(TO BE COMPLETED BY THE DEPARTMENT)

To the Petitioner: You are required to circulate this petition among all property owners within the district boundaries listed below. In order for the petition to be considered a valid current indicator of community preference, it must be completed and returned to the City of Coral Gables within four months from the date of issue. All submitted petition forms must be original and completed in ink.

To the District Resident: On behalf of the Pine Bay Estates Homeowners Association, Mr. Javier E. Codeso(jcodeso@bellsouth.net) and Mr. Chad S. Friedman(cfriedman@wsh-law.com), submitted a letter of intent in accordance with the City of Coral Gables policy for an amendment to Special Taxing Districts. Attached to this petition is a copy of the amendment policy. This petition is listed as step number 2 in the amendment process and all further steps are delineated in the attached policy.

To the City Commission of Coral Gables, Florida: We, the undersigned, do hereby petition the City of Coral Gables, as the governing body of the Pine Bay Estates Security Guard Special Taxing District, to expand the existing roving security guard district to provide additional hours as needed, and include maintenance service, which was not contemplated in the original County Ordinance 93-66 nor Amended County Ordinance 17-35. Expansion includes landscaping, repair, and maintenance to the perimeter, perimeter wall, and entry features.

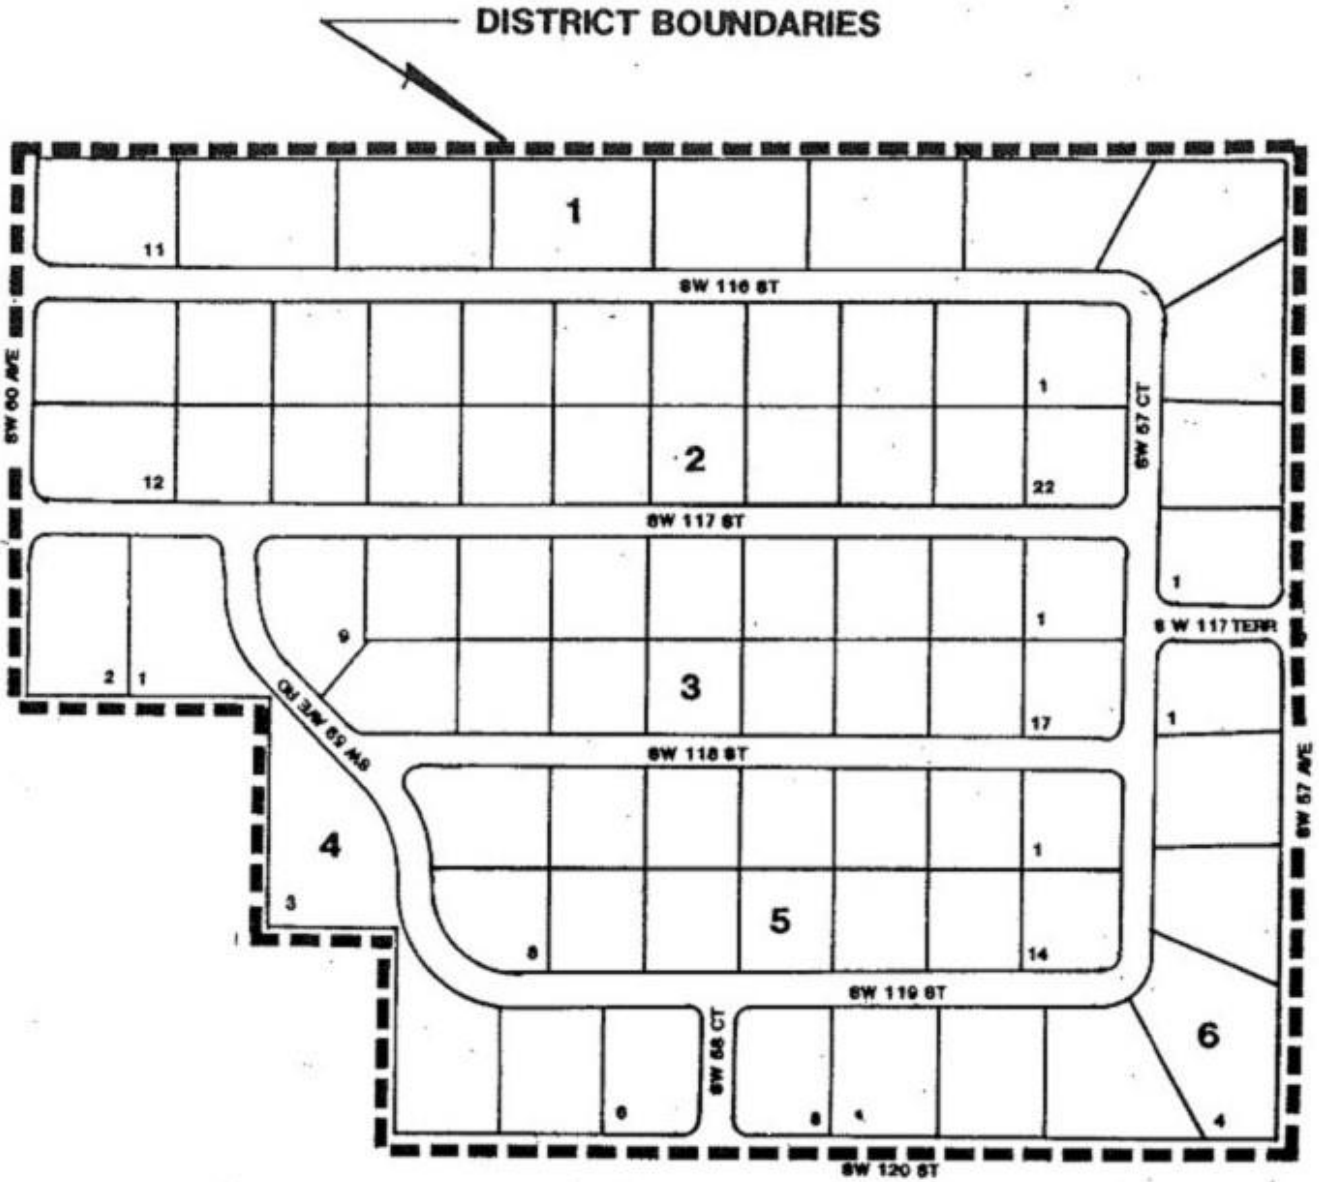

Proposed Public Improvement:

The roving security hours currently allow for 12 hours per day, 365 days per year. This will remain as a minimum, however, additional hours may be added on an as needed basis to improve security of the district. In addition to the modification to roving patrol, the landscaping and common area features within the district will be maintained, repaired, and replaced as needed.

AMENDMENT PROCESS FOR EXISTING SPECIAL TAXING DISTRICTS
WITHIN THE CITY OF CORAL GABLESⁱ

1. A letter of intent (LOI) is submitted to the City from the applicable Homeowner Association (HOA), if the Special Taxing District has a mandatory HOA, otherwise 20 percent of the homeowners (herein after referred to as the “Homeowners”) within the Existing District. The LOI is to include an exhibit containing a list of every Folio and Address within the boundaries.
2. Once in receipt of an LOI, the City will draft a petition to be circulated among the properties within the Special Taxing District.
 - a. The petition will contain:
 - i. The name and contact information of the party or parties which submitted the LOI to the City to initiate this process.
 - ii. All proposed changes to the special taxing district including the estimated economic impact of the change.
 - iii. An explanation of this amendment process and a copy of this adopted policy.
 - b. Once drafted the petition will then be presented to the City Commission for approval.
 - c. A courtesy notice will be sent to all properties located within the Special Taxing District prior to the Commission meeting approving the petition.
3. The requesting party, either the HOA or the Homeowners, will circulate the petition among all property owners within the district boundaries and must acquire the support of more than 50 percent of the property owners for the amendment request to proceed.
 - a. The petition must be completed and returned to the City within four (4) months from the date of issue. If the petition is not returned to the City within four (4) months, then it will be deemed unsuccessful.
 - b. All submitted petition forms must be original and completed in ink.
 - c. Only one property owner's signature, per household, will count toward the more than 50 percent requirement.
4. Once the petition is received by the City the level of support will be assessed and the amendment process will continue as follows:
 - a. If the support of at least 50 percent of the property owners plus one additional property owner is not attained on the petition, then the request for amendment to the existing special taxing district will have been deemed unsuccessful and no further progress will be made.
 - i. The HOA or Homeowners are barred from requesting a materially similar amendment request for one (1) year from the date of the unsuccessful petition.

- b. If the support of more than 50 percent but not more than 66.66 percent of the property owners is attained on the petition, then a legislative package will be prepared for approval before the City Commission, which if approved will require an election.
 - i. The item will be presented to the City Commission for two (2) readings with mailed notice being sent to all property owners within the District 21 days before the second reading.
 - ii. If the item is approved by the City Commission on second reading, then the item will be set for an election.
 - iii. A majority of qualified voters will need to approve the amendment in order to enact the requested changes.
 - iv. The election will be conducted by mailed ballot by either the Miami-Dade Elections Department or by the City's Clerk as to be determined by the City. Any costs associated with the election will be the financial responsibility of the Existing Special Taxing District regardless if the amendment passes or fails.
- c. If the support of more than 66.66 percent of the property owners is attained on the petition, then a legislative package will be prepared for approval and enactment before the City Commission
 - i. The item will be presented to the City Commission for two (2) readings with mailed notice being sent to all property owners within the District 21 days before the second reading.
 - 1. The notice shall contain the proposed changes to the district and a cost estimate of said change.
 - ii. If the item is approved by the City Commission on second reading, then the item will be enacted and no election will be required.
(Notwithstanding the level of support on the petition, the City Commission may choose to have an election on the requested amendment to the special taxing district.)

ⁱ This amendment process will be for significant changes of service as determined by the City. Cost recovery is not considered an amendment and any increases in the assessments that are due to increases in the costs of services will not go through an amendment process and will be completed by the City administratively.
