**H. Trade Show Event Lessor**

**B. NOTICE OF OCCURRENCE**

The **Named Insured's** rights under this **Coverage Part** will not be prejudiced if the **Named Insured** fails to give the Insurer notice of an **occurrence**, offense or **claim** and that failure is solely due to the **Named Insured's** reasonable belief that the **bodily injury** or **property damage** is not covered under this **Coverage Part**. This sublimit does not apply to **property damage** to **your work** if the damaged work, or the work out of which the damage arises, was performed on the **Named Insured's** behalf by a subcontractor.

## GPE Action Plan

GPE Engineering will commit to have (4) crews available to complete the work orders issued by the City of Coral Gables. As presented in our organization chart each crew is composed of a Foreman, Operator, Skilled laborers and supervised by (2) roaming supervisors. The crew set-up is adjusted according to the volume of work provided and scope. GPE has over 10 years of experience working with municipalities in annual contracts similar in scope and is well organized to meet the cities needs as they are presented to us.

Summary of standard progress for work order:

1. Work order is issued to GPE, our supervisor's visit the site and meet with the inspector to identify any potential conflicts.
2. All MOT and necessary documents are prepared; if required.
3. Work is scheduled and released with an agreed upon timeframe.
4. GPE Crews will perform the work.
5. Site is restored to original conditions.

The above plan is adjusted depending on the volume of work orders provided to GPE and scope. A separate restoration crew may be used to restore behind utility crews in order to advance the progression from one work order to the next. GPE will be able to adapt and modify our forces as needed to meet the city needs.

Sincerely,
