Mr. Rodriguez stated the city clerk's office has an election page which provides updated information and language will be added to stated process of requesting special mail in ballot.

Ms. Dietz stated the website and information which has already been distributed had no mention regarding requesting a disability mail in ballot. Ms. Dietz stated this matter was discussed as soon as it was first initiated at board meetings approximately a year ago and nothing was done to address it prior to information being distributed now. Ms. Dietz stated there is no information or even mention how someone who has a disability can vote and it is a form of voter suppression. Mr. Rodriguez stated that anyone who has registered for a mail in ballot will receive their ballot. Ms. Dietz stated ballots are being sent out with no real explanation of why they're different or what has changed. Mr. Rodriguez stated he will be contacting city clerk's office and work on language which can be added to the city's website. Ms. Dietz stated there is a timing issue on this and it is getting close.
