

City of Coral Gables  
CITY COMMISSION MEETING  
May 13, 2008

**ITEM TITLE:**

**Resolution authorizing the Ordering of the Cocoplum Guardhouse Local Improvement District, designated as "CGH-01", subject to the provisions of City Code, Article II, entitled "Local Improvement Act" setting forth location, proposed improvements, estimated cost and designating properties deemed to be benefiting from the Guardhouse, that will be levied a special assessment for the improvements, located on Cocoplum Road, at the entrance of the Cocoplum Subdivision, Coral Gables, Florida.**

**RECOMMENDATION OF THE CITY MANAGER:**

It is recommended that the City Commission adopt the proposed Resolution.

**BRIEF HISTORY:**

City Code Article II, entitled "Local Improvement Act" requires a resolution be adopted by the City Commission Ordering a Local Improvement District. The Resolution is required to provide the following information:

- Location of the improvements,
- Description of the proposed improvements,
- Cost of the proposed improvements, and
- Properties benefiting from the improvements that will be levied a special assessment for the improvements.

The attached Resolution provides the information above for the Ordering of the Cocoplum Guardhouse Local Improvement District, designated as "CGH-01".

The Cocoplum Homeowners Association has requested the City to establish a local improvement district to provide funding for the remodeling of the entrance guardhouse, servicing the Cocoplum area. The City Code, Article II, entitled "Local Improvement Act" authorizes the City to make local improvements and provide for the cost to be paid by all property owners benefiting from such improvements. The improvements to the guardhouse fall under "Class 12, Other Improvements" as defined by Section 58-22 of said Article, providing "for the construction, reconstruction and repair of any other improvement deemed appropriate by the commission." The City Commission at the February 12, 2008 City Commission meeting declared the improvements to the guardhouse appropriate as required by City Code.

The Cocoplum Entrance Guardhouse was built originally by the developer in the 1970s and is maintained by the Cocoplum Homeowners Association. Establishing a Local Improvement District will require that all benefiting property owners in Cocoplum Sections I, II, and Marina (including individual boat slip owners) share the cost of the improvements.

If this resolution were to be adopted, the selected consultant would move forward to complete the plans and specifications and file such information with the Office of the City Clerk for public view. Following the filing of such information, the Confirmation of the Ordering of the Local Improvement District would take place, at which time the affected property owners of the Cocoplum area would be notified of a public hearing to hear any objections to the Confirmation of the District. City staff anticipates having the confirmation of the district for consideration at the August 26, 2008 City Commission meeting.

Attached for your information is a flow chart that demonstrates the steps and action required by the City Commission associated with establishing a Local Improvement District, pursuant to the Article II of the City Code.
