Mrs. Jessica Keller
Public Works Assistant Director
City of Coral Gables

Re: City Wide Residential Streets Speed Limit Reduction Analysis – 25 MPH

Dear Mrs. Keller,

The Department of Transportation and Public Works (DTPW), Traffic Engineering Division received the *City Wide Residential Streets Speed Limit Reduction Analysis - #16109*. After the review of the provided document DTPW has approved your request to lower the posted speed limit to 25 MPH only on residential local roads maintained by the City of Coral Gables. DTPW does not see an adverse impact on traffic operation of the residential street or on surrounding area roadway network.

The City of Coral Gables cannot install signs along:

- Arterials
- Collectors
- County right of way

The installation and maintenance of the signs have to be processed through an Intergovernmental Agency Agreement with the DTPW. A copy of the design plans, depicting the location of the new speed limit signs, shall be submitted to DTPW for its review and written approval.

Should you have any questions or need additional information, please do not hesitate to contact our office at (305) 375-2030.

Sincerely,

A handwritten signature in blue ink, appearing to read "Darlene M. Fernandez".

Darlene M. Fernandez, P.E.,
Assistant Director, Traffic Services
Department of Transportation and Public Works
