#### Specifically:

- 1. At a hearing on August 9, 2021, the City's Construction Regulation Board entered an order, dated August 25, 2021 ("Prior Order"), in this matter providing that the Respondent shall take the following Required Action:

- 5. In addition to the foregoing, the letter in paragraph 1(a) above must comply with Section 8-11(f)(2)(G) of the Miami-Dade County Code, so that, when any electrical or structural repairs or modifications are required, the responsible engineer or architect who has performed the recertification inspection shall provide the Building Official with a letter indicating whether the building or structure may continue to be safely occupied while the building or structure is undergoing repairs. Such letter shall be valid for no more than 180 days, and a new letter shall be issued if repairs or modifications remain ongoing.
- 6. Also, this notice of violation shall be affixed to the Structure pursuant to 8-5(h)(3) of the Miami-Dade County Code. The Respondent shall, within 24 hours of the posting of this notice, notify all building-unit owners and tenants of the unsafe declaration in writing. The Respondent shall, within three business days, provide the Building Official with proof that the notice was timely disseminated to all unit owners and tenants on a form acceptable to the Building Official.

You must submit, within 7 days of the date of this notice, the architect or engineer's letter indicating that the Structure may be safely occupied and you must take the remaining Required Action, within 30 days of the date of this notice, by submitting the Recertification Report, or the City may take emergency action, pursuant to Section 105-96 of the City Code, to order that the Structure be vacated ("Emergency Action").
