Good Evening

A complaint was recently received regarding a tree adorned with orchids pinned to its trunk. I am investigating the matter to determine if this activity complies with local ordinances and regulations. Our priority is to ensure the well-being of both the tree and the environment. I reached out to the homeowner, and he informed me that he had indeed been in contact with someone from the Public Works department and they said it wasn't a problem. However, he did not specify the individual he spoke to during their conversation.
