DEPARTMENT HEAD RECOMMENDATION:

Approval.

PLANNING AND ZONING BOARD RECOMMENDATION:

The Planning and Zoning Board has not reviewed the proposed text amendments.

BRIEF HISTORY:

Staff has prepared Zoning Code text amendments to establish provisions for Docks, Driveways, and Construction Offices in residential districts.

Docks - Per Section 5-802 of the Zoning Code, side setback restrictions are not consistent with the existing character of established docks along the Gables Waterways. It is proposed to not require the same side setback as the residence and to allow multi-level docks below established grade, subject to the Board of Architects approval and as permitted by Miami Dade County Department of Regulatory and Economic Resources (DERM).

Driveways - Per Sections 4-101 and 4-102 of the Zoning Code, driveway approach regulations allow one access point no greater than 11 feet in width to allow green landscaped area in the public swale. It is proposed that regulations remain consistent with allowing one access point for every 50 feet of frontage,

but to allow flexibility in the width to no greater than 18 feet to accommodate for existing conditions, subject to the Board of Architects approval.

Construction Office – Per Section 5-2108 of the Zoning Code, a Temporary Sales Office is currently allowed in multi-family districts. It is proposed in Section 5-2107 to also allow a construction trailer or field office on-site in multi-family projects more than 20,000 square feet.

The Planning and Zoning Board deferred the proposed text amendments at the September 11, 2019, meeting.

The draft Ordinance for the proposed Zoning Code text amendment regarding Docks is provided as Exhibit A. The draft Ordinance for the proposed Zoning Code text amendment regarding Driveways is provided as Exhibit B. The draft Ordinance for the proposed Zoning Code text amendment regarding Construction Offices is provided as Exhibit C. A diagram to illustrate the intent of the proposed Zoning Code text amendment for multi-level docks is provided as Exhibit D.
