

2010 SEP 23 AM 9:18

September 20, 2010

Office of the City Clerk
405 Biltmore Way
Coral Gables, FL 33134

To Whom It May Concern:

As a practicing attorney in the field of real estate and proud resident of Coral Gables, I believe I would be a valuable addition to The City of Coral Gables Green Task Force. I would like to serve as one of the three City residents on the Task Force.

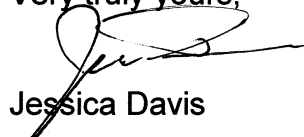

After being residents of Coral Gables for many years, both as University of Miami students and as we began our respective careers, my husband and I decided that we would purchase our first home in Coral Gables. I was eager to buy in Coral Gables because of its beauty and its diverse residents. I would now like to give something back to this beautiful City by serving on the Green Task Force.

My interest in Environmental Law is longstanding. As a JD candidate, I was an active member of the Environmental Law Society and completed several courses related to environmental law. Furthermore, I have completed courses in Environmental Regulation of Real Property, Planning and Zoning, Takings Law and Legislation, and Land Use as part of the University of Miami School of Law's LL.M Program in Real Property Development. During the LL.M program, I had the opportunity to work with architects, planners, and other professionals involved in the construction and design of green spaces. These experiences will make me an asset to the Green Task Force.

In addition, I am currently in the process of being certified as a LEED Green Associate.

My resume is enclosed for your review. You may reach me at (954) 648-1092. Thank you for your consideration.

Very truly yours,

Jessica Davis
