Announcing the Katherine McClary MV Operator of the Year

MV Team, I am proud to announce this year's Katherine McClary MV Operator of the Year Award Winner: **Reinaldo "Rey" Muñoz**.

Rey has worked in transit for seven years and as a member of the MV family since 2017. He is currently an operator for the Coral Gables Trolley fixed-route service and has a perfect driving record with no preventable accidents or passenger complaints during his entire seven-year transit career.

As I learn about Rey from his MV general manager, Frasmo Cardona, who nominated him for the award, the more I understand what sets him apart: he takes his profession very seriously and works hard to improve himself each day. His passengers absolutely adore him, and he treats them and his co-workers like family. I was proud to remotely present Rey with his award yesterday (see picture below) alongside his MV colleagues and our customer. You can read more about Rey's recognition in today's [MV press release](#).

Tom Egan
CEO

I hope you are aware of the significance of this award, established to honor the memory of Katie McClary, who was tragically killed in a bus accident in 2004, and meant to keep an everlasting light on the importance and commitment to safety. For more information on this award I encourage you to watch this [video](#) presented by MV co-founder Alex Lodde.

Join me in congratulating Rey on his well-deserved recognition and thanking all of our amazing and dedicated MV operators who deliver the very best – and safest – customer experience to our passengers every day.

Tom
