Good Afternoon,

As per our conversation our intended use for the area located adjacent to the Galiano Cigar Room is to activate/create a patio area matching the neighborhood design and aesthetics. Essentially we intend beautifying the curb appeal/alleyway facing Galiano Street. Since the opening of the Galiano Cigar Room last year several of our guests have expressed a great interest in outdoor seating. We were very excited to hear the city took into consideration and passed outdoor seating capabilities for non restaurant use on private property.

We respectfully request your consideration for this use and look forward to continued improvements within the city and to our new small business located in the City Beautiful.
