Mr Wallace,

Good afternoon.

I drove by your property today to inspect the above case for compliance. I see you installed mirrors on the hedge. You are allowed to have the mirrors with approval from the Building Director (Suramy Cabrera), or the Building official (Manny Lopez).

As of today, there is no record of that approval. Can you contact either one for them to OK the mirrors on the hedge to comply with the "triangle of visibility"?

I will follow up next week.

Thank you
