

I just learned today that the city is looking to have the Youbi's run the restaurant space at the Country Club of Coral Gables. This is great news for our city. Not only would the contract go to people with experience, but they would provide the same high-quality food and service that they have offered in the past. My friends and I are excited to be able to patronize their establishment once again.

What great news to learn that you are considering giving a contract to Ahemd and Veronique for the County Club café. It's great to hear that they will be back in our community and can't wait to visit the café with my grandchildren. It will be the perfect place to visit after I pick up my grandkids at St. Phillip's.

Super excited to learn that the Youbi's will be returning and especially excited that they will be coming to Coral Gables. Thank you, Coral Gables Commission, for bringing this couple to provide superb food and service to our community.
