#### **BRIEF HISTORY:**

The City Commission at the 09.28.2010 meeting recommended approval (5-0 vote) of both Ordinances as recommended by Planning Department Staff.

The University of Miami has submitted an application for a change of zoning for all University of Miami owned property within the area shown in the below map from University of Miami Campus Area Development (UMCAD) and Commercial Limited (CL) zoning to University Campus District (UCD) zoning. The change of zoning is being submitted concurrently with a City initiated Zoning Code text amendment creating the new UCD development provisions as required by the UM Development Agreement.

This request for change in zoning is only for University of Miami owned properties. Privately owned properties do exist within the boundaries of the campus. These properties include numerous fraternities and religious institutional uses. Planning Staff has scheduled the change in zoning for these properties for the 10.13.2010 Planning and Zoning Board meeting. Since that request is City initiated, additional advance notification is necessary prior to public hearing consideration. This will ensure all properties within the University campus boundaries have consistent land use and zoning.
