Re: Antique Automobile Club of America (AACAA)  
Event - April 17, 2011

Dear Mr. Kinney,

The Antique Automobile Club of America (AACAA) is conducting their yearly car show on Miracle Mile again this year. The City for the first time has indicated that the Club will have to pay for the parking meter revenue. The Club is a non-profit organization and the City benefits greatly from this yearly event. The AACAA would like to continue its ongoing traditional car show and we write to request the City to waive the fee for the parking meters. We will continue to pay, as in the past, other expenses associated with this event, (police, etc.).

Thank you very much for your consideration.

Sincerely,

Guy A. Lewis
