1. APPLICATION REQUEST

The application requests a Zoning Code Text Amendment to exempt the Snapper Creek Lakes Subdivision in south Coral Gables from the Building Site Determination process of Section 14-202.6 of the Zoning Code, by amending the Snapper Creek Site Specifics.

The request requires three public hearings, including review and recommendation by the Planning & Zoning Board, and 1st and 2nd Reading before the City Commission. The Ordinance under consideration is as follows:

An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Appendix A, "Site Specific Zoning Regulations," Section A-94, "Snapper Creek Lakes" to exempt platted lots within Snapper Creek Lakes from the Building Site Determination process, providing for severability, repealer, codification, and an effective date.

2. APPLICATION SUMMARY

The Applicant seeks to amend the Zoning Code to exclude the Snapper Creek Lakes Subdivision from the Building Site Determination process of Section 14-202.6 of the Zoning Code. The Snapper Creek Lakes Subdivision was not included in George Merrick’s original 1920’s plan for Coral Gables. The subdivision was annexed into the City almost 70 years later in 1996 as 124 platted lots with a minimum of 1 acre per lot, all single-family residential homes.

The Applicant recently purchased the vacant property at 10600 Lakeside Drive, Lot 8 in the Snapper Creek Lakes Subdivision. When applying for a building site determination – as required to develop all vacant property within the City, it was denied because the property did not meet the criteria, as it was used as an accessory tennis court to a demolished house on the adjacent parcel. The adjacent parcel was recently purchased by another owner.

The Coral Gables Zoning Code requires that the application of a building site determination be submitted prior to the issuance of any single-family or duplex building permit. The City then reviews based on the following criteria:

- a. Only 1 building on a building site;
- b. At least 50 feet of street frontage;

- c. No encroachments including fences, walls and other associated improvements (excluding primary and accessory habitable structures) occupy the site or tie any site together;
- d. The building site created, separated or established cannot result in existing structures becoming non-conforming as it relates to setbacks, lot area, lot width and depth, ground coverage, etc;
- e. Unity of title or any declaration of restrictive covenant preventing the separation or establishment of the parcels or property;
- f. If applicable, the analysis of the permit history identifies exceptional or unusual circumstances unique to the property; and
- g. No structure on the proposed site is an accessory use to a structure on an adjacent parcel.

If the City then determines that the parcel proposed for development is a lawful building site, a written building site determination is issued and recorded with the County.

However, if the building site determination is denied, then the applicant submits for Conditional Use approval (Development Review Committee, Board of Architects, neighborhood meeting, Planning & Zoning Board, and City Commission).

The proposed Zoning Code text amendment would effectively exempt the entire Snapper Creek neighborhood from the requirement to apply for a building site determination. There are currently 4 exemptions:

1. Demolition of an existing lawful building;
2. Involuntary destruction of a building;
3. Sale of property between 2 previously lawfully established building sites; and
4. Involuntary destruction of a building on a nonconforming parcel to rebuild the previous structure.

Below is a map of the affected area of Snapper Creek Lakes Subdivision:

The proposed text amendment would apply to all properties within Snapper Creek. Below includes all 124 platted lots and shows properties with multiple lots.

Public Notification and Comments

The Applicant held the mandatory neighborhood meeting on June 28, 2022 with notification to all property owners within Snapper Creek Lakes Subdivision including Addition 1. A copy of the meeting invitation and attendance list is on file with the Planning Division.

The Zoning Code requires notification be provided to all property owners within 1,000 feet of the property. The notification was sent on July 27, 2022. The notice indicates the following: applications filed; public hearing dates/time/location; where the application files can be reviewed and provides for an opportunity to submit comments. There were 127 notices mailed. A copy of the legal advertisement and notice are provided as Attachment C.

4. FINDINGS OF FACT

The request is a Text Amendment to Appendix A, “Site Specific Zoning Regulations, Section A-94, “Snapper Creek Lakes.” The proposed changes are provided in Attachment A in ~~striketrough~~ / underline format.

Zoning Code Section 14-212.5 provides review standards for Zoning Code text amendments:

Standard	Staff Evaluation
a. Promotes the public health, safety, and welfare.	The intent of the proposed amendment is fulfilling the intent of the 1996 annexation of Snapper Creek Lakes to retain the “site specific” regulations and allow the remaining parcels of the 124 platted lots at the time of annexation be developed as single-family homes.
b. Does not permit uses the Comprehensive Plan prohibits in the area affected by the text amendment.	The proposed amendment does not affect any uses permitted in the Comprehensive Plan, as the additional platted lots would be developed as single-family residential as allowed in the Comprehensive Plan.
c. Does not allow densities or intensities in excess of the densities and intensities which are permitted by the	The proposed text amendment does not allow densities or intensities in excess of what are permitted by the future land uses. Even with the slight increase of homes in Snapper Creek Lakes from the proposed exemption, the total density is far below the

future land use categories of the affected property.	maximum of 6 units per acre, as the average home is on 1 acre or more.
d. Will not cause a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less than the minimum requirements of the Comprehensive Plan.	The proposed text amendment may introduce a maximum of 3 new homes – including the applicant - to the area, which will not affect the level of service for public infrastructure. The neighborhood – similar to many single-family neighborhoods in the city - is currently on septic and maintains adequate space to continue this method of disposal of sanitary waste.
e. Does not directly conflict with any objective or policy of the Comprehensive Plan.	The proposed amendment does not conflict with any objective or policy.

Staff comments:

The lot in question could not be developed as a matter-of-right because under subsection (g) of Section 14-202.6, “No structure on the proposed site is an accessory use to a structure on an adjacent parcel.” The Snapper Creek Lakes Subdivision is a unique community in Coral Gables, as it was not part of George Merrick’s original plan for the city. The lots in Snapper Creek are very large compared to most single-family properties in Coral Gables. When the area was annexed in 1996, all of the County’s development standards – including setbacks, ground coverage, heights, etc – were incorporated into the Coral Gables Zoning Code as Site Specifics in Section A-94. In particular, the Site Specifics states that “all existing building sites shall be as existing at the time Snapper Creek was annexed into the City on June 26, 1996, and shall be deemed in conformity with this Ordinance.” The proposed text amendment to the Zoning Code clarifies that all the existing platted lots in 1996 are exempt from the building site determination process. This clarification allows owners of lots platted in 1996 or earlier to be developed as intended after being annexed into Coral Gables. The lots in this area are very large and are a minimum of one acre. A review of this area indicates only 3 properties in this subdivision involve two platted lots – including the property in question - which may be impacted by this proposed amendment to the Zoning Code. This amendment fulfills the goals, objectives, and policies of the Comprehensive Plan that considers the right of a property owner to use and develop their property, subject to state law and local ordinances. The amendment is also consistent with the Future Land Use objective to encourage infill and redevelopment within existing developed areas, when processing amendments to the Zoning Code. While this ‘infill’ of possibly 3 single-family homes in this neighborhood is relatively small, the impact will be minimal and be compatible with the existing neighborhood fabric. The standards identified in Section 14-212.5 for the proposed Zoning text amendment are **satisfied**.

5. STAFF RECOMMENDATION

Based upon the complete Findings of Fact contained within this report, staff recommends **Approval, with conditions** of the following:

An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Appendix A, “Site Specific Zoning Regulations,” Section A-94, “Snapper Creek Lakes” to exempt platted lots within Snapper Creek Lakes from the Building Site Determination process, providing for severability, repealer, codification, and an effective date.

Conditions of Approval

In further review of the Snapper Creek Lakes Site Specifics Section A-94, Staff recommends the proposed text amendment to be located at the end of Subsection “B” to clarify existing building site language as follows:

Section A-94 – Snapper Creek Lakes.

B. Building sites. No new building site shall contain less than one (1) fully platted lot and have an area of less than one (1) acre. The minimum lot width of any new building site shall be one hundred twenty-five (125) feet. ~~All existing building sites shall be as existing at the time Snapper Creek was annexed into the City on June 26, 1996 and shall be deemed in conformity with this Ordinance.~~ Platted lots as of the date of annexation within Snapper Creek Lakes shall be exempt from the provisions of Section 14-202.6. Each platted lot shall constitute a separate building site, provided there is no encroachment of any structure(s) into the established setback areas or across property lines. If such encroachment(s) exist(s), then upon removal of same, the platted lot(s) shall be deemed separate building sites.

Proposed Text Amendment

M. Exemption from Section 14-202.6 Building site determination.

Platted lots as of the date of annexation within Snapper Creek Lakes shall be exempt from the provisions of Section 14-202.6. Each platted lot shall constitute a separate building site, provided there is no encroachment of any structure(s) into the established setback areas or across property lines. If such encroachment(s) exist(s), then upon removal of same, the platted lot(s) shall be deemed separate building sites.

STATEMENT OF USE

The subject properties are two platted one-acre plus vacant residential lots in the Snapper Creek Lakes Subdivision (“Snapper Creek”). The properties are Lot 7 and Lot 8 in Block 1 in Snapper Creek (the “Lots”). The City of Coral Gables annexed Snapper Creek in 1996. The entire Snapper Creek subdivision totals 124 minimum one-acre platted and subdivided lots which allow for the development of one single family residential home per platted lot, all enclosed in a secured gated community. Membership approval by the Snapper Creek Club is required prior to purchasing a lot or home.

A single-family home was built on Lot 7 around 1970. An accessory tennis court was built on Lot 8 later. The single-family home and tennis court existed at the time of the City’s annexation in 1996. The home and tennis court remained in place until 2018 when the then owner of the Lots demolished both structures and the Lots were then declared vacant by the Miami-Dade County Property Appraiser. Alejandro and Maribety Alvarez purchased Lot 8 in December of 2020 and Karla Joy Dascal, as Trustee, purchased Lot 7 in August of 2021. As the improvements on the Lots had been demolished prior to either purchase, the Lots were “vacant” at the time of their respective purchases.

In 2021 the Alvarez family hired architect, Cesar Molina to design a home for them on their 57,500 square foot lot. When Mr. Molina submitted the architectural plans to the City for Board of Architects for their review in early 2022, the City advised Mr. Molina that Lot 8 was “not a legal building site.” In other words, the Alvarezes could not build a home on the lot. The reason provided by the City staff was that since Lot 7 had previously been improved with a

single-family home and Lot 8 with an accessory tennis court, now both demolished - the Zoning Code prohibited the construction of any new structures on the lot. Both lots were under the same ownership at the time that the home and tennis court were built back in 1970. The prior owner pulled a demolition permit in 2018 and demolished both the single-family home and tennis court prior to the Alvarez purchase.

Both lots are platted and have separate legal folios. The properties were never tied together with a recorded Unity of Title or any other unifying recorded restrictive covenants. Both the Alvarezes and Ms. Dascal were presented by real estate counsel in their separate purchases. Title searches conducted for both closings did not reveal any recorded unity of title or any other recorded restrictive covenants or document tying the lots together. Both the Alvarezes and Ms. Dascal purchased vacant lots and there was no prudent or reasonable way for them to know that the lots that either were purchasing was “technically” tied to the adjacent lot. Snapper Creek Lakes Club did not consider the lots tied as each purchaser was admitted separately to Snapper Creek Lakes Club as a prerequisite to their purchase. Snapper Creek Lakes Club also approved the Alvarezes architectural plans before they were submitted to City’s Board of Architects.

When the City annexed the Snapper Creek Lakes subdivision in 1996, the intent was to allow the zoning regulations that governed the subdivision to follow them to Coral Gables. These regulations were incorporated into the Site-Specific Section of the City of Coral Gables’ Zoning Code. The single-family home and tennis court were already built and existing prior to date of the annexation. At the time of annexation under the Miami Dade County Code the subject

properties as individual platted lots would have been considered separate legal building sites regardless of any future demolition of the structures, as the parcels were not unified.

The current City Code prohibits building a home on one lot if the lot previously had an accessory use on it in conjunction with a single-family house. To qualify as separate building sites, the lots would have to be owned by the same owner for 10 years and no structures voluntarily demolished. In effect, this Code section would make the lots at issue worthless by prohibiting any use for 10 years. This Code provision found in Section 14.202.6(E)(2) and (E)(3) of the Zoning Code is not consistent with the intent of the City at the time of annexation which was to honor the existing Snapper Creek Subdivision regulations which is why the “Site Specific” Zoning Code regulations were adopted in the first place. The two vacant lots, each one well over an acre in size (52,500 and 62,725 square feet) would not be able to meet the criteria to build as the Zoning Code would not recognize them as meeting the criteria for a “separate building site.” The Code provision at issue inadvertently includes the Snapper Creek subdivision.

The proposed legislation excludes Snapper Creek from the provisions of Section 14.202.6(E) of the Zoning Code which would allow the intent of the City at the time of annexation to remain in place by having the “site specific” regulations continue to control development in Snapper Creek Lakes. The proposed text amendment was presented to the Snapper Creek Club Board of Governors, and they have reviewed and approved the requested legislation. Attached is a copy of the minutes of the Snapper Creek Board meeting approving the same.

SPECIAL BOARD MEETING

MEMBERS PRESENT: Kathy Simko, Alan Fine, Steve Risi, Dawn Fine, Roxanne Cason, Sid Perkins and Alex Quevedo

MEMBERS ABSENT: Alina Leon and Sonja Rodriguez

BOARD MEETING called to order at 6:29 pm by Board President, Mrs. Kathleen Simko

COMMENTS from Mrs. Simko. Meeting was called to discuss a proposed Text Amendment to the Coral Gables Building Code Section 14.202.6 with regard to meeting 3 of the 4 criteria of this code:

(2) Wherever there may exist a single-family residence(s), duplex building(s) or any lawful accessory building(s) or structure(s) which was heretofore constructed on property containing one (1) or more platted lots or portions thereof, such lot or lots shall thereafter constitute only one (1) building site and no permit shall be issued for the construction of more than one (1) single-family residence or duplex building. Such structures shall include but not be limited to swimming pools, tennis courts, walls, fences or other at grade and above ground improvements.

(3) If a single-family residence or duplex building is demolished or removed, whether voluntarily or involuntarily or by an act of God or casualty, no permit shall be issued for the construction of more than one (1) building on the building site.

Mrs. Simko explained due to Snapper Creek Lakes' own protective covenants this community would not benefit from the protection of the Coral Gables Code, most notably owning a property for 10 years prior to building. She continued by reading the Text Amendment in its entirety:

Site Specifics - Section A-94 - Snapper Creek Lakes

adding:

M. Exemption from Section 14-202.6 Building site determination.

Platted lots within Snapper Creek Lakes shall be exempt from the provisions of Section 14-202.6. Each platted lot shall constitute a separate building site, provided there is no encroachment of any structure(s) into the established setback areas or across property lines. If such encroachment(s) exist(s), then upon removal of same, the platted lot(s) shall be deemed separate building sites.

Mrs. Simko asked if there were any questions and there was a brief discussion why Coral Gables added this code but none on the Text Amendment.

There was a motion to approve the Snapper Creek Text Amendment as stated by Alex Quevedo and was seconded by Roxanne Cason and the motion was approved as all were in favor.

MEETING ADJOURNED by Mrs. Simko at 6:36pm.

	City of Coral Gables Notice of Public Hearing	
Applicant:	Laura Russo, Esq.	
Application:	Zoning Code Text Amendment	
Property:	Snapper Creek Lakes Subdivision	
Public Hearing - Date/Time/ Location:	Planning & Zoning Board Wednesday, August 10, 2022, 6:00 p.m. City Commission Chambers, City Hall, 405 Biltmore Way, Coral Gables, Florida, 33134 e-comments: www.CoralGables.GranicusIdeas.com/meetings	

PUBLIC NOTICE is hereby given that the City of Coral Gables, Florida, Planning & Zoning Board will conduct a Public Hearing on **Wednesday, August 10, 2022**.

An application has been submitted by Laura Russo, Esq. requesting for the review of a proposed Zoning Code Text Amendment to exempt the Snapper Creek Lakes Subdivision from the Building Site Determination process of Section 12-202.6. The proposed text amendment will allow each platted lot in the subdivision to be a separate building site, including the properties at 10600 and 10640 Lakeside Drive.

The request requires three public hearings, including review and recommendation by the Planning and Zoning Board, and 1st and 2nd Reading before the City Commission. The following will be considered:

An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Article 14, "Process," Section 14-202.6, "Building Site Determination" to exempt platted lots within Snapper Creek Lakes from the Building Site Determination process, providing for severability, repealer, codification, and an effective date.

Additional information may be found at www.coralgables.com/pzb. Please forward to other interested parties.

The meeting will also be via Zoom at www.zoom.us/j/83788709513. A dedicated phone line will also be available by dialing: (305) 461-6769, Meeting ID: 837 8870 9513.

The public may also comment on an item on the agenda by sending an email to planning@coralgables.com prior to the meeting.

Sincerely,

City of Coral Gables, Florida
