of	17	will be getting that entire width, including
18	the next project, you're going to have a paseo	18	those five feet, even if the project to the
19	that substantially looks like that?	19	north doesn't happen.
20	MR. GARCIA-SERRA: Yes.	20	CHAIRMAN AIZENSTAT: I think what Rene is
21	MR. CORDOVES: Yes.	21	saying, right now you have one owner that owns
22	MR. MURAI: It's not going to be like half	22	the entire parcel.
23	of it is on this property and half of it is on	23	MR. GARCIA-SERRA: Right.
24	the other one?	24	MR. MURAI: So they can do whatever they
25	MR. GARCIA-SERRA: The vast majority of it	25	want.
	Page 103		
	rage 103		Page 104
1	CHAIRMAN AIZENSTAT: So if it's possible,	1	Page 104 you know, you can do it. I mean, I'm more
1 2		1 2	
	CHAIRMAN AIZENSTAT: So if it's possible,		you know, you can do it. I mean, I'm more
2	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo	2	you know, you can do it. I mean, I'm more concerned that then you have to add five feet
2 3	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through	2 3	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd
2 3 4	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next	2 3 4	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put
2 3 4 5	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene?	2 3 4 5	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges.
2 3 4 5 6	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the	2 3 4 5 6	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it
2 3 4 5 6 7	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do	2 3 4 5 6 7	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart.
2 3 4 5 6 7 8	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do this, leave five feet, wait for the next	2 3 4 5 6 7 8	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart. MR. GARCIA-SERRA: It's a relatively narrow area.
2 3 4 5 6 7 8	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do this, leave five feet, wait for the next project and then add and mess it all up again.	2 3 4 5 6 7 8	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart. MR. GARCIA-SERRA: It's a relatively narrow
2 3 4 5 6 7 8 9	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do this, leave five feet, wait for the next project and then add and mess it all up again. MR. GARCIA-SERRA: I understand what you're	2 3 4 5 6 7 8 9	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart. MR. GARCIA-SERRA: It's a relatively narrow area. MR. WITHERS: And say they have to do it within two years, if they don't build or
2 3 4 5 6 7 8 9 10	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do this, leave five feet, wait for the next project and then add and mess it all up again. MR. GARCIA-SERRA: I understand what you're saying. We could both, convey the entire width and we could also improve the entire width.	2 3 4 5 6 7 8 9 10	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart. MR. GARCIA-SERRA: It's a relatively narrow area. MR. WITHERS: And say they have to do it
2 3 4 5 6 7 8 9 10 11	CHAIRMAN AIZENSTAT: So if it's possible, what he's asking is, just do that entire paseo regardless of whether the sale goes through next door, whether the project is built next door. Is that correct, Rene? MR. MURAI: Yeah, correct. Include the five feet in what you're doing, so you don't do this, leave five feet, wait for the next project and then add and mess it all up again. MR. GARCIA-SERRA: I understand what you're saying. We could both, convey the entire width and we could also improve the entire width. MR. MURAI: That would be my requirement.	2 3 4 5 6 7 8 9 10 11	you know, you can do it. I mean, I'm more concerned that then you have to add five feet to it and the landscape and everything. I'd rather have it all done now, and you can put CHAIRMAN AIZENSTAT: Hedges. MR. MURAI: Whatever. They can figure it out. These guys are smart. MR. GARCIA-SERRA: It's a relatively narrow area. MR. 4	Page 105		Page 106
1	on the other project side, on the north parcel,	1	MR. MURAI: We'd still have a paseo that
2	as we call it, is not incorporated or approved	2	includes the five feet that we're talking
3	as part of that project, then this project	3	about. I don't
4	MR. MURAI: No.	4	MR. TRIAS: Yeah. The thing is that the
5	CHAIRMAN AIZENSTAT: I think Rene was	5	five feet, I think, they can deal with. In
6	saying something else.	6	addition to that, they were incorporating the
7	MR. MURAI: No, I'm saying that the	7	arcade in the building. So maybe you separate
8	condition of this project is that you build the	8	the five feet from the arcade.
9	entire paseo. I don't care what you do with	9	CHAIRMAN AIZENSTAT: Is that five feet
10	the next project or not do it.	10	where the column is, the tower or the column
11	MR. GARCIA-SERRA: The only thing is that	11	that's going straight up, part of the other
12	part of what's being granted to the City is an	12	building? If you go to where no, a little
13	easement under their arcade.	13	more to the left is your project your
14	MR. MURAI: Yeah, fine, but, I mean, it's	14	project is that one. Okay.
15	Baptist. It's not like you're dealing you	15	No, so it's got a flat wall, okay.
16	know, I have to call somebody else. It's	16	MR. TORRE: I think it's like a logistics
17	Baptist.	17	things. If you're building, you need a fence,
18	MR. GARCIA-SERRA: But if we wouldn't build	18	and I think there's more of that going on than
19	that arcade, we would improve it with	19	it is the fact that when you get to the end,
20	landscaping or whatever else	20	
21	MR. TRIAS: Mr. Murai, the issue is really	20	you can add the five feet anyway.
22	that arcade. The design of the building is		CHAIRMAN AIZENSTAT: I think you understand
23	incorporated into that easement. So if the	22	what we're trying to ask for, and it will up to
24	building is not built, what would be the	23	the City to figure a way to get it done.
25	option?	24	MR. MURAI: Well, no, I would like when
		25	the motion is made to approve the project, I
	Page 107		Page 108
1	would like to include a requirement that the	1	MR. TRIAS: And the only reason it's not
2	entire paseo, as depicted here, be built in	2	here before you at the same time is because of
3	connection with this project.	3	that, because the traffic study was not
4	MR. COLLER: I think the only problem with	4	finished.
5	that condition is that the way it's displayed	5	MR. MURAI: I'd just like it's so pretty
6	there, it has another building. So you're just	6	that I wouldn't want to see it messed up.
7	asking them for improve and landscape the	7	CHAIRMAN AIZENSTAT: It's a beautiful
8	entire paseo?	8	design.
9	MR. MURAI: That's it. I'm saying	9	MS. VELEZ: It is.
10	MR. GARCIA-SERRA: That's the easiest way	10	MR. MURAI: Can I make a motion?
11	to say it.	11	MR. COLLER: So we need to have separate
12	MR. COLLER: Right.	12	votes for each item, and I want to make sure
13	MR. WITHERS: When is the next building	13	that when we do this, that the changes that you
14	I'm assuming it's in the pipeline. When is	14	wanted in the conditions, I think there were
15	that expected to hit us?	15	mere corrections, just get put on the record,
16	MR. TRIAS: Yeah. As soon as the traffic	16	depending on which item it goes with.
17	study is completed, I expect to have it	17	MR. TRIAS: Probably the PAD would be the
18	scheduled. So that's very soon.	18	one. Mario, the correction was part of the PAD
19	MR. GARCIA-SERRA: We're hoping next month.	19	condition, right?
20	MR. TRIAS: Next meeting.	20	MR. GARCIA-SERRA: Right. Those are the
0.1	CHAIRMAN AIZENSTAT: So you're hoping it	21	conditions of approval for the PAD and
21	comes next meeting?	22	Mixed-Use Site Plan.
21 22			
	MR. GARCIA-SERRA: Yes.	23	MR. MURAI: If the project depends on all
22	MR. GARCIA-SERRA: Yes. MR. TRIAS: Yeah.	23 24	MR. MURAI: If the project depends on all of those Ordinances, we need to move them as a

	Page 109		Page 110
1	other ones.	1	same condition about the improvement of the
2	MR. COLLER: Well, we can add so that	2	paseo in each one of these, no problem.
3	the approvals will have to be done separately,	3	MR. TRIAS: But Mr. Attorney, I don't think
4	but we can add the same condition for each one.	4	that would be appropriate for the TDR, for
5	MR. MURAI: But why do we have to do it	5	example.
6	separately?	6	MR. COLLER: Not for the TDR, right,
7	MR. COLLER: Because they're separate items	7	
8	on the agenda, so there are separate votes.		correct. MR. MURAI: Those requirements into one of
9	MR. MURAI: I understand, but without	8	1
10	approving all three, you do nothing by	9	them is enough.
11		10	MR. COLLER: Okay.
12	approving two.	11	CHAIRMAN AIZENSTAT: All right. So we have
	MR. COLLER: Well, if you don't approve all	12	Item E-1. Is there a motion for Item E-1?
13	of them, he's not going to be able to build it.	13	MR. MURAI: What is Item E-1?
14	MR. TRIAS: Mr. Murai, there are some items	14	MR. COLLER: E-1 is the approval of the
15	that may be not approved and the project could	15	alleyway.
16	go through, for example, the TDR. You may say,	16	MR. TRIAS: E-1 is amending the original
17	MD COLLED. The de time. The TDD if time.	17	CHAIRMAN AIZENSTAT: Amending the alleyway
18	MR. COLLER: That's true. The TDR, if you	18	vacation.
19	didn't give that, you'd have to make an	19	MR. COLLER: Right.
20	adjustment	20	MR. WITHERS: I'll move that, Mr. Chairman.
21	CHAIRMAN AIZENSTAT: I think we have to	21	CHAIRMAN AIZENSTAT: We have a motion by
22	take advice from our counsel from the City and	22	Chip. Is there a second?
23	follow his recommendation.	23	MS. ANDERSON: Second.
24	MR. MURAI: Okay.	24	CHAIRMAN AIZENSTAT: Do we need to include
25	MR. COLLER: But if you want to put the	25	any items in this?
	Page 111		Page 112
1		1	
1	MR. COLLER: Ramon, what do you think? Do	1 2	MS. ANDERSON: Yes.
2	MR. COLLER: Ramon, what do you think? Do we need	2	MS. ANDERSON: Yes. THE SECRETARY: Rene Murai?
2	MR. COLLER: Ramon, what do you think? Do we need MR. TRIAS: I don't think so, sir.	2	MS. ANDERSON: Yes. THE SECRETARY: Rene Murai? MR. MURAI: Yes.
2 3 4	MR. COLLER: Ramon, what do you think? Do we need MR. TRIAS: I don't think so, sir. MR. COLLER: Okay.	2 3 4	MS. ANDERSON: Yes. THE SECRETARY: Rene Murai? MR. MURAI: Yes. THE SECRETARY: Eibi Aizenstat?
2 3 4 5	MR. COLLER: Ramon, what do you think? Do we need — MR. TRIAS: I don't think so, sir. MR. COLLER: Okay. MR. GARCIA-SERRA: There was one, 13-A, on	2 3 4 5	MS. ANDERSON: Yes. THE SECRETARY: Rene Murai? MR. MURAI: Yes. THE SECRETARY: Eibi Aizenstat? CHAIRMAN AIZENSTAT: Yes.
2 3 4 5	MR. COLLER: Ramon, what do you think? Do we need — MR. TRIAS: I don't think so, sir. MR. COLLER: Okay. MR. 	Page 113		Page 114
1	THE SECRETARY: Venny Torre?	1	would have the entire width of the easement, as
2	MR. TORRE: Yes.	2	far as what is the paseo, improved once this is
3	THE SECRETARY: Eibi Aizenstat?	3	built.
4	CHAIRMAN AIZENSTAT: Yes.	4	CHAIRMAN AIZENSTAT: Well, with this
5	The third item, which is E-3, deals with	5	project.
6	the Planned Area development.	6	MS. VELEZ: With this project.
7	MS. VELEZ: I'll move it.	7	MR. MURAI: Second.
8	MR. TRIAS: And that one, that's all of the	8	CHAIRMAN AIZENSTAT: We have a second.
9	conditions, so that would be the appropriate	9	Yes, go ahead.
10	location to place conditions.	10	MS. ANDERSON: I'd like to propose a
11	MR. COLLER: And these are all in	11	friendly amendment about the traffic calming
12	accordance with the recommendations of the	12	devices near the handicap spaces.
13	Department, all of these motions	13	CHAIRMAN AIZENSTAT: A recommendation, I
14	MR. MURAI: Except for this one.	14	would think, no? That would be a
15	Maria, you moved it?	15	recommendation, because I don't know if we can
16	MS. VELEZ: Yes.	16	put that as a condition.
17	MR. MURAI: Can you include in your motion	17	MR. WITHERS: And clarification, you're not
18	that the entire paseo be built?	18	including the arcade, you're just including the
19	MS. VELEZ: But I don't think that's part	19	open space; is that correct?
20	of this one. Is it?	20	MR. MURAI: Is that I don't know what
21	MR. TRIAS: Yes.	21	the arcade is.
22	MS. VELEZ: Oh, it is.	22	MS. VELEZ: The arcade is part of the other
23	CHAIRMAN AIZENSTAT: This would be the	23	building.
24	appropriate.	24	MR. GARCIA-SERRA: And one more thing, the
25	MS. VELEZ: All right. So then that we	25	replacement parking spaces condition, the one

THE SECRETARY: Rhonda Anderson? MS. ANDERSON: Yes. THE SECRETARY: Eibi Aizenstat? CHAIRMAN AIZENSTAT: Yes. And E-5, which is the last item, is the tentative plat. Is there a motion? MR. MURAI: I move it. CHAIRMAN AIZENSTAT: Rene moves it. MR. TORRE: Second.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	that Ramon presented as part of his presentation, the corrected one. MR. TRIAS: To give the option to the applicant. CHAIRMAN AIZENSTAT: We have a motion. We have a second. Any other discussion? No? Call the roll, please. THE SECRETARY: Chip Withers? MR. WITHERS: Yes. THE SECRETARY: Rhonda Anderson? MS. ANDERSON: Yes. THE SECRETARY: Rene Murai? MR. MURAI: Yes. THE SECRETARY: Venny Torre? MR. TORRE: Yes. THE SECRETARY: Maria Velez? MS. VELEZ: Yes. THE SECRETARY: Eibi Aizenstat? CHAIRMAN AIZENSTAT: Yes. The fourth, which is E-4, is the Assisted Living Facility Conditional Use review. MR. MURAI: I'll move it. CHAIRMAN AIZENSTAT: Rene moves it. Is	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	CHAIRMAN AIZENSTAT: Maria. Any comments? Do we need to add anything? MR. COLLER: No. Again, all of these are in accordance with the Department's recommendation, all of these motions. CHAIRMAN AIZENSTAT: Okay. Any comments? No? Call the roll, please. THE SECRETARY: Rene Murai? MR. MURAI: Yes. THE SECRETARY: Venny Torre? MR. TORRE: Yes. THE SECRETARY: Maria Velez? MS. VELEZ: Yes. THE SECRETARY: Chip Withers? MR. WITHERS: Yes. THE SECRETARY: Rhonda Anderson? MS. ANDERSON: Yes. THE SECRETARY: Eibi Aizenstat? CHAIRMAN AIZENSTAT: Yes. And E-5, which is the last item, is the tentative plat. Is there a motion? MR. MURAI: I move it. CHAIRMAN AIZENSTAT: Rene moves it.

	Page 117		Page 118
1	Do we need to add anything to this to be	1	MR. TRIAS: Mr. Chairman
2	consistent?	2	CHAIRMAN AIZENSTAT: We have not adjourned
3	MR. TRIAS: No, I don't believe so. This	3	yet.
4	is simply the parcel.	4	MR. TRIAS: Mr. Chairman
5	CHAIRMAN AIZENSTAT: Any discussion?	5	CHAIRMAN AIZENSTAT: Yes.
6	MS. ANDERSON: No.	6	MR. TRIAS: before we adjourn, we need
7	CHAIRMAN AIZENSTAT: No? Call the roll.	7	to decide the April date for the meeting.
8	please.	8	CHAIRMAN AIZENSTAT: Okay. Let's just go
9	THE SECRETARY: Venny Torre?	9	ahead.
10	MR. TORRE: Yes.	10	MR. MURAI: Order in the courtroom.
11	THE SECRETARY: Maria Velez?	11	CHAIRMAN AIZENSTAT: Ramon.
12	MS. VELEZ: Yes.	12	MR. TRIAS: Mr. Chairman, the issue was
13	THE SECRETARY: Chip Withers?	13	that there was a holiday conflict on the
14	MR. WITHERS: Yes.	14	typical meeting. So we have options. The
15	THE SECRETARY: Rhonda Anderson?	15	options are April 7th, April 9th, April 14th,
16	MS. ANDERSON: Yes.	16	April 16th. So we gave you
17	THE SECRETARY: Rene Murai?	17	
			MR. MURAI: Can you repeat them? There's a
18	MR. MURAI: Yes.	18	noise in the background.
19	THE SECRETARY: Eibi Aizenstat?	19	MR. TRIAS: Yes. Can we have quiet,
20	CHAIRMAN AIZENSTAT: Yes.	20	please?
21	Thank you very much.	21	MR. COLLER: Sorry.
22	MR. GARCIA-SERRA: Thank you very much, Mr.	22	MS. ANDERSON: Sorry.
23	Chairman, Members of the Board. Have a good	23	MR. TRIAS: Let me repeat the dates. The
24	night.	24	following dates are available here at this
25	MS. ANDERSON: Have a good night.	25	location, April 7th, 9th, 14th and 16th.
	Page 119		Page 120
1	MR. TORRE: I would ask that it be either	1	CERTIFICATE
2	the 14th or 16th, if possible.	2	
3	MS. VELEZ: And I would ask that it be the	3	STATE OF FLORIDA:
4	15th or 16th. I am out of town	4	SS.
5	CHAIRMAN AIZENSTAT: So the 16th is the	5	COUNTY OF MIAMI-DADE:
6	16th okay with everybody?	6	
7	MR. WITHERS: The 16th is perfect.	7	
8	MR. MURAI: Yes.	8	
9	CHAIRMAN AIZENSTAT: Let it be noted.	9	I, NIEVES SANCHEZ, Court Reporter, and a Notary
10	MR. TORRE: I will not be here. I'm out	10	Public for the State of Florida at Large, do hereby
11	those two weeks.	11	certify that I was authorized to and did
12	CHAIRMAN AIZENSTAT: So you wouldn't have	12	stenographically report the foregoing proceedings and
13	been here the week before, either?	13	that the transcript is a true and complete record of my
14	MR. WITHERS: Where are you going?	14	stenographic notes.
15	MR. TORRE: California.	15	DATED this 25th June FE-house 2000
16	CHAIRMAN AIZENSTAT: Okay. So Venny is on	16	DATED this 25th day of February, 2020.
17	a trip and he will send postcards.	17	
18	MR. MURAI: I move that we adjourn.	19	SIGNATURE ON FILE
19	CHAIRMAN AIZENSTAT: So moved. Is there a	20	SIGNATORE ON FILE
20	second?	20	NIEVES SANCHEZ
21	MS. VELEZ: Second.	21	THE YES SERVEITED
22	CHAIRMAN AIZENSTAT: We're adjourned.	22	
23	Thank you very much.	23	
24	(Thereupon, the meeting was concluded at	24	
25	7:55 p.m.	25
