Good afternoon Mr. Garcia,

First of all I want to THANK YOU for all your help and support to me and Aluma in dealing with this permit process, I can not thank you enough.

I also want to inform you that last week I have facilitated all the plans of my house to Mr. Requejo and today I have spoken to him about the progress of the permit and he informed me that he has had an initial meeting with the architectural board of Coral Gables and that they are content that we finally are moving forward with this permit, but have asked from him additional information in the form of more drawings, plans and also actual pictures of the Pergolas since they are already built. I am hoping that we will not need any more time extensions as Mr. Requejo is really putting his time and effort in this matter, any ways, please count on me to following up everyday with him and also I will inform you of the progress every week.

Respectfully yours,
Kerim Eduardo Salume

Good morning Mr Requejo,

I'm follow up on this matter.. as of today there has been no submittal to the BOA for the pergolas. Please keep in mind that your request for extension will expire on 3/16/20 of which I can grant no further. Afterwards, there will be a summons issued for the April 2020 Code Enforcement Board hearing, at which time you and/or the owner can present to the board the reason for delays and/or requests for further extensions.

Please use this time and handle this matter accordingly to avoid further enforcement actions.

Thank you,

Adolfo Garcia

To Mr. Adolfo Garcia,

Please accept this letter as a formal request for an additional 60 day extension to obtain permits for pergolas installed at 11005 Tanya street.

We have done alot of work to prepare plans to submit to the architectural board and then to the building department.

We are almost ready to submit,we respectfully request a 60 day extension to our deadline.

Please let us know of your decision.

Regards,

Antonio Requejo
