2800 S.W. 72<sup>nd</sup> Avenue  
Miami, FL 33155

Dear Mr. Salerno:

The U.S. Army Corps of Engineers (Corps) has completed the review and evaluation of your Department of the Army permit application, number SAJ-2007-01053. Our regulations require that you have an opportunity to review the terms and conditions prior to final signature by the Department of the Army. Enclosed is an unsigned Department of the Army permit instrument (permit).

Please read carefully the Special Conditions beginning on page 2 of the permit. These were developed to apply specifically to your project. Water Quality Certification is also required prior to issuance of a permit. The Corps has received a copy of the State of Florida certification for your project. In accordance with General Condition 5 of the permit, any special conditions of the Water Quality Certification have been attached to the Department of the Army permit.

**Instructions for Objecting to Permit Terms and Conditions:**

This letter contains an initial proffered permit for your proposed project. If you object to certain terms and conditions contained within the permit, you may request that the permit be modified. Enclosed you will find a Notification of Administrative Appeal Options and Process fact sheet and Request for Appeal (RFA) form. If you choose to object to certain terms and conditions of the permit, you must follow the directions

provided in Section 1, Part A and submit the completed RFA form to the letterhead address.

In order for an RFA to be accepted by the Corps, the Corps must determine that it is complete, that it meets the criteria under 33 CFR Part 331.5, and that it has been received by the District office within 60 days of the date of the RFA. Should you decide to submit an RFA form, it must be received at the letterhead address by August 03, 2010.

**Instructions for Accepting Terms and Conditions and**

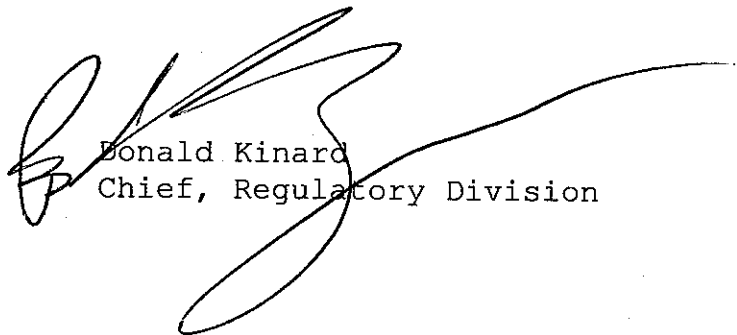

**Finalizing Your Permit:** It is not necessary to submit an RFA form to the District office, if you do not object to the decision in this letter. In this case, the permit must be signed by the applicant in the space provided on the signature page of the permit. In the case of corporations, acceptance must be by an officer of that corporation authorized to sign on behalf of the corporation. The party responsible for assuring the work is done in accordance with the permit terms and conditions must sign the permit. Please type or print the name and title of the person signing below the signature and the date signed.

The permit will be signed by the District Engineer and returned to you. It is important to note that the permit is not valid until the District Engineer signs it.

The Corps Jacksonville District Regulatory Division is committed to improving service to our customers. We strive to perform our duty in a friendly and timely manner while working to preserve our environment. We invite you to take a few minutes to visit the following link and complete our automated Customer Service Survey: <http://per2.nwp.usace.army.mil/survey.html>. Your input is appreciated - favorable or otherwise.

If you have any questions concerning this application, you may contact Meredith Allen in writing at the letterhead address, by electronic mail at Meredith.A.Allen@usace.army.mil, or by telephone at 305-526-7183.

Sincerely,

A handwritten signature in black ink, appearing to read 'Donald Kinard', is written over the typed name and title. The signature is stylized with a large, sweeping loop at the end.

NOTICE FROM THE ADMINISTRATIVE APPEAL DEPARTMENT AND PROCESS AND  
REGULATIONS OF APPEAL

Applicant: City of Coral Gables		File Number: SAJ-2007-01053	Date: June 04, 2010
Attached is:			
<input checked="" type="checkbox"/>	INITIAL PROFFERED PERMIT (Standard Permit or Letter of permission)	See Section below	
<input type="checkbox"/>	PROFFERED PERMIT (Standard Permit or Letter of permission)	A	
<input type="checkbox"/>	PERMIT DENIAL	B	
<input type="checkbox"/>	APPROVED JURISDICTIONAL DETERMINATION	C	
<input type="checkbox"/>	PRELIMINARY JURISDICTIONAL DETERMINATION	D	
<input type="checkbox"/>		E	

SECTION I: The following identifies your rights and options regarding an administrative appeal of the above decision. Additional information may be found at <http://usaace.army.mil/mcc/functions/swa2ccwa/reg> or Corps regulations at 33 CFR Part 331.

A: INITIAL PROFFERED PERMIT: You may accept or object to the permit.

- **ACCEPT:** If you received a Standard Permit, you may sign the permit document and return it to the district engineer for final authorization. If you received a Letter of Permission (LOP), you may accept the LOP and your work is authorized. Your signature on the Standard Permit or acceptance of the LOP means that you accept the permit in its entirety, and waive all rights to appeal the permit, including its terms and conditions, and approved jurisdictional determinations associated with the permit.
- **OBJECT:** If you object to the permit (Standard or LOP) because of certain terms and conditions therein, you may request that the permit be modified accordingly. You must complete Section II of this form and return the form to the district engineer. Your objections must be received by the district engineer within 60 days of the date of this notice, or you will forfeit your right to appeal the permit in the future. Upon receipt of your letter, the district engineer will evaluate your objections and may: (a) modify the permit to address all of your concerns, (b) modify the permit to address some of your objections, or (c) not modify the permit having determined that the permit should be issued as previously written. After evaluating your objections, the district engineer will send you a proffered permit for your reconsideration, as indicated in Section B below.

B: PROFFERED PERMIT: You may accept or appeal the permit

- **ACCEPT:** If you received a Standard Permit, you may sign the permit document and return it to the district engineer for final authorization. If you received a Letter of Permission (LOP), you may accept the LOP and your work is authorized. Your signature on the Standard Permit or acceptance of the LOP means that you accept the permit in its entirety, and waive all rights to appeal the permit, including its terms and conditions, and approved jurisdictional determinations associated with the permit.
- **APPEAL:** If you choose to decline the proffered permit (Standard or LOP) because of certain terms and conditions therein, you may appeal the declined permit under the Corps of Engineers Administrative Appeal Process by completing Section II of this form and sending the form to the division engineer. This form must be received by the division engineer within 60 days of the date of this notice.

C: PERMIT DENIAL: You may appeal the denial of a permit under the Corps of Engineers Administrative Appeal Process by completing Section II of this form and sending the form to the division engineer. This form must be received by the division engineer within 60 days of the date of this notice.

D: APPROVED JURISDICTIONAL DETERMINATION: You may accept or appeal the approved JD or provide new information.

- **ACCEPT:** You do not need to notify the Corps to accept an approved JD. Failure to notify the Corps within 60 days of the date of this notice, means that you accept the approved JD in its entirety, and waive all rights to appeal the approved JD.
- **APPEAL:** If you disagree with the approved JD, you may appeal the approved JD under the Corps of Engineers Administrative Appeal Process by completing Section II of this form and sending the form to the division engineer. This form must be received by the division engineer within 60 days of the date of this notice.

E: PRELIMINARY JURISDICTIONAL DETERMINATION: You do not need to respond to the Corps regarding the preliminary JD. The Preliminary JD is not appealable. If you wish, you may request an approved JD (which may be appealed), by contacting the Corps district for further instruction. Also you may provide new information for further consideration by the Corps to reevaluate the JD.

**SECTION II: REQUEST FOR APPEAL or OBJECTIONS TO AN INITIAL PROFFERED PERMIT**

**REASONS FOR APPEAL OR OBJECTIONS:** (Describe your reasons for appealing the decision or your objections to an initial proffered permit in clear concise statements. You may attach additional information to this form to clarify where your reasons or objections are addressed in the administrative record.)

**ADDITIONAL INFORMATION:** The appeal is limited to a review of the administrative record, the Corps memorandum for the record of the appeal conference or meeting, and any supplemental information that the review officer has determined is needed to clarify the administrative record. Neither the appellant nor the Corps may add new information or analyses to the record. However, you may provide additional information to clarify the location of information that is already in the administrative record.

**POINT OF CONTACT FOR QUESTIONS OR INFORMATION**

If you have questions regarding this decision and/or the appeal process you may contact:

**Project Manager as noted in letter**

If you only have questions regarding the appeal process you may also contact:

**for process:**

**Stuart Santos 904-232-2018**

**RIGHT OF ENTRY:** Your signature below grants the right of entry to Corps of Engineers personnel, and any government consultants, to conduct investigations of the project site during the course of the appeal process. You will be provided a 15 day notice of any site investigation, and will have the opportunity to participate in all site investigations.

**Permit Conditions**

**General Conditions:**

1. The time limit for completing the work authorized ends on \_\_\_\_\_. If you find that you need more time to complete the authorized activity, submit your request for a time extension to this office for consideration at least one month before the above date is reached.
2. You must maintain the activity authorized by this permit in good condition and in conformance with the terms and conditions of this permit. You are not relieved of this requirement if you abandon the permitted activity, although you may make a good faith transfer to a third party in compliance with General Condition 4 below. Should you wish to cease to maintain the authorized activity or should you desire to abandon it without a good faith transfer, you must obtain a modification of this permit from this office, which may require restoration of the area.
3. If you discover any previously unknown historic or archeological remains while accomplishing the activity authorized by this permit, you must immediately notify this office of what you have found. We will initiate the Federal and State coordination required to determine if the remains warrant

a recovery effort or if the site is eligible for listing in the National Register of Historic Places.

4. If you sell the property associated with this permit, you must obtain the signature and the mailing address of the new owner in the space provided and forward a copy of the permit to this office to validate the transfer of this authorization.

5. If a conditioned water quality certification has been issued for your project, you must comply with the conditions specified in the certification as special conditions to this permit. For your convenience, a copy of the certification is attached if it contains such conditions.

6. You must allow representatives from this office to inspect the authorized activity at any time deemed necessary to ensure that it is being or has been accomplished in accordance with the terms and conditions of your permit.

**Special Conditions:**

1. Reporting Address: All reports, documentation, and correspondence required by the conditions of this permit shall be submitted to the following address: U.S. Army Corps of Engineers, Regulatory Division, Enforcement Section, 9900 SW 107<sup>th</sup> Avenue, Suite 203, Miami, FL 33176. The Permittee shall reference this permit number, SAJ-2007-01053 (IP-MAA), on all submittals.

2. The Permittee understands and agrees that, if future operations by the United States require the removal, relocation, or other alteration, of the structures or work herein authorized, or if, in the opinion of the Secretary of the Army or his authorized representative, said structure or work shall cause unreasonable obstruction to the free navigation of the navigable waters, the Permittee will be required, upon due notice from the U.S. Army Corps of Engineers, to remove, relocate, or alter the structural work or obstructions caused thereby, without expense to the United States. No claim shall be made against the United States on account of any such removal or alteration.

PERMIT NUMBER: SAJ-2007-01053

3. Prior to the initiation of any of the work authorized by this permit the Permittee shall install floating turbidity barriers with weighted skirts that extend to within 1 foot of the bottom around all work areas that are in or adjacent to, surface waters. The turbidity barriers shall remain in place and be maintained until the authorized work has been completed and all erodible materials have been stabilized. Additionally, the Permittee shall comply with the Coral Gables Waterway Maintenance Dredging Project Turbidity Control & Water Quality Monitoring Plan, authorized by FDEP on 01 February 2010 (Copy enclosed). All dredged materials shall be disposed of in accordance with the C-3 Spoil Management Plan (copy enclosed).

4. Prior to the initiation of any of the work authorized by this permit, the Permittee shall contact Florida Department of Transportation office Structural Maintenance personnel and provide FDOT notification of the dredging schedule.

5. Permittee shall follow the Coral Gables Waterway Maintenance Dredging Project Manatee Protection Plan.

6. Permittee shall comply with the "Standard Manatee Conditions for In-Water Work July 2009" attached to this permit and available online here:

<http://myfwc.com/docs/WildlifeHabitats/Manatee StdCondIn waterWork.pdf>

7. Permittee shall comply with the seven conditions set for by the FWC and reconfirmed by FWS. They include the following:

a. The Standard Manatee Conditions for In-Water Work (revision 2009) shall be followed for all in-water activity.

b. To reduce the possibility of injuring or killing a manatee during construction, in-water work shall not be performed during the following time of year: November 15 - April 30.

c. Specific personnel shall be designated as manatee observers. The designated observer(s) shall be dedicated only for this task, must be on site during all in-water activities, and will advise personnel to cease operation upon

sighting a manatee within 50 feet of any in-water construction activity. The observer(s) shall wear polarized sunglasses to aid in observation.

d. No nighttime dredging shall occur.

e. The permittee shall ensure that the contractor maintains a log detailing sightings, collisions, or injuries to manatees should they occur during the contract period. Within 30 days following project completion, a report summarizing incidents and sightings shall be submitted to the Florida Fish and Wildlife Conservation Commission, Imperiled Species Management Section, [imperiledspecies@myfwc.com](mailto:imperiledspecies@myfwc.com).

f. Blasting shall be prohibited.

g. Prior to commencement of work, a plan shall be developed in coordination with and submitted to the DEP and the Imperiled Species Management Section of the Florida Fish and Wildlife Commission (FWC) so turbidity control measures do not adversely impact marine mammals. The plan shall include barrier details and drawings that describe the type of barrier to be used, and how the barriers will be located, secured, and regularly monitored to avoid manatee entanglement or entrapment and not impede manatee movement. This plan shall be approved by the DEP and FWC prior to commencement of work.

8. Crocodiles are known to utilize in the C-3 Canal. Construction activities shall not impact any Crocodiles. The Permittee shall comply with all the following construction condition(s):

a. All personnel associated with the project shall be instructed about the presence of Crocodiles, and the need to avoid injury to Crocodiles.

b. Siltation or turbidity barriers shall be made of material in which crocodiles cannot become entangled, shall be properly secured, and shall be regularly monitored to avoid crocodile entanglement or entrapment. Barriers must not impede crocodile movement.

c. All on-site project personnel are responsible for observing water-related activities for the presence of Crocodiles. All in-water operations, including vessels, must be shutdown if a crocodiles comes within 50 feet of the operation. Activities will not resume until the crocodile(s) has moved beyond the 50-foot radius of the project operation, or until 30 minutes elapses if the crocodile has not reappeared within 50 feet of the operation. Animals must not be herded away or harassed into leaving.

d. On-site personnel shall maintain a daily log detailing any sightings of crocodiles in the area, and within 30 days from completion of all work, shall submit a report summarizing all sightings to the Corps.

e. Any collision with or injury to a crocodile shall be reported immediately to the U.S. Fish and Wildlife Service in Vero Beach, FL (1-772-562-3909).

9. The permittee shall avoid anchoring vessels or staging/performing construction activities over seagrass beds outside the limit of the dredging impact.

10. The permittee shall comply with the conditions specified in the DEP permit #13-0272875 issued on 01 February 2010 (copy attached).

11. The permittee shall furnish the U.S. Army Corps of Engineers, at the letterhead address, an As-built Drawing of the completed project including certified/sealed drawings, which show the following:

a. A plan view of each section showing the proposed limit of dredging and the actual limit of dredging.

b. A cross-section for each section showing the footprint of the proposed sediment to be removed and the actual footprint of sediment removed.

c. This survey shall be furnished no later than 30 days after the completion of the authorized work for verification and acceptance by the Corps.

12. No structure or work shall adversely affect or disturb properties listed in the National Register of Historic Places or those eligible for inclusion in the National Register. Prior to the start of work, the Permittee or other party on the Permittee's behalf, shall conduct a search in the National Register Information System (NRIS). Information can be found at; <http://www.cr.nps.gov/nr/research/nris.htm>. Information on properties eligible for inclusion in the National Register can be identified by contacting the Florida Master File Office by email at [fmsfile@dos.state.fl.us](mailto:fmsfile@dos.state.fl.us) or by telephone at 850-245-6440.

If unexpected cultural resources are encountered at any time within the project area that was not the subject of a previous cultural resource assessment survey, work should cease in the immediate vicinity of such discoveries. The permittee, or other party, should notify the SHPO immediately, as well as the appropriate Army Corps of Engineers office. After such notifications, project activities should not resume without verbal and/or written authorization from the SHPO.

If unmarked human remains are encountered, all work shall stop immediately, and the proper authorities notified in accordance with Section 872.05, Florida Statutes, unless on Federal lands. After such notifications, project activities on non-Federal lands shall not resume without verbal and/or written authorization from the Florida State Archaeologist for finds under his or her jurisdiction.

13. Within 30 days of completion of work the permittee shall submit a post-dredging submerged aquatic vegetation (SAV) survey. The survey shall use the same methodology and should be diagramed in the format consistent with the pre-dredging SAV survey.

14. Commencement Notification: Within ten (10) days from the date of initiating the authorized work, the Permittee shall provide to the Corps a written notification of the date of commencement of work authorized by this permit.

15. Within 30 days from the commencement of work, the Permittee shall purchase 1.05 saltwater (freshwater tidal marsh) credits from Florida Power & Light's Everglades Mitigation Bank,

PERMIT NUMBER: SAJ-2007-01053  
PERMITTEE: City of Coral Gables

for the acquisition, enhancement, preservation, and management of wetland resources within Miami-Dade County. All correspondences shall be sent to Florida Power & Light Company, 700 Universe Boulevard, CRE/JB, Juno Beach, FL 33408, and Attn: Joseph Sicbaldi. The Department of the Army permit number shall be written on the check or money order. The Permittee shall provide written verification to the Corps that the 1.05 saltwater credit purchase order has been received by the Everglades Mitigation Bank within 60 days from the commencement of work.

16. In the event of permit transfer, the Corps requires a notification of permit transfer along with proof that the subsequent permittee(s) received a copy the recorded conservation easement.

17. Regulatory Agency Changes: Should any other regulatory agency require changes to the work authorized or obligated by this permit, the Permittee is advised that a modification to this permit instrument is required prior to initiation of those changes. It is the Permittee's responsibility to request a modification of this permit from the Miami Regulatory Office.

**Further Information:**

1. Congressional Authorities: You have been authorized to undertake the activity described above pursuant to:

(x) Section 10 of the Rivers and Harbors Act of 1899  
(33 U.S.C. 403).

( ) Section 404 of the Clean Water Act (33 U.S.C. 1344).

( ) Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972 (33 U.S.C. 1413).

2. Limits of this authorization.

a. This permit does not obviate the need to obtain other Federal, State, or local authorizations required by law.

b. This permit does not grant any property rights or exclusive privileges.

c. This permit does not authorize any injury to the property or rights of others.

d. This permit does not authorize interference with any existing or proposed Federal projects.

3.. Limits of Federal Liability. In issuing this permit, the Federal Government does not assume any liability for the following:

a. Damages to the permitted project or uses thereof as a result of other permitted or unpermitted activities or from natural causes.

b. Damages to the permitted project or uses thereof as a result of current or future activities undertaken by or on behalf of the United States in the public interest.

c. Damages to persons, property, or to other permitted or unpermitted activities or structures caused by the activity authorized by this permit.

d. Design or construction deficiencies associated with the permitted work.

e. Damage claims associated with any future modification, suspension, or revocation of this permit.

4. Reliance on Applicant's Data: The determination of this office that issuance of this permit is not contrary to the public interest was made in reliance on the information you provided.

5. Reevaluation of Permit Decision: This office may reevaluate its decision on this permit at any time the

PERMIT NUMBER: SAJ-2007-01053  
PERMITTEE: City of Coral Gables

circumstances warrant. Circumstances that could require a reevaluation include, but are not limited to, the following:

- a. You fail to comply with the terms and conditions of this permit.
- b. The information provided by you in support of your permit application proves to have been false, incomplete, or inaccurate (see 4 above).
- c. Significant new information surfaces which this office did not consider in reaching the original public interest decision.

Such a reevaluation may result in a determination that it is appropriate to use the suspension, modification, and revocation procedures contained in 33 CFR 325.7 or enforcement procedures such as those contained in 33 CFR 326.4 and 326.5. The referenced enforcement procedures provide for the issuance of an administrative order requiring you comply with the terms and conditions of your permit and for the initiation of legal action where appropriate. You will be required to pay for any corrective measures ordered by this office, and if you fail to comply with such directive, this office may in certain situations (such as those specified in 33 CFR 209.170) accomplish the corrective measures by contract or otherwise and bill you for the cost.

6. Extensions: General Condition 1 establishes a time limit for the completion of the activity authorized by this permit. Unless there are circumstances requiring either a prompt completion of the authorized activity or a reevaluation of the public interest decision, the Corps will normally give favorable consideration to a request for an extension of this time limit.
