Martha,

I see two (2) PENDING permits for this folio.

BL21107735 shows as a *Change of Contractor* for the Wintegrate #93010292. It appears that it was submitted back in Oct. 2021. However, there has been no follow up since.

In addition, there is another permit pending for DF & F Windows (BL21058139). This too is a pending permit. It appears "signed out" since June of 2021.

Thank you,

Jorge Pino
