NOW THEREFORE, BE IT ORDAINED BY THE COMMISSION OF THE CITY OF CORAL GABLES, FLORIDA:

SECTION 1. The foregoing ‘WHEREAS’ clauses are hereby ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance upon adoption hereof.

SECTION 2. The Official Zoning Code of the City of Coral Gables is hereby amended as follows:

Article 3, Division 20 is hereby replaced with the following:

Division 20. Art in Public Places Program

Section 3-2001. Purpose.

The City of Coral Gables has adopted a municipal program providing for the acquisition and maintenance of art in public places, as contemplated by, and consistent with, Section 2-11.15 of the Miami-Dade County Code of Ordinances entitled “Works of Art in Public Places,” as it shall be amended from time to time. It is the purpose of this Division to establish a formal requirement for the City pertaining to the funding, acquisition, placement and maintenance of Public Art and Historic Public Art. This requirement, and the policies and procedures that implement it, are referred to as the City of Coral Gables Art in Public Places Program.

The policies and procedures for this program are outlined in the Guidelines, which may be revised and clarified from time to time upon the recommendation of the Cultural Development Board and final approval by Resolution of the City Commission. It is the intention of this program to preserve the City’s artistic heritage, enhance its character and identity, contribute to economic development and tourism, add beauty and interest to spaces visible to the public and increase opportunities for the public to experience and participate in the arts through the acquisition and installation of world-class art in publicly accessible areas.

Section 3-2002. Applicability.

The Art in Public Places Program applies to Municipal and Non-Municipal Construction Projects. The minimum requirements for new governmental buildings are governed by the Miami-Dade County Code as amended, namely Ordinance No. 94-12, which requires not less than one and one-half percent (1½%) of the construction cost of new governmental buildings be devoted towards the acquisition, repair, and maintenance of public art. The provisions in this Division are supplemental to and generally more restrictive than Miami-Dade County Code provisions. If the Miami-Dade County Code provisions relating to new governmental buildings are not enforced by the City, Miami-Dade County may enforce the same. Should a conflict arise between these provisions and Miami-Dade County provisions, the more restrictive shall apply. A commercial property owner who is not subject to the Art in Public Places Program may opt into the Program by submitting proposed Public Art to the review process outlined in Section 3-2003, as such section applies to the acquisition or commissioning of Public Art; provided, however, the

requirements regarding value shall not apply.

Section 3-2003. Art in Public Places Fund Requirements, Waivers, and Exemptions.

- A. Fund Requirements. Two funds will be established for the Art in Public Places Program (each a "Fund" and collectively "Funds"). The first fund will be entitled Historic Public Art Fund and will be funded through payments from budgets of one percent (1%) of Municipal Construction Projects. The second fund will be entitled Art Acquisition Fund and will be funded through Art in Public Places Fees as well as one-half percent ($\frac{1}{2}\%$) of Municipal Construction Projects. Each of these funds will be interest bearing and revolving and may only be used for the purposes outlined in the Guidelines. Persons or entities other than those required to make payments to the Funds pursuant to this Ordinance may make a voluntary donation to either of the Funds by specifying that the use of such donation shall be deposited in the expressly identified Fund.
1. Historic Public Art Fund. One percent (1.0%) of the Aggregate Project Value for City of Coral Gables Municipal Construction Projects shall be transferred to an account entitled Historic Public Art Fund which will be used for the restoration, Extraordinary and Ordinary Maintenance and acquisition of Historic Public Art. Application of this Fund shall be approved by the City Commission with recommendations from the Historic Preservation Board and the Historical Resources Department.
 2. Art Acquisition Fund. The Developer of any Non-Municipal Construction Project with an Aggregate Project Value of one million dollars (\$1,000,000.00) or more and not exempted as provided in subsection C below, shall contribute One percent (1.0%) of the Aggregate Project Value to the Art Acquisition Fund established by the City. In addition, one-half percent ($\frac{1}{2}\%$) of Municipal Construction Projects that fall under the Miami-Dade County Code provisions described in Section 3-2002, shall be deposited in the Art Acquisition Fund. A Developer may seek a waiver of the requirement of this Section A-2 as provided in subsection B below. Application of this Fund shall be in accordance with the Guidelines and Master Art Plan.
- B. Waiver of the Art in Public Places Fee. A Developer of a Non-Municipal Construction Project that is not exempt as set forth in subsection C below may petition to waive the Art in Public Places Fee requirement by one or more of the following:
1. Acquiring or commissioning artwork, which has an appraised value equal to or greater than the amount of the Art in Public Places Fee that otherwise would be required, with such artwork to be incorporated within the Developer's project; or
 2. Donating and installing artwork to the City with an appraised value equal to or greater than the amount of the Art in Public Places Fee that otherwise would be required, and providing for the perpetual maintenance of such artwork; or
 3. Causing the purchase, designation, restoration, or perpetual maintenance of historically significant buildings in an amount equal to or greater than the amount of the Art in Public Places Fee that otherwise would be required; or
 4. Causing the purchase of parcels identified in the City's Parks and Open Space Inventory Analysis in an amount equal to or greater than the amount of the Art in Public Places Fee that otherwise would be required and donating such parcels to the City.
- A Developer seeking a waiver pursuant to subsections B1 or B2 herein shall submit the proposed Artist and artwork concept to the Cultural Development Board for review, with assistance of the Arts Advisory Panel, in accordance with the Guidelines. The Cultural Development Board shall recommend to the City Commission whether to approve, deny, request further information or approve with conditions, the selection and location of artwork, and the City Commission shall have final approval of the concept (if work is to be commissioned) or the artwork (if the artwork is extant). The value of donated or acquired artwork shall be confirmed by a certified art appraiser (or person with professional arts credentials otherwise acceptable to the City), with the cost of such appraisal to be borne by the Developer and which shall not be included in the one percent (1%) budget for art. The value of the commissioned work will be determined by the value of the artist contract for such commission, including artist fees and expenses incurred by the artist for subcontractors, travel/expenses, materials, fabrication, transportation and installation costs. Developer costs for art consultant fees in excess of ten percent (10%) of the Art in Public Places Fee, project management,

coordination with other design professionals, site preparation, lighting of the artwork, maintenance, operation and other in-house costs or fees will not be considered part of the value of the commissioned work. In the event that the commissioned work is integrated into the project and/or is an artist-designed treatment for architectural, landscape or hardscape components of the project, and in the event that the work results in the artist specifying different materials for those components, only the marginal costs for materials and installation that exceed the costs of materials and installation that would have otherwise been incurred in the construction of the project shall be considered part of the value of the commissioned work. Ownership and title of works incorporated into private construction shall remain with the property owner, who will be required to maintain the artwork in good condition. The property owner's obligations regarding maintenance and access for such artwork shall be set forth in a recorded restrictive covenant acceptable to the City Attorney's Office, which obligations shall run with the land. Removal or alteration of artwork incorporated into private property shall only be permitted with City approval in accordance with the Guidelines, and shall require payment to the Art Acquisition Fund of the Art in Public Places Fee that otherwise would have been originally required. Ownership of works donated to the City and placed on City property shall be owned by the City. Any Public Art created or installed through a partnership between a Developer and the City to place free-standing Public Art on City property to satisfy all or part of that Developer's Art in Public Places Fee requirement may be presented to the City Commission for review and approval without any prior board review. All contracts for artwork that will be acquired or accepted for ownership by the City must be reviewed and approved as to form and legal sufficiency by the City Attorney's Office.

A Developer seeking waiver pursuant to subsections B3 or B4 herein shall submit the request to the City Commission for approval with a recommendation of the Historic Preservation Board for B3 and Parks and Recreation Advisory Board for B4, as well as staff. The value of donations shall be determined by a qualified appraiser acceptable to the City, which in the case of real estate shall be by an appraiser who is an Appraisal Institute member holding the MAI designation and the cost of such appraisal will be borne by the Developer.

In extraordinary circumstances, upon a showing of a unique hardship that is not otherwise addressed in this ordinance, a developer may seek an adjustment of the requirements of this ordinance. The request for adjustment shall be made to the City Commission, after obtaining a recommendation from the appropriate board and City Manager. Any granted adjustment will be by resolution. This paragraph shall be construed narrowly as the policy of the City is that applications will generally comply with the provisions of this Ordinance. The determination of the City Commission as to whether to exercise its discretion to grant an adjustment in extraordinary circumstances is final and not subject to further reconsideration, review, or appeal.

C. Exemptions from the City of Coral Gables Art in Public Places Program. The following are exempt from the requirements of this Division and are not required to pay into a Fund or seek a waiver from paying into a Fund:

1. New construction, additions and modifications to single-family residences;
2. Construction projects, which are required to pay a public art fee pursuant to other applicable Miami-Dade County regulations, provided payment has been paid, documented and approved to the City's satisfaction;

After submission to and review by the applicable boards, the City Commission, in its sole and absolute discretion, may approve the submitted concept for Public Art. It is the intention and direction of the City that Public Art approved through the City's Art in Public Places Program shall be permitted with regard to aesthetic characteristics after a review is conducted and a determination is made that the Public Art is appropriate in design and proposed construction.

1. Are publicly accessible.
 2. Are created by an Artist.
 3. Demonstrate excellence in aesthetic quality, workmanship, innovation and creativity;
 4. Are appropriate in scale, form, content and of materials/media suitable for the site;
