Type of Review	Date
Board of Architects	03.15.18

Proposal – Conditional Use Site Plan Review

Zoning Code Section 4-301, “Commercial Limited District (CL)” allows for medical-related uses as a conditional use on property zoned commercial limited if approved under the provisions of Article 3, Division 4. Conditional uses require public hearing reviews with a recommendation provided by the Planning and Zoning Board and review and approval granted by the City Commission pursuant to the requirements established in Zoning Code Article 3, “Development Review,” Division 4, “Conditional

Uses.”

Board of Architects Review

The Board of Architects reviewed the proposed plans for the Urgent Care on 03.15.18 and approved the preliminary design application.

Parking

The Application meets the parking requirements of 43 spaces by providing 46 spaces. The existing surface parking lot on lots 1-5 which are zoned Single-Family Residential, shall remain used for car storage for the proposed project. If the Application is approved, the Single-Family Residential zoned lots 8 and 9 will also allow parking.

3. FINDINGS OF FACT

This section of the report presents City Staff’s evaluation of the Application and Findings of Facts. The City’s responsibility is to review the Application for consistency with the City’s Comprehensive Plan (CP) Goals, Objectives and Policies and compliance with the Zoning Code and City Code.

Findings of Fact - Conditional Use Site Plan Review

The Applicant’s proposal for conditional use site plan review in order to allow medical-related uses on property zoned Commercial Limited District, which is permitted as a conditional use, requires review and evaluation pursuant to various sections of the City’s Official Zoning Code. To provide an overview of the purpose and intent of the Conditional Use provisions, Zoning Code Article 3, “Development Review,” Division 4, “Conditional Uses,” Section 3-401, “Purpose and Applicability” provides for the following:

“The purpose of providing for conditional uses within each zoning district is to recognize that there are uses which may have beneficial effects and serve important public interests, but which may, but not necessarily, have adverse effects on the environment, particularly residential areas, overburden public services, or change the desired character of an area. Individualized review of these uses is necessary due to the potential individual or cumulative impacts that they may have on the surrounding area or neighborhood. The review process allows the imposition of conditions to mitigate identified concerns or to deny the use if concerns cannot be resolved.”

Staff’s Findings: Based upon the Findings of Facts provided herein, Staff finds the Application satisfies the provisions of the Zoning Code for the Conditional Use Site Plan Review for the proposed medical-related use. Staff review finds that the proposed plans and Staff’s recommended conditions of approval incorporate measures to mitigate potentially negative impacts that could have adverse effects on neighboring properties.

Staff's responsibility is to review the application in accordance with the criteria provided in Zoning Code Article 3, "Development Review", Division 4, "Conditional Uses", Section 3-408, "Standards for review" and provide Findings of Fact regarding the proposed application. Staff has compared the Applicant's proposal with the review criteria set out in Zoning Code Section 3-408, and found that the application complies with the following standards and criteria:

- A. *"The proposed conditional use is consistent with and furthers the goals, objectives and policies of the Comprehensive Land Use Plan and furthers the purposes of these regulations and other City ordinances and actions designed to implement the Plan."*

Staff comments: As concluded in this Staff report, this Application is "consistent" with the CP's Goals, Objectives and Policies with the recommended conditions of approval.

- B. *"The available use to which the property may be put is appropriate to the property that is subject to the proposed conditional use and compatible with existing and planned uses in the area".*

Staff comments: Medical-related uses are conditional uses on property zoned Commercial Limited District. The proposed conditional use is compatible with many surrounding medical-related uses.

- C. *"The proposed conditional use does not conflict with the needs and character of the neighborhood and the City".*

Staff comments: The proposed medical-related use will not conflict with the existing single-family residential neighborhood to the north and will add to the pedestrian character. The Urgent Care will not conflict with the residential on-street parking as it is providing more than the required amount of off-street parking. Staff recommends upgrading Galiano Street with additional on-street parking, landscape, and bike facility.

- D. *"The proposed conditional use will not adversely or unreasonably affect the use of other property in the area."*

Staff comments: The Application will not adversely or unreasonably affect the use of the medical or single-family properties in the area and will supplement by providing additional off-street and on-street parking.

- E. *"The proposed use is compatible with the nature, condition and development of adjacent uses, buildings and structures and will not adversely affect the adjacent uses, buildings or structures."*

Staff comments: The proposed use is a conditional use on property zoned Commercial Limited District, which is the Zoning designation of this property. If approved, the Urgent Care would offer basic medical services to the area and supplement the adjacent commercial uses.

F. *“The parcel proposed for development is adequate in size and shape to accommodate all development features.”*

Staff comments: The new Urgent Care will provide a 2-story medical facility and off-street parking.

G. *“The nature of the proposed development is not detrimental to the health, safety and general welfare of the community.”*

Staff comments: Staff finds that when balancing the governmental interests of the County and the City, Staff finds that a high-quality urgent care facility will be of great benefit to the City. The proposed Urgent Care will be beneficial to the area as it will make better use of the urban corner and transform SW 8th Street and Galiano Street.

H. *“The design of the proposed driveways, circulation patterns and parking is well defined to promote vehicular and pedestrian circulation.”*

Staff comments: The Application will contribute to the pedestrian circulation patterns of the current Coral Gables Trolley route and the proposed Urgent Care Center is designed close to the property line to create a more urban space on SW 8th Street and Galiano Street.

I. *“The proposed conditional use satisfies the concurrency standards of Article 3, Division 13 and will not adversely burden public facilities, including the traffic-carrying capacities of streets, in an unreasonable or disproportionate manner”.*

Staff comments: The Application will not adversely impact public facilities as there will be an increase in on-street parking and bike facilities on Galiano Street. The proposed Urgent Care facility is comparable in size to the existing one-story commercial building onsite.
